A New Departure

We have made arrangements now so we have a car of furniture enroute from the East every 30 days, and any person desiring to purchase furniture East can do so from us and get the benefit of Eastern prices. In this connection we have a line of goods that we strictly guarantee to be better and cheaper than any mail order house in the East. In addition to this you get the benefit of carload lot rates.

Don't order from the Eastern mail order houses without comparing prices and goods with ours.

DON'T FORGET WE SELL CHEAPER

We buy more, we sell more—that's the secret of our big success. By buying in large quantities we get the benefit of low prices, and give our customers the same benefit. Compare our prices with Portland furniture houses and we are always lower. We laid the linoleum at Otto's Grill, Goldsmith's cigar store, Condon's Bakery, University of Oregon Library, Bible University, Benschaw's cigar store, Rathmell's barber shop. In carpets we are furnishing a 1000-yard carpet to Spencer Butte I. O. O. F. Lodge of this city. All the above were by open competition and were bid on by Portland as well as local firms, and our prices were satisfactory. Some bids in some of the above cases were 20% higher than ours. Are you buying right?
