SEVEN VOTES MORE ARE CAST THAN NEEDED FOR U. S. SENATOR'S ELECTION

A DEMOCRAT ELECTED U. S. SENATOR BY AN OVERWHELMINGLY REPUBLICAN LEGISLATURE

Guard Special Service.

Salem, January 19.—Governor George E. Chamberlain was elected United States senator today, when he received fifty-three votes out of ninety-eight, or seven more than the required majority. The opposition vote was divided among Calkins, Fulton and R. S. Bean. Fulton received 19, Calkins 17 and Bean 1.

Five votes were cast under protest on the ground that Chamberlain cannot constitutionally become United States senator. Nevertheless the advocates of Statement No. 1 in Salem are celebrating the victory of their principle. Most of the Republicans care little about Chamberlain, but voted and stood for what they termed their honor.

Not one of the Statement No. 1 men deserted their ranks in either house. One anti-statement member of the house and two of the senate voted for Chamberlain, though they filed protests. The supposition is that they voted in such a manner to form a basis for constitutional objection.

THE HOUSE VOTE

The vote in the house was: Chamberlain, 34; Calkins, 14; Fulton, 12. Muney, of Coos and Curry, was the only anti-statement representative to vote for Chamberlain, and he did so under protest, he announced. Four statement members, pledged to Chamberlain's election, voted for him but at the same time filed a written protest which will be incorporated into the records. These protesting statement members were: Brady, Davis and Mahone, of Multnomah, and Richardson, of Union.

Originally Bean, of Lane, voted for M. W. Scott, of Portland, but before the vote was announced he changed to Fulton, seeing that Scott had no supporters.

The purpose of the protested votes of the members in the two houses is to form a basis on which to prefer constitutional objections to the seating of Chamberlain as senator. These will be carried to the senate, which must decide the case. However, legislators who are strong believers in Statement No. 1 state there is little or no danger to Chamberlain from the senate.

Several of the anti-statement members of the house voted for Calkins, as the Republican voters' choice, at the same time submitting a written protest in which they set forth that their personal choice for the office was Fulton. These representatives were six in number, as follows: Applegate, Beals, Bonebrake, Buchanan, Carter and Mann.

The detailed vote in the house was as follows: For Chamberlain—Abbott, Altman, Barrett, Beddell, Brady, Brandon, Bryant, Campbell, Clemens, Corrigan, Couch, Davis, Dimick, Dodds, Eaton, Hattberg, Jackson, Jones (Lincoln and Polk), Jones (Douglas), Jones (Clackamas), Libby, Mahone, Mariner, McDonald, Miller, Muney, Munkers, Orton, Patton, Philpott, Pardin, Richardson, Rusk—34.

For Calkins—Applegate, Beals, Bonebrake, Buchanan, Carter, Farrell, Greer, Hines, Hughes, Mahoney, Mann, McKinney, Reynolds and McArthur—14.

For Fulton—Bean, Belknap, Bones, Brattain, Brooke, Calkins, Conyers, Hawley, Leinenweber, McCue, Meek and Smith—12.

THE SENATE BALLOT

The vote in the senate was—Chamberlain, 19; Calkins, 3; Fulton, 7, and Bean, 1. Miller, of Linn and Marion, cast the single vote for Bean. In casting their vote for Chamberlain, two statement and two anti-statement senators submitted a written protest, declaring that the governor was not their personal choice. The two statement men were Johnson, of Benton, and Scholfield, of Clatsop; while the anti-statement protesting members were Coffey, of Multnomah, and Cole, of Umatilla.

The vote in the senate was as follows: Chamberlain—Abraham, Albee, Bailey, Barrett, Bingham, Caldwell, Hedges, Johnson, Kay, Kellaher, Miller (Linn), Mult,

S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin clear, all of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. cures contagious blood poison, the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Book on this disease with suggestions for home treatment, and any medical advice sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Norton, Nottingham, Oliver, Scholfield, Selling, Sinnott, Smith (Umatilla)—19.

Calkins—Coffey, Cole and President Bowerman—3.

Fulton—Beach, Chase, Hart, Merriman, Parrish, Smith, (Marion), Wood—7.

CHAMBERLAIN WILL RESIGN

Opposition to Chamberlain for United States senator finally collapsed last night. The governor made known yesterday that he would resign the governorship and assume the duties of senator in Washington. Secretary Frank Benson, therefore, will be the next governor.

In a brief interview the governor expressed himself as jubilant at the result. He reiterated his belief in the popular form of government, and thought that never again would the statement or primary principle be so terribly assailed.

