

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak," the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer decide you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

STATE PUBLISHERS

MEET IN PORTLAND

Portland, April 11.—Before concluding its annual meeting yesterday the members of the Oregon State Editorial Association, 25 being present, adopted a resolution endorsing Senator Chamberlain for his action as governor in vetoing the bill passed by the recent state legislature which required the publication of delinquent tax lists. The resolution in criticism of Chamberlain follows:

"Resolved, That the State Editorial Association of Oregon, in annual convention assembled, emphasizes its belief that George E. Chamberlain, as governor of Oregon, failed to act for the best interests of the common people when he vetoed a bill providing for the publication of delinquent tax lists; that he has placed himself before the people as favoring the sale of property for taxes without due publicity and notification; be it further

"Resolved, That with his veto the setting governor struck a vicious blow at every newspaper in the state, and this association does hereby renege his action."

Attend Exposition
It was voted by the association to visit the Alaska-Yukon-Pacific exposition in a body on July 19, the date of the meeting of the National Editorial Association in Seattle. It happened that July 19 is Baker City day at the Seattle fair, and the residents of the Eastern Oregon city have already arranged for a special train to convey Baker City boosters to the exposition city. Present plans contemplate that a special car or two for the accommodation of Oregon editors shall be attached to the Baker City special as it passes through Portland.

Election of officers for the ensuing year resulted as follows: President, G. W. Putnam, Medford Tribune; vice president, George M. Cornwall, Tillamook, Portland; corresponding secretary, Bruce Dennis, Baker City Herald; secretary, George A. Schbird, Union Republican; treasurer, Charles H. Fisher, Eugene Guard; trustee for a term of three years, C. L. Ireland, Moro Observer, re-elected; historian, George H. Himes, of the Oregon Historical Association. In addition to Mr. Ireland the other members of the board of trustees are C. H. Fisher, Eugene Guard, and George H. Small, of the Baker City Democrat. The executive committee consists of the elective officers and the members of the board of trustees.

Meet Next At Baker City
The next annual meeting of the association, subject to the call of the president, will be held at Baker City. The session which concluded its work yesterday was one of the most successful in point of results accomplished that has been held. While the attendance was not as large as some of the previous meetings of the association, the interest was greater and better results were recorded. With the exception of Albany, every Oregon town in which a daily paper is published was represented.

VOICE OF NIAGARA

AGAIN IS STILL

Buffalo, N. Y., April 11.—The voice of Niagara was mute today, for the second time in the memory of man, and the river is frozen solidly from bank to bank.

On Wednesday the worst gale of the season piled up solid icefields of Lake Erie in a huge mass at the lower end of the lake. At Niagara Falls there had been a heavy ice bridge in the pool below the cataract since the middle of winter. Under the impact of the ice of the lake above and the added floes brought through by the wind, the bridge gave way and began to surge down the rapids. But before it could win freedom in Lake Ontario the wind shifted to the north. Instantly the moving floes packed at the mouth of the river. The pack froze steadily, and each hour brought added pressure from above.

BLIND PIGGERS LEAVE TOWN BEFORE DISCOVERY

J. Bohlman, a tailor, and Eve Parsley, an about town man, left town last night for fear of arrest in connection with a blind pig which Chief Farrington discovered yesterday at the head of the stairs in the business college building. There was no evidence that any liquor was sold, and the man caught in charge was not held. He said that Bohlman and Parsley owned the contents of the room.

Take me back to old Wisconsin. Where the sugar beets and tobacco grow.

Where the farmers are healthy, happy and bright—

They all take Rocky Mountain Tea at night.

SENATE COMMITTEE MAKES MANY CHANGES IN BILL BUT LUMBER DUTY WILL STAND

Washington, April 12.—The metal, agricultural, horticulture and glove schedules of the Payne tariff bill are the most important provisions of the measure which are affected by the changes made by the senate finance committee.

The senate committee on finance, with all members present, met at 10 o'clock this morning and Chairman Aldrich presented the tariff bill as amended by a majority of the committee. Many of the revenue producing features will be reported subsequently, as they are intertwined with the administrative features of the measure, which will be adopted later.

In the main the rates in the tariff bill as reported from the senate finance committee are lower than those in the bill as it passed the house, the actual number of reductions being about three times the number of increases.

