

COUNCIL STILL INTENDS TO OUST MR. REISNER

At last night's adjourned meeting of the city council the following resolution was passed:

It is hereby resolved by the common council of the city of Eugene that all the warrants heretofore drawn upon the treasurer of the city of Eugene, upon the construction fund and particularly a warrant drawn and issued to Robert Miller for \$1,000 and one to J. W. Sturmet for \$400; and one to J. W. Keifer for \$700; and one to A. F. Sturmet for \$611; and one to C. H. Williams for \$204, be and the same be hereby ratified, approved and affirmed, and the treasurer is hereby instructed to pay the same and all warrants drawn upon the construction fund.

The council also passed a copy of the resolution to the treasurer, and the same was forwarded by the treasurer to Mr. Reisner, after which the council adjourned.

The council also passed a resolution to pay the warrants and action was at once taken against him.

Minor Things.

Attorney S. K. Bryson, in behalf of J. M. Martin, made a complaint that the council was discriminating when it allowed M. F. Griggs to build a frame addition to the hotel Griggs inside the fire limits. It was moved to take that entire block outside the fire limits, but the motion was lost by the following vote: Aye, Moon, Gilbert, Heller, Berger; Nay, Fisher and Williams.

The vote on the resolution was as follows: Aye, Garrett, Roach, Moon, Gilbert, Heller, Berger; Nay: Fisher and Williams.

According to this, the council is determined to oust Treasurer Reisner if he still persists in refusing to honor the warrants issued in payment for right-of-way for the proposed electric power plant.

The treasurer today refused to pay the warrants and action was at once taken against him.

Minor Things.

Attorney S. K. Bryson, in behalf of J. M. Martin, made a complaint that the council was discriminating when it allowed M. F. Griggs to build a frame addition to the hotel Griggs inside the fire limits. It was moved to take that entire block outside the fire limits, but the motion was lost by the following vote: Aye, Moon, Gilbert, Heller, Berger; Nay, Fisher and Williams.

Prof. F. G. Schmidt addressed the council on the poor sewers in the southeastern part of the city. The matter was referred to the street committee and the city engineer.

Robert McMurphy addressed the council upon the matter of tearing down the fence around the butte. He stated that much of the fence was on his property and separated a strip of land from Lincoln street to his house, owned by him, from the railroad right-of-way; also 60 feet of fence between his property and that of Pollock, the drayman, was taken down. Mr. McMurphy proposed that if the city opens Willamette street across the railroad track to a point opposite his residence he will deed this narrow strip which is an extension of Third street, to the city. No action was taken on the matter.

A motion was made and carried that work on the drainage well in the rear of the new J. O. O. F. block be stopped, as it would endanger the water supply of the wells in that vicinity.

It was agreed to take up the matter of the charter revision at a meeting Saturday night.

The fire chief was ordered to notify J. B. Coleman to put in two fire escapes on his three-story lodging house building on Willamette street.

The claim of H. R. Kincaid on sewer assessment and a petition for an electric light on Garden avenue were referred to the proper committees. The matter of inspecting curbing and drains was referred to the street committee with power to act. Superintendent Taylor stated that there was no water main on West Eleventh street, where it is to be paved and it was referred to the street committee with power to act.

Electric Railway Franchise.

The Lane County Asset Co., applied for a franchise to build an electric railway line over certain streets of the city to be operated in connection with the proposed line from Eugene to the mouth of the Siuslaw river. An ordinance granting the franchise was presented and it was laid over till the meeting Saturday night.

More Paving.

An ordinance for paving Oak street from East Ninth to East Eleventh, was passed. It was ordered that the city attorney prepare ordinances for paving as follows: Oak street from East Seventh street to the East line of East Fifth street; East Fifth street from Willamette to Oak and East Sixth street from the alley to Oak street. The ordinance ordering East Tenth street paved from Willamette to Pearl, was referred to the street committee to fix the width of the pavement.

The Secret of Long Life.

A French physician has discovered the secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds waste-nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Mo. "But Electric Bitters cured me entirely." Only 50c at W. A. Ruppenthal's.

