Portland, Or., June 24.—While the season is not far enough advanced to say what the onion crop will be the present season, not as good a production is expected as a year ago. Onions are now troubling onion growers and most of them report serious damage during the recent weeks. The acreage is not as good as a year ago, although the deficiency in this direction is almost too slight to attract attention.
Local trade is holding new California onions rather higher, although the price recently touched the lowest point of the year at San Francisco.
More Offerings of Local Cabbage.—Offerings of local cabbage are liberal. Supplies show considerable increase during the past few days and quality is expected as a year ago. The stocks coming from California that the two cannot be compared. This is forcing practically all of the business into the Oregon product, which is not very pleasing to some. Front street-houses who are now and have been for some time overstocked with the poorer California quality. However, that was the best obtainable at the time purchased.
Strawberries Raising Higher.—Is the strawberry market a higher range of quotations is noted general-

ly. Fancy Magoons are firmer at \$1.50 and no good stock was obtainable during the day under that figure. Clarks and Wilsons are scarcely seen along the street and the strawberry market in general is coming to a close.
Overstock of Poor Cherries.
Poor cherries have so completely glutted the Portland market that there is scarcely any demand for the fruit. Prices continue to rule as low as three cents a pound, although best quality goes as high as 10 cents.
Old Potatoes Cleaning Up.
Stocks of old potatoes are being rapidly cleaned up and after a careful investigation of available holdings here this morning the trade has come to the conclusion that practically no old stock will be offered after ten days. Prices on old potatoes have a very wide range, some selling down to \$1.25, while others range around \$1.50 to \$1.75 a sack.
New potatoes are being held steady with better quality shown among recent arrivals from the south. Local stock is offering in a small way around 3c a pound.
Bull Campaign in Hop Market.
Advices from California state that Philip Wolf & Son of San Francisco have contracted for a large block of new crop hops there at 15c a pound, the highest actual transaction reported in futures up to this time. The news of the southern deal has awakened the local trade to more talk but no activity and while there are plenty of rumors regarding deals floating around, all of them have been found to contain nothing more substantial than hot air. While the Pinus of Tacoma, is giving out all sorts of bullish cables, so far as known he is not in the market just now.
Portland Livestock Market.
Portland Union Stockyards, June 23.—The livestock market stands in a position where its cries for good quality are unanswered and in consequence buyers are setting rather tired of buying something that they can scarcely utilize.
The cattle now coming forward are generally very inferior. Feed has been so high that feeders have practically retired from the field for the season. Grass is still too young to turn out a good product and even then it is not overplentiful in some sections.
Cry for fancy quality is not confined to any one line of the local livestock market but to all. While the distress is probably worse in cattle than in hogs, still no really first class hogs have come forward to the Portland yards during recent weeks.
No Top Cattle Are Offering.
Not a single head of top cattle

was offering in the yards thus far this week and therefore none of the arrivals brought over \$4.50 and even that price was received only on a very few occasions. Considerable disappointment is shown by some interests in the small showing of arrivals but most interests and killers especially are glad that receipts are no heavier. Not that the killers want to pay extreme prices for their product but most of them are still rather heavily loaded with high priced California stuff which they are not disposed to lose money on when ready for consumers.
Receipts of cattle today were 182 head compared with 254 yesterday, 189 Saturday, 80 Friday, 223 Thursday, 495 Wednesday and 231 a week ago today.
Good Hogs Would Bring Top.
Run of hogs in the yards during the past 24 hours reached 186 head, and top quality is still absent with demand still best for that grade. The trade is a unit in believing that it could easily dispose of quite a bunch of hogs at \$8.15 if the stuff was real good.
Good showing in the sheep market arrivals during the past 4 hours. Receipts totaled 831 head compared with 326 yesterday, none either Saturday or Friday, 497 Thursday, 1967 Wednesday, and 1299 a week ago today. Because of the smaller showing than a week ago the sheep market was quite steady and prices were quite well maintained, lambs ranging as high as \$5.25, while other grades sold in proportion.
Following is the general range of livestock values in the yards:
Hogs—Best east of the mountains, \$8.25; good, \$7.85; fancy Willamette blockers, \$7.85; stockers, \$6.75 to 7.
Cattle—Best steers, weighing 1200 pounds, \$4.50 to 4.60; medium steers, \$3.50 to 4.25; poor steers, \$3.50 to 4; best cows, \$3.50 to 3.75; medium cows, \$3.25; bulls, \$2.50 to 2.75.

