CITY WATER BOARD

APPOINTED BY MAYOR

(Continued from Page One.)

Harris, A. C. Woodcock, L. E. Bean, L. Bilyeu, F. W. Osburn, T. H. Garrett, W. S. Moon, J. M. Williams and S. B. Eakin.

The appointment was confirmed by vote of the council.

Last Night's Meeting.

At last night's meeting an ordinance levying assessments for the improvement of Sixth street from Olive to the west side of the alley between Willamette and Oak streets was passed.

An ordinance levying assessments for the improvement of the alley between Sixth and Seventh streets from Willamette street, east, east 160 feet, was passed.

William Lillwall, proprietor of the lodging house in the Coleman building on Willamette street, complained to the council that the bowling alley and the piano in the morning picture theatre below his rooms made too much noise and kept his lodgers awake. The matter was referred to the judiciary committee.

The hook and ladder room on the lower floor of the city hall was turned over to J. M. Williams for use in collecting Thanksgiving donations for the Boys' and Girls' Aid Society.

ALMA ITEMS

(Special Correspondence.)
Nov. 25.—Earl Parsons and a number of timber men came in on the river last week on their way to Linn and creek. They only stayed a short while on account of the rain. They were compelled to leave their wagon at Harvey Sallee's and walked back with a pack horse to Eugene.
Ed Pettit received a good ducking this morning while he was out canoeing.
John Howell and Mary Hartman expect to go to Eugene as soon as the water recedes.
Ed Pettit has bought himself a new shirt with pink ribbons on it.
There will be several big Thanksgiving dinners given at Alma, and all anticipate a jolly time.

POTATO SITUATION IS NOT VERY ENCOURAGING

The following correspondence in regard to the potato situation is self-explanatory:

Portland, Ore., Nov. 26, '08.
E. Dodge, Esq., Eugene, Ore.

Sir: Being your California representative and your representative in your district, I want to make you the following report on the potato situation, which I want you to study very carefully, as we must be careful in not making a loss in handling potatoes this year.

I want to advise you that we have still on hand in California three million sacks, and quality of our Rivers this year are much better than the potatoes in your district. Consequently it will be before you to judge how long it will take California to use up this supply. I do not see any prospects of handling potatoes from your point before February of March, and as Colorado has shut California out of Arizona and Texas business, the following letter will speak for itself, written me by the general freight agent of the O. R. N. and S. P. R. Co. of this city.

Nov. 4th, 1908.

Mr. J. H. Grande, 209 Stark St., Portland.

Dear Sir:—Referring to our conversation in connection with potato crop of Idaho, Utah and Colorado, wish to advise that our representative at Salt Lake informs me that there has been no weather trouble in Utah or Idaho that would injure the crop. He anticipates the harvesting of the largest crop ever had.

Our Denver representative estimates that in the vicinity of Greeley, Colorado, the crop will amount to 13,000 cars. Loss by frost will not exceed at the outside, 2 per cent.

Yours truly,
R. B. MILLER, Agent.

So, my dear Dodge, Colorado will freeze us out of Arizona and Texas business, consequently with California with a large crop, you can see the situation. I have a copy of my San Francisco firm's letter to you of the 16th inst. in which they instruct you not to even consign us any potatoes unless you are in the spring.

I have also wire today to refuse consignments and not to buy under any circumstances at any price. Now, I caution you not to speculate very heavy in potatoes this year, unless you can buy at very low figures, so as to hold until spring, and you know from experience shrinkage, danger of frost, etc. I figure the loss alone in that item fully 20 cents per 100 lbs. Now, with poor prospects ahead of you, I warn you to be careful. I would rather not do business this year with you, so that we will retain your friendship, as you know our reputation is dependent on honesty and the Golden Rule principles. Honesty to you will mean additional business through you. We are in the market for apples and could use a few cars. The Portland market is very dull for turkeys. Ship ship at other points. San Francisco is your best point this year.

Closing, hoping you will guide yourself by my advice,
I am very truly,
J. H. GRANDE.

