

DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child—Suffered for Three Months—Disease Reached a Fearful State—Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible, and I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Miss Anabel Wilson, North Branch, Mich., Oct. 20, 1907."

ITCHING CURED With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, limbs, face and hands. It was so bad that I could not rest night or day and during the six months, I did not get a good night's sleep. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents and the day after I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and they will cure others in the same way. J. W. Bloom, R. R. Telegrapher, Holloway, Mich., Nov. 20 and Dec. 29, 1906."

Cuticura Remedies are guaranteed absolutely pure under the United States Food and Drug Act.

Complete External and Internal Treatment for Every Kind of Itching, Chafes, and Aches. Use Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Soothe the Itching, and Cuticura Tablets (50c) to Purify the Blood. For a full description of the disease and the use of Cuticura Remedies, see the booklet "Cuticura Cures Itching" sent free on request.

ONE HUNDRED INJURED IN STUDENTS BITTER RACE RIOT IN VIENNA

Vienna, Nov. 10.—An encounter between two warring factions of students at the University of Vienna today resulted in the injury of about one hundred of the young men. The cause of the conflict was the smouldering antagonism between the Pan-German and Jewish students. The bitter feeling culminated in today's sanguine encounter. During the trouble the balcony of the university collapsed, precipitating many combatants to the floor. The Hebrew students turned up at the University early today, determined to keep out the Pan-Germans. A serious fight followed their appearance.

Most of the injuries were slight. Among them were a few broken limbs and collar bones. Race feeling is growing throughout the city.

AMERICAN FEDERATION OF LABOR MEETS

DENVER AUDITORIUM.

Denver, Colo., Nov. 9.—In the Denver Auditorium where the Democratic hosts assembled last July and named William J. Bryan for president, there were gathered this morning hundreds of representatives of the workmen of America. They were the delegates to the twenty-eighth annual convention of the American Federation of Labor and among them was represented every trade and every industry of the United States. It was an assemblage of brawny, fine-looking, intellectual representatives of the toilers, and one that had immediately impressed itself on the minds of the scores of spectators who filled the galleries and balconies of the big hall.

Promptly at 10 o'clock President Samuel Gompers mounted the platform, accompanied by the other officers of the Federation, members of the executive committee and fraternal delegates representing the Western Federation of Miners and the organized labor bodies of Canada and Great Britain. The appearance of President Gompers was greeted with loud and prolonged cheers, many of the delegates rising and continuing the enthusiastic greeting for several minutes. After quiet had been restored, welcomes were expressed in behalf of the State of Colorado, the city of Denver and the labor unions of the municipality.

The annual address of President Gompers was the chief feature of the opening day's proceedings. The address was one of considerable length, though it required more than two hours in its delivery. The delegates manifested the slightest sign of impatience and gave it close attention from beginning to end. The salient points of the address were greeted with loud applause, and when Mr. Gompers had finished, naturally the most interesting paragraphs of the address were those dealing with the participation of the Federation in the recent campaign and election. Injunctions, the boycott, eight-hour legislation and undesirable immigration were treated at considerable length, and in Mr. Gompers' customary vigorous style. The spread of child labor legislation was commended and the delegates were urged to renewed efforts in their work of organizing labor and disseminating labor propaganda.

The address of President Gompers was followed by the annual reports of Secretary Frank Morrison and Treasurer John B. Lenton. The report of the executive committee also was presented. The convention is expected to remain in session at least a week as many matters of importance have been slated for consideration and action. The indications are that the present officers of the Federation will be re-elected without opposition.

Gompers on Politics. In his annual address President Gompers treated the political situation at length, summarizing the subject as follows: "As already stated, we presented

SEATTLE POSTMASTER WILL BE REMOVED

STREET DUEL GREAT SENSATION IN THE SOUTH

Young Cooper Lies in Hospital Slightly Injured—Father Is Held in Jail

Nashville, Nov. 10.—Messages by wire and mail from various sections testify to the tremendous excitement caused throughout the state and South by the killing of former United States Senator Carmack by young Robin Jones Cooper in a street duel late yesterday afternoon. Carmack's brilliant career as United States senator had made him one of the best known national figures in the South. Colonel Duncan B. Cooper, father of Robin, and who was with him when the duel occurred, has a legion of friends in this and other states.