GALLOWAY KILLS
CRATER LAKE ACT

Salem, June 23.—Judge Galloway yesterday held the Crater Lake road bill unconstitutional. His decision reads as follows:
"In the Tillamook act, \$10,000 was appropriated to aid the county in constructing a public highway along the coast for probably 30 miles or more, \$1000 of which was to be used for a branch road leading from Netart's bay to near Tillamook City. This section of Tillamook county was sparsely settled, though possessing great scenic beauty and wonderful natural attractions, including tourist travel. The present act appropriates \$100,000, conditional upon Jackson county raising a like sum to aid said county to build a public highway from the city of Medford to the west boundary of the Crater Lake National park, and not to Crater Lake, as some imagine, also \$50,000 conditional upon Klamath county contributing a like sum, to aid said county to build a county road from Klamath Falls to the eastern boundary of said national park and not to the lake within said park, for our state is without jurisdiction, and can do so within the national park, including Crater Lake.
Continuous Highway.
"The present act now here provides for adding in the construction of a continuous highway from Medford in Jackson county to Klamath Falls in Klamath county, as there is an intervening segment of more than 13 1/2 miles which is to be made, if at all, by the national government. Jackson county has raised or appropriated the amount required, hence under the provisions of chapter 191 of the laws of 1909, \$50,000 becomes available for use in Jackson county only upon a certain specified county road leading from Medford in said county to the western boundary of Crater Lake National Park. The court is not informed that Klamath county has made any appropriation as required by the act, hence the \$50,000 appropriated exclusively for Klamath county is not available and may never become so.
Act is Local.
"The present act is clearly local, as it applies to only two counties; it is also special because it is limited to a specified section and for several purposes only, that is, the proposed appropriation can be used only in the counties of Jackson and Klamath and for a special purpose, viz., the building of a certain specified highway in said counties. The act is therefore local and special and comes clearly within the inhibition placed upon such measures by section 23, article 4, of our constitution. Therefore, the complaint will be sustained and injunction made perpetual."

BALLINGER GETS
DEGREE FROM WILLIAMS

Williamstown, Mass., June 23.—At the commencement day exercises of Williams College today the degree of doctor of laws was conferred upon Richard Ballinger, secretary of the interior.

Any lady reader of this paper will receive on request a clever "No-Drip" coffee strainer coupon privilege from Dr. Shoop, Racine, Wis. It is silver-plated, very pretty and positively prevents all dripping of tea or coffee. The Doctor sends it with his new free book on "Health Coffee" simply to introduce this clever substitute to real coffee. Dr. Shoop's Health Coffee is gaining its great popularity because of: first, its exquisite taste and flavor; second, its absolute healthfulness; third, its economy—1 1/2 lbs. 25c; fourth its convenience. No tedious 20 to 30 minutes boiling. "Made in a minute," says Dr. Shoop. Try it at your grocer's, for a pleasant surprise. All grocers.

To give quality is better than to talk quality. You can get quality at the great sample shoe sale. Dodge Dept. Store, corner Eighth and Olive. J-26

A press dispatch from Washington, D. C., says: F. J. Hard, of Eugene, is here to close up a contract for new mail service from Cottage Grove to Bohemia. The new contract at \$1000 per year will begin July 5.

It goes to the root of disease, invigorates, strengthens, exhilarates. Its life-producing properties are not considered in any other known remedy. Hollister's Rocky Mountain Tea, Tea or Tablets, 35 cents.

W. Adams, of Mabel, was in the county seat yesterday attending to business matters.

A new event in Albany business circles is a woman real estate dealer. Miss Ethel Miller, an experienced schoolteacher, has opened an office in the Rhodes block for the transaction of a general real estate business. Being the first woman there to engage in this business, her future success will be watched with interest.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

DARWIN YORAN
VICE-CHANCELLOR
KNIGHTS OF PYTHIAS

Pendleton, Or., June 23.—With election of officers for the ensuing year, yesterday's business session of the Grand Lodge of the Knights of Pythias was brought to a close in the afternoon. Last night the Dramatic Order of the Knights of Khorassan reigned supreme with amusing and special features.
The parade last night was 20 blocks in length and was greeted with cheers along the line of march. The officers elected are: Grand Chancellor, Frank Menefee, of The Dalles; grand vice-chancellor, Darwin E. Yoran, Eugene; grand prelate, George Schulerich, Hillsboro; supreme representative for a term of four years, L. M. Curt, Albany; grand keeper of records and seal, L. R. Stinson, Salem; grand master of exchequer, H. M. Maloney, Pendleton; grand master at arms, F. H. Rosenberg, Cottage Grove; grand inner guard, George W. Knight, Hubbard; grand outer guard, S. M. White, Klamath Falls; grand trustee, Gus C. Moser, Portland.

We insist that we give you better shoes for less money. Dodge Dept. Store, 8th and Olive streets. J-26

The Oakland, Or., school board is in Eugene today looking over the several public school buildings here to get pointers for a new building to be erected there in the near future.

You can have your choice of 700 pair of sample shoes at the Dodge Dept. Store, corner 8th and Olive. They are now going at very low prices. J-26

HARRIMAN IS
NOT VERY SICK

Vienna, June 23.—There is no truth in the reports that E. H. Harriman is seriously ill. Mr. Harriman's health on the whole is considered satisfactory. Certainly there has been no serious complications since his arrival here. He has been driving daily.
On Saturday Mr. Harriman was among the guests of the Emperor at the Neue Handels Akademie and on Sunday he witnessed the trotting races. Mr. Harriman, accompanied by his family, will leave here tomorrow for Semmering, in the Eastern Alps of Austria-Hungary, where he intends to stay for several weeks. It is believed by Mr. Harriman that unfavorable rumors regarding his health have their explanation in certain stock maneuvers.

How many feet are there in Eugene? There are hundreds going to the great sample shoe sale at the Dodge Dept. Store, corner Eighth and Olive. J-26

Mrs. Sam Manerud, of this city, is in the hospital suffering from typhoid fever which she contracted while living on a farm near Springfield recently.

Dr. D. G. Clark, recently from Silverton, has associated himself with Dr. K. A. Leep in the practice of medicine in Eugene. They have offices in the White Temple.
