DAVIS ATTACKS
PENDING TARIFF
BILL IN SENATE

Washington, June 26.—In the senate today Senator Davis, of Arkansas, in opposing the pending tariff bill, found general fault with the measure. He contended that the republican party had failed to keep its promise to lower the tariff and said if that party had possessed the manhood to state boldly that it intended to increase the tariff, "the places that know them today would know them no longer, for they have been a hiss and a by-word in the land and their destruction is inevitable."

The Harvester Trust.
In discussing the tariff on agricultural implements today Senator Stone, of Missouri, declared that the International Harvester Co. was a trust and that the department of justice was "blind, dumb and senseless in not prosecuting the corporation under the Sherman anti-trust law, and that "the department of justice sits with palsied hands, but the United States senate at least should take notice of this great criminal corporation."

Free Wood Pulp.
With a viva voce vote Senator Brown's amendment for free wood pulp was agreed to.

Census Bill Passes.
Washington, June 26.—Within five minutes the census appropriation bill was passed by the senate today in the form in which it Thursday passed the house. The measure appropriates \$10,000,000 for taking the thirteenth census.

TAFT OUTLINES
INCOME TAX PLAN

Special Message on Subject Was Presented Late Yesterday.
Washington, June 25.—President Taft's much heralded corporation tax plan was presented to the Senate today by Senator Aldrich and was ordered printed as a committee amendment to the tariff bill. If the amendment is completed by Monday the amendment will be taken in general form the measure follows the outline given by the Associated Press after the conference at the White House on Tuesday night. As drafted by Attorney-General Wicker-

sham and Senator Root the measure is believed to be amendment-proof, and an effort will be made to put it through Congress unchanged. It will be designated as the "Taft plan."

Two Per Cent on Net Earnings.
The plan imposes a tax of two per cent upon the net earnings of every corporation, joint stock company or association organized for profit and having a capital stock represented by shares, and every insurance company organized under the laws of the United States or of any state, territory or district, or organized under the laws of any foreign country and engaged in business within the United States. Every latitude is given to concerns for exemption of expenses, cost of maintenance, depreciation of property, debts and an interest thereon, other forms of taxation and all expenditures usually taken from earning accounts. Every corporation is also given an exemption of \$5000 of earnings before the tax shall apply. All machinery relating to the collection, remission and refund of internal revenue taxes is made applicable to the corporation tax and the responsibility for the enforcement of the proposed tax rests with the Commissioner of Internal Revenue in the same manner as other internal taxes.

While the corporations are required to supply intimate information relating to their business, provision is made to safeguard them against wrongful use of data obtained for the purpose of assessing the tax. Penalties are provided in cases of false or fraudulent reports.

BRODERS BROTHERS

FOR OVER \$15,000

The building committee of the Elks today closed the sale of their two-story brick block on West Eighth street, to Broders Bros., the butchers, for \$15,595, this being the highest bid. Next in order will be the beginning of work on the six-story block which the Elks will build on their newly acquired lot at West Seventh and Olive streets.

From about one and three-fourths acres of land a Milton man took 275 crates of berries, which sold at over \$3 per crate, or about \$825 for all. This same patch of ground has for the past three years put into his pocket about \$1500 from strawberries.

When a bottle of hair restorer turned Mrs. Kate J. Moesser's hair into a bright green, she sued Charles H. Grimley, the manufacturer, for damages, and a New York court gave her a verdict for \$500.

LETTER CARRIERS
HOLDING ANNUAL
CONVENTION HERE

(From Saturday's Daily Guard)
If you want to know how to be a letter carrier, or why there must be a man of mail, just go to Frank's all tonight and see. About thirty mail carriers from Eugene, Portland, Corvallis, Albany, Salem, and Astoria are in Eugene holding the Oregon state convention of the National American Letter Carriers' Association to attend to routine business and to elect officers and choose delegates to the National convention at St. Paul in September.

The letter carriers who so humbly and efficiently serve every home are really aristocratic folk. The association which meets here excludes all such people as postmasters, post office clerks, and rural carriers. To be a member the applicant must be a genuine city carrier.

This afternoon the association held a short session, in which the committee on credentials made its report. This evening the regular business meeting will be held. This afternoon the score or score and a half of visitors were shown the city and made to feel as though they had once carried letters in Eugene.

