

CASTRO NOT ALLOWED TO RETURN HOME

Point A Platte Guadalupe, April 6.—The steamer Guadalupe, with ex-President Castro on board, arrived here today from France. Castro did not come ashore, and the steamer sails tonight for Basle Terre.

Not Allowed to Land. Port of Spain, April 6.—Upon the request of the state department at Washington, communicated to the foreign office at London, the British government has decided not to allow Coprino Castro, former president of Venezuela, to land at Trinidad.

May Cause Trouble. London, April 6.—Great Britain's refusal to permit Castro to land at the Port of Spain was a friendly act to America or others interested powers on the belief that the detested dictator will probably cause trouble in Venezuela.

SIX HUNDRED SALOONS CLOSED IN MICHIGAN

Detroit, April 6.—More than 600 saloons and ten breweries will be forced out of business in the nineteen counties of the state which voted "dry" at yesterday's election.

Montgomery, Ala., April 6.—The Alabama state prohibition law was declared valid today by the supreme court of the state, all the judges concurring in the opinion. This is the second time the court has upheld the state-wide act of the last legislature, which was attacked on several constitutional grounds.

NORMAL MONEY DRAWN DOWN

Salem, Or., April 6.—The Ashland Normal school which has had \$1500 on deposit with the state treasurer has withdrawn the amount. It is declared if the Ashland school does not come up to the standard of the act advanced by the board of regents and come through by the time of the meeting next Thursday the school will be closed as a state institution.

Words to Freeze the Soul. "Your son has consumption. His case is hopeless." These words were spoken to George E. Blevens, a lead merchant of Springfield, N. C., by two expert doctors, one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks' use," writes Mr. Blevens, "he was as well as ever. I would not take all the money in the world for what it has done for my boy." Infallible for coughs and colds. It's the safest, sure cure of desperate lung diseases on earth. 50c and \$1. Guarantee satisfaction. Trial bottle free.

LOS ANGELES PAPER HOUSE IS BURNED

Los Angeles, April 6.—The establishment of the Zellerbach Paper Co. of this city, burned today. Loss \$200,000.

While the evidence against the young man is largely circumstantial, it is pretty strong. His partner, Ray Malone, is in jail at Portland and it is believed that he will confess to save his own neck.

Both men worked in the hotel here, one as assistant day cook and the other as assistant night cook. They stated that Richard had the head cook, that they had killed an old man near Gobie with an axe. This information was communicated to the authorities of Columbia county, which eventually led to their arrest.

During their stay here the post-office was robbed and these men are suspected of being the guilty parties.

According to the statements of McArthur, he is a deserter from the regular army.

Powell to Levi Geary; tract in sec. 20, tp. 22, s. r. 3, w. \$200. Mrs. H. A. Allen et al to W. J. Shrum; 20 acres in sec. 25, tp. 18, s. r. 1, w. \$100.

SUNDAY SCHOOL KEEPING PACE ON TEMPERANCE

It is not to be marveled at that the temperance wave has gained such impetus throughout the United States when it is remembered that the International Sunday school lessons furnish a special lesson each quarter for the teaching of the evil effects of intoxicants. The Sunday schools of Eugene are keeping pace with the schools in other places in bringing about the temperance lesson before their respective schools in a way that makes lasting impressions and invariably a convert to the cause.

At the United Brethren church, the superintendent appointed several scholars to write to the governors of the states and presidents of the W. C. T. U. in which prohibition is in force and secure material for the Sunday school on which Temperance Sunday fell. Those receiving replies were read to the entire school and some of them were very interesting—all of them indicating a strong preference for prohibition as against the saloon.

Estela F. Lockwood wrote to and received a nice letter from Mrs. Harris Armour, president of the W. C. T. U. of Illinois; Miss Edith Gardner, one from Governor Comer, Montgomery, Ala.; Miss Josephine Troxel, one from Lillian M. N. Stevens, president of the W. C. T. U. of Maine; Miss Andry Clope, one from Mrs. Silena Moore Holman, president of the W. C. T. U. of Tennessee; J. W. Bray had several letters from some of the most prominent men of the state of Maine endorsing prohibition, one being from Amos L. Allen, one from Wm. F. Frye, United States senator and from Governor Burleigh's private secretary. These letters he has kept in his possession for some time, yet were very interesting and were worded in an unassuming language; Miss Mary B. Yeager, received one from Governor Stubbs, that was of especial interest and he enclosed a statement that he has had prepared for similar replies and in it he hands the "bootlegger" and "blind pig" parasite something that places him in his true category. It says in part:

