FRESHMEN GIRLS, TOO. MAY WEAR GREEN

Want Something to Correspond With the Caps of the Boys

There is some talk among the freshmen girls of the University wearing some article that will correspond to the boys' green caps. The boys are well pleased over their caps, as they can recognize each other thereby, and they really are an advantage. The girls do not want to exactly wear the green cops, but dur-

Minnesota Stops Business Activity to Mourn for

Governor

St. Paul, Sept. 22.-The body of Governor Johnson lay in state at the capitol today that the people of the twin cities might have an opportunity for a last look at the face they knew so well in life. All night long, sur-rounded by militiamen, the casket stood in the executive reception room and this morning was removed to the rotunda, where the throng passed siy by. It will lie there until 9:30 tonight, when the doors will be clos-ed and tomorrow it will be taken by special train to St. Peter, Minn, where the remains will be buried. There be no religious services at the

"Mrs. J. A. Johnson, Rochester, Minn.-My heart goes out to you in sympathy for you in your present deep sorrow. Governor Johnson was a national figure of great ability, and great capacity for usefulness to his country, as he had already demon-strated, and his loss will be felt far beyond the state that loved him so well. I sincerely hope that the fond remembrance in which he is, and always will be held in Minnesota and alsewhere and the record of his high and valued public service, may come as a boon to you and your children in your sorrow and may in time lighten the burden you are now called upon to bear.

"I have just learned with deep sorow of the death of Governor John-His career illustrates the possibilities of American citizenship, and his death is a great loss to our party and the country.
