At the opening session of the state Congregational Association yesterday afternoon, Rev. H. V. Rowdinger, was chosen moderator; Rev. W. C. Gill more of Hood River, assistant moderator, and Rev. G. W. Nelson, scribe.

After the organization was completed Rev. P. E. Bauer of Salem, read a paper on "The Preacher's Creed." Rev. Mr. Hinman failed to arrive and his paper will be read later.

In the evening Rev. Mr. Dyott, of Portland, delivered a soul-stirring sermon on "Look Unto Jesus, the Author and Finisher of Our Faith." Communion services were held by Rev. Mr. Jones and Rev. Mr. Gray.

Today's Sessions. The Association resumed its work at 9:00 a. m. today. Prayer was offered by Rev. P. E. Bauer of the First Church of Salem. A brief business session followed. It was voted that hereafter the annual meetings of this body be held in rotation with the other like Congregational bodies of the coast in the following order: Idaho, Washington, Oregon, California.

Since the constitutions of the various state bodies will have to be amended in order to make the above action effective, the matter was referred to the committee on constitution. Rev. W. B. Pinkerton was appointed a special committee of one to represent this association in the matter.

Rev. W. G. Hinman, late missionary in China, supported for several years by the First Congregational church of Portland, and Miss Frances C. Gage of Portland, a former missionary in Turkey, were invited to become corresponding members of the association.

Devotional services led by Rev. O. A. Stillman of Salem, were participated in generally by the members of the association.

It was a matter of general regret that Rev. Sidney Strong of Seattle, one of the ablest men of the denomination, was unable to be present because of sudden illness in his family. The subject of his expected address was "The Spirit of Jesus in the Gospels." Discussion of the topic was opened by Rev. W. B. Pinkerton, followed by many others in remarks expressive of their understanding of the significance of the topic.

Rev. J. J. Staub of the Sunnyside church of Portland, presented a paper on "The Minister's Function of Leadership," and Mr. B. S. Huntington of the Portland First Church, spoke on "The Layman as a Fellow Worker." General discussion followed the presentation of both topics.

### TIN SOLDIERS ARE OF THE PAST

Militia Hereafter Must Be Real Fighting Organization

Washington, Oct. 22.—January 21 next will be a critical date in the history of the National Guard, it was announced today, for thereafter no portion of the money appropriated by Congress for the purpose of the militia can be paid to any organization that fails to conform to the standards of the regular army.

Next year, for the first time in its history, the militia, or so much of it as remains under the caption, "The National Guard," will be found a changed body, with the latest pattern of military rifles; clothes from head to foot in regular army gear; supplied with the regular equipment, and with ranks filled to the requirements of the law.

In Nevada, it is said, there is not a single company of the National Guard able to establish a claim to a dollar of the large appropriation made by Congress.

Horace McKinley writes letter to paper.

Horace McKinley, the land fraud dupe, who is in the Portland county jail, writes the following characteristic letter to the Portland Daily News anent the recent criticism of the sheriff for allowing him liberties.

I would like to have you publish the fact that should I have desired to pay the fine of \$7,500 imposed upon me by the Judge Wolverson at the time of sentence, I would have been a free man this morning, as the two years have expired, I concluded, however, not to pay the amount but instead will serve the extra 30 days required by law in lieu thereof and will endeavor to do so in a manner that, I hope, will satisfy and please the reporters on the Oregonian, Telegram and Journal, who seem to take such an interest in my case, as also the news county grand jury, should they see fit to investigate the matter, as the last one did.

From 8 to 9 o'clock a. m., while taking my daily promenade I will wear the "Oregon boot" and while on a "pleasure stroll" in the afternoon (4 to 5 o'clock, same place) I will buckle on the ball and chain. The balance of the day I will ask to be confined in one of the steel cages in the main corridor, and in the evening, according to the jailers to lock me in the dungeon during the night, without blankets.