The body of Carmack was removed today to Columbia, where he was married and lived until he became editor of the Tennessee.

Young Cooper spent the night in jail. His injuries are slight. His father, Colonel Cooper, spent the

EDWARD W. CARMACK.

night at police headquarters, and is reported to have slept well. The tragic death of Senator Carmack, who has a host of friends who sympathize deeply, will probably have considerable effect upon the politics of the state.

BOHEMIA MINES ARE VERY BUSY THIS WINTER

The Bohemia Mining District is following a well-known rule in mining districts, for it is known by those familiar, that mining camps always present their most lively appearance in the winter time. There is every indication for a real boom in evidence. The Mayflower Company has made this explanation to you, but to correct any error now or of the future, desire to emphasize the fact that though many years ago I counted myself a Republican, I have not been and am not now a Democrat, in a partisan sense. I owe allegiance to no political party. So far as mine power lies and in the light given me, I have always without fear of personal consequences, endeavored to perform my duty to my fellow workers, to my fellowmen.

The American Labor movement is not partisan to a political party; it is partisan to a principle, the principle of equal rights and human freedom. Treasurer's Report. Treasurer Lenton in his report said: "For a period of eighteen years I have been each year reporting to the conventions of the A. F. of L. as its treasurer. During that considerable period of time the trade union movement has encountered many obstacles, and in a large measure overcome them. The calamity howlers have always been in our midst, pointing out the near dissolution of the trade union movement. But in spite of all opposition, both from within and without, and despite all discouragements offered, the trade union movement has steadily made progress. Improved conditions have been secured. Wages have been advanced. The intelligence of the workmen has made wonderful progress, and the solidarity of our movement is greater now than at any time in the past history of organized labor on this continent. With this knowledge before us, there should be no gloom or discouragement as to the future. Obstacles will be met, but the trade union will meet them successfully. The pessimists, I suppose, will always remain with us; but their lamentations will not be sufficient to retard the progress of organized labor."

His report showed the total income of the organization during the year to have been \$207,555.28, and the expenses \$196,772.64. Total funds on hand, \$138,627.88.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in the loins, side, back, groins and too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Sold by Linn Drug Company, price 50 cents.

Try Kodol today on our guarantee. Take it for a little while, as that is all you will need to take. Kodol digests what you eat and makes the stomach sweet. It is sold by all druggists.

COMMERCIAL CLUB'S MEETING LAST NIGHT

A meeting of the subscribers to the promotion fund of the Commercial Club was held last evening and general matters of importance discussed. The first matter to come up for consideration was the election of a board of governors and resulted in the re-election of the old board.

The regular meeting of the club followed the subscribers' meeting. After the reading of the minutes and the call for reports was made. Free Thomas, of the membership committee, stated that he had sent out 316 letters, but as yet had received no accessions to the membership.

The matter of the club's excursion to Albany was then presented by Mr. Hartog. He said that a good representation from this city would show to the people of Albany a very pleasant courtesy. Mr. Hartog also urged that a good representation of the club members accompany the football team to Portland on the occasion of the Oregon-O. A. C. game. Manager McEwen, of the football team, stated that the people of Corvallis have made arrangements to accompany the team from that city, and that Eugeneites should show the same spirit in regard to the University. President Campbell moved a resolution that it be the sense of the club that as large a contingent as possible should accompany the Oregon team to Portland and give them every encouragement possible. Motion passed without a dissenting vote.

Manager Hartog then made public a request which he had received that the club send to the authorities at Washington a request that the material for the new federal building be white brick instead of red, as the specifications called for. On a call for opinions it was apparent that such action was very likely to cause delay, and the matter was dropped.

