EIGHT-POINT BUCK KILLED UP WILLAMETTE

An eight-point buck was killed on a hunt up the Willamette near the Joe Blakely place by L. E. Parks, of Cloverdale, one day last week. The animal dressed over 200 pounds. On one horn were eight points, on the other five. The prongs were smooth, and indicate plainly the magnificent size of the animal.

Mr. Parks returned Sunday from his trip. E. C. Statzer, of Pleasant Hill, says that Frank Warner, an old Lane county hunter, believes the deer to be the largest blacktail ever killed in this section.

The business men of Harrisburg, says a press dispatch from that city, are doing a bigger and better business since harvest than in any fall season of late years. The farmers harvested a larger crop of grain than common, and at prices running up to 85 cents a bushel net for wheat, and 40 cents for oats, thus farmers are amply able to pay their bills and have a surplus besides. While the short crop of hops has not yielded the usual amount for picking, the sum in the aggregate is enough to materially swell the receipts of dealers.

The body of James Nixon, who was drowned in the Willamette river near Harrisburg a few days ago, was found Saturday. The funeral was held Sunday. Rev. J. S. McCallum, of this city, conducted the services.

SHERMAN HELLER ELECTED MEMBER OF CITY COUNCIL

The city council met in adjourned session last night, at which time the resignation of Councilman I. N. Harbaugh, from the Third ward, was read and accepted and Sherman Heller, the well-known blacksmith, was elected to fill the vacancy. The nomination was made by Mr. Gilbert, and Mr. Heller was unanimously elected. He took his oath of office and began his duties as a city dad.

Resolutions of regret upon Mr. Harbaugh's retirement from the council were passed.

Councilman Williams moved that inasmuch as the vote on the water bon dissue of $500,000 failed, the bid of Morris Bros. for the $160,000 of the proposed bonds be rejected. After a lengthy discussion the matter was referred to the committee of the whole.

City Attorney Bean reported that the briefs and arguments in the friendly suit involving the validity of the bond issue for taking over the water plant had been submitted to the supreme court, and that owing to other suits taking precedence, the case will not come up before that tribunal until October 20.

Morgan, of Eugene, won the medal, his subject being "The Temperance Warcry." Other contestants were as follows: Mrs. B. E. COLONEL STEWART WILL BE RETIRED

Washington, Oct. 5.—Colonel Arthur and Major Edie, medical officers of the army retiring board, in the case of William F. Stewart, submitted a report today declaring him wholly unfit for actice duty. They found he had a dangerous form of heart disease and was blind in the right eye. Colonel Stewart's counsel was requested to proceed with the examination of the witnesses.

An adjournment was asked, however, as the colonel's brother, who has been acting as his attorney, was obliged to return to California, and the colonel's new attorney wished to digest the medical report and familiarize himself with the evidence. An adjournment until Thursday afternoon was granted.

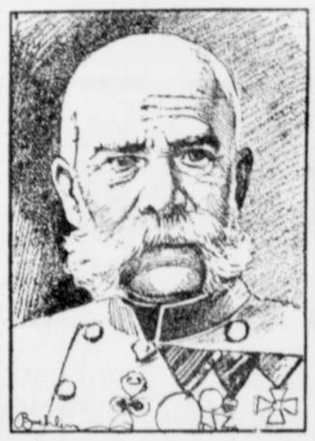
The medical officers found Stewart's disability began 34 years ago, and that in 1875 he was disqualified from active participation in the Nez Perce Indian campaign on account of heart trouble. Colonel Stewart says he was given no physical examination at that time, that in reality he always has been and now is physically able to perform his army duties, and is confident that he will be able to so demonstrate. The indications were today that the board would retire him.

TURKEY APPEALS TO POWERS

Constantinople, Oct. 6.—The council of ministers held a long session this morning to consider the action of Bulgaria in declaring her independence of Turkey, and it was decided that it would be impossible to accept any proceedings that violated existing treaties; that Turkey would address a circular note to the powers, pointing out the necessity of taking measures to enforce respect for the treaty of Berlin. As Turkey's rights are guaranteed by the powers the sultan will look to them for their defense.

GREAT BRITAIN AND FRANCE IN ACCORD

Paris, Oct. 6.—It is announced this afternoon that France and Great Britain are in complete accord on the principle of an immediate international conference to consider the Bulgarian situation. Russia and Italy are also in favor of such conference, and even Germany is expected to adhere to the proposal. The latest advices from Constantinople indicate that the porte will accept advice from France and Great Britain, and be governed by the result of this conference.



EMPEROR FRANCIS JOSEPH OF AUSTRIA.

Who is said to be backing Bulgaria in the revolt against Turkish rule.

Vienna, Oct. 6.—Reports from Austria-Hungary of the mobilization of troops today is officially declared without foundation.

RUSSIAN POSITION NOT MADE PUBLIC

St. Petersburg, Oct. 6.—No statement of the attitude of the Russian government in the Bulgarian affair is obtainable today. Diplomats are unwilling to commit themselves regarding the possibility of a Turko-Bulgarian war, but the general impression is that Turkey will not regard Bulgaria's action, which was taken in the face of emphatic Russian protests, as a cause for war.

FIVE THOUSAND BALES HAVE BEEN SOLD

In spite of the apparent quietness of the hop market, supplies are passing out of first hands at quite a rapid rate, says the Oregonian. A conservative estimate of the total sales in the past week is 5000 bales. As the crop is light and previous contracting took a large portion of the supply off the market, the surplus available—probably not over 30,000 bales—cannot last long if the buying continues at the same rate as in the last few days. However the demand now is for the best grades and the poorer hops are neglected. For such choice selections 7 to 7½ cents is being paid. The Oregon market is like all the other markets of the world in one respect, choice hops are firm and the lower grades very weak.