Will eat (in the cage) one meal every other day, and tap myself when I want a drink, as I am anemic and require it according to the Oregonian. The steam baths will be cut out entirely—the roasts handed to me by the papers mentioned will do the work well.

I will send Mrs. McKinley to the mountains—perhaps "11-7." I will relinquish my title "Land Fraud King." It never was mine anyway, but rightfully belonged to Pater.

I never attained a higher rank than first lieutenant, or I might say, at times, the King's Knave. I would like to have it known that I will undergo any hardship or punishment, during the next 30 days, in order to please a few of my penitentiary friends, provided they will consider me "dead and buried" at the end of that time.

H. G. McKinley.

### NEW GOVERNOR OF PORTO RICO LEAVES FOR POST

Washington, Oct. 20.—Col. George Colton leaves today to assume his new duties as governor of Porto Rico. His sister, Miss Margery Colton, will accompany him, and act as hostess at the governor's house, for which position she is well-fitted, in spite of her youth. Miss Colton spent a year with her father in the Philippines, and was a companion with him on the now famous trip of the president, then secretary of war, from San Francisco to Manila.

### LUMBERING INDUSTRY OF LANE COUNTY

Trade Journal Reports Most of Lane County Mills Operating Steadily

The Oregon Timberman's current number has the following resume of the milling industry of Lane county: Eugene—Booth-Kelly Lumber Co., of Eugene, is operating its four sawmills, located at Springfield, Coburg, Wendling and Saginaw, steadily. Considerable improvement in the equipment and general facilities of the plants is being made. The company is conducting extensive logging operations in the vicinity of their Wendling plant, their new logging road being in operation. A Mallet compound locomotive for use in their logging operations is being built by the Baldwin Locomotive Works. Operations at the Forest camp, on the McKenzie, will continue, but no logs are being put in the river. Operations at the sawmills are being carefully looked after by A. M. Hagan, assistant to Manager Geo. H. Kelly.

Elmira—Coyote Lumber Company has its new sawmill at Elmira about ready to operate.

Cottage Grove—Brown Lumber Co., of Cottage Grove, is operating its plant on a nice line of orders. This plant is being very ably managed by J. S. Hill, one of the capable sawmill men of the Willamette valley, with F. H. Rosenberg in charge of the bookkeeping department. The company is operating one camp on Row river, and secures the remainder of its log supply from independent loggers. Manager Lon Hill indulges in particular luxury, that of driving one of the fanciest stephens in that section. Lon is not only a good lumberman, but he is an expert horseman.

A. L. Woodard, of Cottage Grove, has not been operating his sawmill steadily during the summer, but expects to resume operations soon. A new planing shed, 8x15 Hoat planer and engine for driving the planing mill have been added to the plant. The planing is in operation.

Springfield—Fischer-Bally Lumber Company, Springfield, are installing a 40,000 capacity sawmill. Some of the equipment is being taken from one of the Fischer Bros.' plants at Marcola. The new mill will be ready to operate about the first of November.

Along the Oregon Southeastern Disston—Disston Lumber Company will resume operations about the first of February. Some minor improvements will be made to the plant, which is equipped with a Berlin saw and 6x15 Hoyt planer. Manager Harry Crites has accepted a contract and is cutting wood for the railroad during the slack time with him in the lumber business. A drag saw is being used for this purpose.

Wildwood—Wildwood Lumber Co. has installed a planer shder, 30x60, and a new No. 19 Berlin sizer. The plant had been shut down since the first of July, but will resume about the 15th of October. J. J. Kreiger is manager.

Star—Star Lumber Company has been operating most of the time. The company has purchased a tract of timber and secured a site near Disston, to where its plant will be removed. An additional boiler and engine will be installed and the capacity of the plant increased.

Taylor & Sons, Star, whose plant is located at Vaughn spur, resumed operations about three months ago. Manager Taylor has some samples of freakish grain fir, which he calls "catface," the result of a blight on the tree when young. Mr. Taylor will have the material finished at a Portland factory and use them for veneered door panels.

