

FAITHFUL HOUSEWIVES OF THE UNITED STATES

Send Grateful Tributes to Dr. Hartman
For Benefits Received From Pe-ru-na.

MRS. D. C. NOLAN.

No More Throat Trouble.

Mrs. D. C. Nolan, Gen. Kas., writes: "I have no more throat trouble, thanks to Peruna. It is the only medicine I care to have. I always feel safe when I have it in the house."

"I have used Peruna for nine years, and I ought to know about it. Peruna has helped me a great many times, and I shall praise it to every one of my friends."

Ever since Peruna was introduced to the public thirty years ago, the housewife has been a faithful friend to Peruna. She is that has seen the practical benefits of the use of Peruna in the family.

When the baby has snuffles or cold she gives a few doses of Peruna, instead of filling the system with the doctor's drugs. When the school children have coughs or colds she again resorts to Peruna.

When any member of the family is afflicted with catarrh, either in its acute form or chronic, Peruna is resorted to. In a large number of minor ailments she finds Peruna a true household remedy. All this has won the confidence of the housewife in Peruna, which cannot be easily shaken by the statements of people who know nothing of Peruna, having never had any personal experience in its use.

Pe-ru-na Tablets.

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the solid medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

Mrs. T. J. Ballard, Pryor Creek, Indian Territory, writes: "I kept free from my old stomach trouble, feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and am rejoiced to know that I found a sure cure in your valuable medicine."

"Peruna saved my life. I recommend Peruna wherever I am, and when any of our folks are sick I give them Peruna with success."

"I thank Dr. Hartman, and may live many years more to go on with the good work. Tongue cannot express the gratitude that my husband, children and I owe to Dr. Hartman for the kindness he has shown toward me during my sickness."

"I want the public to know what Peruna and Dr. Hartman have done for me."

An astonishing number of families use Peruna continuously for the various petty ailments to which the family is liable.

Dyspepsia and Constipation.

Mrs. John M. Stabler, Millersburg, Ind., writes: "I have been cured of a very bad case of catarrh of the stomach and constipation, and a complication of ailments that I have had for several years."

"I doctored with three doctors who did me not much good, so I quit doctoring. I bought a bottle of Peruna and commenced taking it. I found I was getting some better, but thought I was not doing as well as I might. So I wrote to Dr. Hartman to see what he thought about me. He gave me special directions and medical advice."

"To our astonishment I improved and am today a well woman and weigh as much as I ever did in my life."

"My old friends in Ohio, where we moved from about fifteen months ago, say when they see me, 'How well you look. I did not expect to see you ever look so well again.' I tell them I would not look so well if it had not been for Peruna."

"Peruna saved my life. I recommend Peruna wherever I am, and when any of our folks are sick I give them Peruna with success."

"I thank Dr. Hartman, and may live many years more to go on with the good work. Tongue cannot express the gratitude that my husband, children and I owe to Dr. Hartman for the kindness he has shown toward me during my sickness."

"I want the public to know what Peruna and Dr. Hartman have done for me."

An astonishing number of families use Peruna continuously for the various petty ailments to which the family is liable.

MRS. AUGUSTA PAULINE OCHS.

Systemic Catarrh.

Mrs. Augusta Pauline Ochs, R. F. D. 2, North English, Iowa, writes: "I took Peruna over three years. I suffered from systemic catarrh and had pain in my right side so I could hardly do my housework."

"I am 66 years old, and am now doing all my housework. I am in the best of health, and cannot thank Dr. Hartman enough for his advice and medicine."

MRS. J. M. STABLER.

OREGON'S REGISTRATION TOTALS NEARLY 1200

Five hundred and fifty students are enrolled in the local departments of the University (exclusive of the department of music and correspondence school). In addition to these 110 students are enrolled in the Law School at Portland, 75 in the School of Medicine at Portland, 160 in the School of Music at Eugene, 306 in the correspondence school and 23 in the summer school of 1908 were enrolled. Total registration in the departments at Eugene (not including the correspondence school), is 700. Total registration in all departments is 1191.