Mr. Hartog stated that the city nightwatchman had rendered a bill to the Willamette Valley Company for \$8 for services in turning off the lights in show windows and that the company had refused to pay the bill. The matter was referred to Walter Griffin for adjustment.

Mr. Hartog then read a letter from Mr. McMurray at Portland, which stated that this section could secure from the department of agriculture at Washington experts who would make an analysis of the soil and abouts and publish data with illustrated maps. A motion requesting the service for Lane county was passed.

President Williams followed Mr. Hartog, stating that he had a matter which he had been requested to bring up before the club, and that he would make an analysis of the soil and abouts and publish data with illustrated maps. A motion requesting the service for Lane county was passed.

Several new men for general staff.

Washington, D. C., Nov. 10.—Major-General William P. Duval and Brigadier-General Frederick F. Vanvor William H. Carter, Winfield S. Edgerly and William W. Wetherston, comprising a board of army officers appointed for the purpose, met today to make selection for detail of officers to fill vacancies occurring in the personnel of the general staff. At present there are three vacancies, and seven more will occur next year.

When her back aches. A woman finds all her energy and ambition slipping away.

Eugene women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Eugene woman's words:

Mrs. L. E. Abbot, 484 Pearl street, Eugene, Oregon, says: "Last winter I was taken down with a bad spell of kidney complaint and my back became so weak and lame that I could hardly move. I took various remedies but did not derive any benefit. Finally Doan's Kidney Pills were recommended to me by a friend and my husband procured a box at Delano's drug store. They proved to be all that more than I claimed for them. As I used them, the pains and weakness left me and my kidneys were strengthened. I consider Doan's Kidney Pills the best remedy of its kind on the market."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

A. L. Allen of Medford is in the city on business.

NORTH DAKOTA, NEW BATTLESHIP, LAUNCHED

MARY L. BENTON.

Miss Mary L. Benton of Fargo, chosen by Governor Burke of North Dakota to act as sponsor for the battleship named for her native state.

Quincy, Mass., Nov. 10.—Into the waters of the Fore river, on whose shores several of the finest ships of the "new navy" have been built, there was launched today the great steel hull of what will be the formidable battleship North Dakota. The occasion was a notable one, as the North Dakota is the first United States 20,000-ton all-big-gun battleship of the Dreadnaught type. Built by the Fore River Shipbuilding Company, the big vessel is 60 per cent completed, and will be turned over to the government in less than a year. The keel for the North Dakota was laid on December 10 last, the date of the sailing of the Atlantic fleet on its globe-encircling trip, and in her construction all time records for the building of American naval vessels have been broken.

Named by North Dakota Girl. Shortly before the hour set for the launching, while the wedges were being driven in to lift the weight from the ground to the sliding ways, a naming party, led by Rear Admiral Bowles, president of the shipbuilding company, made its way through the crowd and ascended the launching mast. The sponsor, Miss Mary Benton, daughter of Colonel John D. Benton, of Fargo, N. D., received an ovation, as did also Governor John Burke and other members of the North Dakota party.

The launch of the big vessel was entirely successful and was witnessed by an immense crowd. When the

word was given the great mass of steel began to move majestically down the greased ways for its initial plunge into its native element. Miss Benton dashed against the prow a bottle of wine decorated with the national colors. As she did so she exclaimed in firm tones: "I christen thee North Dakota."

A great wave of enthusiasm swept over the crowd of spectators as the christening ceremony was performed. Down in the crowd and up on the stand men and women waved hats and handkerchiefs, while thousands of throats joined in the wild cheering which greeted the new queen of the sea. Shrill whistle blasts from the nearby factories and the fleet of tug boats assembled in the river joined in the chorus, and almost drowned the notes of the national anthem, valiantly played by the band.