NOTES OF LOWER SIUJSLAV COUNTRY

Born—Near Acme, on January 8, 1909, to Mr. and Mrs. A. A. Meadows, a son.

We understand that D. W. Vandenberg has sold his 240 acre ranch on Fiddle creek for \$3000. We did not learn who is the purchaser.

The Eugene stage failed to get through to Mapleton on Friday and Saturday, but the mail was taken through on pack horses.

The schooner Sausalito crossed over the bar last Saturday and spread her sails for a voyage to San Francisco. She carried a cargo of lumber from the O. & C. Lumber Company's mill.

Died—At the residence of J. G. Wisdom in Glenada on Friday evening, January 8, 1909, the infant son of Mr. and Mrs. John T. Stear, aged one month and one day.

Married—At the home of Mrs. Lanna Saery, 545 1/2 First street, Portland, Or., on Wednesday, January 6, 1909, by Rev. Winfield Scott, John Wilson, of Lebanon, Or., and Mrs. Janet A. Veder, of Florence, Or.

While on his way from the Umpqua life saving station to Gardiner in a launch Tuesday morning John Bergman, Jr., had an experience which might easily have cost him his life. As it was he received some severe burns.

On account of the cold Mr. Bergman was using a lantern to warm the

pipes in the boat, and had nearly reached Gardiner when one of the pipes became clogged. He set the lantern on the bow and started to disconnect the pipe, which is the last Mr. Bergman knew until he found himself in the water, the boat overturned and the fire out. He succeeded in reaching the Gardiner Mill Company's boom and climbed ashore on that. His face and one of his hands were badly burned but he was fortunate to escape with no worse injury.—The West.

HOBBS INTERVIEW WAS FAKE PURE AND SIMPLE

J. W. Hobbs, deputy internal revenue collector, is home from a trip down the valley. In regard to the alleged interview in the Medford Tribune in which Mr. Hobbs was quoted as saying that the women of Eugene held "booze parties" and that many of them had become drunkards since the local option law went into effect, he told a reporter this morning that the interview was a fake pure and simple. He never thought of saying such a thing, and furthermore, no reporter at Medford ever interviewed him upon any subject, and he knows no one connected with the Tribune. The story was faked for campaign purposes, the alleged interview being printed only a few days before the city election there, the issue being saloons or no saloons.

THREE LIVES LOST IN DESPERATE OMAHA BATTLE

Omaha, Jan. 14.—Patrolman L. A. Smith is dead, Detective W. G. Deverez probably fatally injured, Albert Clarke fatally hurt and Betsy Smith dangerously shot as the result of the attempt of Clarke to hold up Anna Wilson's place on Ninth street early today.

Clarke entered the Wilson place and at the point of a revolver ordered the inmates to hold up their hands. At the same moment he snatched a diamond necklace from the neck of the Wilson woman and escaped into the street. Betsy Smith followed him, and Clarke fired a shot into her shoulder, making a dangerous wound. Her screams brought Patrolman Smith to the scene, and Clarke at once began shooting at the officer, firing two bullets into his body.—Smith raised himself to a sitting posture and fired twice at Clarke, one bullet taking effect in his leg. Clarke escaped, but a squad of officers from the police station, two blocks distant, went in search of him. He was found on the Douglas bridge by Detectives Deverez and Heitfeldt. Clarke opened fire, one bullet striking Deverez in the stomach, mortally wounding him. Heitfeldt then shot Clarke twice.

At the hospital Clarke said he came from Denver three days ago.

U. O. REGENTS APPROPRIATE FOR NEW DORMITORY

Guard Special Service. Portland, Jan. 19.—Twenty-five thousand dollars will be expended on a new dormitory for the University of Oregon this year, according to a decision reached at the meeting of the board of regents held in the office of C. A. Dolph today at 9 o'clock.

The attendance at the institution is shown to be 30 per cent over last year, and the present dormitory buildings are too small for the purpose. Those present at the meeting were: President Campbell and Secretary Johnson, of Eugene, with Messrs. Bean, V. Holman, of Portland.

HENSILL HIRED AS ARCHITECT FOR Y. M. C. A.

The Y. M. C. A. building committee held a meeting this afternoon and employed Y. D. Hensill, of this city, to furnish the plans and specifications for the new association building on William street between Tenth and Eleventh. Mr. Hensill has already submitted plans, but they will have to be amended and revised before they are entirely acceptable to the committee. The committee will go right ahead with the preliminary work of erecting the building.