"An almost universal sentiment in Kansas places the violator of the prohibitory law in the same category as the bootlegger and the horse thief. This leaves THE LOWEST CLASS OF PEOPLE to engage in the liquor business—the waf, wrecks and driftwood of society. Articles distributed by the liquor interests stating that prohibition is a failure in Kansas—only make us Kansans smile. "The license system will never return. Among all the good reasons for this there is a paramount one, which is a Kansas statute which requires every child attending public schools to be instructed in the evil effects of alcohol, etc. president of the East Eugene W. C. T. U. introduced a novel ribbon exercise that showed how much was expended on foreign missions by the United States in contrast with the amount expended on tobacco and liquors. It was enough to make any Christian blush for shame for his country, that so little was expended for the spread of the Gospel compared with the enormous sum wasted in tobacco and liquor."

Two Hobos Arrested on Murder Charge. The two hobos who worked in the hotel at Junction City and who, from the results of their own statements, are charged with the murder of an old man near Gobie by the name of Livingstone, will soon be brought up for trial in Columbia county, says the Times.

Sheriff White from St. Helens, passed through here Sunday night with one of the accused men in charge. He was arrested in Dunsmuir, California, where he was at work in a saloon restaurant. He made no resistance and seemed to know what he was wanted for. He gave the name of Arthur McArthur.

While the evidence against the young man is largely circumstantial, it is pretty strong. His partner, Ray Malone, is in jail at Portland and it is believed that he will confess to save his own neck.

Both men worked in the hotel here, one as assistant day cook and the other as assistant night cook. They stated that Richard had the head cook, that they had killed an old man near Gobie with an axe. This information was communicated to the authorities of Columbia county, which eventually led to their arrest.

During their stay here the post-office was robbed and these men are suspected of being the guilty parties.

According to the statements of McArthur, he is a deserter from the regular army.

ROSEBURG, April 6.—A coroner's inquest was held today at Yoncalla over the body of a well-dressed transient found Saturday in a cow corral near the railroad with an empty vial by his side which had contained carbolic acid. To prevent identification he had ripped the maker's label off his coat and scratched his address off a postcard and bearing the postmark of Indianapolis. He had pawned his watch in Portland and the ticket bears the name of Larson, but it is believed to be an assumed one. He told hobo companions he was a stenographer from Seattle and was trying to get to San Francisco. He had only three cents in his pocket. He was apparently about 25 years old. The body was sent to Roseburg. He was about 5 feet 6 inches tall, and of sandy complexion.

ELK PRAIRIE FARMER HAS SIX-LEGGED PIG

W. B. Smith, of Elk Prairie, beyond Hale, west of Eugene, was in the city Saturday. He informed The Guard that he has a six-legged pig on his farm, which he will exhibit in the town soon to place on exhibition. The two extra legs are right behind the forelegs, and Mr. Smith says the porker uses all of them in walking. The extra legs are not as long as the others, but are all shaped and well-developed.

CONVENTION OF SOUTH CAROLINA B. Y. P. U.

Florence, S. C., April 6.—Florence extended a cordial welcome today to the many delegates and visitors assembled for the annual convention of the Baptist Young People's Union. The program for the convention extends over three days and is filled with interesting features in the way of reports, addresses and discussions relating in the work of the organization in South Carolina.

MOUND HAPPENINGS. (Special Correspondence) Mound, April 5.—April showers bring May flowers.

Everybody near Mound has been shearing goats for the last week. Miss Mabel Johnson, of Leaburg, has been employed to teach the Prairie school.

There has been some little activity in the timber business lately. Fred Smiley, of Crow, has been carrying the mail the last few days. Ray Bierce, who has been visiting at Leaburg, arrived home Saturday and Sunday at Crow.

The Ox Bow trappers left the river last week. They probably got rich. Fish in the Siuslaw are biting real well at present. Clarence Canady, C. F. and H. J. Layne caught 41 nice trout one day last week.

The goat raisers of this vicinity have set the 16th day of April to sell their mohair. It will be sold to the highest bidder. There will likely be a man up from Salem to bid on it.

Jay Johnson had the misfortune a while back to get his right arm badly sprained while trying to ride one of H. D. Johnson's big steers. Keep off the ground, Jay.

Every one in this part of the country is looking for that railroad. I hope they will not have to look long.

