PRESBYTERIANS DEDICATE THEIR NEW CHURCH

(From Monday's Daily Guard.) The new Central Presbyterian church building was dedicated yesterday with appropriate services. The services, both morning and evening, were largely attended, the building being about full each time. Over morning service and perhaps more in the evening. So good were the acoustics of the building that every word of the speakers was heard in every portion of the building.

NEW CENTRAL PRESBYTERIAN CHURCH BUILDING

prayer by Rev. William Hiram Foulkes, pastor of the First Presbyterian church of Portland, who delivered the dedicatory sermon at the evening service. At the morning service the sum of \$2900 was raised and at the evening service \$500 more, which places the church in splendid financial shape. The building cost approximately \$20,000. The sum raised yesterday puts the congregation practically out of debt.

Long before the evening services began, the large auditorium of the church was filled. After the musical numbers, scripture reading by Rev. C. A. Wooley and prayer by Rev. Henry Babcock and an anthem by the choir, Mr. Foulkes was introduced. His theme was "Without Sound of Hammer or Axe," which he handled in a splendid manner. His address was eloquent and inspiring.

BIG GRIDIRON TEAMS OUT TODAY

New York, Sept. 30.—The big Eastern university teams make their first appearance of the season on the gridiron today. Yale, Harvard and Pennsylvania. Though the games are more or less in the nature of practice contests they will give the critics an opportunity to form judgment on the condition of the teams for big games to be played later in the season.

Yale's contest is with Wesleyan at New Haven. Harvard plays Bowdoin at Cambridge and Pennsylvania lines up against the University of North Carolina at Franklin Field.

COTTAGE GROVE MAN ASSAULTED BY THUGS

Special to Daily Guard. Cottage Grove, Sept. 29.—W. V. DeWald was brutally assaulted near his home here last night at 7:30 o'clock by two thugs, who were afterwards captured in trying to escape by Marshal Snodgrass. One of the hold-up men was filled with buckshot by the marshal before he would surrender, and a shot was extracted from him by Dr. Job after the shooting. However, neither the robber nor DeWald are in a precarious condition this morning.

DeWald was going to his home when the two men stepped out from behind a little store building not far from the DeWald home. DeWald refused their demands and started to fight. The robbers beat him over the head, but his wife, hearing the scuffle, gave the alarm and the two thugs fled down the railroad track. Marshal Snodgrass followed with his shotgun and overtook them, and after a shot or so the men surrendered. Both hold-up men refused to give their names. They are middle-aged and plainly belong to the fraternity of traveling hold-up artists.

LACROSSE TO BE PLAYED AT UNIVERSITY

Lacrosse, the famous Canadian outdoor game, will be introduced at the University this fall by Physical Director Hayward for the benefit of the students who do not take part in other sports, and to aid in the development of track men. Sticks and apparatus have been ordered, and will arrive at a later date. The game is claimed to require more skill than any of the sports except baseball. The system of working is something like basketball, but the sphere which is thrown in the goals and passed among the players is small, and is handled with long sticks.

No one at the University knows much about the game except Hayward. It is quite possible that intercollegiate contests will be held in a year or two. The fame of Canadian distance runners is said to rest on the training received in practice and games of lacrosse, for while the playing lasts two hours and the men are constantly indulging in spurts of speed, the sprinting is usually for a short distance. The whole play involves endurance rather than extraordinary speed. Kodak will, without doubt, make your stomach strong and will almost instantly relieve you of all the symptoms of indigestion. San Francisco, Sept. 28.—Henry B. Miller, American Consul-General at Yokohama, arrived yesterday for a vacation. Before returning to the Orient Mr. Miller will visit Washington. In his opinion, better times will prevail in Japan before long. The new cabinet, he says, has commenced to restore confidence abroad, and the difficulties which attended the efforts of the government to finance improvements are about at an end. Miller attributes the trouble to the Chinese boycott and a drop in the price of silver and raw silk. Japan, says the Consul-General, is preparing a reception for the American fleet with tremendous enthusiasm, and the plans are of the most lavish character.