PORTLAND MARKET REPORT

Portland, Nov. 25.—Just now the potato market is very bearish everywhere on the Pacific coast. Supplies offering are very liberal and as the trade is already well filled up with potatoes it is not buying very freely. In order to unload some of their surplus some of the shippers are offering potatoes still lower and the best stock is now obtainable in a jobbing way along Front street with \$1.10 as the extreme top and some good quality selling as low as 90c.

Bad News From the South

That California will have potatoes for a longer period than expected is shown by late advices from there. J. H. Grande has received the following advice from the Platt Produce company at Stockton, which handles the bulk of the California river stock:

"It is hard to say how many potatoes are left, the fact is it is only a guess. We think probably two-thirds of the crop are still in the ground, of say 2,000,000 sacks. These are being shipped out quite freely all the time and will probably clean up as usual."

While the Stockton advice is not

THE IRVING GRANGE IN SPLENDID SHAPE

New Members Being Taken in At Every Meeting—Many Pioneers Belong

(Special Correspondence.)
Irving, Nov. 25.—Irving grange was organized March 10, 1908, with 45 charter members. C. J. Hurd was elected worthy master; E. A. Bond, secretary; A. Ward, overseer; W. R. Wing, lecturer; Ed Zumwalt, chaplain; Mrs. Edward Zumwalt, treasurer; Paul Zumwalt, steward; Mrs. Ed Bond, assistant steward. The grange now numbers about eighty. Many of these grangers are among the oldest pioneers of Oregon. We will mention a few of them. A. J. Zumwalt, I. N. Hembree, Isaac Bond and L. Lemmon. Mr. Lemmon is a pioneer of 1845 and we doubt if any other grange in the state has an earlier pioneer than this.

The grange meets twice each month—the second Friday evening and the last Saturday of each month. The Saturday meeting is usually an all-day meeting, beginning at 10 a. m. Nearly every regular meeting has been crowded with the work of taking in new members, to the exclusion of most other work. At the last meeting, Friday evening, October 11, several new members were initiated and during recess an oyster supper was given the new members and uncle Jack Zumwalt entertained the grange with an instrumental solo.

One of the strong features of the Saturday meetings is the dinner given by the ladies of the grange. The Irving grange expects to take up quite a number of subjects to study and discuss during the winter. At the October meeting (Saturday) the good roads problem came up for discussion. The subject was assigned to J. M. Day, followed by A. J. Zumwalt, Mr. Wing, Mr. Lemmon and others. The subject of drainage and irrigation was assigned to Ed Zumwalt.

Miss Mary Day read a paper on "How to Beautify and Make Attractive the School House and Grounds." Mrs. Ed Bond read a paper on "Select Reading." At the next Saturday meeting A. J. Zumwalt will tell us something about "The Origin and Meaning of Thanksgiving Day," and Miss Nida Wing will give a select reading. Lynn Zumwalt will have charge of the music. Worthy Master Hurd will give a talk on matters of interest to the grange.

Hops Go Higher.
Advices were received yesterday by one of the leading hop firms of this city to the effect that choice and prime English hops are exhausted and that but one-third of the English crop is now in the hands of growers, mostly common quality, or rubbish, as they term it. These common, brown hops are obtainable at 3c. The unpicked portion of the English crop this year is equivalent to about 25,000 American bales.

Reports from the continent indicate that all the choice grades have been bought up by dealers, and about one-third of the crop, consisting mostly of low-grades, is in growers' hands. It is difficult to find a buyer for these at 3c against fancy prices being asked for the remaining useful or choice quality.

Klamber, Wolf & Netter are in the market for hops of quality. Since the return of Mr. Netter to Portland a few days ago, the firm has purchased \$90 bales at 8 1/4 c to 8 1/2 c to growers. Among the lots purchased were those of Henry Clamfield, Jake Smith and Friesen, at Dallas, and Gilbert & Patterson at Eola.

Klamber, Wolf & Netter's London cable yesterday reported that the English licensing bill did not pass the House of Commons. It quoted the market quiet at unchanged prices.

Highest Price Paid for Salem Hops.
Salem, Ore., Nov. 25.—Gilbert & Brophy sold 250 bales of hops today at 8 1/2 c, this being the highest price paid here for 1908 hops. The crop was bought by Young, of Dallas, for Klamber, Wolf & Netter.

