WOOD PULP AND SAWMILL WASTE

To insure a pulp wood supply to meet adequately the future
needs of the country seems one of the most important of the
many forest problems of the United States.

It is estimated that there are four and one-half million cords
of slabs destroyed in refuse burners of the lumber mills of the
country each year.

These figures make it look as if American inventors, who are
performing wonderful feats in other fields, should get down to
the consideration of methods to make these waste slabs available
for the pulp makers.

It is true that some utilization is being made of mill waste at
present, but in most cases it is only the larger and more modern
plants that are even making any attempts in this line.

The iron furnace slag heaps have been seized upon by the
brick maker, and the screening dump of the coal mines has become
a valuable source of raw material for the briquette manufacturer.

A PROPOSED LOGGING CONGRESS

The Timberman, published at Portland, believes that the
logging industry of the Pacific Coast States could most profitably
follow in the well-worn footsteps of the other large branches
of an important industry and form an association for mutual,
social and business benefits.

The Timberman believes that each year a logging congress
should be held in different sections of the country, in order to
familiarize ourselves with the different conditions to be encountered,

The Timberman believes that the time is ripe for initiating a
movement looking to a permanent annual logging congress along
the line suggested, and from the unqualified endorsement and
proffered assistance there is every reason to believe that the
annual logging congress will be a success and become a permanent
and important factor in assisting to place the logging business
on a plane commensurate with the important relation it bears
to the lumber business.

INCREASE IN GOLD PRODUCTION

The United States will produce more than \$100,000,000
from its gold mines within the current year, according to conservative
estimates.

\$85,000,000 yearly, and Russia, with \$25,000,000 annually.
The production of gold in the United States has trebled since
1880, and is increasing rapidly as new fields are opened up and
better processes of working refractory ores are utilized.

We are all familiar with the man who will not listen to reason.
His head is set, his opinion is formed, and nothing will turn
him, says the Oregon Tradesman. He shakes argument from him
as a dog shakes water from his shaggy hide.

Real estate dealers in Eugene report that the most troublesome
thing about their business this fall is to secure houses
for the newcomers. A similar condition is said to exist in all the
principal towns of Western Oregon, indicating the wonderful
growth of the state since the westward movement set in.

It was easier for Eugene to raise a booster fund of \$15,000
this year than it was to secure \$10,000 a year ago. This is due
to the fact that because of systematic and legitimate advertising
the town is bigger and better in all respects than it was a year
ago.

The packet craft "Defeat" will start on its trip up Salt River
tonight with its accustomed promptness, and as is usual, all the
staterooms will be fully occupied.

A Boston preacher announces that he will not marry consumptives,
or men whose incomes are less than \$12 per week. The first is not
a question for a layman, but we venture to say that there are
thousands of good men, many of them highly successful, who
have married on an income of \$12 a week, or less.

In a Boston divorce suit the woman charges her husband
with having thrown a pie in her face, and he a Harvard man. We
fear this will encourage the idea that college education fails to
make a man practical, unless he proves that he was merely trying
to persuade her to eat the pie without a knife.

"Lucky" Baldwin is out with an offer to bet \$5,000 to \$40,000
that the California legislature will not make betting at a race
track illegal at its next session. Is that bluffing or lobbying, or
a combination of both?

It's up to the law-abiding citizens of several states to decide,
and decide promptly, whether the men duly elected and qualified,
or the night riders, shall govern them.

Nobody has accused Senator LaFollette of seeking to increase
his personal popularity in the senate when he announced his
intention to try to "clean up" that body.

Speaking of long jumps, Charles W. Smith, who resigned the
presidency of a Pennsylvania bank to become a Methodist bishop
in Oregon, was going some.

TAFT'S LAST DAY
OF CAMPAIGN IS
ONE OF ACTIVITY

Youngstown, Ohio, Nov. 2.—The
last word of his campaign has been
spoken by Judge Taft and he is now
speeding to Cincinnati to cast his
vote tomorrow.

"Vote the Republican ticket and
preserve prosperity, protection to
American industry, business integrity,
and the rights of labor."

This was the message with which
Taft ended his fight. The close of
the campaign in this city tonight was
in magnitude and enthusiasm a fitting
climax to all that had gone before.

The last day of the campaign was
remarkable in that there was an
increase rather than a diminishing of
crowds and enthusiasm wherever he
went. Beginning his work at Dunkirk,
N. Y., this morning, he made
addresses at Westfield, New York,
Erie, Pa., Ashtabula, Garrettsville,
Cleveland and Youngstown.

size as he had done throughout the
day that notwithstanding opposition
to him and the Republican party by
Samuel Gompers he would, if elected,
maintain his great sympathy for and
interest in the welfare of organized
and unorganized labor.

At Cleveland the Taft meeting was
presided over by A. L. Faulkner, of
the National Order of Window Glass
Makers. The city was alive with
political activity, throughout the day,
meetings being in progress long before
the arrival of the Taft special at 4
o'clock.

Among the prominent speakers
were Garfield and Representative
Burke, of Pennsylvania. Judge Taft's
special left here shortly before 11
o'clock.

