SHOPLIFTER IS ARRESTED BUT TURNED LOOSE

Mrs. Mary Sharp, whose home is at Cottage Grove, was arrested yesterday afternoon by Chief of Police Farrington while she was at Otto's confectionery store, being suspected of shoplifting. When searched, a number of articles which had been reported stolen by different merchants were found on her person. She stoutly denied her guilt until the articles were identified and then she admitted that she took them. She had the following articles which she had taken: A silk scarf from F. E. Dunn's store; a remnant of silk from S. H. Friendly's store; a purse from Hill's gun store; a belt and a remnant of ribbon. Only a part of these things were found by the police, but a lady deputy searched the woman's undergarments and found the remainder. The total value of the things found is probably more than \$10. She also had \$32.59 in money in one of her stockings.

Mrs. Sharp was taken before Justice of the Peace Bryson. He sentenced her to 30 days in the county jail, but suspended sentence with the understanding that, if she is caught again the sentence will be much heavier and she will have to serve it out. She is a widow and has four children, and this had a good deal to do with the judge's leniency.

Attorney J. M. Williams says this is the same woman who was caught at shoplifting in a store at Albany several months ago. At that time she resided at Halsey.

APPOINTMENTS OF DIVINITY STUDENTS

Following are the appointments for students of the Bible University for Sunday, December 13:

DEADWOOD ITEMS

(Special Correspondence)
Deadwood, Dec. 8.—Ira Brown, of Blachly, has the contract to haul all the cream for the Hazelwood creamery this winter.

Mrs. Nora Brown has been visiting her folks, Mr. and Mrs. O. Wilcutt, of Greenleaf, last week.

A dance was given by M. Masie, of near Greenleaf, on the 5th. All report a very nice time till midnight, then the dancers returned home.

Berlin Camp, of Mapleton, who also worked in the salmon hatchery of this place, left on the 6th for Northfield, Minn., to visit his old neighborhood and home. We wish him a very pleasant trip.

Peter Rice, of Mapleton, who has been a forest ranger at Gardiner for last year and a half, started for Stoughton, Wis., to attend to forest business there. His friends will miss him very much in his neighborhood.

Ralph Taylor is running the logging camp full blast at the Steinhager ranch, starting up lately.

C. Burnett, of this place, was saying "hello" to Lake creek friends, also attending the dance on the 6th, returning home the 6th.

Mrs. James Johnson and daughter, Maggie, of this place, visited her sister, Mrs. K. Downing, of Greenleaf, last week.

M. P. Wheeler, of Greenleaf, had his team of colts bothered while working on the wagon the other day. Don't know whether they got rested or not.

The salmon catch at the hatchery is not very good this fall, owing to low water. What the hatchery men want is more rain.

Clayton Pope and wife, who were married a short time ago at Alpha, are visiting her folks, Mr. and Mrs. Swanson, of Deadwood creek, a few days. All are glad to see them.

L. F. Peck moved a load of goods to Elmira last week for Mr. Hall.

Mrs. Harry Stuckey, of Alpha, has sold out to her brother-in-law, Mr. Lion Stuckey, so we are told.

ELMIRA ITEMS

(Special Correspondence)
Elmira, Dec. 8.—Mrs. Arvilla Duckworth and Dorris Hale are expecting to go to Eastern Oregon soon.

C. C. Curtis has organized a singing school of over thirty members. They will meet at the Christian church every Sunday at 3 o'clock.

Mr. and Mrs. L. Hall, of Eugene, are the guests of Mr. and Mrs. G. W. Brown.

Announcements have arrived of the marriage of Mr. Charles Gilson of McMinnville and Miss Florence Quinn of Eugene. Mr. and Mrs. Gilson are both old school teachers in our vicinity and we wish them well in their journey through life.

Tonie Fountain is doing some grubbing on his town lots, which will be the looks of them considerable.

Miss Helen Randall has gone down close to Junction to work.

Miss Dell Brown and her mother had a narrow escape in a run-away last Sunday afternoon.

THE CHRISTMAS DINNER

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook, if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

PORTLAND LIVESTOCK MARKET

The cattle market is firmer all the way through and cows and other grades are feeling the improvement made by the more liberal steer demand during the past 24 hours. Some with \$2.50 for the better grade of cows and when bulls sell as high as \$2.25 there must in consequence be a good demand for the better class of stock.

Sheep Market Is Higher
There is a firmer tone with better price offered for sheep by local and northern killers. No sheep arrived in the past 24 hours and the previous small arrivals were mostly gobbled up by local killers. This has forced the outsiders to offer a higher price and mixed sheep are today quoted stiff at \$4. Best grades of wethers are in all probability worth \$4.00 to \$4.75 today, practically an advance of 25c over former figures.

