GOVERNMENT MACHINERY CAN BE UTILIZED

The following is a copy of a letter received by I. B. Cushman, of Acme, from Congressman Hawley. The property referred to is machinery and equipment for jetty building. Some time ago the county court made application to the war department for permission to use the plant now at Coquille in carrying out the project for building a jetty at the mouth of the Siuslaw river, and the letter from Mr. Hawley shows that such permission has been granted by the Secretary of War.

Washington, D. C., Dec. 9, 1908.

Mr. I. B. Cushman,

Dear Sir: I have just received the following letter from the Chief of Engineers United States Army:

"Referring to your letter dated September 17, 1908, on the subject, I have the honor now to inform you that under date of the second instant the Secretary of War authorized the loan to the county court of Lane county, Oregon, of certain United States property and plant for use in connection with the county's project for the extension of the jetty at the mouth of the Siuslaw river, and the papers have today been returned to Major McIndoe for his information and guidance."

I am glad to have been successful and shall take the pleasure in serving you at any time.

With best wishes, I am, Truly yours,

W. C. HAWLEY.

JUNCTION CITY DEBATERS WIN FROM COTTAGE GROVE

Junction City, Dec. 21.—The Junction City high school debating team defeated the Cottage Grove team in the first high school league debate of this season. The home team consisted of the following trio: Arda Kirk, Helen Laing and Herbert Thom. John Cooter, Allie Phillips and Maude Hooper were the visiting team. The question was, "Resolved: That on the whole strikes have been a benefit." Junction City affirmed and Cottage Grove maintained the negative. It was a lively contest throughout, but when the home team displayed a large wheel called the wheel of industry and showed how the laboring classes had used unions and strikes to benefit the masses the decision could be foretold. Representative L. E. Bean, L. R. Edmondson and L. M. Travis, three attorneys from Eugene, acted as judges. The Junction team will likely meet the team from either Eugene or Salem for the next debate.

ALBANY SHOWS ITS HATRED OF EUGENE

The Albany Democrat, in giving an account of the first trip of the Portland, Eugene & Eastern Railway Co.'s electric car in that city, says: "Considerable dissatisfaction has been expressed over the name Eugene on the car, and it is said the name will be erased. Temporarily the name Eugene was covered with paper. The car is to be relettered. In big letters ALBANY was on the car." This is ridiculous. The name of the company which built and operates the Albany line is Portland, Eugene & Eastern, not Portland, Albany & Eastern. The Albany line is a part of the big system of proposed lines, just the same as the Eugene line is, and all under one name.

HENEY DENIES PUBLISHED REPORT

Los Angeles, Cal., Dec. 18.—"There Jonathan Bourne, of Oregon, yesterday introduced a bill into the senate providing for an increase of the president's salary from \$50,000 to \$100,000 and that of the vice president from \$12,000 to \$25,000. He is distinct belief here that Francis J. Heney is paid from the secret service funds of the government for his work in San Francisco," says Harry C. Carr, Washington correspondent of the Times, in an article printed here yesterday.

"As a sequel of the Aldrich resolution introduced in the senate the secret service system will be thoroughly investigated and various dark mysteries laid bare," continues Carr. "The resolution has special reference to 'special attorneys' employed in the 'investigation of possible crimes.'"

"The big question before the senate was whether the president of the United States had the right to use government money to send special prosecutors into California on a purely local city fight. The question did not come out from hiding, but the significance of it was appreciated by the senate body as a whole."

San Francisco, Dec. 18.—Francis J. Heney in a statement to the United Press yesterday denied flatly and emphatically that President Roosevelt had anything to do with his activities in the San Francisco graft prosecutions.

Referring to the article by the Los Angeles Times correspondent Heney said:

"It is absolute rot. There isn't the shadow of a reason for making such statements."

"Any statement that I received money from the government for my work in San Francisco is false. President Roosevelt had nothing to do with my coming to San Francisco to take up the fight. Neither did he have anything to do with Detective William J. Burns' coming here. Mr. Burns resigned from his position with the government that he might be able to devote all of his time to the work here."

"Any talk about the government having control over me is absurd. There was no time when I was prosecuting cases for the government that I was not at liberty to drop the work. I withdrew from the government cases so that I could give the time that was necessary to the San Francisco prosecutions."

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Eugene People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric acid circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ills. Eugene cures are the proof.

