Unless It's a GOOD Store It Will NOT Pay To Advertise It!

Unless you know a person—unless that person comes into your life in some way—you are not really concerned about whether he is good or bad, desirable or objectionable. It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But when they are persuaded to patronize it—when they come to turn the spotlight of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different; then it does matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests that a good store must stand when it is advertised—when it thus invites the critical attention of the people—then advertising will "make" the store. If it fails in most of the vital things—if it proves, under the light of publicity not to be much of a store, THEN ADVERTISING WILL NOT PAY—it will emphasize the shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.

CLIFF BUTTON WORKED ITS WAY FIFTY MILES

(Special to Daily Guard.)

Albany, Or., Jan. 26.—Mart Bilyeu this morning found a pearl cuff button on the bank of the river, the property of Hildrey Newell, who was drowned at Eugene about three years ago, while a student in the University there. The button was worn by young Newell at the time of his drowning and was identified by Prof. Robert Torbet, a close friend of the young man.

The button had worked its way 50 miles down stream and was picked up near the dock of the Oregon City Transportation Company, at the foot of Broadbain street. The ends of the cuff link are much worn, due to the action of the water and gravel. Prof. Torbet was a close and intimate friend of the Newell family and the unfortunate young man formerly attended college here.

GRANGE FAVORS PASSAGE OF ANTI-CIGARETTE LAW

WHEREAS, it is a recognized fact that the use of cigarettes by the youth of our land is a rapidly growing evil, detrimental alike to mind and body; the pallid, hollow cheek, and emaciated limbs are proofs of the effect on the body, while the inability of the mind to grasp ideas or comprehend them is daily being demonstrated in our public schools. The records of the public school amply prove this fact and

WHEREAS, there is now a bill pending in the legislature, and in session at Salem, whose aim is the suppression of the traffic in cigarettes in the state of Oregon. NOW, THEREFORE, be it resolved by Springfield Grange, No. 378, that we unanimously favor the passage of said measure, or the passage of some law with the same ends in view. And also that proper and sufficient penalties be affixed thereto, for its violation, and especially that officials, whose duty is to enforce said law, be subject to the same penalties as the violators thereof.

BE IT ALSO RESOLVED that a copy of the resolutions be sent to each of our representatives and senators in the legislature, one copy to be sent to the Springfield News, and one each to the Eugene Register and Guard for publication. Also that one copy be kept by the Grange as part of its record.

B. F. ROSETT, J. W. BERTSCH, C. H. GILE, Committee.

Adopted by Springfield Grange No. 387, January 23, 1909.

CONWELL CALLS PRESIDENT'S ACTION CHILDISH AND FOOLISH

Tacoma, Wash., Jan. 23.—Russell H. Conwell of Philadelphia, lecturer, preacher, educator and author, who is in this city today characterized the action of President Roosevelt in instigating the libel suit against the New York World as "childish and foolish to the last degree."

Rev. Conwell made this statement after he had read a telegram from the World which asked: "Should the government in the present action against the World succeed in establishing a precedent for the prosecution of newspapers, what in your opinion, would be the resulting danger to the freedom of the press, to public liberty, the freedom of elections, etc?"

"I cannot answer this telegram in detail just now," said Conwell. "But I will say now that I think the action of the president is childish and foolish to the last degree."

"I believe in President Roosevelt and in his administration, but this last action against the newspapers is going too far. President Roosevelt is stooping beneath the dignity of a president when he meddles in such petty things."

\$2,000,000 PROJECT IS IN KELSEY'S HANDS

Portland, Or., Jan. 23.—Frank C. Kelsey, a well known civil engineer, of Portland, has been employed by the Tacoma city council to design and superintend the construction of the municipal power plant which that city is preparing to build on the Nisqually river, at a cost of \$2,000,000.

Mr. Kelsey is to receive an annual salary of \$6,000, and he will be employed two, and probably three, years in constructing the plant.

He leaves for Tacoma tomorrow night for the purpose of conferring with the Tacoma city officials relative to beginning the survey and the preparation of certain ordinances to be passed before the actual work of construction can begin.

M. Kelsey has been a resident of Portland for three years, coming here from Salt Lake City, where he was for five years city engineer. He is now superintending the construction of power plants at McMinnville, Ashland and Eugene. He has been engaged in this class of work on the Pacific coast for a number of years.

