

# ITCHING HUMOR ON LITTLE BOY

His Hands were a Solid Mass, and Disease Spread All Over His Body—In Four Days the Child was Entirely Cured—Mother Strongly

## RECOMMENDS CUTICURA SOAP AND OINTMENT

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then as we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores, etc. that I thought I would try them. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed, and in three or four nights he was entirely cured. You have my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies for they are a godsend to all suffering with skin diseases. Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

# PIMPLES

And Blackheads Prevented and Cured by Cuticura.

Gently smear the face with Cuticura Ointment, the great Skin Cure, but do not rub. Wash off the Ointment in five minutes with Cuticura Soap and hot water and continue to bathe the face freely for some minutes. Repeat morning and evening. At other times use hot water and Cuticura Soap for bathing the face and often as agreeable.

**RECORD**  
Pacific Horse Liniment is prepared expressly for the needs of horse men and ranchmen. It is a powerful and penetrating liniment, a remedy for emergencies. A soothing embrocation for the relief of pain, and the best liniment for sprains and soreness. # HOLMES BUSINESS COLLEGE

Washington and Tenth Sts., PORTLAND, OREGON. The School that Places You in a Good Position.

## COLLEGE GIRLS WISH TO ESTABLISH DEBATE LEAGUE

An effort to organize a state debating league for young women students of the various colleges and universities in Oregon was set on foot last week when the young women of Albany College met and elected Miss Rhoda Stalnaker as manager of the local young women's debating society. In pursuance of the plan to organize a state debating league, Miss Stalnaker will write at once to the several state institutions and endeavor to ascertain the sentiment toward a state league, and if favorable, will later set a time for a meeting, at which the colleges and universities will be represented, to permanently perfect the league. Talk of such an organization has been indulged in by the student body of the University students. Two or three girls may enter the tryouts for the interstate teams this year, and in case a girls' team is formed their attention will probably be directed to forensic contests with girls' teams. The opinion is generally held that mixed teams tend toward biased decisions, for usually the judges have a prejudice in favor of girls. Tradition has decreed that Oregon debaters shall be men, and such is the rule in other colleges in the Northwest.

## CONTRACT LET FOR THREE HOUSES IN HILL CREST ADDITION

Architect Y. D. Hensell has closed contracts with W. O. Heckart for the erection of three handsome dwellings in Hill Crest addition. These houses are being built by the Hill Crest Company, and will be modern, comfortable homes. There will be one two-story house costing about \$2600 and two one-story bungalows costing about \$2500 each. All houses will be complete in every detail, with all modern conveniences in way of heating, lighting and plumbing. Cement side-walks connecting with the street walk will be put in, and trees and shrubs planted in front of each place. The company has placed a restriction as to the minimum cost of houses in Hill Crest addition, as it desires to make this part of our city keep pace with other beautiful streets that are so rapidly building up with fine homes. All building to be done by the Hill Crest company, for its own account, will be under the personal direction of Mr. Hensell in order that one standard of excellence may be maintained.

## SHIP TWENTY-SEVEN TONS OF TURKEYS FROM DOUGLAS

Roseburg, Oregon, Nov. 22.—About 27 tons of turkeys will be Douglas county's Thanksgiving contribution this year. The prices have ranged from 17 to 21 cents. These figures do not include the other poultry, chickens, ducks and geese, which were also shipped in large numbers. Although not many more birds are expected to be brought in for the Thanksgiving trade, yet enough are expected the first of the week to bring the total to a value of over \$60,000. The 27 tons of birds include five tons sent by an Oakland firm, the remaining 22 tons being sent from Roseburg. The number sent from the smaller towns in the county is not yet known and is impossible to determine. The price received this year for the turkeys is several cents higher than that received last year, birds even at the prevailing prices, which are considered good, the farmers do not bring in the amount of turkeys expected, a great many birds being held for Christmas trade, when prices are generally expected to be even higher.