PORTLAND MARKETS

Portland, Or., Dec. 10.—For strictly fresh local eggs the front street market stands today somewhat easier. While dealers report that once in a while they are able to secure 42-1 1/2c for supplies, it is generally impossible to secure more. Several prominent front street handlers state that eggs are not moving any too well, even at the present price. With milder weather here there is every promise of an increase in arrivals, and already front street is getting more eggs than it was a week ago, and while every case in the market is generally impossible to secure, a slower movement is shown just now.

The easier tone in local eggs is not at all reflected in the Eastern storage market. Some of the handlers who were still quoting as low as 20c a dozen for good eggs have advanced their quotation to 31c, while others are charging from that figure to 34 cents. Some with eggs that they call "fresh Eastern" are asking a still higher figure. The big surplus of Eastern stock has been entirely cleaned up.

While the price of cranberries is advancing with swift strides in the East the local market for imported goods is rather quiet, although the market can not be said to be in a state of stagnation. The price of cranberries has already topped a figure where the general public will buy, and for that reason the consumption will be smaller than is usually the case at this time of the year. With cranberries at their present price at wholesale the retail trade is unable to sell them under 25c a quart or pound and the general public has been taught to expect them at 15c. Hence the slower sale.

While there are some local cranberries in the market, they are not usually of good keeping quality, and therefore find little sale.

The late frosts did considerable damage to vegetables, and a scarcity is noted in some of the staples. The price of first-class cauliflower along front street, and prices are firmer.

Advisors from California state that the frost there has done considerable damage to tomatoes in the vicinity of Fullerton, Placentia, Whittier and La Habra. About 42 cars, or two-thirds of the crop, have been shipped by the California Vegetable Union, and at least half of the remainder has been destroyed. Growers have been getting \$40 per ton since November 1.

There are reports of a more plentiful and the price is holding rather easy around 1 1/2-1 3/4c a pound, the latter for cracked stock.

Movement of apples continues heavy at low prices.

Sweet potato prices are still mixed, but most dealers are now asking 2c for best stock.

Hop Outlook

Herman Klaber returned to Portland Tuesday morning from Washington, D. C., where, in company with E. C. Horst, he made an argument before the ways and means committee of the house of representatives for an increase in the duty on imported hops of 12 cents. In discussing the matter, Mr. Klaber said: "The fact is, the duty on hops is not considered in private session. Even if any favorable action should be taken, it will not become effective for a year, and therefore the hop industry cannot be benefited by it until 1919."

Mr. Klaber was surprised to find that the market had slumped so badly while he was in the east.

Waiting Growers Are Baiting
A mail report from the south quotes J. A. Montgomery, secretary of the Los Gatos and Rancho Walnut Growers' Association, as follows: "We are up against a condition I have never seen before in the walnut business. We haven't received a single order for nuts since our commission men as they are trying hard for orders, but the general condition of the market simply precludes the order-getting business. Our crop is two-thirds sold and...

CONTEST NOTICE

Department of the Interior,
United States Land Office,
Rooseburg, Ore., December 2, 1930.
A sufficient contest affidavit having been filed in this office by Julius C. D. Pratt, contestant, against Homestead entry No. 15,391, made March 2, 1904, for S. W. 1-4 Section 20, Township 16 S., Range 2 E., Willamette Meridian, in which it is alleged that Jesse A. Lamkin has not been a bona fide settler on the above land, and that said alleged absence was not due to employment in the army or navy of the United States, the contestant is hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m., on February 2, 1931, before S. M. Perkins, notary public, at his office in Eugene, Oregon, and that final hearing will be held at 10 o'clock a. m., on February 25, 1931, before the register and receiver at the United States land office at Roseburg, Oregon.

paid for, but what the outlook for the remainder of the crop is more than I can guess. Both packing houses are piled high with bags of nuts; there are now being stored about 50 carloads. We are receiving and packing all that are brought in. There is nothing left to do but to hold them. There is no inclination on the part of the growers to lower the price. Fortunately, the nuts are good keepers.

Onions and Potatoes Sluggish

Dealers report a dragging movement in onions and potatoes, with little prospect for improvement before the first of the year. Occasional shipments of potatoes are going south, but trade in onions for the time is practically confined to the local market. A better demand in the south for both commodities is expected in January and February. A carload of fair quality onions was reported sold on the street yesterday at 75 cents a hundred. For potatoes jobbers are paying from 80 to 85 cents generally.

Pork and Veal in Demand

All country dressed meats are firm and the prices that have ruled for more than a week, and dealers hold there is nothing in sight to indicate any weakening soon. In cool weather all meats can be handled to better advantage than in warm, which makes it easier to maintain the market. For the best veal, pork and mutton the demand is strong, and receipts show no excess over current requirements.