Berlin, Jan. 27.—Emperor William's fiftieth birthday was celebrated today throughout the countries composing the Reich and, in a more primitive manner, but with equal fervor and enthusiasm, in the German colonies and in all foreign countries where Germans may be found in a considerable number. There was little to distinguish today's celebration in Berlin from similar celebrations in the past.

In accordance with time-honored tradition the Emperor was "awakened" this morning by trumpet fanfares sounded by the corps of palace trumpeters and by the singing of a special hymn by the castle choir at 8 o'clock. This, however, was merely a matter of form, to comply with the traditions of the House. As a matter of fact the Emperor had risen several hours before that time and transacted a large amount of state and other business. Fully dressed in a splendid military uniform, the Emperor showed himself at a window of the castle overlooking the

COTTAGE GROVE NOTES FROM THE LEADER

Brick laying has again commenced on the new two-story Veatch building.

S. B. Morris, the nurseryman, received a ton, 2,000 D'Anjou pear trees last week for February delivery, from the famous Stark nurseries. He also received a fine lot of stock for grafting into his nursery.

The basketball game at the nursery Friday night resulted in an easy victory for the Cottage Grove boys, over the Roseburg team. Although the game was rough, it was one of the fastest ever seen on the local floor. The visitors were decidedly outplayed from start to finish, both in team work and individual playing. The score at the end of the game stood 20 to 9.

At the last meeting of Bohemia Camp, No. 260, Woodmen of the World, the following officers were installed for the ensuing term: Past master, A. B. Brown; advisor, C. H. Hambrick; banker, C. F. Walker; clerk, C. H. Van Denberg; escort, I. L. Orr; watchman, J. H. Bartlett; sentry, C. C. Conner.—Leader.

ELMIRA ITEMS

(Special Correspondent.) Elmira, Jan. 26.—Every one rejoiced to see the snow leave so soon. Miss Jennie Flek spent Saturday and Sunday with Mrs. Colgaard.

Doris Peres and Edna Hale, who are attending school in Elmira, went home Tuesday evening, returning on Sunday.

The singing school is progressing fine under the management of C. C. Curtis, there being over sixty people in the class.

Jimmie Howard filled his regular appointment at Crow on last Sunday. Mrs. Geo. P. Zerson and son, Dalton, visited her mother, Mrs. Davis, near Eugene on Saturday and Sunday.

Fred Walters, our mill man, is having good luck running his logs down and thinks he will get them down to his mill without much trouble, and then things will hum all next summer.

Morgan and VanWinkle, of Eugene, will give an entertainment at the hall on next Friday night.

Ask Reese how many gates he has broken down lately.

Maxwell is reported sick at this writing.

Mrs. Walter Allison, of Fairview, visited her father last week.

Bert Inman is the business man in the country at his job to keep the telephone wires up.

LOST VALLEY NOTES.

(Special Correspondent.) Lost Valley, Jan. 26.—The hall of "The Dexter Glee and Athletic club" is now an assured thing. At a meeting of the club last Tuesday evening, the contract for cutting the lumber was let to the June Lumber Co., and as soon as it is milled the lumber will be hauled and the building erected. The building is to be frame, 40x60. Such an undertaking by the young people speaks volumes for their energy and public spirit and should be encouraged by everyone.

H. M. Parvin is building an addition to his barn. W. H. Fenton has charge of the construction.

C. S. Pogue has been ill with the grippe for the last week, but is now out and around.

The snow of last week went on with warm rains. The rains still continue but a flood is not looked for, by old timers.

court, where the musicians and singers were gathered. After this ceremony the Emperor received the congratulations of the members of his family and the visiting princes and princesses, after which all marched to the private chapel of the palace, where court chaplain Dr. Dryander delivered the sermon and read a short special service.

The official ceremonies of the celebration followed the services at the chapel. The Emperor, with the Empress at his side, took seats on the dais of the great White Hall of the palace. The visiting princess stood on the left of the Majesties, the princess on the right, while the ambassadors, ministers and other representatives of foreign governments, hundreds of distinguished state and government officials and dignitaries and representatives of the army, the navy and other branches of the government passed in front of the royal couple, tendering to the Emperor congratulations. This function lasted fully one hour.

In the afternoon the Emperor drove to the various embassies, where he left his cards. The streets through which the Emperor drove, particularly the street called "Unter den Linden,"
