

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches the age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles.

Another branch of the bureau is located at the University, where freshmen and other unsophisticated ones are conducted through the mysterious paths of registration. In further assistance for the men of the institution, an employment bureau has recently been inaugurated by which students desiring work to help them through school and residents and business men with work to be done are brought together.

W. O. I. A. LEAGUE MAY DISBAN

It is quite probable that the Oregon Interscholastic League is now but a note in history. The trouble over local teams seems to have been about the last straw and since President Martelle has left Salem, it is probable that a new league will be formed.

TWO HUNDRED STUDENTS TAKE BIBLE STUDY

There will be 200 men in the University this year taking courses in the Bible study classes of the Y. M. C. A. This is the assertion of Wilfred Wattenburg, of the Bible study department of the University association. Does this seem to verify the statement of Dr. Fletcher Homan that spiritual life is lacking at the University of Oregon, and that for this reason the work done by the University is incomplete? This is only an example. Besides this, it is a fact that at least three-fourths of the students regularly attend some church, and in nearly all the churches the most important positions and the most work is held and done by earnest, varsity students.

The work that is being done by the Y. M. C. A. is extensive and very practical. An information bureau has been established at the railway station, where new students are directed to good boarding and rooming houses and for those unacquainted with the city a guide is provided who takes the young man to his destination. Since Eugene is a particularly elusive town for strangers, so far as directions are concerned, this assistance by the men of the association is generally thoroughly appreciated.

Another branch of the bureau is located at the University, where freshmen and other unsophisticated ones are conducted through the mysterious paths of registration. In further assistance for the men of the institution, an employment bureau has recently been inaugurated by which students desiring work to help them through school and residents and business men with work to be done are brought together.

MUCH-TOUTED ST. JOHNS TEAM EASY MEAT FOR THE EUGENE COLTS

Game Full of Errors Goes to Locals — Newt Saxon's Stunt Was a Feature

The fans were treated to a punk exhibition of baseball at Midway park yesterday afternoon, yet withal it was very amusing on account of the way those Tri-City champions booted the ball around the lot after we had been led to believe that the St. Johns team was going to make monkeys out of the Colts. St. Johns entered the game with all the confidence in the world, but a reef was taken in their sails in the first inning, when the Colts chased two runs over the pan. From the very first it was evident that the Apostles were easy meat, although in the third inning the visitors were one run ahead due to several misplays on the part of the local infield.

A wooden man by the name of Carson occupied the mound for the Apostles in the first few innings. He had nothing at all, and Smith's heavy swatmen found him easily, twice for two-baggers. He was waded to the bench in the middle of the fifth inning, and Olney, the renowned south-paw spitball artist of the Tri-City league, took his place without warning. He was wild and did little better than Carson, although he held the run getting down to nothing during the remainder of the game. Eight runs were chalked up for the Colts against five for the Apostles.

A diversion that created more fun than the game did was Newt Saxon's scoring at the score board. Three times he got the numbers on backward and because the crowd yelled at him he gave up his job and threw rocks at the crowd in the bleachers because they snubbed him. Manager McCormick escorted him out of the grounds. The story of the game in figures is as follows:

CLOSE RACE IN BIG BASEBALL LEAGUES

There is a very close race between the leaders in the American league, Philadelphia and Detroit being within a very few games of each other. In the National League, too, there is an exciting finish between Pittsburgh, the leaders, and Chicago. The standing of the teams up to date is as follows:

HAS GREAT DAN PATCH SEEN LAST DAYS?

Milwaukee, Wis., Sept. 20.—Dan Patch has run his last race. That is the belief among the horsemen at the state fair park, where he was scheduled to race Minor Bell this week. This race has been called off because Dan has gone lame and the belief is that the lameness is permanent. Both hind legs are in bad shape and the trainers do not think that he can ever recover their use sufficiently to race. The trainers will not make any statement, but the information from other sources is that the great 1:55 horse, worth \$50,000, is now scheduled for a future on Savage's farm near Minneapolis.