A. J. McKinney, of 69 Lawrence St., Eugene, Ore., says: "For several years I had attacks of kidney trouble and as time passed grew worse. I had backache and more or less trouble with the kidney secretions. Doan's Kidney Pills, which I procured at DeLano's drug store, brought me relief from the first, soon eradicated the backache and made me feel better and stronger. You can refer to me as one who has used Doan's Kidney Pills with good results. Other members of my family have found just as great benefit from their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CORRUPT METHODS OF PITTSBURG CITY OFFICIALS CHARGED WITH GRAFT

Pittsburg, Dec. 22.—Following the sensational arrests here last night of seven councilmen and two bankers for alleged corruption in conducting municipal affairs, it is intimated there will be more startling developments either today or tomorrow. The arrests are the result of an investigation by the Voters' League, and according to the best information obtainable it is possible that the scandal at San Francisco will be insignificant compared to the alleged grafting here.

The following men are already accused: Councilmen Wm. Brand, John F. Klein, J. C. Wasson, T. L. Atkinson, Jacob Siffel, W. H. Melaney and Hugh Ferguson, former President W. W. Ramsey and former Cashier A. A. Vilsack, of the German National Bank. The information against them accuses conspiracy, corrupt solicitation and bribery. Bail for the accused aggregated \$178,000, which was furnished.

The seven councilmen, it is formally alleged, conspired with each other and with other persons unknown to secure the passage by bribery of the select and common councils of ordinances and resolutions designating the depositaries of the city, bridge ordinances, bond ordinances for freeing bridges between Pittsburg and Allegheny, an ordinance for additional filter beds for the new filtration plant, a street railroad ordinance and other municipal matters. All the councilmen are candidates for re-election.

A preliminary hearing will be held tomorrow.

Rumors in circulation late this afternoon say that six men have left the city as the result of the disclosures in the municipal graft scandal.

PORTLAND OFFICERS HAVE TOO MANY TRAIN ROBBERS

Portland, Dec. 22.—The sheriff's office, railroad detectives and local police are confronted by a curious array of contradictions in the matter of the identification of the men who are alleged to be implicated in the robbery of the Portland-Chicago special on the O. R. & N. near this city last Tuesday night. Yesterday afternoon the engineer and fireman of the train positively identified Oscar Jones and Harry Benson as being two of the three men who robbed the train. Last night William Burke, who was arrested as a suspect in the robbery of the train, confessed to his part in the crime, implicating one Jack Hayes, an alleged ex-convict of Folsom prison, Cal., who was arrested Sunday.

Burke did not know of Hayes' arrest, and when the latter was placed where Burke could see him he positively identified him as one of his confederates in the train robbery. Burke also named another man, for whom the police are searching, as a third man in the robbery.

The sheriff's officers arrested Burke upon what appears to be conclusive evidence, but the police department, which arrested Johnson and Benson, are emphatic that the sheriff has the wrong men, and that Benson and Johnson are two of the train robbers. They were arrested for holding up a saloon and were connected with the train robbery later.

How the O. R. & N. crew will reconcile their positive identification of Benson and Johnson with Burke's confession that he, with Hayes and another man, committed the robbery, is puzzling the officials.

The theory is advanced in some quarters that Hayes, Burke, Benson, Johnson and several other men are really members of the same gang.

SUSPECTED MAN MAKES CONFESSION

Portland, Or., Dec. 22.—Angered at his confederates because, as he deems, his portion of the plunder secured in the holdup of the O. R. & N. train, they gave him only \$1.25 as Thursday night, William Burke, the assumed name of a youth 21 years of age, whose widowed mother, three brothers and sisters reside on East Oak street, has made a complete confession to Sheriff Stevens of the part he played in the daring robbery.

His confession involves Jack Hayes, alias Jack Walton, alias

"Slim", a former convict in the Folsom, California, penitentiary, and another local lad whose name is withheld until his arrest, which is expected momentarily. Hayes and Burke were arrested Sunday.

The capture of the confessed bandit and his alleged confederate is the result of the finding of a "slicker," or rubber overcoat, which was thrown away by the leader of the gang in their flight after the hold-up. Sheriff Stevens, his deputies and special agents of the O. R. & N. traced its ownership, who informed them that he had loaned it to a certain acquaintance. Further investigation along that line resulted Sunday in the arrest of Hayes, who is said to have worn the coat.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering, obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.
