The Friendly Store's Annual Clearance Sale---Women's, Misses and Children's Coats, Suits, Skirts, Waists, Petticoats and Outing Flannel Gowns

Coats Reduced 1/2, 1/3 and 1/4 Entire Stock

On account of the very warm fall we have more ready-to-wear garments than we ought to have at this season of the year. We have marked the entire stock at prices to reduce the stock quickly. The heavier garments are cut the most. Many of the lighter colors and weights are suitable for spring use. For this reason you will find the heavier garments reduced more than the ones that are lighter in weight.

FIRST SUBSCRIBER TO THE UNIVERSITY VISITS EUGENE

Charles Kutsche, the first man to subscribe anything to the University of Oregon for a building or any other purpose, left for his home at Woodburn yesterday, after a visit in Eugene with his relation, Mrs. McGrath. About thirty years ago a subscription was started to erect Deady hall and Kutsche had the honor of putting his name down at the head of the list for \$5.00.

Then he was a farmer living near Eugene, growing hops. Now he is an old man, still in the hop business near Woodburn; but during all the years, though he has not once visited Eugene, he has followed the accounts of the growth of the University with interested eyes, and the success of the enterprises of the students.

What surprised him most was the wonderful growth of the community and the college. When he made his subscription there were no more than three or four hundred people in the town.

While he missed this opportunity to be much richer than he is, no envy or jealousy has entered his heart at the wonderful prosperity in Lane county. Instead that \$5 has given him a life interest in the University and Eugene.

Will Grow Walnuts. Mr. Kutsche has just returned from an extended trip through the United States. He took a step-daughter to Tombstone, Arizona, for her health. There he saw splendid walnut orchards bringing in immense incomes. As a result he has lost his faith in hops, and will plant his land in walnut trees.

REPRESENTATIVE BEAN LEADS IN RACE FOR SPEAKERSHIP

Regarding the candidacy of Hon. L. E. Bean, of this city, for speaker of the house, the Portland Journal says: Although Mr. Bean would not discuss his candidacy in detail, holding that he did not wish to become engaged in any newspaper warfare, it is safe to say that he will be the recipient of the 10 votes of the 10 Statement No. 1 members of the Multnomah delegation. Yesterday afternoon and last evening the Lane county man held a long conference with the members of the house from this county, and as a result of that meeting it is believed that an understanding was reached to all practical purposes, by which Mr. Bean was to secure the United support of the State, in the event of his being elected to the office of speaker of the house.

Now Has 23 Followers. Mr. Bean, according to friends, now has 23 votes certain. Four others are practically certain to come to him, and after that he has a chance to get the other four votes necessary to insure his election out of a list of some 18 or 19 members who are friendly to him. It is believed by his friends and supporters that he has, therefore, now the best chance of being elected speaker of the house.

Up to a few days ago it was thought that the fight would be between Mr. Arthur and J. E. Campbell, of Clackamas county, but the developments of the past week have put Bean in the lead.

It has also been practically determined by Bean and his friends that the fight for the nomination will be taken into a caucus of the Republican members of the house. It will take 31 members of the house to form this caucus. There are 42 Republican representatives in the house. According to the present plan it will require but 27 votes to nominate in the caucus. Bean's friends hold that it is a practical certainty that their candidate can muster more than this number of votes.

HORSETHIEF PANDER WANTED TO GO TO PENITENTIARY TODAY

Deputy Sheriff George Croner returned last night from Canyonville, Douglas county, where Al Pander and E. C. Hasse, charged with the theft of a team and buggy from Tom Har- ley's livery stable in Eugene, had been arrested by City Marshal Carlwell, of Canyonville. The men were arraigned before Justice of the Peace Bryson this forenoon. Pander, who hired the rig with the ostensible object of going to Elmira, Michigan and was bound over to appear for trial in the circuit court, he wanted to plead guilty and be sentenced so he could go to the penitentiary on this morning's train, but he was told that he would have to wait till circuit court convenes.