"Fd Rather Die, Doctor." "Than have my feet cut off," said M. L. Bingham, of Prineville, Ill. "but you'll die from gangrene, which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve until wholly cured. Its cures of eczema, fever sores, boils, burns and piles around the world, 25c at W. A. Kuykendall's drug store.

ENCAMPMENT OF O. N. G. AT CLACKAMAS

Portland, April 6.—Plans were made and dates fixed for the annual camp of instruction and the state rifle competition at a meeting of the new general staff of the Oregon National Guard, held yesterday at the headquarters of Adjutant-General W. E. Finzer. Here is the schedule of events as fixed by the staff:

Field exercises, Third Infantry, to extend eight days from July 12. Field exercises, Fourth Infantry, to extend eight days from July 24. Field exercises and target practice, Light Battery A, to extend eight days from August 7.

Annual small arms competition, to begin July 26, and continue until completed. Coast Artillery instruction of first company of Coast Artillery at regular garrison about mouth of Columbia river. Date not fixed.

The infantry camps will be at the rifle range near Clackamas station on the Southern Pacific, 12 miles south of Portland. The rifle company will go to Seaside. The rifle competition will be held on the new Clackamas range.

First Meeting of General Staff. It was the first meeting of the general staff, the new organization which, in accordance with the amended military code of the state as passed by the last legislature, fixes the military policy of the state. The session opened at 10:30 a. m. and continued all day. General Finzer, as the senior officer of the state senate, presided. Captain Larson, A. Bowen, Third Infantry, was designated as permanent secretary. The other members of the staff present were Colonel Charles E. McDonnell, of Portland; Colonel George O. Yorax, of Eugene; Captain Samuel White, of Baker City, and Captain Hiram U. Welch, of Portland.

The most important matter passed upon was the annual camp of instruction. Field maneuvers at American Lake are held every other year, and as the program there was carried out last summer, it was necessary for the staff to arrange a suitable instruction program for the present season.

An invitation was read from the exposition officials at Seattle urging the attendance of the Oregon guardsmen there. The idea prevailed, however, that the Guard must confine itself to the serious business of perfecting its efficiency for war service and that pleasure junkets are not to be thought of. Besides the funds would not admit of the Seattle expedition even if the serious program of instruction should be taken up by the troops at that point.

ACTIVITY HAS BEGUN ON ELKS' BUILDING SITE AT SEVENTH AND OLIVE

The seven big maple trees adjoining the site of the Elks' proposed six-story block at West Seventh and Olive streets are being cut down today, the first step toward the erection of the building. The Elks' committees are very busy at work on the building proposition and matters are expected to be in shape within a few days to go right ahead with actual building work.

MI-O-NA. Relieves Stomach Misery Almost Instantly.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

MI-O-NA tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress MI-O-NA will relieve instantly.

But MI-O-NA, unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large box of MI-O-NA tablets costs but 50 cents at Hull's Red Cross drug store and are guaranteed to cure or money back. When others fail, MI-O-NA cures. It is produced of flesh, when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

MI-O-NA Cures Dyspepsia. Your money back if it don't. Gives immediate relief from heartburn, sour stomach, stomach distress and sick headache. 50 cents a large box at Hull's Drug Store.

An indication of the growth of Albany is the increase of postal receipts. The postal year ended on March 31 and the receipts were \$15,122.16, an increase of about \$2000 from that of the previous year.

Despair and Despondency. No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good" as any other.

Enjoy an Easter Ride on one of our new model bicycles. These wheels are so easy riding, so light, so comfortable that all your former riding will seem like hard work compared with a spin on the new model. Come and look at it. Then you can see what a big improvement the new wheel is over the older models.

Politics and Politicians. President Taft has accepted an invitation to attend the Mecklenburg celebration at Charlotte, N. C., May 20.

Charles Nagel, secretary of commerce and labor, is the first native Texan to hold a position in the cabinet.

The baby member of the House is Polite Elvins, of the Thirteenth Missouri district, who was sworn in the day he completed his thirty-first year.

William Allen White, editor of the Emporia Gazette, is being boomed for the Republican nomination for lieutenant governor of Kansas.

Albert Abraham, of Riseburg, a member of the state senate, has added his name to the list of prominent Oregonians who have announced their candidacy for the gubernatorial nomination in 1910.

The legislature of Minnesota, with but one dissenting voice, passed resolutions requesting representatives of the state in both houses of congress to use their best efforts to see that lumber, lumber products and call are placed on the free list.