Such increases as have been made have been largely rendered necessary to preserve the symmetry of the schedules. A considerable number of articles in common use have been taken from the dutiable list of the house bill and restored to the free list. The great mass of rates reported are below the existing law.

The senate committee has retained the house rate on lead ore of 1 1/2 cents a pound, but has raised the rate on lead products throughout the bill. The senate has accepted the house rate of \$1.00 a thousand on rough lumber, and has retained the house rates on the manufactures of wood, nearly all showing a reduction from the Dingley rates.

The only important changes in the lumber schedule is the restoration by the senate committee of imported hard woods to the free list.

The fish schedule is the same as in the house bill. The committee has not decided what rates it will recommend in regard to wood pulp and articles dependent upon it and also left open for further action the question of duties on coal and hides.

ROOSEVELT INITIATES ANOTHER MEMBER OF ANNIAS CLUB WHO FORCIBLY OBJECTS THERETO

Paris, April 12.—Theodore Roosevelt and the correspondent of Le Journal are engaged in a spirited controversy regarding the correspondent's veracity. Le Journal sent a representative to Naples to interview Mr. Roosevelt, and he subsequently published a long interview which was widely copied. Arriving at Port Said Roosevelt sent a cablegram to a Paris paper that he had given out no such interview. The correspondent replied, asserting that he had talked half an hour with Roosevelt, and that the text of the interview was strictly accurate.

Mr. Roosevelt's attention has been called to the statement of the correspondent, and he has reiterated his denial, characterizing the interview as an "impudent fabrication without a particle of foundation" and says he never saw the correspondent of Le Journal.

The correspondent reiterates his statements and claims to be able to bring proofs if his veracity.

JOHNSON WILL

FIGHT KETCHELL

IN OCTOBER

New York, April 12.—A match between Jack Johnson, the heavyweight champion, and Stanley Ketchell, the middleweight champion, for a bout next October at Colma, Cal., has been practically arranged. Colma is just outside of San Francisco. The details of the match will be arranged later.

James Rae is in town from Newport.

CIRCUS OF NORRIS &

ROWE WILL SHOW

HERE ON APRIL 28

With all the old elephants, the animals and ponies, and some new ones, the Norris & Rowe circus, which grew from a pony show, will visit Eugene on April 28. The show comes from California on its annual tour, and during the summer will go East. E. L. Brannon, the first advance agent, was in town this morning, making arrangements for the stop and the shows here. He pictured the show as the usual children's delight, with something more than usual for the older people.

H. M. Price returned to Hale today

AUTOMOBILE USED BY SENATORS IN CAPITOL TUNNEL.

This is the first photograph ever taken of the automobile in use in the subway between the capitol and the senate office building in Washington. The vehicle is used by the senators and other officials and their clerks and secretaries in going from one of the buildings to the other and is a great time saver. The picture was taken when Vice President Sherman was taking his first ride through the tunnel.

REVENUES REDUCED

BY PAYNE BILL

Washington, D. C., April 11.—The estimates of the revenue which the Payne tariff bill will produce have been reduced nearly \$20,000,000 through the amendments made by the House. The senate finance committee must provide means for making up this difference, if the original estimates are to be met. The striking cut of several countervailing duty clauses will lessen the bill's productivity another \$20,000,000 in duties.

The amendment taking off the 8-cent duty on coffee subtracted \$7,000,000 from the estimated revenues. The striking cut of the countervailing duty on coffee disposed of what probably would have been \$15,000,000, 000 in duties.

Taking out the countervailing proviso for lumber and for petroleum means a lost opportunity to increase the revenues by several million dollars, it is estimated.

The senate finance committee materially reduced many of the Dingley bill's schedules as it passed the House but in order to increase the revenue-producing power of the Payne bill the committee must take different action with regard to the latter measure.

Free Hides to Cost \$3,000,000.—In 1897 the Senate committee placed a duty of 1 1/2 cents per pound on hides, which was changed later to 15, but the Payne bill as it passed the House places hides on the free list. Under the Dingley law, hides have produced more than \$3,000,000 revenue annually.

There are many changes in the Payne bill from the provisions of the Dingley law. Its maximum and minimum retaliatory feature, the additional method of valuation for the purpose of preventing under-valuation of goods, is retained. The \$40,000,000 insurance of Panama bonds and a \$250,000,000 issue of treasury certificates are new. It extends the drawback privileges so that domestic raw material may be used in lieu of imported material for the purpose of collecting a drawback, provided an equal amount of identical imported raw material is manufactured into the same product upon which the drawback is collected. An inheritance tax, by which it is hoped that \$20,000,000 will be collected, is provided for.