## TRIAL OF WOMAN WHO KILLED DOCTOR OPENS IN NEW YORK

New York, Nov. 23.—Considerable public interest is manifested in the case of Sarah Koten, which was called for trial today in the criminal branch of the supreme court. The young woman, a Russian Jewess who has been in America but a few years, is charged with having murdered Dr. M. W. Auspitz last spring. The victim was a man of family and a physician of high standing in his profession. Dr. Auspitz maintained a private sanitarium and Sarah Koten was employed by him as a nurse. According to the young woman, she was wronged by the physician and then cast out. When an effort to obtain justice in the courts failed her she determined to wreck personal vengeance upon her alleged betrayer. On the night of the tragedy she telephoned to Dr. Auspitz at his home in East Ninety-Third street. In the guise of a patient she summoned the physician to make a professional call at an apartment house in West 135th street. When the physician arrived at the house the young woman, heavily veiled, met him in the vestibule and without a word shot and killed him instantly. After the killing Miss Koten collapsed and for a few days her life was despaired of. Because of her condition she was removed from the Tombs to the city hospital on Blackwell's Island. There, on September 26 last, she gave birth to a child. The circumstances surrounding the case aroused much public sympathy in behalf of the unfortunate and friendless young woman. This sympathy was increased when it became known that charges similar to those made by the young Jewess had previously been preferred against Dr. Auspitz by another woman who had been in his employ. Through the efforts of charitable disposed persons able counsel has been engaged to conduct the defense of Miss Koten.

## NEWS OF LOWER SIUSLAW VALLEY

Born—In Florence, Friday, November 13, 1908, to Mr. and Mrs. Chas. Allen, a daughter.  
S. L. Taylor, of Indian Creek, after a short visit at his home last week, left on his way back to McKenzie Bridge, where he is stationed as forest ranger for uncle Sam. Mr. Taylor expects to move his family out there before long.  
Viola Safley was born in the state of Arkansas, November 11, 1891, and died at the home of her parents near Acme, Oregon, on Thursday, November 12, 1908, after a long illness which she bore with uncomplaining fortitude, never forgetting her faith in Him "who doeth all things well."  
She was a member of Spruce Hill No. 56, L. O. T. M., of Acme, and while we mourn her loss we feel that she lived a consistent Christian life and has answered "present" at the rollcall of the great review above. Her patience and forbearance can be a lesson to us all.  
Last Saturday Will Safley and Niels Christensen talked with their hands over some difficulty and both received a few marks.  
A new flag was received for the Glendora school a few days ago and spread to the breeze amid the rejoicings of the teacher and pupils.  
Preparations are being made for holding the teachers' institute for Western Lane county at Florence on December 1 and 5. The school officers' convention for this part of the county will be held here December 5. Superintendent Dillard, Professor Alderman, of the University of Oregon, and C. H. Jones, of Salem, will be present.—Florence West.

## NEWS OF SPRINGFIELD AND VICINITY

The many friends of Miss Letta Winsenried will be glad to learn of the improved condition of her health after two weeks of serious illness. For several days it seemed that her case was quite critical, but now a speedy recovery is hoped for. She has been afflicted with blood poisoning.  
The work of putting crushed rock on Main street has been completed and the appearance of the thoroughfare has been greatly improved, the sides of the street being filled even to the gutters. The centre of the street could be improved now by hauling off the mud, thus bringing the centre of the street down to the solid bed.  
The editor returned Tuesday evening from Idaho, where he went to meet Mrs. Beebe, Earl and Frank, who were returning home from Nebraska and Iowa, where they have been for the past three months visiting with Mrs. Beebe's family and friends. The family had an excellent summer, but were mighty glad to get home again.  
Rev. E. J. Emmons has started one of the finest residences in Lane county. The structure is brick, built upon a cement basement. The building will be 33x51, with ten rooms. Rev. Emmons will personally oversee the construction of his new home to be, and of course we can guess on a fine one. Mr. Emmons informs us that the cost will exceed \$3000.  
The People's meat market has again changed hands, the new proprietor, A. Bigelow, formerly of Cottage Grove, but for the past 14 months a resident of Springfield. Mr. Bigelow informs us that he has been engaged in the stock business most of his time since coming to Oregon fourteen years ago, and now has nearly 150 head of fine range beef cattle that will be consumed in his Springfield market.—News.