Governor Harmon of Ohio, Governor Marshall of Indiana and Representative Champ Clark of Missouri are to be the chief speakers at the Jefferson Day banquet of the National Democratic Club in New York City on April 13.

In political circles in Mississippi there is a well-defined belief that the approaching senatorial contest will be a three-cornered affair and that Senator A. J. McLaughlin and ex-Governor J. K. Vardaman will not be allowed to fight it out between themselves. The name of J. S. Sexton, president of the Mississippi Bar Association, is mentioned as a probable aspirant.

Lloyd W. Bowers, the new solicitor general of the United States, is fifty years old and a native of Springfield, Mass. He was graduated from Yale College in 1879 and from Columbia University Law School in 1882. He was admitted to the bar in Chicago in 1882 and since 1893 he has been general counsel for the Chicago and Northwestern Railway Co. For several years he was president of the Chicago Law Club.

President Taft will open the fourth annual Lakes-to-the Gulf Deep Waterways Convention in New Orleans next November. The convention will last three days beginning on November 18. President Taft has pledged himself to attend the convention and has gone on record as favoring a big appropriation by the next Congress for the deep waterways movement.

With the hope of carrying out the political program outlined last fall by the American Federation of Labor, an organization known as the Workmen's Political Party has been launched in New York. Work is being done in every assembly district and an attempt will be made to concentrate the votes of union men pledged themselves to work in the legislature for a modification of the injunction laws.

LUMBER DUTY IS STRICKEN OUT. Washington, April 6.—The house today overwhelmingly adopted the Payne amendment striking out the provision for a countervailing duty on lumber.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

RESOLUTION ADOPTED BY IRVING GRANGE

Inasmuch as there is a movement on foot to invoke the referendum on the appropriation made by the recent legislature for the improvements at the State Agricultural College, and whereas we believe the present appropriation is not sufficient to properly take care of the increasing demands upon that institution, and the recent appropriation is not exorbitant, therefore be it

Resolved, by Irving Grange, in regular session assembled, that we are bitterly opposed to any such movement, and that we will use all honorable means within our power to defeat such measure.

E. A. BOND, W. R. WING, L. M. ZUMWALT, Committee.

Unanimously adopted by Irving Grange, April 2, 1909.

TO MAKE ST. LOUIS "WIDE OPEN" TOWN

St. Louis, Mo., April 8.—Not in many years has an election in St. Louis aroused keener interest among all classes than has the municipal contest that is being fought out at the polls today. On the surface of things the fight revolves around the long-standing project of the building of a free bridge across the Mississippi river to East St. Louis, for which bonds have been voted. The present mayor, Rollin Wells, a Democrat, has been attacked as opposed to the project.

A still more important issue of the contest, though it is an issue that has not been openly discussed, is the alleged plan of the saloon interests to elect a mayor who will favor a wide-open town, under home rule, with police under municipal instead of state control, as promised by Governor Hadley.

Washington, D. C., April 5.—Attorney General Wickersham conferred with President Taft today. It is believed he has recommended the president not to appoint Fulton to the new federal judgeship in Oregon though nothing official can be got from the White House. Fulton's opponents are still confident that Fulton will not be appointed if Fulton falls nothing definite is obtainable, as consideration of the matter has been mostly confined to Fulton's chances.

Bean and Burnett are regarded as the leading candidates.

Into each life some sorrow must fall, Wise people don't sit down and bawl; Only fools commit suicide or take to flight; Smart people take Rocky Mountain Tea at night. Linn Drug Company.

NOTICE OF GUARDIAN'S SALE. Notice is hereby given that the undersigned, the duly appointed, qualified and acting guardian of the estate of Vernon G. Henderson, a minor, was by the County of Lane County, Oregon, licensed to sell the following real property, to-wit: The west half of lot four (4), in block seven (7), in that part of the city of Eugene which was originally platted and recorded as Skinner's Addition to Lane County, Oregon, all being subject to the dower interest of Minnie C. Henderson as widow of Charles Henderson, deceased. That on and after Monday, April 19th, 1909, the undersigned will proceed to sell at private sale to the highest bidder, all of the interest of said minor in said premises, for cash, or for one-half of purchase price on day of sale and the remainder in one year from said date, with interest at 6 per cent per annum, secured by mortgage on the premises sold. Date of first publication in March 18 and the last is April 15.

MINNIE C. HENDERSON, Guardian.
