A Quaint Funeral

In the early days of Yaquina Bay, when Phil Sheridan was a young lieutenant in charge of fifty troopers, which held the three thousand Indians within the boundaries of the Siletz reservation, he chose a spot on the north side of Yaquina Bay where he decided to build a fort, but discovered that he had selected the burial ground of the Alsea tribe of Indians.

These Indians buried their dead in canoes suspended in trees, placed so that the water would drain out. When they heard that the "Boston Man" chief (so called because the first white man seen by the Indians on this coast came in a ship from Boston—1804, was going to use their sacred burial-ground for a purpose understood by them, they held a powwow and decided to oppose the measure.

TROLLEY LINE FROM EUGENE

Indications Point That An Electric Line Will Be Built To Laidlaw (Laidlaw Chronicle.) The latest transportation rumor in this section, and one that seems feasible, is that the electric line that is building out of Eugene east into the McKenzie Valley toward the Sisters mountains, will be extended across the mountains and come down into this section of Crook county. The line has already been completed to Blue River, about half way between there and Eugene, and is being laid with heavy steel. A large force of men are at work on the line clearing right of way.

KASPARILLA

This sterling household remedy is most successfully prescribed for a "world of woes." For derangements of the digestive organs it is a natural corrector, operating directly upon the liver and assisting the bowels, gently but persistently stimulating a healthful activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bed-strewn, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strength-giving tonic of the highest value, and if it fails to satisfy we authorize all druggists to refund the purchase price. W. W. MARR, Oregon Chemical Co., Portland, Oregon.

BIG DAMAGE SUSTAINED IN CIRCUIT COURT

(From Thursday's Daily Guard.) Great interest is being manifested in the trial in the circuit court today of the case of F. H. Hall vs. the Oregon & Southeastern Railway Company, to recover \$25,000 damages on account of injuries received in the wreck on the defendant's line between Cottage Grove and the Bohemia mines a year ago, in which Mr. Hall suffered a broken leg and many other injuries. A large number of people are in the city from Cottage Grove, Mr. Hall's home, to hear the testimony in the case, and a number of them are witnesses. A. B. Wood, president of the railroad company, is directing the trial for the company. The jury in the case is as follows: Henry Rebnan, S. B. Jackson, C. A. Stephens, R. E. Brabham, F. E. Bristol, F. P. Close, W. Powell, W. F. Mooney, O. Dowell, Marion Hager, J. M. Shaub and T. L. Rash.

METHODISTS TO HAVE FINE NEW CHURCH EDIFICE

While it is not officially given out, it is known that the Eugene Methodist church contemplates the erection of a fine new house of worship in the near future, probably this year. At last night's services, which were given over to addresses on the results and possibilities of the recent union revival and to communion services, the trend of thought in the addresses made by Senator R. A. Booth and Professor F. S. Dunn was that a larger building is an immediate necessity. It is said that plans will be formulated at once by the church officials to secure the funds with which to erect the building. Some favor, it is said, the plan to sell the lot which is now occupied by the church, as the business district is rapidly approaching in that direction, and purchase a lot further out, although in central location, on which to erect the new building. The difference in the value of the property on which the building stands and a suitable lot further out would swell the building fund to a large extent. The church officials plan a building on which will not be surpassed by any in the city at present, or by any that will be built within the next year or two.

CANNERY DEAL IS FINALLY CONSUMMATED

A very important deal to the fruit interests of this section has just been closed, the Eugene Fruit Growers' Association purchasing the plants of the Allen Fruit Company, together with the latter's business, packing and evaporating plants, together with all buildings and property, including sidetracks, etc., on the Southern Pacific line at the foot of Mill street. This deal has been on for some time past and has been mentioned frequently by The Guard. The result of the deal will be to place the fruit industry of Lane county under one head and management, which up to this time has been under two. The Fruit Growers' Association has increased its capitalization from \$5000 to \$25,000. Of this latter amount two-thirds of the stock is already paid.

ROOSEVELT AND PARTY AT KHARTOUM

Khartoum, March 14.—Colonel Roosevelt and party arrived this afternoon and was greeted by a flattering reception. Captain Clayton of the staff of the Sidar and Major-General Sir Francis Wingate met the distinguished traveler in the harbor and escorted him to the palace where tea was served. The party went from there to the station to meet Mrs. Roosevelt and Miss Roosevelt. Apartments are in readiness for Colonel Roosevelt and his family at the Palace and they will dine there alone this evening. Tuesday will be devoted to sight-seeing around Khartoum and visits will be paid to the Gordon Memorial college and other noted institutions. In the evening the heads of the governmental departments and their wives will meet the Americans at a dinner at the palace. The guests will include Slatin Pasha, the writer who has so vividly described the massacres in the Sudan. Wednesday morning, Colonel Roosevelt will visit Omdurman. The Omdurman, mark the site of the great battle of Omdurman on September 2, 1898, when the Khalifa's army was annihilated, and the rule of the Khalifa was brought to an end. He will inspect the Khalifa's house and meet local celebrities. In the afternoon, a polo game has been arranged for his benefit at the Gymkhana grounds and after that he will visit the American mission. In the evening he will be the guest of the Khartoum club at a dinner, at which covers will be laid for 60. Thursday is a free day, but it is probable that the ex-president will spend the Masonic lodge before his departure and witness the Sudanese drill. Colonel Roosevelt and his family will leave here by special train on Thursday night to visit Assuan, Luxor and Edfa, on the way to Cairo.

CUTICURA CURED HIS SORE EYES

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed—Was Unable to Go About—Home Remedies and Professional Treatment were Equally Unsuccessful. TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE. "About two years ago my eyes got in such a condition that I was unable to go about. They were terribly inflamed, both the balls and lids. I tried home remedies without relief. Then I decided to go to our family physician, but he didn't help them. Then I tried two more of our most prominent physicians, but my eyes grew continually worse. At this time a friend of mine advised me to try Cuticura Ointment, and after using it about one week my eyes were considerably improved and in two weeks they were almost well. They have never given me any trouble since. I was then sixty-three years old and am now sixty-five. I shall never fail to speak a word of praise for the Cuticura Remedies when I have an opportunity, and I trust that this letter may be the means of others being cured as I have been. G. B. Halsey, Mouth of Wilson, Grayson Co., Va., Apr. 4, 1908."

JOHN A. HAWK DIES SUDDENLY

This community was shocked Tuesday morning with the announcement that John A. Hawk had passed away shortly after midnight, with barely a moment's warning of the end. He has been afflicted of late with much pain due to rheumatism, a disease that seems to have grown on him gradually for the past five years. Only a few minutes before the end came he complained of great suffering in his hip and his good wife had arisen and was preparing a relief for the pain. On returning to the bedside she found a human assistance, his life of an hour had ended. It is presumed his death had taken effect of the heart. Risburg Bulletin.

MACADAM ROAD ALONG RIVER ROUTE ASSURED

A large amount of citizens owning property and living on the river road between the railroad and Santa Clara called upon the county commissioners' court this morning and again placed the matter of building a macadam road between these points, a distance of three miles, before it. It was stated that the property owners along that stretch had raised the sum of \$3252 toward the work and it was thought that if the court would appropriate a like amount the sum would complete one of the best roads ever built on the coast. It may perhaps not take that much, or it may take more.
