

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pain temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. These instead of neutralizing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S.S.S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S.S.S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and bark of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

KASPARILLA

This sterling household remedy is most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthful activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, nervous and digestive tract. It is a strengthening tonic of the highest value. If it fails to satisfy we authorize all dealers to refund the purchase price.

EIGHT PERSONS WERE INJURED IN AUTO WRECK

San Francisco, May 3.—Eight persons were injured more or less seriously in an automobile accident early today on the boulevard near ocean beach. The machine, a large touring car driven by L. C. Perival, was going at good speed, when, in attempting to make a sharp turn, its wheel struck the soft sand in such a manner that the machine turned turtle. The party had spent the night at a beach resort, and two other automobiles close at hand carried the victims to a hospital. The injured are: A. Becker, serious; Billy Lyon, serious; Charles Miller, serious; L. C. Perival, chauffeur, serious; George Sternberg, not serious; former State Senator J. M. Plunkett, not serious; Miss Mildred Forbes, not serious; Miss Patricia Collins, not serious.

A permit has been granted to erect a \$1000 church building at West Third and Monroe streets by the Church of Christ. Work on the structure has already commenced.

SULTAN'S FRIENDS PLANNED MURDER OF FOREIGNERS

Constantinople, May 3.—Documentary evidence has been discovered among the records of the telegraph office here of the knowledge of the Constantinople authorities that the massacres had been planned for the Adana district, and that they were to coincide with political events here. Other papers found were indicating that the conspirators at the palace acted in the sultan's name in preparing the military mutiny of April 13. Lists of houses with notes of the kind of loot to be found therein have been discovered on some of the prisoners now in custody.

The arrangements included a general massacre of foreigners in Constantinople, including diplomatic representatives, on April 4.

SNOW MELTED ON BOHEMIA RIDGES

The snow is almost gone from Bohemia, and will begin on the camps very soon, says Walter Eaton, a mining engineering student at the University, who has been working in Bohemia as a mining engineer during the winter. Only a foot or so of snow remains on the ridges now though the date is early for the white

MULTNOMAH AND UNIVERSITY ENTER CONTRACT

A contract made some time ago between the management of the University of Oregon football team and that of the Multnomah team, but just announced, is to the effect that while the game at Portland on next Thanksgiving Day is to be played by the Multnomah and O. A. C. teams, the clubmen and the University of Oregon team will play on such Thanksgiving Day for four successive years thereafter. This year the team will play prior to that date in Eugene.

WALLOWA COUNTY WOOL CLIP SOLD IN ONE BIG LOT

Enterprise, May 3.—Ed Rumble, of LaGrande, has been in this country for the last several days and has bought for a San Francisco firm practically the whole of the Wallowa county wool clip, approximately 180,000 fleeces, at prices ranging from 18 to 29 cents per pound. About 200,000 fleeces brought 18 cents; 50,000 sold for 19 to 19 1/2, and the remainder the owners will realize 20 cents for.

About \$350,000 will be distributed in Wallowa county by these deals, and the sale of spring lambs in the fall.

NEWS NOTES OF BUSY SPRINGFIELD

The home of Mr. and Mrs. A. Bigelow on North F and Fourth streets was the scene of a jolly crowd last Wednesday afternoon, it being the event of the 50th birthday anniversary of Mr. Bigelow. The merry party entered the home unannounced about 3 o'clock, and gave their host a welcome surprise, announcing that they would take complete possession and during the day would proceed to run things to suit themselves. Mr. Bigelow yielded to their commands and a good time commenced which lasted until after the 6 o'clock dinner hour.

N. A. Rowe returned from Saguaw Wednesday after a few days visit with his brother's family, who are arranging to remove to the Alberta country. Mr. Rowe says that his brother owns 320 acres of land in the Canadian Northwest and that he may yet decide to accompany him and perhaps take up some land.

Elmer Wells, one of the Eugene Guard staff, is at home this week with his parents, trying to recover from an attack of grippe.—News.

A. S. Nickerson has been admitted to the Eugene hospital. He has been a sufferer for several months and a short while ago underwent the second operation at a Portland hospital. It is sincerely hoped by his many friends that he will soon regain his former state of good health.

News was received here this week that Mrs. M. G. Bumgardner, who was a former resident of Springfield, died at Lakeview, Iowa, last Saturday morning. The sad news received here was to the effect that she had undergone an operation for a tumor three days prior to her death. Mrs. Bumgardner has many friends here who will be sorry to learn of her sudden demise. She leaves a husband and one son.—News.