Row River Lumber Company, at Star, whose plant is also located at Vaughn spur, has been operating for about five months, cutting about 40,000 feet per day. This plant consists of the frame and equipment of the mill formerly owned and operated by J. H. Chambers. Building operations are going forward all the time at this mill, and when completed will be one of the best plants in the Row river country. The company is contemplating installing its logging and cable system for doing its logging. Albert Stocks is manager of the company and W. T. Hankins secretary.

Cerro Gordo—Cerro Gordo Lumber Company's plant is located about two miles from this point, the product being flumed to the railroad. The plant has not been operating for some time on account of a scarcity of water. Elmer Doollittle is manager of this company.

Dorena—J. H. Chambers Lumber Company, Dorena, is operating its planing mill and kilns at Dorena. The sawmill is located about two miles flumed down the railroad, the lumber being of capacity of 40,000 feet per day, but has not been in operation for about three months, on account of a shortage in water supply. Manager Fred Russell has a splendid body of timber and a model plant.

James Lands is operating a camp at Dorena, the output being consumed by the Brown Lumber Company, of Cottage Grove.

McKibben Bros.' sawmill is located at Cottage Grove, about two miles from the McKibben spur. Their present plant is located on the exact site of the one destroyed by fire about a year ago. This plant cuts about 20,000 feet per day. All their clears are consumed by the Cottage Grove Manufacturing Company, in its planing mill and wood-working plant at Cottage Grove.

### WILL EXAMINE CANDIDATES FOR FOREST RANGERS

Portland, Oct. 19.—Uncle Sam makes a call for men with vigorous minds in vigorous bodies to become forest rangers.

The United States Civil Service Commission will hold an examination for this position at every National forest headquarters in the states of Washington and Oregon, and Alaska, included in this district, on Monday and Tuesday, October 25 and 26.

The examination will be along thoroughly practical lines and will consist of questions regarding land surveying, estimating and scaling timber, the land laws, mining and the live stock business, supplemented by a field test to show the applicant's fitness to perform the actual work of a ranger. Candidates must be between 21 and 40 years of age at the time of taking the examination, able-bodied, and capable of performing hard manual work. Thorough familiarity with the region in which employment is sought is essential, together with actual experience in the kinds of work required of forest officers.

The forest service desires to maintain the highest possible standard of efficiency and degree of advancement of competent men in the service is governed entirely by their capacity. The initial salary is \$900, with the beginner, who starts in as assistant forest ranger. Through good work a ranger can rise to the position of forest ranger with a maximum salary of \$1200 to \$1500. The next step in promotion is to the position of deputy supervisor of a National forest. Rangers who show competency in particular lines of work, such as claims examination and marking and scaling of timber, are advanced and paid according to the work in which they are engaged.

The following is a list of the places in this National forest district at which this examination will be held. Requests for application blanks and further information should be made to the Civil Service Commission at Washington, D. C., or to the forest supervisors.

### GREAT OVATION FOR VICTORIOUS PITTSBURG TEAM

Pittsburg, Oct. 18.—The Pittsburg baseball team arrived in Eugene yesterday. Today they will own the city. There will be a parade in which civic clubs and other organizations drill teams and other organizations will participate. The mayor and his official family will go the entire route.

Over 50,000 people are expected to crowd Forbes field, where a ceremony will be held. Addresses of welcome, the freedom of the city, and the praise for the honor brought to Pittsburg will be extended. Congressman James Francis Burke will deliver the principal address, and present the players with checks for their share of the receipts for the seven games. Each player will receive something over \$1500.

On the train coming from Detroit two purses were made up for "Babe" Adams—one by his team mates and another by the fans. Adams is receiving enough homage to turn a hero's head, but the experience is not hurting him. The man who pitched and won three games for Pittsburg in the world's series went quietly to his home.

### ONLY TWO WANT RHODES SCHOLARSHIPS

The subjects in which the examinations are held are Greek, Latin, algebra and geometry. Only two candidates for the Oxford honors have shown up. Professor F. S. Dunn, of the University of Oregon, is assisting in conducting the examination.

