

### EARLY MORNING BLAZE DESTROYS OWEN COTTAGE

(From Monday's Daily Guard.)  
Nesmith Owen's cottage at the corner of East Eighth and Pearl streets, occupied by C. L. St. Clair and family, was practically destroyed by fire early this morning, together with all its contents, most of which were also the property of Mr. Owen.

Amos St. Clair, brother of C. L. St. Clair, who was staying at the house, arose about 2:30 o'clock this morning to take the train for Portland. He took a lighted lamp into a closet to get his vest and accidentally dropped it. The flames almost instantly spread to the clothing hanging on the closet walls and soon the entire interior of the house was in flames. Mrs. St. Clair and children were aroused and they escaped from the burning building with only a few of their clothes. ### MAN WITH BULLET HOLE IN LEG IN JAIL

(From Monday's Daily Guard.)  
This forenoon Chief of Police Farrington arrested a young man giving the name of George Johnson, and who has a bullet hole in his right leg. The fellow was seen to be prowling near Charles Croner's house last night and the night police officers watched him for awhile, but he did no mischief. This morning Chief of Police Farrington arrested him at his room in the Frasier building and when searched he had on his person a searchlight and a pair of goggles which are so constructed that they can be used as a mask. When asked how he received the bullet wound in his leg, Johnson said that he was accidentally shot at the hobo camp below the cannery Saturday night, but the officers are of the opinion that he attempted to hold some one up and received the wound from his would-be victim. The wound is in the fleshy part of the thigh and is not very bad. Johnson told the doctor who dressed the wound that he accidentally shot himself.  
His appearance and the conflicting stories told by him as to how he received the wound indicate that the fellow is a crook or a hold-up man and he will be held by the officers until a further investigation is made.

### MARRIED

At the home of the officiating clergyman, Rev. John Sutherland, November 1, 1908, Chester C. Hayes and Miss Evaline M. Sutherland.  
At the home of Mrs. Meredith, 573 Lincoln street, Eugene, Saturday evening, October 31st, 1908, Ernest Thornton and Miss Agnes Harris, Rev. W. B. Pinkerton, officiating.  
W. H. Kay is home from Portland, where he enjoyed duck shooting on the preserves near that city Sunday.

### MRS. ELIZABETH KELLY, PIONEER, PASSES AWAY

Mrs. Elizabeth Kelly passed away at her home in Eugene Saturday evening at 8 o'clock, after an illness of eight months. She was born at Rockford, Indiana on September 15, 1834. She was a daughter of Rev. P. C. Parker, who with his family crossed the plains to Oregon in 1852 settling at Milwaukee. There in 1853 she was married to John Kelly, a pioneer of 1849, and together they removed to Roseburg where they spent their early married life. Her later years were passed in Portland and Eugene, where her husband died June 15, 1901.  
Eight children survive her, as follows: Mrs. H. B. Miller of Yakohoma, Japan; Mrs. A. H. Tanner of Portland; Mrs. Theresa M. Jackson, John P. George H. and Abe L. Kelly, Mrs. James W. Seavey and Mrs. W. W. Brown, of Eugene.  
The funeral services will be conducted by Rev. W. S. Gilbert of Astoria, at her home in Eugene, Tuesday morning, November 3rd at 10:30 o'clock.

### CIRCUIT COURT CONVENED MONDAY

The regular November term of circuit court convened at the court house this forenoon at 10 o'clock. The roll call of jurors was held and it was found necessary to excuse quite a number on account of sickness and for other valid reasons, necessitating the empanelling of that many more. Those excused were as follows: J. W. Smith, J. T. Callison, Fred E. Lamb, N. J. Moffitt, M. L. Wallace, F. N. McAllister, E. E. Brattain. There were two outside the county. Those chosen to take their places were as follows: Walter E. Flisk, Etna E. Awbrey, Lester M. Tozier, James Humphrey, G. T. Day, Frank Goodpasture, I. T. Nicklin, Geo. Fisher and Joseph Ham.  
A grand jury has not yet been chosen, but probably will be tomorrow.  
The first case to come up for trial was that of the State vs. Wm. L. Ford, charged with violating the local option law. The following jury was chosen: H. E. Allingham, J. E. Phelps, J. P. Currin, Geo. H. Boqua, Andrew Brund, E. L. Gum, Lester Jacoby, P. S. Hills, R. C. Martin, O. W. Brabham, A. A. Gibson and T. A. Gilbert.  
The jury was out at press time.

