

# A VILLAGE HOME

## Where Pe-ru-na Is Used As An All-Round Reliable Family Medicine.

There Are Thousands of Similar Homes In Which Pe-ru-na Is Being Used With the Same Excellent Results.

Fountainville, Pa., Feb. 16, 1902.

Dear Sir: I have been thinking of writing to you for some time to let you know what Pe-ru-na did for me. I am 77 years old. I lost my health about seven years ago. I first had dyspepsia and employed different doctors.

I injured one of my kidneys, and one of the best doctors for two weeks had me to bed, not to move for two weeks.

I slowly recovered, but was so weak I could not walk to a distance. In fact I had to keep a dog to lead me.

I took several remedies, but obtained no relief. I also had catarrh in some of my organs.

My wife advised me to take Pe-ru-na, and with pleasure that I can say that by taking one and one-half bottles of your Pe-ru-na, it cured me and I feel as well as I do with many thanks to you, as I enjoy life again.

My wife has also been taking your Pe-ru-na for asthma and it helps to relieve her. We keep your Pe-ru-na in our house constantly. Again I say I thank you for Pe-ru-na.

Sincerely yours,  
PHILIP KRATZ.

Fountainville, Pa., Nov. 9, 1903.

Dear Sir: I have good health now and your valuable medicine gave me good health. I have had no doctor for some time, as I do not need any. When I take cold I take Pe-ru-na and in a short time I am all right. My wife is subject to asthma. She takes Pe-ru-na at that time, and she has had no need for a doctor for some time. With many thanks for your medicine, we remain,  
Sincerely yours,  
PHILIP KRATZ.

Fountainville, Pa., April 16, 1906.

Dear Sir: We have Pe-ru-na in the house all the time and when we think we need it, we take it. We are about sixty years old and have not called a doctor to our place for some years.

We go out in all kinds of weather and sometimes when we go on a trip we take Pe-ru-na along. A preventive is better than a cure. That has been our experience.

I had poor health some years ago and when I found your medicine I hit the right thing. We both thank you for your good medicine.

Sincerely yours,  
PHILIP KRATZ.

## COTTAGE GROVE BRIDGE DAMAGED BY HIGH WATER

The recent rains have raised the waters of the Coast Fork so as to dislodge considerable driftwood which on its way to the outlet, carried off the false work of the Main street bridge on Wednesday. In consequence the bridge has been closed to heavy traffic, although one side is still being used by pedestrians. Material has been ordered and is being placed on the ground for immediate repair of the bridge. Work will commence as soon as the rain ceases. The iron timbers for girders have already been brought in and are 96 feet in length by 12 1/2 inches. They were brought in by Joe Damewood. At the city council meeting next Monday evening the bridge repair will be further discussed. The top will have to be replanked, and with a few extra parts, the bridge will be safe and probably do for a couple of years, at least until the bridge contractors can submit bids for a new structure.

The leader understands the Ladies Civic Improvement Committee of the Ladies Club, has undertaken a most commendable and worthy object one which will not only add to the city's beauty and attractiveness, but which will make the place more inviting to newcomers and strangers, and more congenial to our home people. The movement inaugurated by the ladies is that of securing and nicely planting a city park, a five-acre tract covered by a beautiful evergreen and oak grove, known as the Long Landless grove in east Cottage Grove, being under consideration. J. W. Gowdy has equally as attractive a grove in West Cottage Grove, but not as large an acreage. However, the site of the proposed city park will be chosen by the ladies, paid for by them from money secured by a series of entertainments, and similar means, and when secured the plot will be dedicated to the city of Cottage Grove.

**Military Affairs.**  
On Monday, October 28, Col. W. O. Moran, of Eugene, and Capt. Houch of Roseburg, Inspector of small arms, will take the score of the picked team representing Company E of this place. They will compare the various score of picked teams of the companies in the Fourth Regiment Oregon National Guard, and award the cup to the winning team representing their company. Last year the trophy was won by our own company and they are confident that the cup will remain here for another year, as the really competitor to fear is Roseburg.

