

CHILDREN FATALLY BURNED DURING SCHOOL EXHIBITION

Central City, Ky., May 25.—Five children who took part in the commencement exercises of Mrs. B. C. Body's school in this city last night were burned, it is believed fatally. Several other children were slightly burned, and a panic was averted by the coolness of the men in the audience, who covered the flaming children with their coats. The fatally burned are: Dorothy Clay, aged eight; Zelma Clay, aged ten; Louise Marshall, aged twelve; Nellie McGeary, aged eight; Rena May Miller, aged six.

Little Dorothy Clay was the unwitting cause of the catastrophe. During a dance she dropped an electric candle and in a twinkling her light muslin dress was on fire. The flames caught the other light dresses and in a few seconds five dresses were afire. There was a wild scramble in the audience, mothers becoming frenzied in their efforts to reach their children. Finally each little sufferer was wrapped in the clothing of friends, but it is believed that all of the little ones will die of their injuries.

SPRINGFIELD DEFEATED

Junction Tars Trick In Eleven-Game Yesterday. Junction defeated the Springfield ball team yesterday in an eleven-game contest, 11 to 9. The game was a comedy of errors on both sides. Junction led until the ninth inning by two tallies, when Springfield tied the score. In the eleventh inning Junction won the game. Nichols pitched the first three innings for Junction and helped to win the game with a home run. Carroll occupied the box the rest of the game. Rokin and Jewett threw for Springfield, the former not being quite up to his usual form.

DIED

In Eugene, May 24, 1909, of tuberculosis, Marion Earl Henderson, aged 22 years, 1 month and 12 days. The funeral was held this afternoon, with interment in the Mulkey cemetery. Rev. D. H. Trimble conducted the services.

HOPS WILL NOT AMOUNT TO MUCH

Such Is Opinion of Harrisburg Grower—Other Notes of Lane County.

(Special Correspondence.) Harrisburg, May 26.—Mr. Durham, who operates a hop yard near here, and who generally has some of the best hops raised in this section, states that the hop crop for this year will not amount to much. He says that a neighbor's yard has been nearly cleaned up by cut worms, they having ate up nearly all of the vines near down to the ground. In his own yard 4 they dug around one hill and found thirty-three of the cut worms around the roots.

Band Entertainment. The Junction City Cornet band gave a home talent entertainment here last evening to a large and appreciative house. Junction may well be proud of her band and home talent. The band boys are hard workers and are going to have a picnic May 29 and have made elaborate arrangements for the entertainment of those attending.

Henry McCartney, of Portland, is here on a business trip.

C. Kendal made a short business trip to Junction City yesterday.

FOURTH OF JULY

The citizens have held another meeting and the following committees were appointed to look after their respective shares of the celebration preparations: Fire works, Jake Murguth, B. May and E. M. Goodlin. Ball game—C. L. Morris, G. E. Holt, and C. E. Maxon. Music—G. Kelsey, W. L. Tyler and R. C. Shisler. License—T. J. Anderson. Mahlon Hawk and J. B. Haskell. Advertising—M. D. Morgan, Chas. H. Canter and Dr. W. H. Dale. Street decoration—W. L. Wright, J. B. Colburn, O. L. Scott, D. C. Holt and B. S. Norwood. Parade—R. H. Burton, D. H. Pierce and Geo. J. Whitham. Street attractions—J. Hill, W. L. Tyler and T. W. Sommerville.

PIONEER EUGENE MINISTER DIES

Albany, May 25.—Rev. Robert Robe, one of Oregon's first ministers and the organizer of the first presbytery of the Presbyterian church in the Pacific northwest, died this afternoon at his home in Brownville, at the age of 86 years. He was an Oregon pioneer of 1851, and was one of the most prominent men in Linn and Lane counties in early days. He was the oldest Presbyterian minister in Oregon, and one of the best-known clergymen in the state.