### \$15,000 PROMOTION FUND FOR NEXT YEAR

The soliciting committees for next year's promotion fund have succeeded after several weeks' work in getting the amount which they set out to get signed up. This year the publicity work has been done on a fund of \$10,000, but so fast did the work accumulate that several things, desired to be done by the board of governors,

had to be postponed until more money was in sight. The committees have met from time to time to report progress, and on Saturday the amounts secured by the seven committees amounted to \$15,861; while some amount in sight from people who could not at the present moment be reached, making \$15,961 in all.  
This is a larger fund than any community of Eugene's size has ever put up for advertising its resources, and some of the plans which have had to be put aside until now will be taken up and carried out. One of the most important is the building of a fine city park at the station; another is the contract with Mr. Kiser, the famous photographic artist, who has been here several days and has returned from a trip through Western Lane county, and whose well-known colored photographs will be of immeasurable value in advertising the beauties and resources of Lane county. For while Eugene puts up the money, it is used for the whole county. This Kiser contract was made possible through the co-operation of Allen Eaton, who handles the Kiser pictures, which thus far have been confined to other parts of Oregon.  
The men who have worked so hard to make next year's campaign possible are A. G. Dixon and Frank L. Chambers; G. Walter Griffin, Dr. L. L. Whitson and Judge E. O. Polter; D. E. Yoran, W. M. Green and Darwin Bristow; F. R. Wetherbee, M. Svarverud and S. S. Spencer; John M. Williams, George Melvin Miller and Charles E. Williams; Jack Eodman, G. D. Liza and Harry A. Dunham; Allen Eaton, H. F. Hollenbeck, F. M. Wilkins, C. A. Wintermeier and Dr. Clair Willoughby.

For fifteen minutes of the second half in the Idaho game at Moscow Oregon played with but ten men, and during that time scored ten points. Main, left tackle, was put out of the game, for slugging, after Forbes had used all of his substitutes. Middleton would not let one of the old men go in, and the ten men had to play the game alone.  
For the offense of Main the team was penalized thirty-five yards. Idaho, by end runs and bucking made the only earned touchdown of the game at that time.  
One of the touchdowns that Idaho scored, however, was illegal. Oregon tried a forward pass which struck the ground, when an Idaho player got the ball and scored. By the rules a forward pass that falls must be taken back from where the play started, and the side making the pass penalized fifteen yards. The officials did not compel Idaho to do this, but permitted the five points to count.  
Afterward they admitted that their action was a mistake, and in case the score had made any difference in the result, Idaho could not have won the game on the play.  
The team tell many incidents of the remarkable trip. Oregon forced the game into Idaho territory most of the time.

### OREGON PLAYED 15 MINUTES WITH 10 MEN

When a railroad is built from Eugene up the McKenzie Valley to the Belknap Springs, in the Cascades, changed ownership, will be made one of the finest pleasure and health resorts on the Pacific coast. ### WEST COAST MINES COMPANY BEGINS WORK

The West Coast Mines Company has resumed work in the old tunnels in the Bohemia district and are now mining ore preparatory to starting the mill. When 3000 tons of ore has been stored in the bins the mills will be put to work and will be operated until they have caught up with the mines, when to reduce expenses the mills will be shut down until another stock of ore has been stored. It is not the plan of the management to attempt to operate the mills unless there is an abundance of ore. A gang of twelve men is now in the tunnels. In addition the company is driving a deep tunnel, employing as many men as can be used. There are indications that there will be lively times at this mine next summer. The mill has a capacity of 100 tons per shift of 12 hours. At present the company has "in sight" several hundred tons of rock. To this must be added what is found in the further developments. Gradually more room will be made for miners until enough men can be economically employed in quarrying pay rock to keep the big 30-stamp mill running continuously.—Cottage Grove Western Oregon.

### BORN.

In Eugene, October 31, 1908, to Claude Sylvester and wife, a son.  
Three miles south of Eugene, October 31, 1908, to J. B. Marshall and wife, a son.

Many houses are left in an unfinished condition in this city because they cannot get windows and doors for them. One man placed his order about the first of last August and has not received them yet. There are a great many others in the same fix. The three mills here are rushed with work as they never were before.  
Dr. Selover has gone to Portland to get the material with which to finish up his house on High street near East Seventh.

At a meeting of the board of governors of the Commercial Club last night an invitation to the club members and the citizens of Eugene in general to be at Albany on Portland day at the Albany apple fair and on the date of the opening of the new passenger depot November 10, was read and a committee consisting of Elmer Roberts and J. H. Hartog was appointed to see how many can go. Those who go will leave on the 11:55 train and return on the Cottage Grove local at 9:35 p. m.

Mr. Howell says there are good prospects for a railroad being built up that way in the not far distant future. A company was recently incorporated for the purpose of building an electric line, as mentioned in The Guard a few days ago, and then there is the Portland, Eugene & Eastern Railway Co., which has secured a right-of-way for a greater part of the distance and whose representatives are now said to be in the East trying to float bonds for the construction of the line. Mr. Howell thinks that eventually James J. Hill will build into the Willamette valley by that route. His surveyors are now in the Deschutes country spying out a route for a north and south line and it is possible that a spur will be built across the mountains to tap the valley.

The name of the resort has been changed from Belknap Springs to the Oregon Hot Springs, a name that stands for something.

Wm. A. Scherzinger and Miss Anna P. Granzer were granted a marriage license yesterday afternoon.