DEADWOOD ITEMS

(Special Correspondence.)

Deadwood, Jan. 28.—We had quite a snow storm last Thursday night and Friday, snow falling to a depth of six and one-half inches, and there is quite a lot of it left yet.

The highest water we have had this winter was last week, which was fine for those who had sawlogs in the creek.

The first log driving on Lake creek was tried by George Taylor's logging crew.

L. Hunsicker had a crew of men driving also. They seem to think they can drive successfully.

C. A. Hunt, of Deadwood, came very near being drowned the 23d. He was logging a boat down the creek with the tools for the men, when at Hollie's creek he struck a large boulder, which tore a hole in the bow.

So the boat turned over, throwing out all the men, who were quite exhausted. The tools have not been found yet.

Mrs. Annie Wilcott, of Deadwood, has gone to Florence to prove up on a timber claim. L. Hunsicker, Alex Power and C. Wilcott are accompanying her.

J. A. Burnett, of this place, is looking after Mr. Powers' ranch while he is at Florence.

One of the hardest wind storms we have ever had was Sunday and Tuesday. It blew quite a lot of timber in the road, and putting the telephone lines out of commission. They are being repaired as fast as possible.

Taylor's logging camp expects to be through logging at H. Steinhilber's in about three weeks if the weather will permit.

The salmon hatchery at this place has hatched out about one hundred thousand young salmon already and have lots more eggs to hatch.

The salmon run was light this fall, owing to the fishermen giving them no chance to get to their spawning ground.

WINBERRY ITEMS

(Special Correspondence.)

Winberry, Jan. 31.—Society has been on the rampage up here lately. On Jan. 9 at Mrs. A. L. Houck's there was a dance given in honor of her daughter Beatrice's fifteenth birthday, then on the 16th inst. at the domicile of Ed Waggoner, at Winberry Burn, which was a pleasant time considering the distance to go home; then on the 23d inst. at the home of Mrs. Elsie Young there was a gathering of young and old and under V. R. Huck's management they proceeded to have an "Irish wake" and "don't go home until morning" time.

A. J. Huck departed on Monday, the 15th inst., for Wendling, to take charge of the Booth-Kelly donkeys—not the long-eared ones.

Clarence McRea was on the creek on business last week.

Mr. Morgan has been having some trouble driving logs on the upper part of the creek.

Mrs. Elsie Young suffered some loss of land during this last high water.

EIGHTY THOUSAND DOLLAR TIMBER DEAL MADE

T. G. Hendricks, president of the First National bank, has sold a portion of his timber holdings in the Wolf Creek country, in the Coast range, southwest of Eugene, to Porter Bros., through Earl Parsons, the well-known timber dealer of this city.

The deal represents something over \$80,000, the acreage not being given out for publication. Mr. Hendricks owns several other large tracts of timber in that vicinity which he will hold for a while longer.

Porter Bros. are railroad contractors. They made a large sum of money on Hill's North Bank road and are investing their earnings heavily in Western Oregon timber lands.

OLD OFFICERS OF B.-K. CO. RE-ELECTED

Annual Meeting of Stockholders Held in This City This Forenoon

The annual meeting of the stockholders of the Booth-Kelly Lumber Co., was held in the company's office in Eugene this forenoon and the old officers and directors were all re-elected. They are as follows: F. H. Buck, president; E. H. Cox, vice president; Geo. H. Kelly, secretary and treasurer. The directors are as follows: F. H. Buck, Geo. H. Kelly, E. H. Cox, P. S. Brumby, Chas. G. Briggs, J. E. Dannaber and A. C. Dixon.

No business of especial interest to the public was transacted. Some of the stockholders left for their different homes on the noon train and the others will leave tonight and in the morning.

MARRIED

At the home of H. F. Welch, Jan. 31, 1909, George L. Buoy and Miss Minnie B. Welch, Rev. J. L. Beatty, officiating.

CHICAGO WHEAT MARKET

Chicago, Feb. 2.—Mar., \$1.08 1-2; July, 98; September, 94 3-4; December, 95.