The heaviest operations in the state are credited to Klaber & Netter. It is reported that their purchases in the last three days amounted to over 3000 bales. A good many small lots taken on by other dealers are understood for their account.

STUCKEY AND WOMAN WATCHED BY MERLE TABOR

The Guard's Greenleaf correspondent sends the following account of the killing of Harry Stuckey:

Harry Stuckey, of Alpha, who came here recently from Wenatchee, Wash., with his family, was shot Saturday evening by Harry Tabor, postmaster of Alpha, and died within half an hour.

The cause of the trouble dates back before last Christmas. About that time a married man in the vicinity became suspicious of his wife and hired Merle Tabor, a minor brother of Harry Tabor, to watch his wife and Stuckey. The married man's suspicions seemed to be confirmed, and at the time of the shooting Stuckey was under bonds to appear before the circuit court in Eugene, on a charge of assault upon the man and a statutory crime against the woman. Stuckey blamed Harry Tabor for most of his troubles, and openly threatened to harm him.

Some time ago Stuckey held Merle Tabor up and allowed another minor to administer a beating to Merle, the latter suffering a broken rib or two.

Saturday evening Harry Tabor was at work in a field near his house, and saw Stuckey and Stuckey's wife approaching. Tabor warned Stuckey to get off the former's land, but it had no effect on Stuckey, who continued to approah Tabor. When within a rod or so of Tabor, Stuckey put his hand in his pocket as if to draw a revolver, which he was known to carry, and Tabor immediately drew a gun and shot Stuckey through the shoulder.

Sheriff Bown was telephoned to and came in, with Court Reporter Calkins, Prosecuting Attorney Bryson and Lawyer John M. Williams.

Lawrence Lamb, justice of the peace of this district, officiated as coroner, and the outcome was that Tabor is out on $2000 bonds to appear before the next grand jury.

Tabor is well thought of in the community and was storekeeper at Mapleton for some time.

Alpha is 50 miles from Eugene and a railroad, and this is the saddest calamity that has ever marred the serenity of this peaceful community. Harry Stuckey was about 35 years of age, and leaves a wife and three small children.

BIG GAME NUMEROUS AROUND IVISON

(Special Crrespondence.)

Ivison, Oct. 5.—Bears seem to be very plentiful out here this season. There are several abandoned orchards around here and nearly all are visited more or less by the bears, as they also are partial to Siuslaw apples. A few nights ago the Vaughn brothers set a trap in the Bullwer orchard below here and next morning on visiting the trap found an old female bear in it. They are now trapping for another large one in an orchard on Noti. The boys said the big animal looked pretty fierce in the trap. She was caught by the hind foot. It took two shots with a .44 to bring it down. Look out for more bear stories.

Mrs. Freeman was born in Fayette county in 1793 and has always lived here. So fas as is known she is the only person now living wno has lived under every president of the United States from Washington to Roosevelt.

GREENLEAF ITEMS

Greenleaf, Oct. 6.—A family of new settlers have taken a homestead on Left Fork and have moved onto Si Berkshire's place while getting their homestead ready to move onto.

Mr. and Mrs. Emory Searles intended to return home to Eastern Oregon before this, but have been delayed by the sickness of Mrs. Searles. She is improving.

Louis Stuckey was telephoned to at Eugene and is at Deadwood.

George Stuckey was summoned from Salem and is here to attend the funeral of his brother.

Pete Wilcut has gone to Roseburg to prove up on his timber claim. His witnesses, who went with him, are Joe Almasi and Louis Hunzicker.

It is now the intention to start a road around Cape Horn, on the level. We raised a ten-mill tax last Saturday.

The Hazelwood cream is being hauled by O. Wilcut while Louis Hunzicker is gone to Roseburg.

A speeding automobile which frightened two horses which Miss Vesta Wallace and Miss Clara Welch were riding yesterday morning caused the animals to dash from the road and plunge into a barbed wire fence, throwing the ladies to the ground with great force. That they escaped unhurt seems almost miraculous. The horse which Miss Welch rode ran into the barb wire on the fence, which struck the animal in the breast, and inflicted terrible wounds which may result in the horse's death. The horse which Miss Wallace rode attempted to leap the fence and almost succeeded, although it was partially caught by the barbed wire and slightly injured. The two young women were thrown headlong over their horse's heads and landed over the fence on the ground, which fortunately was not hard. The principals in the accident were taken to this city by the driver of the auto, and the horses were led to town by others. The horses were the property of Matt Craft.—Albany Herold.

RETIRES AFTER 35 YEARS' CONTINUOUS SERVICE

After over 35 years' continuous service, W. W. Skinner, veteran station agent of the Southerr Pacific Company at Salem, has retired and will spend the balance of his years in rest and quiet with his family in Salem. Mr. Skinner will also receive a pension from the railroad company, under the company's custom of retiring men who have been in its employ twenty years or more, but he has a comfortable bank account anyway. Mr. Skinner is 73 years old, but he is still hale and hearty, and refused to accept retirement when it was first offered to him several years ago.

Lloyd Mott, of Salem, passed through this city this week enroute to Philadelphia to enter the medical college. His brother, James, recently went to New York to enter a dramatic school. Both boys are unusually gifted in their respective vocations, and their careers are anticipated with interest. When William Jennings Bryan first came before the public as a presidential possibility on the Democratic ticket, both James and Lloyd Mott and their younger brother, Will, were his loyal though youthful advocates and participated in several entertainments for the nominee, who gladdened their hearts by writing them a personal letter of appreciation.—Portland Telegram.