BOOST; DON'T KNOCK!

Eugene, Or., Sept. 21, '08. The worst of the recent panic is over, the empty dinner pails will soon be filled up. Let us all talk prosperity and work for prosperity. Either Bryan or Taft will be elected, and no matter which one the majority of the voters choose, times will continue to get better. It is a moral crime to predict a panic, for a panic means poverty, bankruptcy, suicide and untold suffering. We have recently had enough of it. Let us not lay it onto any individual. A candidate for office who will predict that if the majority elect someone else there will be a panic, is not a patriot. A politician or newspaper who will endeavor to create a panic for political reasons should be punished as a criminal. Let us all be patriots and work for a return of prosperity and it will make no difference whether Bryan or Taft is elected. Boost! Don't Knock! Eugene Boosters. L. M. Travis, Esq. Mayor J. D. HAWKING MACHINES. Catarrh Sufferers Are Nothing But Hawking, Spitting and Blowing Machines, Says An Authority.

It is possible that in these days when cleanliness and sanitary reform is being preached in all churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh, when there is an absolutely certain remedy always on hand. Hyomei (pronounced High-o-mei) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose, in a few days. It is guaranteed by the Hull Drug Company to do it or money back, and such a guarantee ought to be strong enough for anybody.

Having suffered from catarrh for about two years, and having tried numerous remedies, without any satisfactory results, I finally tried Hyomei, and am glad to state that after using about one and one-half bottles, I am entirely cured. I have recommended it to others with satisfactory results.—C. N. Lindsay, 407 East First Ave., Mitchell, S. D. A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei, costs \$1, and extra bottles, if afterwards needed cost only 50 cents each at the Hull Drug store, or direct by mail, charges prepaid, from Booth's Hyomei Co., Buffalo, N. Y. Hyomei also cures Asthma, Bronchitis, Croup and Whooping Cough, and any inflammatory disease of the respiratory tract.

CONSUL MILLER PREDICTS BETTER TIMES IN JAPAN.

San Francisco, Sept. 28.—Henry B. Miller, American Consul-General at Yokohama, arrived yesterday for a vacation. Before returning to the Orient Mr. Miller will visit Washington. A SURPRISED MINISTER. Hyomei Cured Bronchial Catarrh After He had Given Up in Despair.

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hyomei, which brought complete relief. Hyomei has been a veritable godsend." There are many readers of the Guard, who are suffering from catarrh, either nasal or bronchial. Many of these despair of ever being cured. They have soaked their stomachs with nostrums until they are disgusted with all medicines, and are now traveling their miserable way, allowing the devilish germs of catarrh to sap them of their health, energy and vitality. But let us reason together. Hall, the druggist, has a guarantee remedy for catarrh, colds, coughs, bronchitis, croup, and all inflammatory diseases of the nose, throat and bronchial tubes. The name of this remarkable remedy is Hyomei, and if it doesn't cure you the Hull Drug Co. will give you your money back. Hyomei (pronounced High-o-mei) is medicated air; you just breathe it through the inhaler over the inflamed and germ-ridden membrane, and its soothing antiseptic properties will allay the inflammation, destroy the germs, and restore the entire respiratory tract to its normal condition. A complete Hyomei outfit, including a hard rubber inhaler, costs but \$1.00, and an extra bottle of Hyomei, if afterwards needed, costs but 50 cents. See the Hull Drug Co. without delay.

THOMAS CONFESSED TO MURDER OF WIFE

Bellingham, Sept. 28.—James K. Thomas today confessed to the police of the killing of his former wife, Mrs. J. K. Thomas, in her little home in South Bellingham. He says the act was done in self defense, as his wife pulled a gun and forced him to shoot her in order to save his own life. The tragedy occurred July 19. He buried his wife in the yard of the body on the bed and went asleep, not awakening until 9 o'clock the following morning. He claims both had been drinking. Then he went to town, bought more liquor and returned two days later and buried the body under a stump. He says he did not burn the body, but that the cinders found were from the burnt stump of the tree.
