BABY'S ITCHING WAS INTOLERABLE

Girl of Six Months had Fearful Attack of Eczema—Spread All Over Her Face and Eyes Began to Swell—Scratched Till Blood Came—Relieved in a Night and

CURED BY CUTICURA AFTER LONG SUFFERING

"When my little girl was six months old I noticed small red spots on her right cheek. I did not pay any attention to them but finally the spots grew so large that I sent for the doctor who said it was ringworm. He prescribed an ointment which I used for two weeks, but instead of helping the eruption the ointment seemed to make it worse. Then I went to a second doctor who after examining the baby said it was eczema. He also gave me an ointment which did not help either. The disease in the meantime spread all over the face and the eyes began to swell. I became very anxious. The itching grew intolerable. I had to tie the baby's hands to the cradle to prevent her scratching. The cheeks were covered with blood and it was a terrible sight to see. I consulted doctors from September to December, but they were unable to cure the baby. I paid out from twenty to thirty dollars without relief.

"One of my friends told me of the Cuticura Remedies and I sent at once for a set which I began to use that evening. The next morning the baby's face was all white instead of red and you can imagine how surprised I was. I cannot find words enough to praise Cuticura and I do not know what would have become of my baby only for it. I used the Cuticura Remedies until the eczema entirely disappeared. The child is now three years old and quite well. I used three cakes of Cuticura Soap, two boxes of Cuticura Ointment and one bottle of Cuticura Resolvent and I never use any other soap. I always recommend them whenever there is a chance for doing so. I will send you one of her pictures which she had taken just after she was healed. Mrs. P. E. Gunbin, Sheldon, Ia., July 13, 1908."

FELL INTO MILLRACE, DIED HOUR LATER

Jacob Bohart, who resides in Fairmount, Saturday evening fell into the mill race back of his residence during an epileptic fit, and after being taken out of the water died within an hour and a half.

The unfortunate man had taken his horses to the race and while they were drinking he was attacked by epilepsy and fell headlong into the deep water. He was taken out in an unconscious condition by persons living nearby, and carried to his home. He remained in the same condition until his death, over an hour later. He was not drowned, but the fact that his lungs became filled with water probably caused the attack of epilepsy, to which he was subject, to become fatal.

He was aged 31 years, 7 months and 10 days. The funeral was held Sunday afternoon anad the remains interred in the Masonic cemetery.

Y. M. C. A. NOTES

Another number of "Better Men," has just been received, and it contains many items of interest concerning the progress of the Young Men's Christian Association in Oregon and Idaho. Under the heading "Two Splendid Buildings," is a picture of our own Y. M. C. A. and one of Portland's new home, and the following statement, "Herewith are given cuts of the Eugene and Portland buildings. Remarkable progress has been made on the former since laying the cornerstone on July 11th, and should be ready for occupancy soon after January 1st, 1910. The building committee has shown excellent judgement in making plans and letting contracts thereby securing one of the best buildings of its size in the West at a minimum cost. The furnishing committee have already begun the selection of furniture and equipment. The magnificent new home of the Portland association is nearing completion and is already occupied. The boys' rooms, gymnasium, baths and swiming pool,educational class rooms are completed and in daily use. The dormitory section will be ready by Nov. 1st. Our state headquarters will be conviently located on the third floor. Out-of-town visitors are cordially invited to call when in the city."

Whe the people of Eugene go to Portland they ought by all means to visit this fine new building which will cost completed nearly half a million dollars. The Young Men's Christian Association building in Portland is beautiful inside, one of the most attractive places in the city. Eugene ladies should surely make it a point to visit both these buildings for character building.

Other items of interest in the "Better Men" follow:

The Pocatello Association has had a marked increase in membership and now has over 800 members. The installation of beds for trainmen is making the building very popular. Many of the beds are used three times in 24 hours. The Sunday afternoon meetings have an average of 75 in attendance, and the religious work program for the coming year includes eight Bible Study classes.

The night school of the Portland Association opened September 27, with 425 students, the largest opening enrollment in the history of the institution. Indications point to over 1000 enrolled during the year. Mr. R. C. French, former president of the Weston Normal is the educational director.

Some interesting work has been done among the lumber camps of the state, and there are plans for buildings in several places. The 25th and 26th of this month, Mr. Rhodes, state secretary of Oregon and Idaho, will be at Kellogg, Idaho, working on plans for an industrial Y. M. C. A. building to be erected by the famous Bunker Hill & Sullivan Mining Co. The first week of November he will spend on a campaign for a $12,000 building fund for Sellwood, one of Portland,s Suburbs. The second week, he will spend on a campaign for a $30,000 building fund at Moscow, Idaho, the seat of the University of Idaho. Moscow has between 4,000 and 5,000 people, and their campaign if successful will eclipse ours in per capita subscription.

On Friday afternoon, Saturday and Sunday, Nov. 26-28, the Fourth Annual Boys' Conference will be held at Albany. A strong and interesting program has been arranged,and there and there will be a good delegation sent from Eugene.