Poultry Still Coming Freely.
While local receipts of turkeys today were as heavy as those of yesterday, the shipments of both live and dressed birds brought in were of liberal size. Of live turkeys 36 coops were received, while the arrivals of dressed poultry, for the most part turkeys, totaled 58,000 pounds.

In chickens the receipts were much greater than those of yesterday, 170 coops being reported by the board of trade. Ducks came in to the extent of 15 coops and geese arrivals were 11 coops.

Strong Demand for Fresh Produce.
The fruit market was very active yesterday, the demand extending to all articles on the list. The inquiry for vegetables was also good. Supplies were fairly large. The receipts of the day included one car each of oranges and sweet potatoes and a limited supply of grapes by express. There were no material changes in prices.

ZION ITEMS

(Special Correspondence.)
Zion, Nov. 22.—Our people voted a tax of five mills, the money to be used in making better roads. This amount properly applied will make a vast improvement.

Al Mayo, who a short time ago visited Nebraska, his old home, has been thinking of selling his farm here and moving back, but now says he is satisfied to remain in this climate.

We are pleased to note that several of our farmers have been purchasing angora goats to run on brush land. These animals will keep down more brush than two men and a boy, besides the crop of mohair and kids.

Rev. N. O. Williams, of the Eugene Bible University, will preach at Lost Valley school house today.

Billy Kelsay is moving to his home here that he bought of R. L. Edwards.

Elden Templeman has moved to Dexter and is living with Charles Mc-Bee.

IMMEDIATE RELIEF

From Coughs, Colds, Sore Throats and Hoarseness by Using Hyomei

When you catch cold you want to get rid of it as quickly as you can. You don't want to lie around the house for a week swallowing nauseating pills, or to get over it over night? You can't. You are not only making yourself miserable, but are a nuisance to every one about you.

Why not avoid all this—why not relieve your cold in five minutes? Why not cure it over night? You can do it by using Hyomei, the sure and guaranteed cure for colds, coughs, sore throat, catarrh, bronchitis and asthma.

Hyomei is antiseptic and medicated air; you breathe it into the lungs through a small pocket inhaler, and its soothing influences as it passes over the inflamed membrane of the respiratory tract stops the mucous discharge, allays the inflammation, and the cold is cured. A complete Hyomei outfit costs you \$1.00, and the Red Cross Drug Company will refund your money if it fails to cure.

Husband and Wife Cured.
I had a bad form of catarrh. My left nostril was closed entirely. There was also a constant dripping of blood from the right. I only used Hyomei a little over two weeks, and am now cured. My husband was also cured of catarrh and lung trouble two years ago by Hyomei.—Mrs. Harry Obney, Alliance, Ohio.

A box social and play program will be held at the Bethel school house on Saturday evening, the 28th, at 7:30 sharp, to procure song books for the Sunday school. Come.

APPOINTMENTS OF DIVINITY STUDENTS

Students of the Bible University will preach next Sunday at the following places:

- D. L. Morgan, Vancouver, Wash.
- Jessie Kelloms, Junction City.
- S. E. Childers, Oakland.
- Howard McConnell, Parkersville.
- R. L. Dunn, Parkersville.
- C. R. Moore, Halsey.
- H. A. Van Winkle, Colburg.
- W. Callison, Fairmont.
- Herbert Roberts, Irving.
- J. M. Orrick, Brownsville.
- C. C. Curtis, Elmira.
- Leon Myers, Santa Clara.

DIED

At the home of her son, William, at Cottage Grove, November 21, 1908, Mrs. Lydia Comer, aged 91 years, 3 months and 11 days. Mrs. Comer was born at Walsfield, Vt., August 10, 1817, an daughter of a very hardy family, one sister dying recently at the age of 95, and a third one above 90 years. Funeral services were conducted at the Adventist chapel Monday by Rev. Taber, with interment in the I. O. O. F. cemetery. Deceased leaves two sons, J. M. and William, and numerous other relatives to mourn their loss.—Leader.

Dr. Lowe, the optician, will be in Eugene December 7 and 8.

Mr. and Mrs. J. H. Daniels were passengers to Salem on the noon train today.
