

Stops Lameness

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 41, writes:—"I have used your Liniment on a horse for sweeney and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is

Sloan's Liniment

Mr. H. M. Gibbs of Lawrence, Kans., R.F.D. No. 1, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one on both of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce puff and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush.

ESTIMATE CUTS BY COMMITTEE TWO MILLIONS

Washington, Jan. 10.—Fortifications for the United States and insular possessions for the year 1911 will cost \$5,617,205, over two and a half millions less than for 1910, if the house adopts the recommendations of the appropriations committee, submitted today.

INSURGENTS WIN IN HOUSE BATTLE

Fusion With the Democrats Is Stronger Than Regular Party

Washington, Jan. 8.—The House of Representatives yesterday, after a parliamentary battle in which a combination of "insurgent" Republicans and Democrats defeated the republican organization, adopted a joint resolution providing for an investigation of the interior department and of the forestry bureau.

The defeat of the Cannon organization came in the adoption by a vote of 149 to 146 of an amendment providing that the house members of the joint committee be appointed by the House itself and not by Speaker Cannon.

As soon as the President's special message had been read in the house yesterday Chairman Daisell, of the rules committee, brought in a privileged resolution providing for the immediate consideration of the joint investigation resolution offered several days ago by Humphrey, of Washington.

Daisell explained that after its adoption by the senate and its signature by the President, the joint resolution will become a law, giving the investigating committee power to summon witnesses and to compel them to testify.

The Norris amendment providing for the appointment of the six house members of the committee by the house and as adopted by aye and no vote of 149 to 146, five voting present.

REPUBLICAN LEADERS RELY ON POWER OF CAUCUS RULE TO CONTROL HOUSE REVOLT

Washington, Jan. 10.—The power of the party caucus will be invoked in the house in an effort to suppress the revolt of insurgents. The Republican leaders decided today that whenever the insurgents as a body differ from the majority the caucus shall determine the party course.

It was said in the house today that Representative Dwight, of New York, the Republican whip, had taken the names of the Republican insurgent congressmen off his list of representatives to whom he regularly sends notices demanding their attendance at times of division.

While the army appropriation will engage the attention of the house when that body convened today, the members manifested far greater interest in the Pinchot-Ballinger situation and the statement issued yesterday by the republican congressional committee openly warning insurgent congressmen that they could expect no help from the administration when they came up for re-election.

Senate Amends Washington, Jan. 10.—The senate committee on public lands today re-convened and amended its resolution providing for the Ballinger-Pinchot investigation so as to leave to the house the method of selecting its investigating committee.