**Special Road Tax.**  
The voters of Road District No. 69 met Tuesday afternoon to vote a tax for the purpose of improving the roads west of Cottage Grove, to Lorane. The polled result was in favor of a levy by a majority of near three to one. The rock crusher of the county is at present at work in that vicinity, and they are making some fine roads; roads that are durable and lasting. We understand an 8-mile levy was decided upon, which will meet all present requirements.

**The District Fair.**  
The District Fair committee on finance reported that \$625 has already been subscribed for the project. They report that the idea of the proposition being a money-making institution for the stockholders or promoters, as out of the question but it is hoped by the assistance of the community to make it self-sustaining. The paid admission, which may not be a considerable sum will help, and every cent subscribed will be expended on the necessary expenses. A large number of prizes are desired and with the expense of collecting exhibits and erecting buildings, will be considerable. — Leader and Western Oregon.

**Increased Facilities for Biology Dept.**  
Apparatus for Every Phase of Pre-Medical Study is Installed  
The biology department at the University under the direction of Professor A. R. Sweetser has made more extension this year than any other department in the University. Besides two large rooms on the second floor of the main building, it now has the third floor.

A bacteriological laboratory has been established, equipped with an electrically heated incubator for developing germs. Two new sterilizers have been put in, and eight microscopes of the best and most up-to-date pattern obtainable have been purchased.

In the herbarium room several cases have been placed for the purpose of storing the 15,000 plant specimens which were donated to the University last year. A new room has been set aside for the anatomy and physiological laboratory, and several valuable skeletons have been added to the collection in this branch. Considerable new apparatus and supplies have been obtained for the botany, biology and histology rooms, and an electric elevator connecting the second and third floors has been installed.

Altogether the efficiency of the department has been greatly increased and Professor Sweetser is well pleased

with the new equipment now at his command, as are the pre-medical students.

## FRANK CURTIS DIES AT JUNCTION CITY

### Was Prominent Citizen of Northern Lane Town—Other News Notes of Interest

Frank Curtis died at his residence in this city Monday forenoon of heart failure, aged 55 years, 4 months and 3 days. Funeral services were held at the residence Wednesday morning by Rev. E. H. Belknap and the remains were interred in the Goodman cemetery near Monroe. Mr. Curtis had been in poor health for some time past but his ailment was not considered alarming until within the past few days. He died sitting in his chair and it was some little time thereafter when the family discovered that he was dead. Mr. Curtis served the city as marshal some two or three terms and at the time of his death was mail carrier on R. F. D. No. 3, and his many friends along the line who have watched for his coming, rain or shine, will miss him no more. His wife died on the 7th day of last March. Seven children are left to mourn the loss of both father and mother, viz: Otis, Mrs. Mary Justice, George, William, Della, John, and Bertha. Mr. Curtis carried a D. P. in the United Artisans for \$1,000.

Jersey returned home Saturday after spending a few weeks at his old home at Laurel, Nebraska. He owns a section of land near that place which brings in a good rental. He reports good times there, but the country is not improving as rapidly as on the coast. While he enjoyed every minute of his visit and has large holdings there, the Nebraska article of climate is a little too strenuous and he prefers delightful Oregon.

Roberts Cronston has removed from the hotel corner and has also dissolved partnership. Mr. Cronston continuing the business. He is now located in the Johnson building next door to the Corvallis building. He expects to get in a new stock of goods as soon as he gets things in shape.

Our friend S. S. Snell, is now grandfather and seems considerably elated over the distinction. A son was born to Mr. and Mrs. Seidon Snell at Astoria, on the 13th. "Grandma" Snell is with her son in that city.

Frank Drugg is seriously ill at the home of his father-in-law, Wm. Tripp. He has passed through a stage of typhoid fever and he is still in a very critical condition. — Junction Times.

## ASHLAND AND NEWBERG DRYEST TOWNS IN OREGON

J. W. Hobbs, United States internal revenue agent for Western Oregon, was in Ashland a few days ago says the Record. In respect to the driest towns in Oregon, he said that Ashland and Newberg were the driest "dry" towns in Oregon, with Corvallis a close third. Mr. Hobbs admitted that the blind pigs that existed here in former "dry" periods were a thing of the past. This is also the opinion of the city officials, who are not making any noise about the matter, but are seeing to it that the laws are being obeyed as far as it is within their power to do so.

