POWER CANAL RIGHT-OF-WAY IS SECURED

Except Through Land of Oscar Millican—Council Committee Makes Report

The city council met last night with Mayor Matlock and Councilmen Garrett, Roach, Moon, Gilbert, Heller and Berger present. Councilman Garrett presented a report on the right-of-way for the power canal on the McKenzie. He reported that right-of-way had been secured through the premises of the following, the price paid for the land being also given: from Robert Millican for \$1,100; from F. A. Post for \$1,000; from G. W. Irvin for \$1,000; from John B. McNutt for \$150; from Chas. E. Potter for \$206; from Alex J. Stormont for \$611; from C. H. Jennings for \$204; from George Barnes for \$400; from J. W. Key for \$700; from — for \$400. The entire right-of-way has been secured except through the land of Oscar Millican, and condemnation suit has been commenced against him. It was suggested that \$7,000 be transferred from the general to the power canal fund to pay for these lands and it was moved and carried that the treasurer be authorized to make such transfer. An ordinance ratifying the contract with Engineer F. C. Kelsey

with the Pelton Water Wheel Co. and the Portland Machinery Co. was passed.

The matter of the paving maintenance contract with the Warren Construction Co. was brought up and discussed, the mayor and other councilmen being of the opinion that the city ought to do away with it. The matter was finally referred to the finance committee.

The matter of drainage of surface places about the city, especially near the railroad track near West Fourth street, was referred to the street committee.

The recorder was ordered to draw a warrant for \$305.29 from the general fund to pay to the construction fund for interest.

It was the sense of the council that stallions be required to be kept at the fair grounds for breeding purposes.

Superintendent Taylor was authorized to purchase a desk for his office. The milk license ordinance was read and referred to the city attorney for correction.

The bill of J. A. McArthur for surveying and engineering on right-of-way for 1908 was presented, but was taken up by the water board later and allowed.

The question of a uniform formula for cement sidewalks was discussed and referred to the city attorney and city surveyor.

The matter of a plumbing inspector was referred to the sewer committee to introduce an ordinance.

Various other minor matters were taken up and discussed and the council adjourned to meet as a water board. A number of bills were read and ordered paid and the board adjourned.

Roseburg News. M. F. Earl, Fay Allison, Allen Baker, Robert Sherwood, Charles Beate, Elmer Hastings, Chester Baker, Earl Hill, Walter and Christo Mason, all of Cottage Grove, spent Friday in the city attending to matters before the local United States land office. H. H. Veatch, of Cottage Grove, was in the city Saturday on business before the local land office.

TOUCHING TRIBUTE TO GEO. W. KERR, JR.

Cottage Grove, Jan. 18.—Saturday, January 15, closed the last act of the final scene in the great drama of the life of one of Lane county's brightest young men when we laid the body of Geo. W. Kerr, Jr., of Wildwood, to

rest in the I. O. O. F. cemetery at Cottage Grove.

Geo. W. Kerr, Jr., was born at Lodi and City, Union county, Oregon, September 11, 1882, and died January 11, 1909. He was therefore 26 years and four months old. He was mistaken for a deer while creeping through some brush while hunting with his brother Clyde and Lorne Hunt, who fired the fatal shot. A pall of sorrow and sadness has settled over the entire community and for some it seems to have come to stay. Especially is this so with Lorne, whose grief cannot be described. His is a double sorrow—bereft if his life long friend and companion, and that by or through his mistake. Together they played in infancy and childhood, swimming in the same hole of water, fishing together in the same stream. Together they hunted for years, and always without mishap or accident, and the bond of friendship was akin to that of David and Jonathan. His grief and heaviness of heart cannot be told in words.

George Kerr, as we familiarly called him, was of excellent character, a genial and sunny disposition; he could see something good in every one, and was especially kind to his parents, with whom he lived, always placing himself between his father and the heavier burdens of family cares. He leaves his father and mother, George W., Sr., and Sarah E. Kerr, with six sisters and two brothers, who were all present at the funeral, which was conducted from the residence of his sister, Mrs. Green Pitcher, in Cottage Grove.

We cannot begin to describe the sorrow of the family. Indeed, the parents of both boys are almost distracted, while one of George's sisters is physically prostrated. The funeral services were conducted by H. Barnhart, of the Baptist church of Donna, Or. Marvin Beach, undertaker. HENRY BARNHART.

A HORRIBLE HOLD-UP.

"About ten years ago my brother was 'help up' in his work, health and happiness by what was believed to be hopeless consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help until he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man today." It's quick to relieve and the surest cure for weak or aching lungs, Hemorrhages, Coughs and Colds, Bronchitis, LaGrippe, Asthma, and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by W. A. Kuykendall, druggist.

HUMAN BODIES BURN IN RUINS OF EARTHQUAKE

Messina, Jan. 19.—A serious fire today broke out in the earthquake ruins of the wrecked city, the flames spreading in spite of the work of the soldiers to control them. The situation is serious. The odor of burning flesh in the mingled smoke causes the fear that persons still alive are being consumed. The flames had their center in Pennesi Palace, but spread over the ruins of the city. Three Lives Lost.

Smyrna, Jan. 19.—Another short earthquake was felt this morning but no local damage was done. Reports from Phocacia, twenty miles northwest, say a number of houses fell and that three were killed. The buildings were damaged in other towns. The battleships Louisiana and Virginia are at present in the harbor.