The 550 students enrolled in the regular collegiate courses represent the following states and counties of this state: Baker, 23; Benton, 3; Clackamas, 18; Clatsop, 8; Columbia, 1; Coos, 14; Curry, 1; Cook, 2; Douglas, 18; Gilliam, 1; Grant, 1; Hood River, 8; Jackson, 19; Josephine, 6; Lane, 134; Lincoln, 2; Linn,

9; Malheur, 1; Morrow, 1; Marion, 24; Multnomah, 148; Polk, 9; Sherman, 1; Tillamook, 4; Umatilla, 15; Union, 19; Walla, 1; Wasco, 1; Washington, 1; Wheeler, 7; Yamhill, 6; Alaska, 2; British Columbia, 2; California, 10; Missouri, 2; Nebraska, 2; New Jersey, 1; Colorado, 3; Idaho, 5; Illinois, 1; Iowa, 2; Kansas, 1; Michigan, 1; Minnesota, 1; New York, 3; Ohio, 1; South Dakota, 3; Virginia, 1; Wisconsin, 1; Washington, 11; Russia, 1; China, 1.

The enrollment in the regular college courses during the college year of 1907-08 was 418. This makes this year's increase 35 per cent. Of the present enrollment 202 are women and 348 are men. It is thought there will be an enrollment of 650 to 700 in the regular college courses next year.

Many students are registered in courses of several departments, but the registration by major courses is as follows: Biology, 24; chemistry, 6; economics, 99; English composition, 21; English literature, 49; French, 11; geology, 1; Greek, 4; history, 29; Latin, 25; German, 60; mathematics, 26; philosophy and

education, 19; physics, 3; civil engineering, 64; electrical engineering, 40; mechanical engineering, 13; mining engineering, 28; graduate students, 9; special studies, 25; total, 550.

DELEGATES CHOSEN TO GENERAL ASSEMBLY

The Willamette Presbytery closed its meeting last night in a grand popular service. Before the last meeting the delegates to the general assembly at Denver were elected, as follows:

Rev. H. N. Mouni, of Eugene; Rev. George Gillespie, of Mills City; Elder Jacob Voorhes, and Elder Frank Woolley.

WANTED—To list a few more good farms in Lane county. If the farm is first-class and price right we can get the buyer. The Land Buyers' Club, 17 East Eighth st., Office in Red Cross Drug Store.

MISSIONARIES LOSE THEIR LIVES IN MASSACRE

Messina, Asiatic Turkey, April 16.—The massacre of Armenians at Adana continues. The troops are powerful, some of the soldiers joining in the pillage of the city.

Constantinople, April 16.—Information received today from Adana, Asiatic Turkey, declares that two American missionaries have been killed in the anti-Armenian outbreak at that place.

There is no confirmation of the missionaries' death. The Moslem report of the death of two American attacks started yesterday and continued throughout the night, and a large number of Christians are said to have been killed. One report says that 60 Armenians have lost their lives and that many houses have been looted and burned.

The British vice consul at Messina has proceeded to Adana, and until his report is received there will be little value attached to the many conflicting reports of the number of deaths and extent of the trouble.

Fire and Massacre. Berlin, April 16.—A dispatch received at Messina from Adana says the city has been aflame since last Wednesday evening, and that horrible massacres are being carried out on the streets. This information was conveyed to Berlin in a private telegram from Messina.

Adana is a station of the American board of commissioners for foreign missions with a working force of five missionaries and 32 native workers.

The American missionaries there are Rev. Wm. Chambers and wife and the Misses Webb, two sisters. The population of Adana, 45,000, mostly Mohammedans, but there are a considerable number of Christians, including Armenians, and a small Greek colony.

Who the Americans Are. Chicago, April 16.—The Misses Webb were former residents of Missouri. Rev. William N. Chambers is seventy years old and his wife is maintained by the First Congregational church of Oak Park, a fashionable suburb of this city. Mr. Chambers has been in Turkey since 1879.

LAND COMPANY FORMED TO DO BIG THINGS HERE

The Williams Land company was incorporated today with a capitalization of \$100,000 for the purpose of conducting anything from a real estate business to an electric railway. Other things which the corporation will have the privilege to do will be to sell general merchandise, establish gas plants, electric power plants, electric transmission lines, and allied businesses.

L. L. Bower, C. H. Jones, C. B. Simmons, are the incorporators, the principal place of business is Eugene. The shares are \$100 each.

ANOTHER PIONEER OF '52 DIED THURSDAY

(From Thursday's Daily Guard.) J. A. Safford, another pioneer of 1852, died yesterday at his home on the Mohawk of Bright's disease, after an illness of five months. He settled on the Mohawk, as soon as he arrived in the Oregon country, and has been prominent in local affairs during his earlier life.