Rev. Robe was born in Ohio, October 10, 1822, and graduated from Washington College in Pennsylvania in 1847. He preached two years in Ohio, and then crossed the plains to Oregon. He located in Eugene and organized the first Presbyterian church there in 1851. The same year, with two other ministers, he organized the Presbytery of the Willamette. It being the rocky presbytery formed west of the Rocky Mountains north of California. He also assisted in organizing the first synod on the Pacific Coast at San Francisco.

Besides his ministerial work, he exerted a great influence along educational lines in the early days of Oregon. He was one of the first county school superintendents of Lane county and laid out his school districts. After living at Eugene for ten years, Rev. Robe went to Brownville and was pastor of the Presbyterian church there continuously until 1895, when he retired from active work. He also owned a large farm near Brownville. During his ministry there he organized a church at Crawfordville and assisted in the upbuilding of Linn county in many ways.

Rev. Robe is survived by his wife, now 75 years old, and four children—William W. Robe, Maria J. Marsters and Herman L. Robe, all of Brownville, and Elbert S. Robe, of Albany.

NEW TODAY

STRAYED OR STOLEN—Sunday night, one light gray mare, weight about 1200, heavy with foal; one steel gray mare, two years old, with light main and tall and white face, and one sorrel roan mare. Last seen at Center Hill, on the mella road. Address owner, E. Gershbach, Elmira, Oregon.

Wanted—Lady in grocery department at Ax Billy's.

Every woman of refinement appreciates a radiant, beautiful complexion, which is so much admired by men. Such complexions come from using Hollister's Rocky Mountain Tea, tea or tablets, 35c, Linn Drug Co.

A few of the new gold pieces in fives and tens first minted by the government last year are finding their way into Eugene and are looked upon with suspicion by some of the men behind mercantile counters. A man who presented a new \$5 gold piece at a store yesterday had it refused by the clerk in charge. The possessor of coin said he had been experimenting with it just for curiosity and found a number of dealers afraid of it. The design is radically different from the old \$5 and \$10 pieces. At the banks, where the dollars are up with the times in new departures in coinage, the money is accepted without question.

WHAT A WOMAN WILL NOT DO.

There is nothing a woman would not do to regain her lost beauty. She will be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists' and dealers', 25 cents.

"QUEEN ESTHER" TO BE GIVEN SOON AT COTTAGE GROVE

Arrangements have been made by the ladies of the Civic Improvement club of Cottage Grove to produce the ever popular sacred opera "Queen Esther" for the purpose of raising funds for the improvement of the park. M. E. Robinson, who has so successfully produced this and similar operas in all the cities of the Northwest, has been engaged to direct the entertainment, and rehearsals are being held each evening in the Christian church. There seems to be considerable interest among the musicians and already a fine chorus is at work on this popular music.

All who attended the opera "Belshazzar" as given here by Mr. Robinson some time ago, will be glad of an opportunity to again hear something of the same nature, although more interesting and considered a better and more interesting subject for an opera. The music is bright and catchy and the entire cast and chorus will be arrayed in bright costumes in keeping with the times represented in the opera.

The date is set for Thursday and Friday, June 3 and 4, and the best singers of Cottage Grove will appear in the cast.—Western Oregon.

MOULTEN, '05, U. OF O. DOES WELL IN THE EAST

Baker City, May 19.—Herbert Moulten, a Baker City boy, who graduated from the Baker City High school in 1900 and from the University of Oregon in 1905, recently secured a position with a New York company interested in railroads and mining. He is to investigate transportation rates in the East and South, and may do some work in mining engineering. Mr. Moulten is 26 years old, and his rapid progress toward the goal of success is due wholly to merit and ability shown where he has been employed. Before accepting his present position he was connected with a copper syndicate in Arizona, where he received \$250 a month.

HANDICAPPED.

This is the Case With Many Eugene People.

Too many Eugene citizens are handicapped by a bad back. The unceasing pain causes constant misery, making work a burden and stopping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

PORTLAND MARKET REPORT.