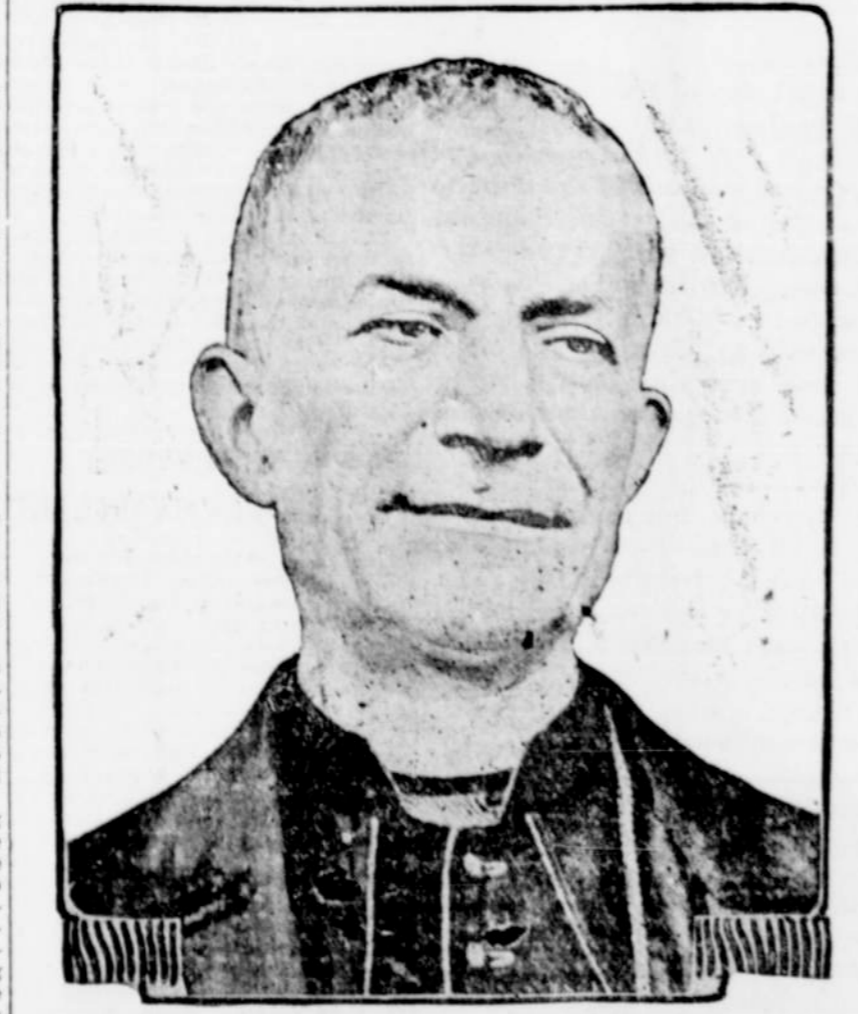

Taft's Measure Washington, Jan. 10.—Representative Townsend introduced in the house today a bill embodying the recommendations outlined in the special message of President Taft for amendments to the Interstate Commerce law.

INVESTIGATING DEATH OF RECKLESS YOUNG MILLIONAIRE

Chicago, Jan. 10.—Coroner Hoffman will take charge of the death of Nathaniel F. Moore, son of Jas. Hobart Moore, leader of the Rock Island group of financiers. Moore was found dead in a south side resort under somewhat mysterious circumstances, and the news of his death was suppressed by the police for 12 hours. Apparently he died of heart disease, but mysterious circumstances connected with the case require explanation.

When the young man was 21 years of age his father gave him a check for \$100,000, since which time he has been a liberal spender, and had been drinking before his death. The police are working on the theory that a drug often used to keep liberal spenders awake in resorts, so that they would continue to buy the drinks freely, may have been the cause of Moore's death. The drug is not considered to have a serious effect, but some times its application has produced unexpected results. Physicians had been summoned to attend the young man, but could do nothing for him. Moore had the reputation of always carrying large sums of money, but had only \$2.50 in his pockets.

The women of the resort are being held by the police, pending an investigation, although not officially under arrest. Later the post mortem held on Moore this afternoon disclosed that death was due to heart disease, su-

Cardinal Satolli was best known in this country as the first apostolic delegate from the Vatican to the United States. He was born in Perugia, Italy, in 1839 and was educated in the most eminent schools of ecclesiastics in that country. He early developed wonderful powers of oratory and later in life became a writer of distinction. Mar Satolli was elevated to the college of cardinals in 1905. On his visits to this country he made many friends, and when the cable dispatches told of his death last week he received hundreds of telegrams of sympathy from admirers in the United States.

WATER RENTS FOR 13 MONTHS OVER \$21,000

City Treasurer Frank Reiser has prepared a statement of the receipts and expenditures of the Eugene water department for the thirteen months during which the city has owned the water plant, to submit to the city council at its regular meeting this evening. The mayor reported having ordered some sub-station equipment for the power plant. The council ratified the action.

Street committee reported 10,000 feet of new lumber and 3,000 feet of old lumber used in construction of cross walks the past month.

W. L. Kincaid was granted permission to remove trees on Olive street in front of his property.

S.S.S. FOR RHEUMATISM

Rheumatism is in reality an internal inflammation; a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. The disease is caused by an excess of uric acid in the blood, which comes from indigestion, weak kidneys, constipation, and other irregularities of the system. This uric acid produces an inflamed and acrid condition of the blood, and the circulation, instead of nourishing the different portions of the body, continually deposits into the muscles, nerves, joints and bones, the irritating and pain-producing acid with which it is filled. Then follow the painful and torturing symptoms of Rheumatism. We do not claim for S. S. S. that it is anything more than a first class blood purifier, and that is just what is needed to cure Rheumatism. S. S. S. goes into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause of Rheumatism. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every portion of the body, and permanently relieving the suffering caused by Rheumatism. S. S. S. is purely vegetable and will not injure the most delicate system. Book of Rheumatism and any medical advice free to all who write.

NEW RATE FOR CITY WATER CONSUMERS

The city council has adopted a new schedule for water rates, an ordinance fixing the rates having been passed at the regular meeting last night. The new schedule going into effect on and after January 1, 1910.

There has been no justification of water rates in the city of Eugene, and in many instances the price fixed was arbitrary and not based upon service rendered. The new schedule will tend to regulate and equalize the rate. The new rate will not effect the small user in any material way, the dwelling rate averaging \$1.00 per month as formerly, the rate being 50c for faucet, 25c for bath and 25c for toilet. The large users will be more particularly affected.

A booklet containing rates, rules and regulations will be published and distributed to water users.

TEMPORARY TABERNACLE

Rev. H. N. Mount appeared before the council in behalf of the Eugene Ministerial association, presenting a petition for a building permit for the erection of a tabernacle which will entirely cover the lot on the southwest corner of 6th and Willamette streets, belonging to F. L. Chambers and Al Hampton, the building to be a wooden shell structure with a seating capacity of 3,000. A special ordinance was passed granting this permit, making provision that the building be maintained for a period of 60 days and removed at the end of this time.