HIGH SCHOOL PLAN DISCUSSED AT HARRISBURG

(Special Correspondence.) Harrisburg, May 3.—At a meeting of the Harrisburg Improvement Club held here Saturday, School Superintendent Dillard of Lane county, and School Superintendent Jackson of Linn county, were in attendance and addressed the assemblage on educational lines, but especially the advantages to districts which avail themselves of the benefits offered by the late school law. They fully explained the workings of this law, with the result of making many friends for it. The meeting was further entertained by Mr. Kendall in his inimitable personifications and laughable jokes, which were greatly enjoyed. These booster meetings are rapidly gaining in public favor, and the doing noble work for Harrisburg and vicinity.

WANTS HURD TO PUBLISH AERIAL PLANS

Eugene Jones, editor of Aeronautics, of New York, has written and asked Lee Hurd to send him details of his airplane model, which he is now building in the workshops of the University of Oregon. Complete specifications, with drawings and photographs, and as many details of his machine as Hurd is willing to have printed, were solicited by the editor for publication in the next issue of his journal, which goes to press May 14.

Hurd has original ideas on aerial navigation which he is putting into the construction of his little airship. Aeronautics is the official organ of the International Aeronautical Congress, and is regarded as an authority on aerial navigation.

ANNIVERSARY SERVICES AT BAPTIST CHURCH

Yesterday was observed as anniversary day at the Baptist church, it being the close of the fifth and beginning of the sixth year of Rev. O. C. Wright's pastorate. Each year has been marked by some special event. At first anniversary enough money was raised to assure the present commodious church and each succeeding year has witnessed some special blessing. The pastor had announced a surprise for yesterday and a crowded house came expecting something. Church, the pastor announced that he had been praying for thirty additions to the membership on this fifth anniversary. Upon the invitation thirty-one presented themselves for membership.

During the five years the Eugene Baptist church has trebled in membership and benevolence, while the property value has been increased four-fold. A standing test of the audience yesterday showed that fully four-fifths present had united with the church during the past five years. Never did the Eugene Baptist church face a more hopeful future.

FIRST PRESIDENT OF NEW REPUBLIC PASSES BEYOND

Panama, May 2.—Dr. Samuel Amador, first president of the republic of

DR. MANUEL AMADOR.

Panama, died today after a lingering illness, aged 75 years.

Manuel Amador was one of the prime movers in the revolution of 1902 against Colombia, which led to the independence of Panama. He was born at Cartagena, and early in life engaged in commercial business. Later he began the practice of medicine and finally became one of the eminent physicians of the country.

Dr. Amador in politics was a conservative, and in 1896, much against his will, was nominated and elected to the presidency of the state of Panama. He never took office, however, for a liberal revolution was started and succeeded before his inauguration. Afterward he steadfastly refused to accept high political office, and when at last he was chosen president of the republic of Panama the honor came to him unsought.

ROOSEVELT BAGS ANOTHER LION IN THE JUNGLES

Niobrara, May 3.—Theodore Roosevelt bagged one more lion yesterday at Wami, near Kapiti, and Kermit succeeded in bringing down a cheetah.

The lion killed by Roosevelt yesterday was brought down at close range, and his quick work with the rifle saved the lives of some of his mounted escort, who had narrowly escaped from the infuriated beast.

OVERTAKEN.

Hundreds of Eugene Readers Know What It Means.

The kidneys are overtaken; Have much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills, Urinary troubles, diabetes, Bright's disease follow.

A Eugene citizen tells here a certain Eugene cure.

W. W. Gossett, retired, formerly of 558 Madison St., Eugene, Ore., says: "Although I have had no occasion to use Doan's Kidney Pills for three years I now just as enthusiastically recommend them as ever. Acute pains in the region of my kidneys attended with a dull, steady aching through my loins kept me in misery for about four months. One day while working a sharp pain caught me in my back and I could not move for some moments. When laid up I started taking Doan's Kidney Pills on the recommendation of a friend. I found relief from the first and soon was completely cured. There has been no symptom of a return of the trouble since, proving Doan's Kidney Pills to be a remedy of great merit."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

OVER 2000 ON NESMITH COUNTY VOTE PETITION

John W. Baker is home from his brief canvass of Jackson and Josephine counties in the interest of the initiative petitions for the creation of the new county of "Nesmith" from the southern portion of Lane and a small corner of north Douglas counties at the general election next year, says the Cottage Grove Leader. He met with greater success than was anticipated, everybody signing the petitions freely, in all over 2000 old voters. Mr. Baker left some of the petitions in the hands of old friends and some of his old game wardens and deputies and they are swelling the list considerably. Mr. Baker will visit another section of the state next, where he is well acquainted, and run up another big list of names. He says that everywhere the sentiment is in favor of the subdivision of the big counties and the big farms, the booster spirit with "Greater Oregon" as its slogan, being responsible in a degree for this growing sentiment in favor of division and more speedy development of Oregon's monster counties. This all looks good for "Nesmith county in 1919."