### WELCH SAYS WORK TO BEGIN IMMEDIATELY

Salem, Oct. 19.—A. Welch, manager of the Portland, Eugene & Eastern Railway, was in the city today, and while here announced that work would immediately commence on the building of the main line between here and Eugene, and that it will well under way in 30 days. The main line will parallel the southern Pacific on the east of that road, going out by the reform school and touching at Turner, Marion, Peoria and Junction City on its way to Eugene. A branch will be built, according to Mr. Welch, from Salem to Sebeha and the Santiam mining country, and \$150,000 will be expended on a local street railway system and terminals.

Mr. Welch states that the road expects to get into Portland over the tracks of the United Railways, now building up the West Side via Hillsboro, and which, it is claimed, will build into Salem, crossing the Willamette river at this point and connecting with the Portland, Eugene & Eastern. The Welch projects have been hanging fire because of a lack of capital, but Mr. Welch states they now have all the money needed to carry out their extensive plans of railroad building, development, waterpower on the Meazie and other projects.

J. T. Russell, a farmer residing near Roseburg, and Mrs. Mary Hall, recently of Cincinnati, O., were married last week at Roseburg, the result of a matrimonial bureau advertising. Unlike a good many such affairs, both parties were satisfied when they met upon the arrival of the bride and her two children from the East.

### HARRISBURG MAY GET CREAMERY

Harrisburg, Or., Oct. 19.—Harrisburg now has a good chance to secure a creamery. Both the Hazelwood and Townsend creameries of Portland, and also the big Corvallis creamery are interested in the project of establishing a plant here, and the industry is assured if farmers residing near here will guarantee the butter fat from 500 cows for six months. It is believed this condition can be met and the guarantee made.

### GYM MAY BE CALLED "HAYWARD HALL"

"Hayward Hall" is the name the student body has recommended to the board of regents for the name of the new gymnasium in a resolution passed this morning. Mr. Hayward is the greatest athlete in the school and has ever had the name considered very appropriate.

Mrs. Esther Drugg has begun suit against Frank Drugg. They were married on Jan. 1, 1909, and have one child, Vernetta, aged 13 years. Mrs. Drugg asks the court to allow her sister, Mrs. Susie Harpole, of Junction City, to have the care and custody of the child, as she has been keeping her for several years past. Desertion is alleged as grounds for divorce. Williams & Bean are Mrs. Drugg's attorneys.

### LOST VALLEY NEWS

Special Correspondence. Lost Valley, Oct. 19.—Farmers have been complaining for some time about it being too dry to plow. Who now will be the first to complain about the rain?

The work on the Baptist church is progressing in good form. G. C. Jacobs and wife, of Oakland, are visiting this week with relatives of this place.

It is a common sight nowadays to see six, eight or ten-horse teams pass by Dexter enroute to the construction camps up the Willamette, and blasting can be heard at all hours of the day.

William Williams lost a fine horse last week. The horse got its leg broken while being driven up the Willamette to Rush Island, and had to be shot. The county court should look after these dangerous places in the road instead of sitting in easy chairs at the county courthouse.

The bridge across Buck creek, eight miles above Hills, is reported impassable. It looks to the outsider as though it would be to the best interests of the merchants of Eugene to petition for a better road over the military route. By raising an A-1 road a great many Eastern Oregon ranchers who now go to Medford for supplies would make Eugene their supply centre.

The Trent M. E. church building is rapidly nearing completion. C. P. Devereaux and wife, of Eugene, are spending a two-weeks vacation in this vicinity.

Game birds of all descriptions are very scarce here in the valley. "No success" seems to be the passwords for all hunters. At least that is what is said when they pass.

Melvin Hansen, the real estate dealer, Surveyor Ralph Hunt and Jesse Ayers will occupy the office rooms just vacated by the Booth-Kelly Co. In addition to Maglady & Shumate, the real estate dealers mentioned previously by the Guard.