CRAWFORD SAYS JUDGES ARE ILLEGAL

Salem, Oct. 18.—By a vote of 30,243 for to 50,591 against, the voters of Oregon at the general election in June 1908, rejected an initiative constitutional amendment; increasing the number of members of the state supreme court from three to five. In the face of this decisive majority of 20,348 against an increased judiciary, the state legislature last winter enacted a law creating two additional supreme judges and providing for their appointment, under an emergency clause, by the Democratic Governor Chamberlain. In a suit pending before the supreme court, Attorney General Crawford has attacked the legality of the law by which the two additional judges were created. He charges that the statute is unconstitutional and declares that Justices King and Slater, the democratic members who were appointed by Chamberlain are unlawful members of that tribunal and have no legal [illegible] participate in rendering decisions of the [illegible]

TAFT IS BROTHER'S GUEST ON HIS BIG TEXAS RANCH

San Antonio,Tex., Oct. 18.—A military review and reception at Fort Sam Houston and a great public demonstration in Alma Plaza, where the heroes of Texas fought and died, constituted President Taft's program for today. The city was filled with visitors, the quaint buildings of the old Spanish city were swathed in bunting and many bands played constantly.

The President left this afternoon over the San Antonio and Arkansas Pass Road for Corpus Christi, where he will spend four days on the ranch of his brother.

The Town of Taft.

Taft, Tex., Oct. 8.—While the president has traveled thousands of miles and has been given glorious receptions in some of the largest cities of the country, it is in this village of 400 people that he will probably feel most at home. While the town is built on land included in the vast estate of the president's brother, Charles P. Taft, it was named for the chief executive. Despite the fact that Democracy is the prevailing political party in Texas, the town gave a solid vote for Taft for president. The town is too small to indulge in the riotous display and extravagance of the cities, but the president will doubtless appreciate a rest. This morning the cowboys of the ranch are donning their most elaborate costumes in anticipation of the arrival of the Big Boss this evening, and he will be given a typical "wild west" greeting.

It is at La Quinta, the magnificent country residence of Charles P. Taft, that the president will make his home during his visit. He will have 125,000 acres of land to roam over. No one but members of the party and invited guests will be permitted to cross the line fence that separates the railroad from the property.

La Quinta residence is situated three miles from the town and post office of Gregory, from which place it is reached by an excellent road. The town of Gregory belongs to the ranch property. It has a population of about six hundred persons, all of whom are in some way connected with the ranch. The temporary offices of the president will be located in a new hotel at Gregory during the distinguished visitor's stay at La Quinta. The newspaper correspondents and most of the members of the president's party will make their headquarters at this hotel. It is connected with La Quinto by telephone. Should President Taft be off on a trip over any part of the ranch, it will be an easy matter to keep in close touch with him, as the telephone system extends to every part of the property.

The ranch residence, La Quinta, is said to be the most magnificent country home in the southwest. It was completed about a year ago at a cost of $200,000. It occupies a beautiful site, overlooking Corpus Christi Bay on one side and many miles of ranch upon the others, with the towns of Taft, Gregory, Sinton, and Portland, all a part of the big estate, showing plainly in the distance. Here and there may be seen herds of thoroughbred cattle lazily grazing upon the grass, which grows luxuriantly upon all the pastures. Along the railroad are many cultivated fields, dotted here and there with many pretty farm houses and large barns. Nearly two thousand acres of the ranch have been converted into farms, and Mr. Taft recently gave orders for increasing the cultivated tract to twelve thousand acres.

SIX MEN ESCAPE FROM COUNTY JAIL

Medford, Oct. 17.—No word has been learned today of the six men who escaped from the county jail in Jacksonville,Friday evening, although Sheriff Jones has had men scouring the country for the escaped jailbirds.

The jail delivery occurred Friday evening about 7 o'clock, six of the nine prisoners confined in the jail escaping through a window from which a bar was cut. Those escaping were: Leonard Gaskins, burglary; Harold Mocke, burglary; Nicholas B. Rensford, burglary; Chester Mow, theft; Richard Mow, theft; George Gunnison, highway robbery. W. J. Boosey, serving six months for contempt of court; Norval Walsworth and Charles H. Walsworth remained and gave the alarm.

It is thought that the men took to the hills back of Jacksonville and are making their way to the Applegate valley beyond.

NEWS NOTES FROM LOWER SIUSLAW

The schooner Sausalito arrived on Sunday to load with lumber at the mill here.

Mrs. Lowry and daughter, of Eugene, came in a few days ago for a few days' visit with her daughter, Mrs. B. F. Wilkes, of Ada.

The schooner Oakland sailed for San Francisco Saturday with a cargo of lumber for the Oregon & California Lumber Company's mill for the city market.

Dame Rumor says that a young man of Maple Creek will soon carry off one of the fair maidens of Acme for a helpmeet and the wedding will take place in the near future.

The Washealore arrived from San Francisco Sunday evening and went to Acme after a cargo of lumber. The vessel came down the river yesterday and will go to sea as soon as the bar will permit.

