HARRY STUCKE SHOT AND KILLED BY HARRY TABOR

(From Monday's Daily Guard.)

Harry Stucke, a farmer residing in the vicinity of Deadwood, in the Lake Creek valley, 50 miles west of Eugene, was shot and killed by Harry Tabor, deputy postmaster at Alpha, Saturday afternoon about 4 4 o'clock.

A jury empaneled by the justice of the peace of that precinct, acting in the capacity of coroner, held an inquest over Stucke's body this morning and found that he came to his death from a gunshot wound at the hands of Harry Tabor. Tabor was afterward arraigned before the justice of the peace and waived examination. He was bound over to the circuit court and his bail fixed at $2,000, which was furnished by a number of citizens of that neighborhood.

Acted in Self-Defense

As Tabor waived examination no testimony was adduced before the justice of the peace and therefore minor details of the shooting are lacking, but from a telephone message to The Guard it is learned that Tabor acted in self-defense in shooting Stucke. The shooting occurred in Tabor's field. He and his wife were together and were driving the cows home from pasture. Stucke, it appears climbed over the fence and approached them, cursing Tabor. He had a pistol in his hand and, so the story goes, attempted to draw it on Tabor, whereupon the latter drew his pistol, a .32-calibre, and fired. Stucke fell and soon afterward expired.

Tabor immediately started for Eugene to give himself up to Sheriff Bown, and telephoned the sheriff what he had done and that he was coming in. The sheriff told him to stay there and directed the constable of that district to place him in custody till he (the sheriff) arrived. Sheriff Bown, in company with District Attorney Bryson, left here about 1 o'clock Sunday morning for the scene of the shooting, the district attorney coming up from Corvallis on the midnight train. They arrived there about noon Sunday and at once proceeded to investigate the shooting and the causes leading up to it.

A Family Feud

According to the stories that have reached Eugene since the killing Saturday afternoon, the trouble which culminated in the tragedy has been of long standing. Stucke, who has the reputation of being quarrelsome and as having an ugly temper, it is said, had threatened to kill Tabor as well as several other people residing in that neighborhood. For some time past Tabor has carried a pistol, expecting serious trouble with Stucke.

It is said the trouble started over the fact that Garrett Steinhauer accused Stucke of being unduly intimate with his (Steinhauer's) wife, and at one time ordered Stucke off his place. Stucke some time after that assaulted Steinhauer and was arrested and brought to Eugene for an examination before Justice of the Peace Bryson. He was bound over to the circuit court, which meets in November, and was under bonds at the time he was killed. Tabor was one of the principal witnesses against Stucke, and it was for this reason that the latter threatened Tabor's life. Stucke a short time ago assaulted Tabor's younger brother and it is siad beat him up pretty badly. This helped to increase the enmity between the two men.

Stucke was aged about 40 years and leaves a wife. Tabor is considerably younger and has a wife and two children. He is a member of one of the best families in the western end of the county and was well known in Eugene.

Sheriff Bown and District Attorney Bryson are now on their way home and are expected to arrive late this afternoon. They stopped at Hale for their mid-day meal. As Tabor furnished bonds, he was left at home and he will be at liberty until court convenes on the first Monday of next month.

STUCKE'S WIFE TELLS ENTIRELY DIFFERENT STORY

Says Tabor Ordered Stucke and Wife Out of His Field and Turned on Them With the Gun Without Warning

Sheriff Bown and District Attorney Bryson arrived home this afternoon about 4:35 o'clock. The district attorney outlined to a reporter the testimony given at the coroner's jury. Mrs. Stucke was the principal witness. She testified as follows:

That she and her husband were going through Tabor's field on the way to the postoffice to cash a money order. Tabor was driving his cows home through the field at the same time and ordered Stucke and his wife to get out of his field. Stucke replied that they would. They then followed Tabor toward the gate. Stucke was two feet behind Tabor and Mrs. Stucke several feet behind her husband. She stated that without any further word Tabor turned and fired a pistol at her husband, who fell to the ground. Tabor then pointed the pistol at her, she testified, and kept her at a distance. He searched her husband, taking a pistol from his pocket. He then left, saying he would get a doctor. Stucke did not die for half an hour after he was shot. Tabor and others returned soon after he had died.

The pistol that Tabor used was a .32-calibre Iver Johnson. The bullet entered the body on the left side, high up, and striking the collar bone went down into the heart.

Two other witnesses testified that Tabor came to them and told them that he had shot Stucke. He told them that Stucke had tried to chase him out of the field and that Stucke drew a pistol on him. He stated that he shot in self-defense and asked them to go with him to the scene of the shooting.

Tabor was charged in the information with murder in the first degree and was released on $2000 bonds. This is an unusual proceeding, but is explained by the fact that the evidence and presumption of guilt is not strong, the statutes providing that a person charged with murder in the first degree shall not be released on bail when the evidence of guilt is strongly against him. The district attorney states that the entire community is with Tabor. The justice of the peace at first fixed his bail at $500, but upon the insistence of the district attorney it was raised to $2000.

NEGRO CAUSE OF RIOT IN COURT ROOM

Los Angeles, Oct. 5.—A riotous demonstration occurred this morning in Justice Austin's court room immediately after Edward Martin, a negro charged with felonious assault upon Edith Ralston, a concert singer, had been held to the superior court on the charge of rape.