COUNTY COURT GRANTS ELECTRIC ROAD FRANCHISE

(Continued from Page One.)

the edge of the road. No county bridges shall be crossed by the railway. Not less than one car each day shall be operated over the line. The survey for the line must be completed within 10 days from the granting of the franchise. Not less than 15 miles of track shall be completed inside of one year, 15 miles the second year and the entire line within three years.

Franchise Accepted. The franchise as granted was accepted by the petitioners this afternoon and arrangements will at once be commenced to make the preliminary survey. An engineer from San Francisco has been engaged and he is expected to arrive here soon.

The promoters of the enterprise seem confident of its success. They plan to raise \$150,000 in stock subscriptions in Eugene and raise the remainder of the sum necessary to build the line by selling guaranteed stock in the company.

Correspondents have already been had with numerous brokers and

capitalists in regard to building the line and each one has spoken favorably of the matter. A Portland survey and data are secured they will build the road.

Income and Maintenance Estimate. An estimate of income and maintenance of the line for one day has been figured out by one of the promoters as follows:

Income—four cars of lumber, 48,000 feet, at \$1.50 per thousand, \$720; 40 passengers at \$1.50 each, \$72; other freight and express, \$35. Making a total of \$830.

Expenses—four motormen at \$3, \$12; four conductors at \$3, \$12; four brakemen at \$2.50, \$10; four station agents at \$3, \$12; four electricians at \$4, \$16; two electrician's helpers at \$2.50, \$5; one passenger agent at \$4, \$4; office expenses, \$25; four section foremen at \$2.50, \$10; twelve section men at \$1.75, \$21; oil and other expenses, \$33; a total of \$160.

This represents a net daily earning of \$670.

This equals 6 per cent on capitalization of \$4,000,000.

LEGISLATURE OF WASHINGTON EXPECTS TO EXTEND TERM

Olympia, Jan. 18.—An effort to put a joint resolution through the senate this morning to adjourn at the end of forty days received great encouragement for only six of the 38 members present voted for the resolution.

Of the bills in the senate this morning was one to increase the state road tax to half of one mill.

A bill appropriating \$300,000 for a state home for the aged blind and a bill to permit hotels to sell liquor on Sunday to bonafide guests, were brought in in response to a joint resolution requesting congress to pass a general rivers and harbors appropriation bill, was received by the legislature from Congressman Jones in which he says that insistence on the passage of the bill is likely to result in no appropriation at all. The house was in brief session this morning, but no business was transacted.

Carl T. Travis has been appointed trustee of the estate of Philip Hohl, bankrupt, of Cottage Grove. Mr. Hohl's liabilities are \$3062 and his assets, \$419.

"Watch for the Wagon." See ad. page 11. Boyd Tea Co.

GOING AHEAD WITH TWO HOTEL PROPOSITIONS

Hotel proposition after hotel proposition has been sprung on the Eugene public so often of late that little faith is had any more in any announcement of that kind of an enterprise. The Guard, though, has a straight tip that the Dunn hotel proposition on the corner of West Eighth and Olive streets is a "sure go," and that all the funds necessary for the erection of the building have been raised. The promoters of this enterprise, at which F. E. Dunn is the head, have been working very quietly in the matter, but it is known that such capitalists as Messrs. J. D. Matlock, Bill Bangs and the Bonnett brothers are associated with Mr. Dunn, who is perhaps the heaviest contributor to the fund.

As has been stated before, it is the plan to erect a four or five-story brick structure on the McFarland lot and use the two upper stories of the Dunn-Wilkins block adjoining, which is now nearing completion. In the construction of the latter building a large open space in the east wall was left in order that the two buildings will be properly connected.

The Osburn Proposition. In this connection it might be stated that the Osburn hotel proposition is also going ahead and there are good prospects of "something doing" in the matter in a very short time. It is reliably reported that \$70,000 of the \$75,000 stock in a company for the erection of the building has been subscribed, and it is only a question of a few days until the remainder is raised. It is said that the original plans for this hotel have been changed in that the building will be of brick instead of frame with steel lath and cement on the outside.

BORN

In Eugene, January 19, 1909, to Roy Scott and wife, a daughter.

In Eugene, January 19, 1909, to Marvin Hammit and wife, a daughter.

Scrutinise This Bank's Resources and you will see how safely and profitably its resources are invested. They are all quick assets, too. Can be turned into cash immediately if the occasion should arise. The EUGENE LOAN AND SAVINGS BANK is a solid institution and growing stronger every day.
