YOU CAN BE A MORE POPULAR AUTHOR, FOR ONE DAY, IN THIS CITY, THAN DICKENS

On the day that you publish in this newspaper a "help-wanted" ad, you will be more widely read in this city, than Dickens, or any other author. For your theme will touch human interests more intimately, more immediately, than any fiction can do. You will appeal to human emotions at close range. And incidentally you will deserve to be, for that one day, a "popular author."

SPRINGFIELD ITEMS

INTERESTING MEETING OF SPRINGFIELD GRANGE

Regular Meeting Held Last Saturday with Very Interesting Program

Springfield Grange met in regular session on Saturday, November 13. The forenoon was devoted to routine business and to admitting new members into the order. At noon a bountiful dinner was served and good will and social feeling filled the hearts of all. At 1:30 the "lecturer's hour" exercises were opened by a song, led by the choir, in which all the Grange joined, after which we listened to a recitation by Miss Grace Kyzer, one of her best.

By special request Mr. Kirkland sang "The Bashful Man," and in response to a hearty encore sang a Scottish song. Then Mrs. Stewart read "How to Raise a Watermelon on a bottle." It sounds unique, but it is practical. The debate by our worthy master and secretary was decided in favor of the negative. The subject was "Proportional Representation," and those who listened felt gratified at having heard both sides of a question so vitally important to the voters of the day. A solo by Mrs. Young that was highly appreciated finished the literary program, and the unfinished business of the order was resumed.

It was unanimously decided that Springfield Grange hold a farmer's convention and fair again next fall. There was a vote of thanks tendered to those through whose efforts the fair this year was made a success, especially the ladies of the order, upon whom the hardest part of the work fell, and who performed it so faithfully and cheerfully.

A vote of thanks was also tendered to the Salem auxiliary for the special table of exhibits prepared by them.

At our next regular meeting, the last Saturday in November, two important matters will come before the order for decision.

First the changing of the date of meeting from the second and last Saturdays to the second and last Thursdays in each month. If this falls to carry our last regular meeting of this year will fall on Christmas. In this case it is suggested we omit the last meeting. This will necessitate election of officers the first meeting in December. Hence a full attendance is especially desired.

STILL ANOTHER RECORD FOR MAIN STREET BUSINESS PROPERTY

N. A. Rowe Sells to G. Brown Hansard and Makes Profit of 900 Per Cent

Yesterday the record price for Main street property was raised another notch when N. A. Rowe sold 34 feet on the corner of Fourth street, with a 1000 building on it, for \$6,000, or no less than \$176.96 per front foot, which Rowe bought four years ago for something like \$20 per front foot. The purchaser is G. Brown Hansard, who bought the property as an investment, and for the present will not move the wooden building, which is occupied by a cigar store. The increase on Mr. Rowe's original investment of \$600 is just 900 per cent. Mr. Rowe will move his family to his 10-acre farm, about one mile west of town, and reside there.

DIPHTHERIA CASE REPORTED BY DOCTORS

There is one case of diphtheria in Springfield, that of a seven-year-old girl, who has had quite a severe attack, but is now improving. It is understood that quite a number of other children were exposed before this nature of the disease was learned, but as no other cases have developed little danger of an epidemic is feared.

It is not known where the child contracted the contagion, but there have been several cases in the county this winter. Drs. Barr and Pollard are attending the case.

MR. COX CORRECTS WRONG IMPRESSION REGARDING PROFITS

Editor Cottage Grove Leader—Please permit me space in your paper for a few lines.

I noticed an item in the Eugene Guard recently wherein some one said I was making \$14 per head off of my dairy cows. I want to tell the public that this is a falsehood. I never told any one I was making \$14 per month per cow. I never have made any such statements to any one, and whoever said I did is telling something that is not true.

My check for October, the returns from six cows, was \$55.20. We had our butter and cream for a family of four, which would be, as near as I can tell, \$7.50, which would make my check \$62.70.

This is the best I have ever done. Butter fat at the present time is 37c per pound. Now take these same cows for April, May, June and July, and they would make 25 per cent cream, about \$25 or \$30.

My cows made me last year \$100 per head, counting skim milk, butter and cream for family and huffer calves, with which returns I am well pleased. However, I don't want any one to say I am making \$14 per head per month from my cows.

Boom the country, but tell the truth, and then immigrants will not be disappointed.

Yours truly, TOM COX.