James Madison Stafford was born in the state of Missouri, May 18, 1842. He crossed the plains with his parents in 1852 to Oregon, settling in the Mohawk Valley, Lane Co., where he still resided at the time of his death. He was married October 25, 1866 to Miss Sarah E. Hardman of Albany, Oregon, who died four years ago. Eleven children were born to them, ten of whom are still living. A son, Fred died November 8, 1896.

In 1907 he was married to Mrs. Ellen Gulliford, who survives him. During his last illness all the children were with him except Mrs. J. J. Finley and Mrs. H. Y. Spencer of Mexico City. He was an honored member of the Oregon legislature in the house of representatives, serving two terms, elected in 1885 and 1887, serving with integrity and honor. Funeral and interment at Stafford cemetery, Mohawk, Saturday, April 17th, 4 p. m.

POLK COUNTY MOHAIR POOL SOLD

The mohair pool of the Polk county Mohair Association, aggregating about 50,000 pounds, was sold this afternoon to William Brown, of Salem, the highest bidder, on a bid of 25 cents a pound. U. S. Grant, of Dallas, bid nearer Mr. Brown's figures than any other dealer present, offering 24 3/4 cents. Among the outside mohair dealers (two) were present were Messrs. Metzger, Burnham and Ray, all of Portland. H. L. Fenton presided over the meeting and conducted the sale of the pool, which was held at 1:30 o'clock. A large number of prominent goat raisers and mohair dealers from all parts of Polk county were present. —Dallas Observer.

MANY WORKINGMEN DIE IN SAN FRANCISCO HOTEL FIRE

San Francisco, April 16.—Five bodies recovered, probably eight or ten others buried in the ruins, six injured, one fatally, and property loss to the amount of \$125,000, are the results of an early morning fire which destroyed the St. George hotel and lodging house for laborers at Howard and Eighth streets, and eight small buildings.

The bodies taken out were so charred that identification is impossible. D. S. Cartwright, a carpenter, formerly of Salem, Oregon, and said to have possessed considerable money, was burned all over the head and body and has little chance of recovery.

The hotel was a three story frame building and burned so rapidly that none of the 180 guests had time to dress and many escaped by jumping to the roof of an adjoining building, while scores clambered down the ladders of the firemen and fire escapes, and at least four jumped to safety in a net held by fire fighters. When the fire broke out the night clerk and several other employees went through the house alarming guests and directed the half crazed men to exits through the labyrinth of halls which threaded the four hundred small rooms. It was a flimsy wooden structure.

This afternoon another body, supposed to be that of a man named Johnson, of San Antonio, Texas, was recovered. The search is still progressing.

About thirty people have not been accounted for so far, but it is believed that many of these simply left the vicinity, after leaving the burning structure. At some points in the ruins charred timbers and iron pipes are piled to a depth of eight or ten feet, and while a score of firemen are tearing away obstructions, they are making little progress, owing to the heat. There is still a belief that a number of bodies are hidden in the ruins.

The hotel contained six hundred rooms, and the estimated damage by fire is \$82,500.

ACCUSED STUDENTS TO BE SUSPENDED FOR TWO WEEKS

Guard Special Service.

Portland, April 13.—Ralph Bristol's hazers will be punished by suspension from the University of Oregon for a period of two weeks. Such was the majority report of the investigating committee of the board of regents, submitted to the board today.

The report did not recommend any particular period of suspension, but left it to the discretion of the regents, and in adopting their findings the regents fixed the term of suspension at two weeks.

The majority report was signed by F. V. Holman, chairman of the investigating committee, and J. C. Ainsworth.

A minority report which recommended the dismissal of the charges was signed by Judge William Smith, of Baker City.

The five students affected are C. A. Downs, Jas. Neill, Wilfred Wattenburg, Byron Goodall and John Rast. The suspension directly affects the first three, who are now in attendance at the University, but the latter two will not be allowed to return to pursue their studies for the fortnight's period.

Judge Smith held that the accused students were acting as a committee on order and punished Bristol in enforcing discipline; that the punishment was not unnecessarily severe and that the students were not guilty of the charge of hazing.

CALIFORNIA RACING THING OF THE PAST

San Francisco, Cal., April 17.—Racing in California for some time at least ended today with the close of the meetings at Emeryville and Los Angeles. The Walker-Otis anti-betting law comes into effect next week and those in control of the racing interests in this state have decided not to contest the law for the present. The proposed meeting at Tanforan has been abandoned. Sentiment shown throughout the state when it became known that the racing elements had planned a "test meet" for Tanforan was so strong that it was deemed advisable to drop the idea of a meeting in the county where the officials are known to be favorably disposed toward the racing game. It may be that a single race will be run to test the law, but the horsemen have little hope that any such test will prove successful.