F. E. Taylor of the local force is president of the association and also secretary of the local organization. Cecil Henderson is the local president. The members here are F. E. Taylor, Robert Biddle, Cecil Henderson, N. M. Clem and F. B. Bogges. After the business meeting tonight there will be a banquet at Otto's.

UNDER ARREST
FOR CONTEMPT
OF THE COURT

Alleging that he tried to intimidate several witnesses for the State in the Mart Endicott liquor-selling trial a few days ago in the circuit court, George King was last evening arrested on the charge of contempt of court. He will appear in court to answer to the charge this evening at 7:30 o'clock.

PROF. W. M. SUTTON
BACK IN SPRINGFIELD

Prof. W. M. Sutton is moving into his home on Fifth and North B streets this week and after an absence from the city for the past three years is again a resident. The professor is having a fresh coat of paint put on the outside of the building, which is a great improvement. Mr. and Mrs. John Winzenreid, who occupied the residence during the absence of the Suttons, have moved into their own home which has just been completed on North A street.—Springfield News.

ALLEN COMPANY TO CAN
CHERRIES BY JULY 6

The Allen cannery will open about July 6 with its run on cherries. This year the company will purchase its fruit outright, and will not can for the Lane County Fruit Association. W. G. Allen expressed this morning the opinion that the members of the association might sell to his company.

The season is late for cherries, though already a few Royal Annes have been shipped to Eugene from Roseburg and other southern points. The pie cherries will soon be ripe, but the Royal Anne, the staple of the cherry crop, has hardly begun to blush in Lane county.

According to fruit men the pear crop will be poor. In spots a good fruit is a total failure. Reports from Douglas county also indicate that the pears of that region were severely blighted. On this account the price is likely to be good.

NEW CITY OF CRESWELL

Moore; councilman, J. M. Geary, Marion Hager, P. W. Ogram, S. D. Read, J. M. Shaub and C. L. Weber.

Eugene militiamen will be interested to know that regulars from Vancouver Barracks will participate with the Oregon National Guard in the field maneuvers and exercises next month at the Clackamas Station rifle range camp. Word was received from Adjutant-General Finzer yesterday to the effect that Company G, First Infantry, will go into camp at the range simultaneously with the Third Oregon Infantry.

General Finzer was further advised that officers of the Regular Army will be attached to both the Third and Fourth Oregon Infantry regiments for the purpose of giving instruction.

Perry, of Creswell, suffering from pneumonia.

COBURG WILL
HAVE BANKING
INSTITUTION

Besides a \$10,000 school building for which bonds were voted this week, the little city of Coburg will soon have a banking institution to swell the list of enterprises recently established there. Organization of the State Bank of Coburg has just been effected and articles of incorporation were filed with the county clerk late yesterday afternoon. The incorporators are as follows: O. M. Washburn, N. J. Nelson, J. R. Pitkin, H. L. Vanduyne, A. Zook, J. H. Harden, and W. M. Vanduyne, who constitute the board of directors. A building has been secured and the bank will soon be open. The directors are all substantial citizens of Coburg and vicinity, insuring a sound standing for the new bank. The capital stock is \$10,000.

OLD PRESIDING
OFFICIALS REMAIN

Olympia, Wash., June 23.—A. S. Ruth, of Olympia, and Leo O. Meigs, of North Yakima, presiding officers of the senate and house respectively, in the last regular session, won an organization of the special session yesterday afternoon, the former without a spectacular fight, but the latter only after searching debate that succeeded in heat anything witnessed in the recent stormy legislature.

Claiming the office of speaker without the necessity of a vote and arbitrarily acting as presiding officer, Meigs' rulings were blisped and condemned as "high-handed outrages" by the supporters of J. W. Slayden, of Tacoma, and the invective became so bitter that finally Meigs, to restore harmony, tendered his resignation. This resignation the house refused to accept by a vote of 48 to 43. During the discussion the acts of Governor Hay were dragged in and he was characterized as a "self-constituted dictator of the state."

The Drugg brothers have purchased two lots in the new Millers addition from Dr. Hicks and have commenced to deliver lumber for a new dwelling. Other buildings will be built in this addition during the summer.—Junction City Times.