SNOW CRUSHES BUILDINGS IN CRATER RESERVE

Klamath Falls, Ore., May 3.—Superintendent Arant, of the Crater Lake National Park, has received word from Fort Klamath that Mr. Scott, of that place, who recently returned through the park, reports that practically all of the buildings have been broken down by the heavy snow of last winter. There is now about ten feet of snow in the Arant camp, which is five miles below the lake. Mr. Wheeler, who trapped on the head of the Umpqua last winter, states that the snow was the heaviest in that section that it had been for many years. He is of the opinion that there was fully 25 feet of snow at the Arant camp.

There were a residence, barn, shop and toolshed and a number of smaller buildings at the Arant camp, and near there Mr. Steel had a log cabin building. It is said that every one of these buildings with the exception of the toolshed were destroyed. The barn, rebuilt last year by Mr. McMillan, of this city, and was constructed of the heaviest timbers, being built to withstand the heaviest of storms. Mr. McMillan refuses to believe that the barn is down, as he says it was built as solid as a rock.

LOWER SIUSLAW VALLEY NEWS BUDGET

Heseta Lodge No. 11, I. O. O. F., has elected Bruce Davis and Jesse Lowe as delegates to the grand lodge, which meets at Albany about the middle of May.

Aubrey Bond and Eugene Hurlburt left Sunday for Eugene to resume their studies in the State University, after spending their vacation with Florence friends.

Glenda Item, G. W. Knapp, who lies at his Eugene home with a broken leg, has been at death's door with pneumonia. He was thought to be mending at last report.

Mr. Potehard, of Eugene, was looking over the lower Siuslaw country several days last week. He is thinking of purchasing property and moving to Florence if he can dispose of his holdings near Eugene.

Samuel Leppert and family arrived here yesterday from Coburg, and intend to remain in Florence. He expects his brother, Rev. David Leppert, and a company of musicians in a couple of weeks. They may decide to locate.

The dairy business is rapidly increasing in proportions in this vicinity. Last Friday the Hazlewood Co. shipped over 1000 pounds of butter fat to Portland, not having their creamery here fitted up to make butter yet. That is doing well, considering that it was only the second lot shipped out this spring.

The Washelore arrived in Sunday evening from San Francisco, on her first trip to Florence this season. The report that she was off the mouth of the river Thursday afternoon proved to be a mistake. It was some other vessel on her way up the coast.

Some of the freight brought in was some pipe for the Mapleton waterworks, a "nigger" for the Siuslaw Lumber Company's mill, and some brick for the slab burner here.—Florence West.

OBITUARY.

The subject of this sketch, James Madison Stafford, was born in Missouri, May 18, 1842, and died in Mohawk, Ore., April 15, 1909, in which place he had lived continuously since his boyhood. He bought the old farm, which was owned by his father in an early day of Oregon's history and with his bride, Miss Sarah Hardman of Albany, Linn Co., Ore., they moved on the old homestead and the year 1866, and built up a happy home. To them was born 11 children. Five daughters and one son are married, three sons and one daughter at home, one son dying at the age of 14 years. The wife departed this life September 17, 1905.

The writer was an intimate friend of the family for thirty-five years and to know Mr. Stafford, as he was familiarly called, was to respect and honor him. He was one of nature's noblemen who had high ideals of life and lived up to that standard and was slow in condemning others who were not so honorable.

His was a genial nature, scattering sunshine along the path, of those with whom he came in contact by his cheery manner. He was a kind, his hand and father, a good neighbor and will be greatly missed from the large circle of friends.

While he was not a member of any church he was a believer in Christianity and since a severe illness he had several years ago he has often expressed his belief in the immortality of man, that one must render an account of deeds whether good or evil.

He was a great sufferer during the last four months of his life, but through it all he evinced great fortitude and was reconciled to die and realized that his time had come to cross over the dark river. The sympathy of many friends and especially with the two daughters in Mexico City who could not be present to administer to him in his last hours, but who had contemplated visiting the old home early in the summer, which will now be a sad visit with father and mother both gone out from the home so dear in memories of the past.
