## FRAZIER SPEAKS ON BROWNSVILLE AFFAIR

(Continued From Page One.)

...rious investigations Seantor Frazier said there was no question as to the guilt of the soldiers of the Twenty-Fifth Regiment. He justified the President in his discharge of the entire body of troops. Speaking of the incentive of the soldiers for the commitment of the crime, he said:

"No one not familiar with the real character of the negro race knows or can fully appreciate the intensity of feeling with which he resents any apparent discrimination against him on account of his race and color. This is strikingly illustrated in the intense opposition of the negro to Jim Crow laws in effect in some states providing for the separation of the races in railway coaches even where the accommodations are equal and the fare alike. It was admitted by many of the soldiers in their testimony that this subject together with the subject of indignations which they claimed had been influenced by some of them were frequent matters of discussion in the barracks of the soldiers."

Their restriction in the saloons of Brownsville, Mr. Frazier said, gave ample incentive for the resentment that was shown among them against the people of the town.

### DEADWOOD ITEMS

(Special Correspondence.)

Deadwood, Jan. 18.—More snow fell this winter than there has been in nine years. It measured nine and a half inches at Deadwood, which is quite a depth for this country.

The Junction-Deadwood mail carrier lost one trip on the 11th on account of high water and ice in the Long Tom.

L. Hunzicker and P. Willcut were out to town last week on business.

This is a very bad winter for the poor birds, the snow being so deep they can't find anything to eat only what the people feed them, and they are coming quite thick for their feed.

The Alpha Telephone Company held its meeting on the 11th and made rules and regulations governing such meetings. They partly decided to move their switchboard from Deadwood to Alpha. There seems to be some dissatisfaction over the move.

It takes quite a bit of hay nowadays, as the stock can't rustle in such bad weather.

We had quite a high water on the 7th which left several sawlogs on the fish rack. Part of them were got off the next day.

The large white horse of Mr. Olesen's got kicked by another one and his leg was broken. He had to be killed.

The Taylor logging camp has shut down for the present. Jesse Harbit is taking care of the camp.

It is starting to rain now. If it makes it out why look out for high water, as there is lots of snow in the mountains.

### LOWELL ITEMS

(Special Correspondence.)

Lowell, Jan. 18.—We have little news, only about the storm, which makes us think of Missouri a good many years ago. We have been living near Lowell about 12 years, and this is the worst spell we have seen since we came here. The 8th and 9th inst. it snowed 7½ inches and the night of the 13th 4½ inches. The thermometer was 27 degrees above zero on the 10th, 18 on the 11th, 16 on the 12th, 22 on the 13th and 30 on the 14th. Since it is raining and thawing the river is rising slowly. There has been no suffering of man or beast that we know of.

Rev. Mr. Wheeler, of Eugene, preached at Rush Island the first Sunday of the year and Rev. Mr. Kelly, of Dexter, the second Sunday.

Dalt Guiley and family, of Dexter, are visiting Mr. Michaels, on the Middle Fork. Also Mr. and Mrs. Baxter, of Eugene, are visiting relatives above Lowell.

We see in The Guard some talk of bounties on the obnoxious varmints of the state. We think a bounty that will not drain the state of her miscellaneous funds would be a good thing, but as large a bounty as suggested by some would be ruinous and would only last a short time. Say $5 for the cougar and gray wolf and $2 for the coyote and wild cat would induce trappers and hunters to kill them and in a few years they would be scarce.

### CROW ITEMS

(Special Correspondence.)

Crow, Jan. 18.—The snow has all melted and we are all glad to see the ground again.

Mrs. W. J. Holland has been sick for several days.

The Gates sawmill has not been running for several days on account of cold weather, and Jim Fisk, the engineer, spends his time at John Gates.

Miss Dolly Crenshaw, who has been visiting at Mrs. Lewis', came out last Friday and is now at Mr. Canady's, and Clarence didn't take the mail to Mound Saturday. Wonder why?

Less Hoselton and John Pickens went to Lew Hoselton's for a few days' visit.

Many of the potatoes and apples were frozen during the cold weather.

George Holland was called to Eugene Friday to see his mother, who is very ill.

Mr. Broders, of Eugene, was out from town one day last week gathering up beef cattle.

Many ducks and jack rabbits have been killed during the recent cold spell.

Louie Gates, while out duck hunting, fell in the slough and got "wet." He also got some ducks, but one trip was enough for Louie.

Miss Mae Smith, of Springfield, who has been teaching school on Wolf Creek, passed through Crow last Wednesday on her way home. She was accompanied by John Doster.

Miss Lulu Gates came home Saturday for an over-Sunday visit.

Miss Zelma Crenshaw will close a three months' term of school in Noti next Friday.

### CROW ITEMS.

Crow, Jan. 18.—The extreme cold weather of last week caused the closing of most of the schools in the vicinity; the school at Central, under Miss Lilah Owen and Mrs. Stella Huston, being so far as we know, the only exception.

With the mercury quivering near 8 degrees above, it kept most of us busy guarding our vegetables and canned fruit from the ravages of Jack Frost.

Our mail carrier has been faitful to us through snow, ice and high water the past week.