We learn that Geo. Melvin Miller is preparing to do some blasting on his power canal below Swisshome and has employed Mr. Williams to have charge of the work. Mr. Williams did the blasting at Cape Horn last summer and is an expert at work of that kind.

Supervisor Potterf, who has been at work with a crew of men opening the road from the main Siuslaw road above Mapleton over to North Fork, has the work completed to the top of the ridge, which is the boundary of his district. Supervisor Eichler is working a crew on the west side of the ridge and has something like a mile of road to build yet.—Florence West.

Stomach troubles would more quickly disappear if the idea of treating the cause rather than the effect, would come into practice. A tiny inside hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by all dealers

MRS. MAGLADRY CAPTURES THIEF IN PORTLAND

Portland, Oct. 18.—Quick, decisive action on the part of Mrs. J. S. Magladry, of Eugene, resulted in the arrest of a man wham the police believe to be one of the sharpest hotel room thieves in the country. Mrs. Magladry and her husband were guests at the Imperial hotel. When Mrs. Magladry arose yesterday morning she went to an adjoining room to dress, leaving her husband sleeping soundly. Returning a few moments later she found a man ransacking her husband's clothing. Screaming for help, Mrs. Magladry attacked the thief. Awakened by the commotion, the husband sprang from the bed and throttled the intruder.

Mrs. Magladry's sister, Mrs. Robert Parker, hurried from the adjoining room, locked the door and removed the key.

Tries to Bluff Way Out

The prisoner made no effort to break away. The captive said his name was James Davidson, and tried to explain his actions on the ground that it was an unfortunate mistake.

Mr. Magladry telephoned to the hotel clerk to send the patrol wagon, the detective force or the fire department to room 307 and and remove an unregistered guest. Sergeant Cole and Patrolman Keith were called to cart the captive to the police station.

The Magladry family were induced to postpone their departure from Portland last night. They will remain in the city for another day and prefer charges against the thief.

An Old Offender

"Davidson" is well dressed and appears prosperous. He has been stopping at the Portland hotel since Friday.

Detective Joe Day believes he recognizes Davidson as Kirk Jones, alias James Scott. Day says he should be able to recognize Jones, as they are old acquaintances, having come together a number of years ago in a way neither is likely to forget. A picture of Jones in the rogues' gallery closely resembles the fellow caught in the Magladry room. There is a deep scar over the left eye, the mouth and nose bear a striking resemblance and the measurements tally to a dot.

Will Show Best of State That Lane County Can Raise Splendid Fruit

Secretary Holt of the Eugene Fruit Growers' Association, today said Lane county would have a good display at the big apple show in Albany beginning a week from Wednesday. Those growers who have good apples and who have not been seen by Mr. Beebe are requested to leave them at the association headquarters. Secretary Holt said the exhibition will be packed in first class style and it is intended to try for the highest awards to be made at the show. He said he is gowing to show the people of Albany and other parts of the state that Lane county grows the best apples to be had.

Apples in Cold Storage.

All the apples that are coming in now from the members of the association are being placed in cold storage at the plant of the Eugene Ice and Storage Co. Secretary Holt said today that the 2000 apple boxes recently ordered by the association have about gone and he expects 1500 more soon. No apples will be shipped this year by the association. All that are now being stored will be used for home consumption.

CLAIM JOHNSON LOAFED DURING FIGHT

San Francisco, Oct. 17—The Johnson-Ketchel fight left something of a bitter taste in the mouths of the 10,000 fight fans who crowded into the arena, and today there are any number of people who voice the suspicion that the peculiar fall of Johnson and even the knockout of Ketchel might have been rehearsed.

This view of the match is not taken by the sporting writers, for the latter are agreed that if Ketchel hit Johnson at all it was nothing more than a glancing blow and could have had little force. They are of the opinion that Johnson deliberately loafed along with Ketchel in order to make the moving pictures of sufficient length, and think it quite likely that he dropped to the mat just to make his 40 per cent interest in the films of more value to him. Ketchel absolutely had no chance with the big black, who could have knocked him out in any round that he so willed.

PIRATES FIELD BEST, TIGERS HIT HARDER

Detroit, Mich., Oct. 17.—According to the unofficial figures of the world's championship series, the defeated Detroit team outbatted Pittsburg, but the National Leaguers excelled in fielding. Detroit batted .245 and Pittsburg .231. The new world's champions fielded .958, while Detroit averaged .949.

Hans Wagner did the hardest hitting of the series, getting nine hits out of 24 times at bat, for an average of .375. Those who bet that Wagner would outbat Cobb won by a large margin, as the leading hitter of the American league had only .231. Delehanty was the star American league batter with .346.

Cottage Grove, Or., Oct. 16—Thirty-one lumber mills are tributary to Cottage Grove, a score of which are within twenty miles of the city. The monthly payroll exceeds $50,000. There are quarter sections that carry 22,000,000 feet of merchantable timber. The grade of this timber is excellent, running as high as 54 per cent clear.