## CORVALLIS BOOSTERS TO RAISE BIG FUND

Corvallis, Oct. 16.—At a rousing boosters' meeting held last night in the Commercial Club rooms, plans for raising a booster fund of \$6000 were discussed. In respect to the need of a fund of this nature over held in this town, and will have far-reaching results.

J. H. Hartog, of Eugene, was the principal speaker of the evening, and told of the great work being done by a thing of the past. This is also the opinion of the city officials, who are not making any noise about the matter, but are seeing to it that the laws are being obeyed as far as it is within their power to do so.

**MARRIED**  
In Salem, on Wednesday, Oct. 14, at the Catholic church, George H. Miller, formerly of Eugene and Miss Nita Martin, daughter of Mr. and Mrs. J. H. Martin, of Albany, a popular young man, and the bride is an estimable young lady, a resident of Salem for some time.

**BORN.**  
In Eugene, Oct. 16, 1908, to P. G. Bradway and wife, a son.

In Eugene, Oct. 15, 1908, to W. C. Trotter and wife, of Mohawk, a daughter.

Six miles north of Eugene, October 12, 1908, to J. M. Wilson and wife, a son.

In Eugene, October 14, 1908, to John Korn and wife, a daughter.

**CARD OF THANKS**  
We wish to thank our neighbors and friends for their kindness and sympathy during the sickness and death of our baby.  
MR. and MRS. Wm. JOHNSON.  
Clyde Frasleur, a young man, was brought in from a logging camp near Hale Thursday with one of his legs badly crushed, although no bones were broken. He is at the General Hospital under the care of Dr. F. M. Day.

## HEARST SERVED WITH PAPERS IN HASKELL'S SUIT

Oreaha, Oct. 16.—After a dramatic scene on the Union Pacific train last night, in which the door of his stateroom was burst open by a deputy sheriff, Wm. R. Hearst, the millionaire editor, was served with papers notifying him that a suit for \$600,000 damages had been tried against him for slander and libel by Governor Haskell of Oklahoma, in the Douglas county circuit court. Hearst's wife said he was not in the room and refused the deputy admittance, and when the door was burst open Mrs. Hearst, partially disrobed, rushed from the room. The door of the toilet was broken open and Hearst emerged. His attorney said that in his opinion the suit would never come to trial and that he was not disturbed because of it. He also says his previous offer to stand the cost of the suit for Haskell if the suit was pressed, still holds good.

## MARRIED AT GRAND PARENT'S ANNIVERSARY

Halsey, Or., Oct. 14.—Today, at their home in Halsey, Mr. and Mrs. Helen M. Ward celebrated their 50th wedding anniversary. They were both born in Henderson county, Ill., and were married in Rosetta, Ill. Mrs. Ward's maiden name was Malvina Martha Rust. They came to Oregon in 1873 and settled in Halsey, where they have lived since. Six children, George Ward, of Woodburn; Ed Ward, Mrs. May Miller, Mrs. Fannie Ross, of Halsey; Mrs. Laura Moore, of Brownsville, and Mrs. Belle Prosser, of Albany, with 12 grandchildren and 40 other guests helped to celebrate their golden wedding. Mr. Ward is a G. A. R. man, having served four years in Company E, Eighty-fourth Illinois Volunteers. He is 71 years old and his wife is 67, and while both are in feeble health, they look younger than their years.

It was planned to have a mock wedding ceremony with their grandniece, Miss Florence Bramm, as maid of honor, and Harry Star Leeper as best man, Rev. Charles Moore, of Eugene, officiating, and the young people had planned to surprise everyone by having the minister marry them at the conclusion of the mock ceremony, but, fearing that the shock would unnerve the aged couple, they, too, were left into the scheme, which was carried out, the bride wearing as best man and the bride wearing as matron of honor. The bride wore white silk voile and carried white roses. Mrs. Ward wore black silk and carried yellow roses. The home was decorated in the usual manner for the occasion, excepting the bride's table, which was decorated in white roses. After a short trip south, the young people will be at home in their new home on their farm near Halsey.