J. A. J. Crow, who went to Crow today, reports the water still high in the Coyote valley.

We hear that Tid Lemley, on the Friendly place, will soon connect his telephone with Farmers' 25. We have had a badly demoralized line since the beginning of the stormy weather.

Frank Curtis, while out hunting ducks the other day, had the misfortune to lose his purse containing all his ready money.

Wayne and Wm. Jenkins, Frank Hinton and Oren Liles were among the successful duck hunters of these parts.

### CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children should never be without a box of Mother Gray's Sweet Powders for Children for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach trouble. THESE POWDERS NEVER FAIL. Sold by all druggists, 25c. Don't accept any substitute. A trial package will be sent FREE to any mother who will address Allen S. Olmstead, LeRoy, N. Y.

## MRS. GREEN'S WAITING FINALLY REWARDED

### After Ten Years of Mental and Physical Suffering Secures Pardon for Her Son

Salem, Or., Jan. 19.—After over ten years of mental and physical suffering, the fondest hopes of Mrs. A. H. Green—the pardon of her only son, Courtland Green, who is doing a life sentence in the Oregon penitentiary for murder, are about to be realized. The pardon, however, will be upon the express condition that young Green leave the state with his mother and aunt and begin life anew elsewhere.

The storty of Mrs. Green and her faithful sister, Mrs. A. L. Collins, is the saddest that has ever come within the experience of Governor Chamberlain, and the loyalty of te devoted mother is perhaps without recorded parallel in the state. The mother and the sister sold out their little homes in Lane county and came to Salem to be near the son and work for his liberation. Heart-broken and poverty stricken, the mother has twice been at the point of death, only to revive for the sake of an apparently lost cause.

The crime in which Green, then a boy of scarce 19 years, was implicated and for which he was sentenced to life imprisonment, was particularly man of eastern Oregon, in Lane counner, Claude Branton, who fired the shot that killed John Linn, a stockman of astern Oregon, in Lane county, May 15, 1898, suffered the death penalty in September of the same year. Because of Green's previous good reputation, and because he turned state's evidence, his neck was spared, but h ewas condemned to life imprisonment.

Mrs. Green, then a widow with Courtney her sole means of support, sold out her little home, as did also her sister, and the two managed in this way to raise about $3000. All this money has been spent long ago, and the two old ladies have been living mostly on charity during the past two or three years. They were also made the victims of unscrupulous men, who, representing themselves as detectives, bilked the women out of the bulk of their small store. Their home in this city was mortgaged to keep the wolf from the door, and this mortgage, amounting to $200, has been lifted by the Marion county court.

Ever since coming to Salem, about five years ago, Mrs. Green and Mrs. Collins have been constant visitors to Governor Chamberlain in their efforts to secure executive clemency for the boy. On one occasion the governor wrote:

"God knows I sympathize with both of you, but I have a duty to perform, painful, it is true, and particularly so because of your helpless condition; but because of that duty I cannot always listen to the dictates of my own heart."

About six months ago, when the doctor had pronounced Mrs. Green beyond medical aid and said her death was expected momentarily, Governor Chamberlain allowed young Green to visit her bedside in charge of Warden Curtis, but the sight of her son restored her.

## COTTAGE GROVE NEWS OF INTEREST

Born—To the wife of Milton Longfellow, in this city, January 18, 1909, an eight-pound girl.

Marshal Frank Snodgrass has returned home from Portland, where he has been taking te civil service examination preparatory to applying for a position on the Portland police force.

Dr. Ada Smith, of Portland, who was injured while coasting on the hill last week, is reported much better. She is able to get around on crutches and says she will wait until she returns to the East before coasting again. Lena Wheeler, who was also injured on the hill, will soon be able to return to school again.

There will be no military band until the 4th regiment has added four more companies, as the regulations say that there can be no musical organizations for that body, conducted and maintained by the state. Cottage Grove stands the best show of getting the band when the increase in companies has been made. Professor Cochran will have a meeting in the town hall Friday evening to discuss the band possibilities in the future.—Leader and Western Oregon.

### PLEASANT HILL ITEMS

(Special Correspondence.)

Pleasant Hill, Jan. 10.—It seems as though the snow has come to stay with us for awhile. Thus far 4 degrees above zero is the coldest we have heard of in this vicinity.

Attendance at school has been poor for the past week on account of the cold weather.

Those on the R. F. D. have not received any mail for several days owing to the carrier not being able to get over the route. When flying machines come into general use we hope to not be troubled in this way.

Sleighing parties are to be seen quite frequently, and up to the present we have heard of only one accident—that of the Cook-Mitchell sleigh party, who had the misfortune to wreck their sleigh and had to walk part of the way home and finish the trip in a wagon.

Born—January 10, 1909, to Mr. and Mrs. R. G. Hemphill, a son. Roscoe is reported to be in a critical condition.

S. E. Clum is reported to be quite ill, but we hope to hear that he is better soon.

At the Edenvale telephone line meeting Saturday, officers were elected for the ensuing year.

## Often The Kidneys Are Weakened by Over-Work.

### Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of **Swamp-Root**, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Home of Swamp-Root.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.