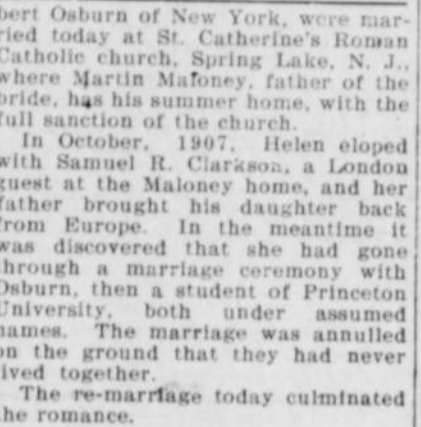

HELEN MARRIES ARTHUR OSBURN SECOND TIME

Philadelphia, Feb. 2.—Miss Helen Maloney of this city and Arthur Herbert Osburn of New York, were married today at St. Catherine's Roman Catholic church, Spring Lake, N. J., where Martin Maloney, father of the bride, has his summer home, with the full sanction of the church.

In October, 1907, Helen eloped with Samuel R. Clark, a London guest at the Maloney home, and her father brought his daughter back from Europe. In the meantime it was discovered that she had gone through a marriage ceremony with Osburn, then a student of Princeton University, both under assumed names. The marriage was annulled on the ground that they had never lived together.

The re-marriage today culminated the romance.

MISS HELEN EUGENIE MALONEY

DR. ATWOOD SUES HIS ATTORNEYS

Dr. C. H. T. Atwood, recently found guilty and sentenced to a county jail term for maintaining a nuisance in the conduct of the Atwood Maternity Hospital at Tremont, has filed suit in the circuit court against C. H. Piggott and J. A. Finch, his attorneys, to recover \$364.40. He asserts that he employed counsel on October 29 last, paying them \$250. They were to see the case through for \$250, he says. On November 23 Minnie Ross paid Piggott \$420, says

BATTLESHIP CAPTAIN CHARGED WITH BOOZING

Gibraltar, Feb. 2.—The captain of one of the battleships under Admiral Sperry is today under arrest on board of his own vessel to be tried by court martial tomorrow on charges preferred by one of the rear admirals, that he was under the influence of intoxicants at a reception given on shore a few days ago. The captain denies the charges and said his condition was due to fatigue following the rough voyage and long watches on deck during the tempest.

The name of the accused officer is Edward F. Quailrough, captain of the battleship Georgia, and the charges were preferred by Rear Admiral Wainwright.

Atwood, to be used for the physician's benefit during the trial. He says he authorized Piggott to retain \$20, the balance of the latter's fee, and has demanded the balance of \$420, only \$25.60 of which has been paid.—Oregonian.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce rheumatism all suggest a healthy vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening of the body, while the circulation which then becomes unfit for nourishing the joints and bones produce the pain and agony of rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

T. G. Hendricks, S. B. Eakin and P. J. McPherson, appraisers of the estate of Mrs. Sarah Spencer, deceased, have filed their inventory with the probate court, reporting the property valued at \$5,270, as belonging to the estate.

J. E. McKibben, of Marcola, spent last night in the city.

Ira A. Nice was today appointed administrator of the estate of his father, Francis M. Nice, who died suddenly at his home near Thurston a week or two ago. The estimated value of the property of the estate is \$6,000.

C. W. Klum, of Ashland, is in Eugene on business.

10,000 Rolls Wall Paper

Regardless of Cost at Chambers' Hdw. Co.

Having bought a large stock of Wall Paper direct from the factory, for our spring trade, we find it necessary to close out our present stock, at great sacrifice, to make room for our new stock.

Sale Starts Saturday February 6th REBUILDING SALE Sale Ends Saturday February 20th

The back of our immense store will all be taken down and a large brick will be built clear through to the alley to accommodate our fast growing business. But while the back part is being taken out is what is worrying us. We have a large stock of goods in the annex and what shall we do with them? We must sell them some way. And again our spring goods are coming in every day adding another stone to our burden. We must sell them.