Fourteen patrolmen had been previously detailed to attend the session. Martin was brought in handcuffed to Patrolman Stevens, a colored officer. As Stevens was taking Martin through the rear door to return him to jail, W. F. DeBell, a friend of Miss Ralston, rushed at the negro and prevented by Stevens, and the crowd closed in with cries of "Lynch the nigger," "get a rope and hang him," and some on attenmtped to strike Martin, but the club which Stevens brandished held the crowd back. Other officers were compelled to use their clubs freely, while the negro, overcome with fear, cowered close to his protectors.

Several persons were injured, but Martin was finally landed in jail. Almost immediately he was taken, under a heavy escort, to the courthouse and arraigned, adjudged guilty and sentenced to life imprisonment.

PORTLAND DEALERS SECURE INJUNCTION

Portland, Or., Oct. 4.—Soda fountains may bubble forth their sparkling fluids today; bootblacks may rub the public shoes to a polish; and cigar dealers may pass out fragrant weeds to famishing devotees of nicotine; even the small boy tripping homeward in happy mood from Sunday school may pause to buy a cent's worth of candy or a bag of peanuts or a bunch of grapes. And all this without molestation from the police.

Last Sunday, of course, all these things were wicked and wrongful, as evidenced by a law of the vintage of '64, resurrected by District Attorney Cameron, after two decades of disuse. But out of the state Circuit Court yesterday afternoon there was issued an injunction. It restrains the District Attorney, chief of Police and authorities from interfering with the Sunday retailers today. The injunction is of a temporary nature. In issuing it, Presiding Judge Gantenbein made the order returnable tomorrow afternoon at 2 o'clock. At that hour arguments will be made.

CHAIRMAN MACK SAYS BRYAN WILL WIN

Chicago, Oct. 5.—Norman Mack, chairman of the Democratic National committee, told the Associated Press today that after three weeks' study of the situation in the East he was convinced the election would go to Bryan. That New York will show a landslide for the Democratic candidate; that New Jersey, Rhode Island, Maryland, Delaware and Ohio would also be found in the Democratic column. He said President Roosevelt's letters and Longworth's declaration that the country will have eight years of Taft and then eight years of Roosevelt, have helped the Democratic party.

PUBLIC SCHOOLS CROWDED WORSE THAN EVER

City School Superintendent Stockton is in a quandary over the matter of accommodating the many new pupils who have enrolled in the public schools during the past week or two. There were five new ones in the fifth grade at the Geary school this morning and the room was already full. There are more pupils than seats in the first grade room at the Patterson school and several rooms in all the buildings are badly crowded. The superintendent stated this morning that a new building is an absolute necessity.

Another new teacher was chosen Saturday for the high school in the person of Miss Florence DeBar. This will necessitate the filling up of one of the rooms in the high school building, now used for the grammar grades, for high school work. Five rooms in the high school and one in the basement of the Central school are being used to accommodate the overflow from the grammar grades and these will soon be overflowing if the present increase continues.

HAWKING MACHINES.

Catarrh Sufferers Are Nothing But Hawking, Spitting and Blowing Machines, Says An Authority.

It is possible that in these days when cleanliness and sanitary reform is being preached in all churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh, when there is an absolutely certain remedy always on hand.

Hyomei (pronounced High-o-me) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose, in a few days.

It is guaranteed by the Hull Drug Company to do it or money back, and such a guarantee ought to be strong enough for anybody.

Entirely Cured by Hyomei.

Having suffered from catarrh for about two ears, and having tried numerous remedies, without any satisfactory results, I finally tried Hyomei, and am glad to state that after using about one and one-half bottles I am entirely cured. I have recommended it to others with satisfactory results.—C. N. Lindsy, 407 East First Ave., Mitchell, S. D.

A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei, costs only $1, and extra bottles, if afterwards needed cost only 50 cents each at the Hull Drug store, or direct by mail, charges prepaid, from Booth's Hyomei Co., Buffalo, N. Y.

Hyomei also cures Asthma, Bronchitis, Coughs and Colds, Croup of infants, and any inflammatory disease of the respitory tract.

ATLANTIC FLEET OUTRIDES HURRICANE IN MANILA HARBOR

Manila, Oct. 5.—The Atlantic battleship fleet safely outrode a hurricane which swept Manila Bay for 12 hours and did much damage ashore.

Typhoon signals were displayed early Sunday morning, but the storm broke over the bay suddenly and unexpectedly at noon. It was impossible to hoist the cutters and launches belonging to the fleet because of the danger of smashing them against the steel sides of the battleships, and the little craft were sent scurrying inside the breakwater into the Pasig river, where they remained all night. The storm quickly increased in intensity and torrential rains shut in the ships.

At 8 o'clock the storm had reached its height, and it then gradually tapered down until midnight it was comparatively calm, although heavy seas swung across the harbor.

Return February 22

Washington, Oct. 4.—The itinerary of the return home from Manila of the battleship fleet was announced at the Navy Department yesterday. The fleet will leave Manila December 1, arrive at Colombo December 14, stay there six days, and then depart for Suez, which it is scheduled to reach on January 5.

The ships will pass through the canal and coal at Port Said, as expeditiously as possible. They are to spend the month of January and a few days early in February in the Mediterranean, two or three vessels going each to Villefranche, Marseilles, Genoa, Leghorn, Malta, Algiers, Negro Bay, Morocco, the whole fleet leaving the latter place February 6, being scheduled to arrive in the United States on February 22.