Byron Drake and wife, of Dolan,
S. D., arrived here today to make
Eugene their residence. They have
recently sold their farm there. They
lived here awhile two years ago and
liked the city so well they concluded
to return. They are guests of David
Humphrey and family till they get
settled down.

EUGENE BOY ARRESTED
FOR RAISING CHECK

Ernest Atkinson, Aged 19, Tries
to Make \$297 Out of
\$2.97 and Is in Jail

Ernest Atkinson, a youth of 19
from Eugene, is in the city jail be-
cause of a crude attempt to raise a
paycheck from \$2.97 to \$297. He had
been working for the North Bank
line and the check was given him
several days ago. Making erasures
with a sharp penknife or razor, he
effected the necessary changes in the
check and presented it yesterday
morning to the United States National
Bank to be cashed. The pay-
teller held the check and sent for
the police. Atkinson is charged with
forgery.—Oregonian.

JUNCTION FARMERS

Junction City, Or., Nov. 1.—Danesmill,
four years old, weighing
2,240 pounds, was sold for \$3,000, by
C. W. Bowers, representing J. Crouch
& Son, of Sacramento, Cal., to prominent
farmers of this section. This
stallion was imported from France
early this spring. It won first prize
at the state fair at Sacramento this
fall. The buyers of the horse are as
follows: M. L. Barnett, J. L. Caton,
O. E. Trout, W. H. Evans, George
Humphrey Sons, Robert Kyle, R. H.
Hewitt and Charles Campbell.

SEVERE INJURY TO
METHODIST MINISTER

Rev. Erskine who is located at Co-
burg, formerly in charge of the
Methodist church at this place, while
engaged in picking apples, fell from
the tree last Friday and broke his
sides receiving severe bruises. His
many friends here regret to hear of his
misfortune.—Junction City

S.S.S. FOR
RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which
gradually gets into the circulation because of indigestion, constipation, weak
kidney action, and other irregularities of the system which are sometimes
considered of no importance. This uric acid causes an inflamed and irritated
condition of the blood, and the circulation instead of nourishing the different
portions of the body, continually deposits into the nerves, muscles, tendons
and joints, the irritating, pain-producing acid with which it is filled. Rheu-
matism can only be cured by a thorough cleansing of the blood, and this is
just what S. S. S. does. It goes down into the circulation, and by neutral-
izing the uric acid and driving it from the blood, effectually and surely
removes the cause. S. S. S. strengthens and invigorates the blood so that
instead of a weak, sour stream, causing pain and agony throughout the sys-
tem, it becomes an invigorating, nourishing fluid, furnishing health and
vigor to every part of the body and relieving the suffering caused by this
disease. S. S. S. being a purely vegetable blood purifier, is the surest and
safest cure for Rheumatism in any of its forms. Book on Rheumatism and
any medical advice desired sent free to all who write.

TWO WERE KILLED
AND ANOTHER WAS
SERIOUSLY WOUNDED

Ardmore, Okla., Nov. 3.—B. D.
Cook, constable from Mulkey, and J.
A. Simes, a farmer of Provence, were
shot and killed on East Main street
in East Ardmore today by John Bra-
ziel, a local character. James Bil-
lings, a farmer, and a companion of
the two dead men, was seriously
wounded. Braziel was arrested.

BENSON AND HYDE
GET MOTION DENIED

Washington, D. C., Nov. 3.—Justice
Stafford, of the supreme court, today
overruled the motions for new trials
made by Hyde and Joseph Schneider,
convicted last spring of conspiracy to
defraud the United States in connec-
tion with the securing of a land
grant in Oregon and Washington.
The motion to arrest judgment
was not disposed of, pending which
sentences will probably be deferred.

NECK BROKEN BY
BLOW ON THE CHIN

Seattle, Nov. 3.—W. W. King, a la-
borer, forty years of age, was struck
on the point of the chin in a fight
with Frank Paquette, a barber, in a
saloon in South Seattle last night, and
instantly killed. Paquette was ar-
rested today.
His victim's neck was broken.
The men had been drinking and
quarreled.

LOST HIS HEAD
BY FLYWHEEL

Seattle, Nov. 3.—Joseph Charran,
aged 22 years, was caught in the
flywheel in the Montana Lumber
Company's mill today and his head
twisted from his body.

INMATES OF SOLDIERS'
HOME LOSE VOTES

Roseburg, Or., Nov. 2.—The new
"corrupt practices act," if it is en-
forced here, will work a hardship on
the veterans at the Oregon Soldier's
Home near this city. Heretofore
these old soldiers have always voted,
being brought to the polls in this
city in carriages, as they were not
able to walk the distance.

SHOT WOMAN DEAD
AND KILLED HIMSELF

Seattle, Nov. 3.—E. L. Bassett,
for 35 years manager of the local
branch of the Amos West Company,
of Los Angeles, today shot and in-
stantly killed Mrs. Minnie Goodman,
aged 34 years, a widow and the
blow out his brains. Hancock was
arrested two months ago and placed
under bonds for threatening to kill
Mrs. Goodman because she refused to
marry him. Today he went to the
appointed apartment of the woman
and shot her twice in the back.
She leaves three small children.