NEW SCHOOLS OPENED

SINCE APRIL FIRST

The following Lane county schools for the spring term since the first of the month.

April 1.—Deadwood, C. B. Hamble, teacher.

April 5.—Lowell, Miss Ora Williams, teacher; London, Miss Kate Hawley in charge; Walton, Clara E. Taylor, teacher; Saginaw, Miss Nora Queen teacher; Crow, No. 130, Miss Ora V. Liles, teacher; Crow, No. 58, Welby, Huston, in charge; Panther, Miss Rose Whitaker, teacher; Florence, Miss Myra Gibbs, principal; Blackley, Miss Vera E. Birtchisel, teacher.

The Elmira school will open next Monday with Miss Grace Sallor in charge.

DEADWOOD ITEMS

(Special Correspondence.)
Deadwood, April 11.—School started at the Lake Creek schoolhouse the 5th, with Bolton Hamble as instructor.

Spring seeding is about all over in this neighborhood. Gardens will be next.

L. Berkshire has moved from the place he had rented to his place on Deadwood.

John Pope, who moved to Blackley about a year ago, has moved back to his old home on Deadwood. The neighbors are all glad to see them back.

There is considerable sickness in the neighborhood, bad colds and the grip.

A road petition was circulated by District No. 32, all of the settlers of that district signing it. The proposed road will begin at A. M. Branton's place on Indian creek and joins Lake Creek road at Indian creek bridge, it being about a half day's drive shorter.

C. Burnett is making a fine garden fence, which helps the looks of the place.

Mr. Peck bought a fresh cow the other day of O. Bennett, of Greenleaf. Mrs. Stenmon of this place, has returned home after a long visit with her sister, Mrs. William Wells, of Washington.

O. Wilcutt, of Greenleaf, has hired Otto Hunzicker, of that place, for several months to help with the ranch work, it being too hard for him.

The telephone line from Alpha to Mapleton has been stopped from switching on the Lake Creek line. The two companies could not agree, it is rumored.

Most all of the Alpha people have joined the Lake Creek line, and it is expected that several others will join later on, as the Lake Creek line goes to our best trading post.

"I'd Rather Die, Doctor."
than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve until wholly cured. Its cures of eczema, fever sores, boils, burns and piles abound the world. 25c at W. A. Kuykendall's drug store.

SPAIN WILL REBUILD NAVY

Madrid, April 13.—The cabinet has decided definitely that the Spanish fleet shall be reconstructed. The work will be entrusted to a British firm.

Jaques Mfg. Co. Chicago

MARRIED

At the Hoffman House, in Eugene, on Monday, April 12, 1909, Henry Taylor and Hazel Cobble, both of Wendling, Rev. O. C. Wright officiating.

In Portland, Saturday, April 10, 1909, at the Church of Our Father, by Rev. Dr. G. W. Elliott, James G. Callison and Miss Clara B. Carpenter. Mr. Callison is a son of Rev. J. R. Callison, of Jasper, and is a very prominent young man, being employed in the Merchants' Trust Bank at Portland. The bride was a teacher in Helena, Mont. Mr. and Mrs. Callison will be at home in Portland after May 29.

Railroad officials report the freight business now than for months, numerous "extras" having been dispatched both north and south during the past few days from Roseburg. Most of the men employed in the operating department who were laid off during the fall have been reinstated and everything points to an unusually busy season. In passenger circles there is every evidence of a great rush, for the Seattle exposition will soon be in full swing, affording the eastern people an opportunity to come west at a greatly reduced

OVER 50 PER CENT

OF COLONIST TRAVEL

COMES TO OREGON

The following figures for the month of March, given out by the Harriman lines, illustrates the extent of the colonist travel on the North-west, compared with last year. It will be noticed that more than 50 per cent of these tickets are to Portland, Oregon:

To Portland	1673	810
To other Oregon points	1138	752
To Puget Sound points	854	327
To other Washington points	360	593
To Idaho	1346	730
Total	5371	3123

A. E. Wheeler, examiner of titles, finds that the College Crest addition to Eugene is legal, with the exception of the title to a piece of land which was the site of the Columbia College, but which has been unclaimed for forty years. The title was confirmed today by an order of the circuit court.