MINOR MATTERS

Two Fairmount ministers presented petitions for arch lights at their respective churches, one at the corner of 17th street and Columbia Avenue, where the Christian church is located and one at 15th street and Villard avenue by the Presbyterian church. The petition was granted, providing the churches stand the city's expense of installation.

Councilman Williams reported that property owners in the neighborhood of Franklin street at the mill race crossing had raised money by private subscription for raising the street grade and petitioned the city to have this work done. The matter was referred to the city engineer.

Mayor Matlock explained that he had refused to sign the warrant on the ground that it was not regular and not safe to advance the money in this manner, taking a private person's bond as security. The council has no power to act further upon the matter.

Mr. Thomas' only recourse is a writ of mandamus.

Mr. Morris, superintendent of construction on the city's transmission pole line, reported poles delivered to the amount of 3,000 and cross arms to the amount of \$400 and asked for a payment of \$500 be made on the contract. Ordered paid.

Chairman Garrett of the fire and water committee reported favorably on bills for material used in the construction of the city's power plant and transmission line. Bills were ordered paid as follows: cross arms, \$300; Chambers Hdw. Co., \$93, both on account of Morris Bros. contract. John A. Roebing Sons, for hard drawn copper wire, \$255.71.

Bill of Westinghouse Electric Co. for electrical machinery for power house to the amount of \$7900, was reported, 50 per cent to be paid upon receipt of bill of lading.

Additional hose for the fire department was reported ordered. The Fairmount house was reported completed and bill to the bell, amounting to \$37 was ordered paid.

George J. Irvin's bill of \$27.77 for bridge construction across the power plant ditch was ordered paid.

Councilman Garrett reported that the farmer's telephone companies east of Springfield along the right of way of the transmission pole line had consented and agreed to move their pole line to one side of the county road alongside with the Pacific Telephone Co's. pole line, and would pay \$15 toward the expense, the city paying the balance.

The mayor reported having ordered some sub-station equipment for the power plant. The council ratified the action.

Street committee reported 10,000 feet of new lumber and 3,000 feet of old lumber used in construction of cross walks the past month.

W. L. Kincaid was granted permission to remove trees on Olive street in front of his property.

Councilman Moon of the finance

committee reported the regular monthly bills which were ordered paid. An adjustment was made in the salaries of the different city employees, warrants being ordered for their payment in full to January 1. Hereafter all salaries are to be paid on the first of each month, giving city employees a common pay day.

Chairman Williams of the health committee reported inspections having been made of the butcher shops, hotels and restaurants and found conditions favorable.

Petitions for sewer in the alley between 6th and 7th streets from Monroe to Harrison were referred to the city engineer and the sewer committee.

Ordinance regulating water rentals, rules and regulations was acted upon as before stated, and fire and water committee ordered to have pamphlets printed and issued containing full information to water users.

Plat of Wallis-Dorris addition to Eugene on West 10th street was approved. The city attorney was instructed to take steps to condemn property for the opening of 10th street between the James Huddleston and Wallis-Dorris additions; also of Van Buren street from 7th to 8th. The application of City Attorney Pipes for a 20 days' leave of absence was granted and Attorney G. F. Skipworth was appointed to act in his place during his absence.

COBURG COUPLE WED LAST EVENING

Special Correspondence. Coburg, Jan. 11.—Wendell Bartholomew and Miss Alice M. Sterns were joined in holy matrimony here at the home of the bride last night at 7 o'clock. The bride and groom are both of Coburg, and widely known. Mr. Bartholomew was accused by his fellow Odd Fellows of his intentions, but the reply was "It is all off, boys."

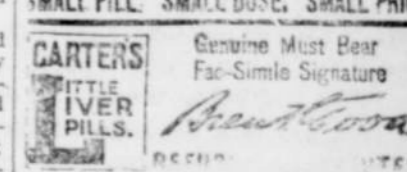

A number of boys promenade about the house, but failed to arouse the little man. Wedding cigars are on display at the hardware store. Help yourselves.

The Modern Woodmen installed officers last night as follows: V. C. M. L. York; W. A. F. H. Chamberlain; banker, N. E. Barrett; clerk, David Link; escort, J. H. Newman; watchman, J. N. Blais; sentry, Peter DeVos; manager for three years, F. R. Welch; chief forester, H. G. Mosher. The installing officer was Past Consul S. R. Mosher.

Hon. J. H. Booth returned from Grants Pass Friday night, where he was called by the serious illness of his brother, Hon. J. O. Booth. The latter was suffering from ptomaine poisoning but is now much better. A telephone message from there this afternoon states that his early recovery is now well assured.—Roseburg Reveler.