PRUNE CROP MAY BE VERY LARGE

Another week of fine weather will put the prune blossoms beyond danger, and will almost insure a large crop. W. G. Allen, who recently returned from the East, yesterday made a visit to his fruit farm near Irving, and is thoroughly satisfied with the outlook in the prune line. The season has been somewhat cold, but is has been so consistently, and so far as has been discovered there has been no damage. Peach blossoms may have been hurt to some degree, but in case the crop should be a little short prices will be better.

Up Before the Bar. N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For chills, constipation, biliousness or sick headache they work wonders. 25c at W. A. Kuykendall's drug store.

SUBSCRIBE FOR THE GUARD

CHERRY MARKET THREATENED ON ATLANTIC COAST

The Eugene Commercial club and the Eugene Fruit Growers' Association have sent to each member of the Oregon delegation a letter asking that a duty be placed on foreign cherries. The letter says in part:

"The Eugene Fruit Growers' Association and our Club wish to call your attention to the disastrous effect of the importation of foreign cherries into the United States upon our Pacific coast cherry industry."

There are, at the present time, imported into America, cherries by the carloads from France, Italy and Spain, which come in direct competition with our cherries.

"We understand that those cherries are imported practically free of duty, and they are being laid down in different cities of the East at a very low price,—so low in fact that cherries from the Pacific coast, which take a higher rate of freight, are practically driven out of the market. The use to which those cherries are put is largely for the marshchino and soda fountain trade; also, large quantities are imported for glaze purposes."

"The largest importers of cherries are located in Cincinnati. Formerly they had their connections in Oregon and California for putting up cherries in barrels; but, on account of the very low price at which foreign cherries can be laid down, they have practically withdrawn from the Pacific coast, and are now buying all of their cherries from Italy and France."

"We understand that there is no duty on cherries put up in barrels or after they have been preserved in maraschino. And, in talking the matter over with these local importing firms, they informed us that they would have no objections to having duty placed upon foreign cherries, no matter how preserved."

"We petition you to take up this matter at once and see whether a duty of at least 3 cents per pound cannot be arranged for. If this can be done, it will be a great boon to the cherry growing interests of Oregon and California."

"Thanking you in advance for any influence you may be able to bring to bear to accomplish this result, we are,

Very truly yours,
EUGENE COMMERCIAL CLUB.
By John H. Hartog, Mgr.
EUGENE FRUIT GROWERS' ASSOCIATION.
By J. O. Holt, Secy.

KLAMATH FALLS WILL CELEBRATE COMING OF ROAD

Klamath Falls, April 14.—The chamber of commerce is laying plans for a big celebration on the inauguration of service into the city by the railroad. The people of this city and the entire county are enthusiastic. The chamber of commerce has decided upon a fund of \$5000 to be used in advertising and for attractions on the date of the event. The citizens are contributing liberally to the fund, and railroad week will be an epochal occasion in the history of the county.

Tents and camping grounds will be arranged for the accommodation of 2000 people. With the assistance of the railroads, excursions are planned from Portland, San Francisco and Sacramento. It is expected that during railroad week fully 10,000 people will be in the city. One of the attractions will be an old-fashioned Indian village on the outskirts of town. Two or three hundred Indians, with their families and ponies, will be camped close to the city, and will hold daily parades and Indian pony races.

Grand Water Carnival. A grand water carnival for the evenings is being arranged. Hundreds of craft will participate in the parade, and each will be decorated and illuminated with lanterns and red fire. The city is beautifully situated for this purpose, overlooking Lake Ewanna. Excursions to Holland on the railroad and the steamboats will be run for the benefit of the people from the country.

Other details of the celebration have not been worked out, but the people are entering into the affair with great interest, and are making other preparations to devote their funds and efforts to make the railroad celebration an unequalled success.

Swept Over Niagara

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current. Nature's warnings are kind. That dull ache or pain in the back warns you that the kidneys need attention. If you would escape fatal maladies—dropsy, diabetes or Bright's disease, take Electric Bitters at once and see back-ache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1 bottle wholly cured me," writes J. R. 50c at W. A. Kuykendall's drug store. Blankenship, of Belk, Tenn. Only 50c at W. A. Kuykendall's.