White O Feed Stable, corner E. Ninth and Pearl St. Everything new and clean. Special attention to farmers. No raise in prices. Waiting room for ladies. Give us a call.

Of the 25,000 acres of hop land in Oregon not to exceed half the area in crop this year and the total output will not exceed 65,000 bales. With this reduced production the price of hops ought to be better this year than last.

Travelers through Servian villages often see dolls suspended in the windows of cottages. The dolls have nothing to do with child life, but signify that a marriageable daughter or widow lives in the house.

Alarm clocks 83c at Ax Billy's.

ELMIRA ITEMS.

Elmira, Or., May 26.—The crops in these parts look pretty bad and unless more rain falls there will not be much raised.

Hawes Yates and family of Wasco spent last week with friends and relatives.

Mrs. George Gilson, of McMinnville, visited here for a few days last week.

Mr. Bogard is progressing finely with his new house.

C. C. Curtis will preach his farewell sermon at the Christian church next Sunday. He goes from here to Weiser, Idaho, where he will take office of the church at that place. Our loss will be their gain.

Mr. and Mrs. Fountain spent Sunday at Fairview.

PORTLAND MARKET REPORT

Portland, May 27.—While it is conceded that the wheat supply of the Pacific Northwest at this time is the lightest known in many years, the opinion of millmen and grain dealers generally that there is enough of the cereal left to meet the home consumptive demand during the remainder of the crop season. It is believed that a further advance in flour advances is unlikely, and it is also possible that wheat prices in the coast markets may not go far above the present level this season.

The bulk of the wheat supply is of course in the hands of millers and dealers, but the past two weeks have witnessed the appearance of some small lots of grain from sources in the interior where none was supposed to exist. These, though light, would seem to indicate that the "in-usable" supply in the hands of farmers is a trifle greater than had been supposed.

But not enough wheat has come to light to weaken the market, and the situation locally is about as strong as ever. While wheat and flour prices may not go any higher between now and the opening of the new crop season, there is small probability of any material decline. The position of wheat in the world markets is stronger than a week or a month ago.

Wool Selling Fast.

Wool buying continues in those sections of eastern Oregon where any wool remains ready, but except in the Shauko district there is not much offered. The next Shauko auction will be held on June 1.

The first shorn wool sale made at Condon, according to the Times, took place on Thursday, when F. T. Hurlburt bought the Andrew Patterson wool for \$20,000. The exact price for the wool, but it must have been between 18 and 20 cents, as it gave Mr. Patterson \$2 for each fleece. Mr. Hurlburt also contracted for Tobey & Art and Mac Smith clips. The Butte Creek company's will is expected this week and is a clean lot. Monahan & Murtha have their wool already hand, while Murtha, Monahan, William Rettle and Mrs. Kate Russell have finished shearing and will haul to Condon. Besides these wools there are some heavy clips to come in from south of the John Day.

Good Sales of Canned Salmon.

While there is plenty of Columbia river salmon of the new pack still offering, sales are very liberal. Packers are showing no disposition whatever to push sales, because they do not know the extent of the pack. Run of chinooks shows but little improvement, although a better showing is expected with warmer weather.

Butter Market Is Easier.

Warmer weather has already affected the butter market and in most places weakness is noted. Supplies are not showing the expected increase, and for that reason most city makers are hesitating about forcing a decline. Principal weakness at the moment is in the lesser known brands.

quality. With the return of warmer weather it will be necessary for shippers to take much more care in sending supplies to market. If they would have their meats arrive here in good shape.

Hams and Lard Advanced.

Continued high prices for hogs in the local stockyards and the forcing of the packers to go east for most of their wools in that line have caused a sharp advance in the price of hams and lard, according to the new list issued by the Union Meat Co. Bacon and other provisions show no change.

Asparagus Selling Higher

While there is a fractionally better showing of asparagus from local points in the Portland market, demand is increasing and is therefore more than able to take care of what comes forward. Some supplies are still showing from Walla Walla and are selling at \$1.50 a box, or an advance of 15c over former figures.