## HARRISBURG MAN LOST IN MOUNTAINS

(Special Correspondence.)  
Harrisburg, Or., Oct. 16.—Our Postmaster C. L. Morris had a thrilling experience in the Cascade mountains Sunday and Monday of this week. He and Dr. W. H. Dale, as a respite from the grind of daily business, went to the mountains on a hunting trip. They started on a hunting trip on Sunday, arriving at headquarters, they fixed camp and went on a stroll for game, but without success. Next morning bright and early they had breakfast and started for a hunt. Mr. Morris and the doctor on the other side. They agreed that they would return to camp about noon for dinner. The doctor arrived in on schedule time, but Mr. Morris failed to put in an appearance. Dr. Dale fired signal whistles at intervals and searched the hills for some distance around without success. It was now growing late and he feared that Mr. Morris was lost or the victim of an accident, therefore he came out to the valley and sounded the alarm. In crossing the summit Mr. Morris was overtaken by a drenching rain and a dense fog, which rendered it impossible for him to keep his bearings; hence he was lost. He traveled until 4 o'clock, when he found himself at the foot of Foggy Peak, exhausted, "all in" named with cold, drenched by the rain, hungry, and with but one match with which to start a fire. He succeeded in getting a fire but lost the most miserable night of his life. When morning came he started out and luckily found a trail which led him to Courtney creek, which he followed, striking the valley at Mr. Warmath's and from there he told Marion Hyde came home the last of the week from a month's hunting and fishing on the coast. He looks as fat and slick as a well-fed Englishman.

The late heavy rains are an inexpressible joy to the farmers. Crops all in and the winter's wood in the dry. Nothing to do but watch the grain and grass grow.

The Booth-Kelly Lumber Co. sold all the machinery in their sawmill here, excepting the water wheels, to Eli Perkins & Son, Thursday. They will remove it to Coyote Creek, where they are putting in a sawmill plant.

Mr. and Mrs. Widener and Mrs. Donovan arrived from Eugene Thursday.

Under the strain of the high water Thursday, one of the guy ropes of the ferry broke, which will leave it out of commission for a day or two.

George Scott, of this city, was telegraphed the news of the death of his father in Kansas, and he started Thursday to make the trip.

There is reported to have occurred an exciting time in Springfield last Tuesday afternoon in regard to the rightful possession of a certain piece of property. The legal ownership of a portion of South A street seems to be in doubt and it is yet to be determined whether it belongs to the city of Springfield or individual property. At any rate the pile driver crew were refused the privilege of pulling their machine through what is laid off and is supposed to be city property. After the foreman of the crew had obtained permission of the council to cross over the ground and the marshal had been instructed to have the fence removed, the party claiming the ownership flatly refused the right to take down the fence, which he proceeded to do. Just as he was about to complete his burdensome task, the party claiming ownership put in an appearance. As reported to us, a worthy battle followed. Next was the drawing of pistols and we are told had not the better judgment of the marshal and his assistants interfered, no doubt some one would have been the victim of a fatal shot. And then, how sad, the deed was not done, and better still, no one was hurt. We understand the matter will be sent in the courts and the marshal shall be exonerated from all blame as he was only obeying the orders of the city council, which is his duty, and which he should be ever willing to do.—News.

**BOOTH-KELLY LOGS IN WITH A RUSH**  
(From Thursday's Daily.)  
When the rain storm started Tuesday, the Booth-Kelly Lumber Company had a large number of logs both in the McKenzie and Willamette rivers on the way down to the mills at Coburg and Springfield, respectively. The rivers came up very rapidly and the loggers had to work day and night to save the logs, but all are now safely in the booms. The McKenzie drive of 10,000,000 feet was within four miles of Coburg when the rise in the river began. The rise was so rapid that all the available men were rushed to the drive and by hard work nearly every log was piloted safely to the mill pond.

This morning reports to the company's office in Eugene indicated that the Willamette had risen 26 inches and was at a standstill, while the McKenzie had come up to 40 inches and was also stationary.