Hasse, who claims to have been overtaken on the road by Pander, will be given an examination as soon as Bailey returns with the rig. It is highly probable that he will be discharged from custody as it appears that he is in no way connected with the theft of the outfit.

Pander traded one of the horses, a white mare, to a man near London Springs, on his way south and Bailey will stop there on his way home to get it.

Pander is also charged with stealing a shotgun at Junction City and selling it at Irving for \$11.

JUNCTION CITY ITEMS.

C. F. Hurlburt has purchased the thirty-four feet on the avenue from A. L. Schwartz and G. S. Keck which they purchased from the Odd Fellows lodge a short time ago. It is the intention of Mr. Hurlburt to put up a model store building at this coming season. This is a splendid location and Mr. Hurlburt made no mistake in securing this property. Messrs. Schwartz and Keck have in turn purchased fifty feet from Dr. Hicks, which is the west end of the McFarland building on the same avenue. They expect to remodel the building for business purposes. In addition to a barber shop and gun store, a garage will be built in the rear fronting on the alley.

L. M. Freeman was in the city from Wendling today. He stated that the Booth-Kelly Lumber Co. is getting its big mill there ready to resume operations shortly after the first of the year. A great many repairs and alterations have been made to the plant and it is in better shape right now than it has been for years. The new logging railway extending from Wendling to the tall timber five miles away is completed and in operation.

GOVERNOR-ELECT MUST FACE CHARGES

New Haven, Dec. 10.—Governor-elect Lilley has been subpoenaed to answer the complaint that he himself, or through agents, violated the corrupt practice law. It is charged he distributed money to saloon-keepers and others for "treating" on election day, and that his sworn statement of \$23,000 election expenses does not set forth these expenditures.

PUMPING PLANT IS NOW CERTAIN

(Continued from Page One.) A catch basin at the corner of Fifteenth and Mill streets. The matter of a new nightwatchman, which had been requested by the Commercial club, was referred to another meeting.

The mayor stated that he would not sign the acceptance of Mrs. Hudson's deed of dedication for a portion of a block next to the end of Eighth street. His reason is that a "Mr. Davis" owns 160 feet, which still leaves the street unopened, and which might cost the city a considerable sum at a later date. He asked that the right-of-way be entirely clear before any change is made.

Taylor Reports. Superintendent Taylor, of the water-works, reported that the power furnished by the Willamette Valley Company is very poor. Sunday it was off all day, and steam power had to be resorted to. The city attorney expressed the opinion that the Willamette Valley Company would have to pay for the fuel of the plant when they could not furnish the power.

Paving Ordinances. The paving ordinance for the levying of the assessment for the improvement of Park street was passed. The total assessment approximated \$18,000.

The paving ordinances for Oak street from Ninth to Eleventh and of Tenth from Willamette to Pearl was laid over until another meeting.

The Small Things. The levying of the annual tax was reported to the finance committee.

A. C. Mathews offered to furnish crushed rock at \$1.00 a load delivered any where in the city, or at 75 cents at a load at the plant. Screened gravel he offered to deliver at 70 cents a load, or at the plant at 45 cents.

S. P. Wynegar asked that the auctioneer's license be reduced to \$10 per year, so that he could run auction rooms. His request was referred to the finance committee.

Councilman Fisher moved that all cows be kept off of Skinner's Butte, but there was no second.

Meet Wednesday. The council adjourned to meet Wednesday evening at 7 o'clock. All the members were present.

Hill Crest Pipe Line. The council decided to build the pipe line to the Hill Crest addition, as the Willamette Valley Company had agreed to before the water system was sold to the city. At a previous meeting the decision was made to sell the pipe to the property owners of Hill Crest and let them lay it, but the councilmen came to the conclusion that the honor of the city had been pledged to lay the pipe themselves.

A. L. Koney, of Goshen, was in the city today.
