It was announced this morning at the high school assembly that smoking among the students must be cut out. This is an action that the board has taken up with the city authorities and are now determined to see that this form of dissipation among the high school boys must cease. It seems that cigarette smoking is indulged in by the younger students to an alarming degree, the school authorities only recently becoming cognizant of the great extent of the practice.

Steps will probably soon be taken to induce the city council to pass some kind of prohibitive measure, and strong efforts will be made between now and the time of the meeting of the next legislature to have a bill framed and passed prohibiting the sale of the "coffin nails" in this state. Such a law is now in force in Washington state.

Reports have also reached the school authorities that a certain few of the high school boys are in the habit of becoming intoxicated almost every Saturday night. This practice will be stopped, it is declared, or the offending students must be expelled.

A cross-country race to be held about Christmas is being planned by the distance men of the high school track team. It is probable that a medal or cup of some kind will be given to the winner.

Class Football.
The Senior of the high school have accepted the challenge of the Freshmen for a football game, first team to be excluded, and intend to "key them down." The game will probably be played some time this week.

They also received a number of grape vines and Bing, Lambert and Royal Ann cherry trees to add to their fruit orchards. They have a 60-acre tract admirably situated for fruit and when the trees now on hand are set out they will have 15 acres planted. The trees are being set out 24 feet apart each way and will be kept well cultivated and pruned. The trees were purchased by Colonel and Mrs. Blair from J. D. Cochran, agent for the Woodburn nurseries—Leader and Western Oregon.

Pleasant Hill, Nov. 30.—L. C. Sherwood and family have moved to Canby and Mrs. Susie and wife, whom he sold, are now living on the farm.

J. D. Baughman and wife, of Thurston, and Miss Ruby Baughman, who is teaching in the Creswell school, spent Thanksgiving with their mother and grandmother at this place.

Mr. and Mrs. P. N. Laird are in Eugene at the bedside of Mr. Laird's mother, who is not expected to live. Mr. and Mrs. Richard Liles entertained the pupils of the high school and a few of their friends last Friday evening and an enjoyable time is reported.

The lumber is on the ground for horse sheds to be built on property belonging to and near the Christian church. They will probably be ready for use in a week or two.

Mrs. Clara Corum, teacher in the high school, went to Ashland to spend Thanksgiving with her husband and his family.

The \$4000 imported Creswell station belonging to the Creswell & Pleasant Hill Stock Company died recently of cerebro-spinal fever.

It is quite possible that a pottery may be established here in the near future, a deposit of clay having been found near the foothills which is pronounced suitable for the purpose by an experienced pottery worker, who will probably test the matter in the coming spring or summer.

The plastering on R. J. Hemphill's new residence is nearly done and the family expect to occupy it before Christmas. This undoubtedly is the best residence near the Military road from Eugene to Lowell, and one of the best in the county.

While the Commercial Club or city council are trying to secure better telephone service for Eugene it would be to their interest to include the lines from Eugene to Springfield, as it is nearly impossible for country lines running through Springfield central to do business with Eugene, and for this reason Springfield is getting trade that would otherwise go to Eugene.

Ten inches of snow in Colorado sunshine in the Willamette Valley, remarks the Albany Democrat who has just returned from Colorado.