## SALEM PHYSICIAN PROBABLY FATALLY SHOT BY THUG

Salem, Or., Nov. 20.—Dr. C. H. Robertson, one of the best known physicians in Salem, was shot through the right breast by a foot-pat tonight, and will probably die. The shooting occurred on Fourteenth street, one block south of State, at 8 o'clock. Dr. Robertson had been called to see a patient on Trade street, near Fourteenth and was on his way there. As he was passing along the sidewalk, near the E. E. Shafer residence, where there is no street light, a man wearing a black mask stepped out of the darkness and commanded "Hold up your hands."  
Instead of complying, Robertson turned and fired, whereupon the foot-pat fired, the bullet entering Robertson's back below the right shoulder, passing through the right lung and out of the right breast. Robertson fell, and the robber fled south on Fourteenth street. The doctor as he lay bleeding on the ground fired five shots from his own revolver to attract attention to his plight.  
F. E. Shafer, Homer Smith, Supreme Court Commissioner W. R. King and others residing near by rushed out of their homes, and hearing groans went to the scene and found Robertson. He was carried to a nearby residence, where physicians attended him. Later he was removed to Willamette sanitarium.

## DEATH OF MATTHEW CLEEK AT JUNCTION

Junction City, Or., Nov. 20.—Matthew Smith Cleek, 85 years of age, died of pneumonia at his home, two miles west of this place, Saturday, November 14. He was born in Scott county, West Virginia, being the seventh child of a family of 12. When eight years of age he moved with his parents to Kentucky, and resided there for eight years. The family then moved to Missouri, and resided until 1864, when Mr. Cleek joined the ranks for the far Western country, settling in Silver City, Idaho, where he remained one year, then moving to Oregon.  
He was married March 26, 1876, to Mrs. Mary Jane Golden. One son was born, who died at the age of six years. Mr. Cleek united with the Methodist church south when quite a young man. He lived a true Christian life. He leaves an aged wife and numerous relatives and friends.

## NEWS OF COTTAGE GROVE AND VICINITY

The ladies of the Eastern Star gave a social evening with an entertainment program at the home of H. O. Thompson last Tuesday evening. A delightful evening was passed, the guests being entertained by an instrumental duet by Mrs. Abrams and Mrs. Thompson, a piano solo by Miss Mabel Veatch, a reading by Mrs. S. B. Wheeler, piano solo by Mrs. Abrams, vocal solo by Messrs. Pearce, Messrs. Daugherty, Sam Pearce, Worth Harvey and I. F. Trask.  
The ten-month-old baby boy of Mr. and Mrs. E. W. Ames died at the family home in this city last Tuesday. The funeral services were held at the residence, conducted by Rev. Dr. Jave. This was the third child of Mr. and Mrs. Ames, two surviving. They recently moved to Cottage Grove. The cause of the child's death is attributed to teething.  
Contractor D. B. Chamberlain and assistant, Dennis Coater, have completed their work on the new public school building in the Hebron district on the Coast Fork, six miles south of this city. The building was erected on the Weeden place, some little distance from the old building. It is 24x40 feet in dimensions, with a 12-foot ceiling, and is painted inside and out, including the roof. The contract price was \$640, and it is ample to accommodate all of the needs and requirements of the district for some time to come.  
The Third and Stephens street sewer was completed by Contractor Harry Hart last week. It is 454 feet in length and the contract price was \$315.32. It will be a great convenience to that part of town in the vicinity of the Presbyterian church.—Western Oregon and Leader.

## TAFT'S MAJORITY IN OLD MISSOURI

Jefferson City, Mo., Nov. 20.—W. H. Taft carried Missouri by a plurality of 1026, according to the tabulation of official returns made by Governor Folk today. The tabulation was made only of the first election. The vote for the first elector follows: Taft, 346,915; Bryan, 345,889; Debs, 15,398; Chafin, 4222; Hissen, 397; Watson, 1165; Preston, Socialist-Labor, 670.  
In the face of official returns, including precinct corrections, Jacob F. Gmelch, Republican, was elected Lieutenant-Governor by 30 votes, and other minor Republican candidates were defeated.  
E. R. Frank is up from Portland for a few days.

## REVOLT GROWING IN SAN DOMINGO

Port au Prince, Nov. 24.—The revolutionary movement against President Nord Alexis is spreading. The garrison of Croix has fallen into the hands of the rebels and encountered the garrison Centenario off Jervais when shots were exchanged.  
General Lecomte, minister of the interior, who went out against the rebels, has been taken prisoner and a rumor is current that he was executed.

## KASPARILLA

This sterling household remedy is most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache, and dizziness due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value. If it fails to satisfy we authorize all dealers to refund the purchase price.  
HOYT CHEMICAL CO., Portland, Oregon

## STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is so strong as the weakest link, the body is no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.
