The case of the State of Oregon vs. William R. Walker, the former county clerk of Lane county, charged with murder in the second degree in the killing of Edward Lang at Walker's hopyard a few months ago, was called in the circuit court this morning. The work of securing the jury was at once begun, but the jury is not yet completed. The work of examining those called has been slow and several were challenged. The panel was exhausted late this afternoon and a recess taken to allow the sheriff to fill up the panel again.

### IRVING GRANGE HOLDS FIRST MEETING IN ITS FINE NEW HALL

Good Attendance and Rejoicing Over Such Good Place For Meetings

(Special Correspondence). Irving, June 30.—Irving Grange met for the first time in its new home Friday evening, June 25. There was a good attendance and every Granger rejoiced that the Grange had such cozy quarters and felt that the executive committee should be congratulated on securing such a pleasant home for the Grange. The Grange had two regular meetings during the month of June. At the meeting Friday evening, the 11th, several matters of importance came up for consideration. The executive committee made its final report in the matter of obtaining the old M. E. church for a home for the Grange, and a number of the members were appointed to move the Grange fixtures to the new hall.

After the routine matters of the meetings of each month were disposed of, the time was usually occupied in the discussion of topics interesting to the farmers and their families, with songs, recitations, and other good things, such as ice cream, etc.

Mr. L. Lemmon, an old time Granger, and also an old pioneer of 1845, gave an interesting talk about his journey to Washington, D. C., and other places of note in the East. He sat in the Senate chamber and listened to some of the speeches on the tariff question. Mr. Lemmon has a very poor opinion of senatorial courtesy, saying that the Senators showed less courtesy to each other in their debates than you will see in any country debating club.

Mr. Lemmon also spoke of the large number of negroes in the cities of the East, especially of Washington, D. C., and naively made the remark that some of the negroes had more white blood than they ought to have. Mr. Lemmon thinks the negro question is going to be one of the hard problems to solve in this country in the years to come.

"The Boy on the Farm and His Surroundings," was the topic assigned to Brother Bert Ward, which was handled in a very creditable manner by him. Mr. Ward spoke of the boy's early years and on up to manhood, often having but little to encourage him, as compared with the boy in the city. He also spoke of the evil surroundings of the boy, which is made worse when a careless father hires help that is morally unfit to enter the presence of his family.

Brothers Wing and Hurd took part in the discussion of the boy problem, saying that the education of the boy and girl, too, was away from the farm instead of toward it. Mr. Ed. Zumwalt took up the humorous side of the question, saying that there was, after all, many things about the farm that was agreeable and pleasant, and that more real enjoyment and pleasure can be found on the farm by the boy than ever comes to him in the city. After telling of the many kinds of sport he had when a boy, he related that he often wondered how much a cow could pull by her tail, which he finally found out to his entire satisfaction.

Mr. Wiley Maxwell had for his subject, "The Best System in Farming." Mr. Maxwell told in a very entertaining way during the past and the present. He gave examples of the superiority of the present mode of farming over that of the past, and that we must constantly study how to retain the fertility of the soil if we expect to reap good harvests in the future.

Paul Zumwalt and Miss Leda Zumwalt entertained the Grange with a cornet and organ duet. They were enthusiastically recalled.

Miss Nida Wing sang a solo, and Miss Leda Zumwalt and Miss Mary Day sang a duet, accompanied on the organ by Miss Florence Runyan. The musical numbers are always good and well rendered. There are quite a number in the Grange who have musical talent, and their music instrumental and vocal, is always greatly appreciated by the Grange.

At the annual school meeting William Kyle was elected director over W. R. Holbenbeck. The spring term of school at Alder Ridge closes next week. The Clear Lake school opened this week with Miss Grace Goodwin at the helm. Preparations are being made for holding a picnic at the portage on North Park on July 2. A party of Eugene people were camping at the mouth of the Starling from Friday until Monday. We did not learn their names.

A falling tiny nerve—no larger than the finest silver thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden, its hidden nerve. It was Dr. Shoop who first told me it was wrong to drug a weak or falling stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

The Bangs Livery Company is now open for a general livery business at Ninth and Pearl streets. 115 Mrs. Louis Ritchey was brought down from Drain on the noon train today and taken to the Eugene hospital for treatment. She is very ill. She was accompanied by her husband and other relatives.