## MURDER MYSTERY Baffles Police of San Francisco

San Francisco, Cal., Oct. 17.—By the finding of the body this morning of Philip DeMartini, an Italian, on the sidewalk at Dupont and Pacific streets, the police are confronted with a murder mystery. DeMartini arrived in town last night and stopped with relatives at Dupont and Pacific streets and the body was found beneath the window of the room he occupied. The police say the room shows evidence of a struggle, and the theory is that he was thrown out of the window, causing his death. Rosa and Antonio DeMartini, cousins of the dead man, were held pending an investigation. DeMartini's head was crushed and both arms broken.

## DEPT. OF ECONOMICS TO AID LEGISLATORS

The department of economics at the University will gather statistics on matters which are likely to come before the legislature, in order to aid in the presentation of actual conditions and needs. At the last session of the legislative body, such work was done, and requests have come to the University to do so again this year. Prof. F. G. Young superintends the work. Legislators have but little time to make researches of the experiments of other states, and of the past experiences in Oregon. The object of the department is to place subject matter before the senators and representatives in a concise and reliable form.

The subjects which are being taken up by the senators are "Comparison of Financial Provisions of Oregon State Constitutions With Those of Contemporary State Institutions, and with those of Present Day Constitutions." "Graphic Showing of the Development of the Different Sources of Oregon State Revenues." "The Pacific Northwest Internal Waterways Systems." "Oregon Water Power Resources and a Desirable State Policy." "Graphic Showing of the Development of Different Lines of Public Expenditure."

"Oregon's Public Lands Policy—Oregon's School Fund and System of Common School Finance." "Oregon's Wagon Road Appropriations and System of State Highways." "Financial Statistics of Railways of Pacific Northwest." The information gathered will also be placed at the service of the public, who may get the results by inquiring at the University when the work is completed.

**Football Situation.**  
The line-up of neither the Freshmen team or of the "Varsity" is likely to be given out before Saturday morning. Coach Forbes says things are mysterious, mysterious and misty, such has been the condition of the weather. These first games are really try-outs, and the results will not be known until sometime later.

**College Items.**  
McKinley and Means have been put on the training table. The admission to the football game Saturday will be 50c. A social will be given to the University students at the Congressional paragon Friday night. Van B. Rhodes is attending to Y. M. C. A. affairs at the University.

## OFFICE OF ROADMASTER MOVED TO EUGENE

The office of the Southern Pacific roadmaster for the Salem division, which extends from Salem to Roseburg, will at once be moved to Eugene and Roadmaster H. H. Miller will have an office here. The old baggage room, which is now a part of the freight depot, is being fitted up for his office and just as soon as the work is completed the transfer will be made. Mr. Miller will move his family here from Drain and they will become permanent residents of Eugene.

**MARRIED**  
At the United Brethren paragon in Eugene, October 14, 1908, at 4:30 p. m. Albert A. Winter and Mrs. Flora Prince, both of Lane County, Rev. J. W. Sprecher, officiating.

At the Christian church paragon in Eugene, Wednesday evening, October 14, 1908, Albert H. Peabody, of Leaburg, and Miss Myrtle Irene Hooker, of Panther, Rev. J. S. McCallum officiating.

## FRIGHTFUL MASSACRES OCCUR IN ARMENIA

Berlin, Oct. 17.—There have been frightful massacres in Armenia, according to dispatches to the Tageblatt.

**Murdered by Soldiers.**  
Berlin, Oct. 17.—The report says that the Armenians massacred by Turkish troops sent to Vran Shehr to oversee the mining workpeople and who at once began to murder. They completely overrun the city and women and children were subjected to fearful treatment.

## MURDER MYSTERY Baffles Police of San Francisco

San Francisco, Cal., Oct. 17.—By the finding of the body this morning of Philip DeMartini, an Italian, on the sidewalk at Dupont and Pacific streets, the police are confronted with a murder mystery. DeMartini arrived in town last night and stopped with relatives at Dupont and Pacific streets and the body was found beneath the window of the room he occupied.