A Magnificent Battleship. The North Dakota is a sister ship of the Delaware, which is under construction at Newport News. The initial outfit for the huge battleship was \$10,000,000. Her guns alone will cost about \$1,000,000. She will have a long forecastle deck, extending from the bow almost to the center of the ship. The ten twelve-inch guns will be arranged in five turrets, two to a turret, the forward turret being so located that the axes of its guns will be twenty-four feet above the water line, and just abaft of this turret will be another, the barbette of which will be sufficiently high for its guns to clear the roof of the forward turret.

Abaft the break of the forecastle deck, and also situated on the axis of the ship, will be two more twelve-inch gun turrets, the guns of the forward turret in this pair firing over the roof of the after turret. Aft and near the stern will be the fifth and last of the big turrets. Naval men declare that no navy in the world possesses a ship of the Dreadnaught type in which the guns are better arranged.

For repelling torpedo attacks the North Dakota will carry a secondary battery of fourteen five-inch guns. These guns are all to be mounted broadside.

The vessel will be driven by turbines of 25,000 combined horsepower. These powerful turbines must drive the powerful battleship through the water at the rate of at least 21 knots an hour on the four-hour's trial run. If the contract is to be fulfilled, the officials of the company confidently assert that they will be able to do this and go the government one better, making at least twenty-two knots speed. If this can be done it will be a record to be proud of, for it will eclipse the previous world record of the Dreadnaught, twenty-one knots, and that, too, for a considerably larger battleship.

The length of the North Dakota is 510 feet and beam 85 feet. Her complement will consist of nearly 900 officers and men.

STANDARD OIL CASE TO SUPREME COURT

Chicago, Nov. 10.—The government's petition for a rehearing in the case of in which the United States circuit court of appeals reversed the trial court's decision in fining the Standard Oil Company of Indiana \$29,240,000 for alleged rebating, was denied in the court of appeals today. It is now stated that the government will attempt to bring the whole matter before the supreme court on a writ of certiorari.

OPINION FAR-REACHING. The government, in its petition for re-hearing, intimated that if the opinion of the judges of the appellate court—Grosscup, Seaman and Baker—was allowed to stand it would nullify nearly every shred of rate reformatory legislation accomplished by the Roosevelt administration.

SAM GOMPERS SAYS AN HONOR IS PRESIDENT'S SLIGHT

Denver, Nov. 10.—Gompers declines to discuss his elimination as a guest at the dinner arranged by President Roosevelt for the various labor leaders and lawyers to discuss labor matters. Gompers contended himself with the statement that he considered himself honored by the exclusion, and considered the president's act a tribute to his honesty and to the manner in which Gompers has represented the millions of members of the Federation.

Henry Mathews, of Goshen, paid an election bet this morning by carrying Frank Hyer from the front of Goldsmith's cigar store to the depot. Hyer is no lightweight and Mathews was compelled to rest several times before his journey was completed. Hyer tooted a horn to clear the way for his steed. At the Eugene Loan & Savings Bank S. S. Swenker kicked Mathews twice to fill the terms of the wager.

Use DeWitt's Carbolicized Witch Hazel Salve—it is healing, cooling and cleansing. It is especially good for piles. Sold by all druggists.

DELICIOUS BANANA CREAM

This recipe is highly recommended by one of our correspondents; try it for dessert tomorrow. Peel five large bananas, rub smooth with five teaspoonfuls sugar. Add one teaspoon sweet cream beaten to a stiff froth, and then add one 10c package of Lemon Jell-O dissolved in 1 1/2 teacups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream, or as a good pudding sauce. Jell-O is sold by all grocers at 10c per package.

MADAME DEAN'S FRENCH PILLS

A SAFE, CERTAIN RELIEF FOR SUPPRESSED MENSTRUATION. REFER TO THE FINEST MEDICAL OPINIONS. Sold by all druggists.

CHICHESTER'S PILLS

THE DIAMOND BRAND. Sold by all druggists everywhere.
