

MASSACHUSETTS, MICHIGAN AND MISSOURI.

Ladies Representing These States Give Their Experience With Pe-ru-na.

Expressions of Gratitude for Dr. Hartman's Advice.

A Fine Cough Remedy.

Mrs. Ellen Nagle, 414 Fourth St., Green Bay, Wis., writes: "I have often heard Peruna praised and it is more widely known here than any other medicine, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a cold which settled all over me."

"The doctor wanted to prescribe, but told him I was going to try Peruna, and sent for a bottle and tried it. I felt much better the next morning, and within five days I had no trace of any lameness or any cough."

"I consider it the finest cough remedy."

Severe Throat Trouble.

Mrs. Margrette Gasaway, 212 E. 17th St., Kansas City, Mo., writes: "I had catarrh in the worst form. Cancers of the throat had eaten both palate and tonsils out and had commenced to eat in the roof of my mouth. The best specialist had given me up. Then I commenced taking your medicine and will say four bottles completely cured me, but I still keep it in the house and take it whenever I take cold."

Although a cold is rarely directly fatal, yet it is a most productive source of incurable disease. Peruna operates directly to heal the inflamed mucous membranes.

Mrs. Nora Bigelow.

Colds and Catarrhal Troubles.

Mrs. Nora Bigelow, Box 207, Fremont, Michigan, writes:

"Peruna is a wonderful remedy for catarrhal troubles. I can scarcely find words to express to you my thanks for what your remedy has done for me."

"I was troubled with catarrh for a long time, and eight bottles of Peruna have cured me. I can recommend it very highly to any one troubled with catarrh. I will keep Peruna in the house, and will take it when we have a cold."

White was ordered to cease work. He quit until Tuesday, when he began again. He was placed under arrest with the result as aforesaid.

There is some talk of enjoining White from proceeding further with the building on the ground that it will be a nuisance.

HARRIMAN WILL CONTEST DECISION

Portland, Or., March 31.—The Harriman lines will, according to W. W. Cotton, general attorney for the O. R. & N. Co., contest in the courts the recent decision of the Interstate commerce commission in the case known as the "Spokane rate case," on the ground that the Harriman lines are compelled to carry freight a much longer distance in order to deliver it at Spokane from eastern points than are the Great Northern and Northern Pacific railroads.

Recommend Pe-ru-na Very Highly for Catarrh.

Lost Sense of Smell.

Mrs. John Meyers, Mallet Creek, Ohio, writes: "I have been a sufferer from chronic catarrh for years and have thereby lost the sense of smell entirely. I had four of the best physicians in this vicinity without receiving any benefit whatever."

"Now I am once more a well woman. I find Peruna to be the best medicine in the world, as it has done me more good than any physician could have done for me. My friends say I look ten years younger. I tell them that Peruna did it. I can't thank you enough for your free advice."

The Nasal Mucous Membrane.

The nasal mucous membrane is one of the most important mucous surfaces of the body, since the nerves of smell are distributed to it, and the slightest impairment of it leads at once to a partial or complete loss of smell.

Catarrh is the most frequent source of derangement of this membrane. This membrane is continuous with the lining of the throat, ears and frontal sinuses, and nasal catarrh soon spreads to these parts unless cured promptly.

Peruna is the proper remedy in all stages of catarrh, and is often the only remedy necessary except some complications exist. But of course it takes more time to cure cases of long standing, especially in the atrophic stage.

Stomach and Bronchial Diseases.

Mrs. Emily Ross Perry, poet and author of "Minnehaha Laughing Water." Has been honored by her state and given a medal in recognition of her services.

Wife of Commander Freeman G. Perry of P. Chase G. A. R. Post 68 and well known in G. A. R. and society circles.

Home address 819 15th Ave., N. E., Minneapolis, Minn.

"I have tried Peruna and found it an excellent tonic and cure for catarrh. It is good for all catarrhal affections of the stomach and all diseases leading to consumption and bronchial troubles. I believe it to be one of the best medicines on the market, and thousands can testify to its cure with the same pleasure to the public that I can."

Gained Fifteen Pounds.

Mrs. Cordia Brown, R. F. D. 4, Rogersville, Tenn., writes that she can safely recommend Peruna to all who are weak and run down, that she gained fifteen pounds while taking Peruna.

All Run Down, No Appetite

Mrs. Thomas Hovey, R. F. D. 1, Montague, Mass., writes:

"As I doctored over a year without any relief and kept getting worse, I gave up all hope of ever getting well again."

"I was all run down, could eat scarcely anything. I was nervous and had such terrible pains in my right side and shoulder."

"I happened to see one of Dr. Hartman's booklets and wrote to him for advice and followed it as he said. I cannot express how grateful I feel for Dr. Hartman's kind advice and Peruna."

Used according to the directions, Peruna will often secure the family against colds, coughs, pneumonia, pleurisy and fever.

The true cough medicine is the one that cures the congested membranes, and thus stops the discharges, when the roughness of its own accord.

White was ordered to cease work. He quit until Tuesday, when he began again. He was placed under arrest with the result as aforesaid.

There is some talk of enjoining White from proceeding further with the building on the ground that it will be a nuisance.
