

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabatius, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound," and I did. I took it before child-birth, and we are all surprised to see how much good it did. My physician said, "Without doubt it was the Compound that helped you." I thank you for your kindness in advising me and give you full permission to use my name in your testimonials.—Mrs. H. W. MITCHELL, Box 3, Sabatius, Me.

Another Woman Helped. Grantville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth its weight in gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Grantville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing symptoms peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

SALEM MAN SUES WATER COMPANY FOR WIFE'S DEATH

Salem, Or., March 14.—James E. Dorrance today began action in the circuit court for Marion county the Salem Water Company to recover \$7500 damages for the loss of his wife, Della R. Dorrance, who, it is alleged, through the negligence of the water company, contracted typhoid fever and died November 15 of last year. Mr. Dorrance brought action as administrator of his wife's estate. The amount sued for is the limit that can be recovered under the Oregon statutes for death caused by negligence.

GOLD BRICKS FROM BOHEMIA MINES

Cottage Grove, Or., March 14.—Two gold bricks were brought in recently from the West Coast mines, valued at \$2800, and shipped to the government mint at San Francisco by A. B. Wood, general superintendent of the company.

John Krosky, of Portland, has purchased a 60-acre tract of land from George Kerr, of Willwood, 18 miles east of here, for a summer home, and will set out a 12-acre orchard.

DIED

At Thurston, March 14, 1910, at noon, Jasper Eddy, aged 73 years, from paralysis and other ailments. He was a pioneer of 1852 and has lived in this county practically ever since that time. He leaves two sons, Walter Eddy of Hazel Dell and Jesse Eddy of Eugene, and a daughter, Mrs. Corn of Eugene. The funeral will be held Thursday at 2 p. m. at the Gordon undertaking parlors in Eugene, with interment in the Mulkey cemetery west of the city.

Mitchell & Garrett have sold one of Mrs. Wald's houses on Charleston street between West Sixth and West Seventh to Mrs. Elizabeth A. Johnson for \$3100. Mrs. Johnson has sold her home on East Eleventh street.

Dr. Scafele made a trip to Waltham yesterday with the expectation of having to operate upon John Petros for strangulated hernia, but he relieved the patient without an operation.

O. J. Clark has sold his farm of 20 acres in the Vitus tract above Griffith and near the McKenzie river to W. E. Wilson, of Billings, Mont., for \$5,000, through E. J. Fraser's agency. Mr. Wilson will become a permanent resident of Lane county.

PEOPLE WILL VOTE ON FILTER BONDS SOON

The city council at its regular meeting last night voted upon another election, this time to decide whether or not the people of the city want to issue \$50,000 bonds for the purpose of installing a filtering plant at the water works similar to that at Oregon City, and for more mains, \$40,000 to be expended for the filters and the remainder for the mains. Incidentally the matter of again voting on the \$150,000 refunding bonds was brought up and it will be submitted to the voters once more at the same time. The \$150,000 refunding proposition is similar to that voted upon at the last election, with the exception that a sinking fund is created. It has been found that the Hancock bonding act, talked of, cannot be invoked for legal reasons.

The election will be held, also, for the purpose of voting upon the proposition of annexing the western and southwestern suburbs, as petitioned for by the people of that vicinity. Another meeting will be held at 4:30 o'clock this afternoon to finally act upon the matter.

In regard to the refunding bond election, there seems to be a demand for it, as many people did not understand it at the time of the last election, and the council thinks it will carry this time. A statement of the debt of the city was made by the mayor at last night's meeting. It was shown that it is only \$50,000, the \$150,000 not being a debt, but that amount is owed by the property owners to the city for paving. It is all collectible.

Water Collections. The water collector reported for the month of February that \$1704.12 had been received on collections, and that there was a balance on hand at the first of the month of \$73.89. He paid to the treasurer \$1630.01, leaving a balance on hand at this time of \$84.

Several Petitions. The petition to rescind the ordinance ordering all cigar stores to close on Sundays was received and placed on file.

A petition for the opening of Van Buren street from West Fifth to West Sixth street was presented and referred to the street commissioner and street committee.

The recorder was authorized to issue a plumbers' license to Thomas Zell.

A sidewalk was ordered constructed from Columbia avenue to the intersection of Columbia boulevard.

Other Matters. Councilman Garrett recommended the extension of the water mains on East Twelfth street, three families having asked him for the extension and many more will patronize it.

The recorder was directed to prepare the proper petitions for nomination of city officials for the April election.

A delegation of Fairmount residents protested against the payment for Onyx avenue improvements from East Eleventh to East Fifteenth had not been properly opened to travel and was of no benefit. A petition bearing upon the subject was ordered placed on file.

The Bethel Sunday school gave a basket social at the school house last night. Everyone was delighted with the program, which was well rendered. The basket auction netted \$32. E. J. Gilstrap is superintendent.

L. G. Clark and Ernest Palmer have commenced action in the circuit court to recover money from R. S. Haskell, H. B. Davidson, Geo. H. McLean and the Merchants' bank. F. P. Greenman is their attorney.

HAMPTON WILL ERECT BIG DEPARTMENT STORE AT SIXTH AND WILLAMETTE

Eugene is to have a modern department store in a modern building. Alton Hampton, the dry goods merchant, who a year or more ago bought the lot at the corner of Sixth and Willamette streets from F. L. Chambers, will erect this summer a three-story brick block on the lot, which is 70x160 feet in dimensions, and expects to occupy it by the first of August. The entire three floors of the building will be occupied by the store.

The building will be entirely modern and will be in a class by itself in Eugene. It will be built of pressed brick and will be of the latest design in architecture. Kroner & Henny, a prominent firm of architects of Portland, are drawing the plans for the structure. It will cost about \$35,000.

Will Excavate at Once.

Mr. Hampton returned last night from Portland, where he was in consultation with his architects all day yesterday in regard to the building. He announced this morning that he would at once begin excavation for the structure, and the contract for its erection will be let as soon as the architects are through with the plans and bids can be had.

The preliminary plans for the building, Mr. Hampton says, show a magnificent structure. Situated as it will be on the corner opposite the new federal building, there will be no buildings in the way for an unobstructed view of the structure from as far as the Southern Pacific depot, it will stand out boldly and handsomely and will be the means of giving to new arrivals a splendid impression of the city, for the first impression is always a lasting one.

Modern Arrangement. The building will be equipped with all modern conveniences including an electric elevator. On the first floor will be located the general dry goods stock, and possibly other departments, and on the second and third floors will be displayed the ladies' departments. There will be a tea

room in the balcony, where lunches will be served to the customers, besides lockers and wardrobes for the employees, and all the latest improved fixtures that are used in the big department stores of the larger cities.

There will be two vestibule entrances to the store, one on Willamette street, and the other on Sixth street. Around the elevator shaft there will be a double stairway and in the centre of the building there will be a large light well, which together with the many large and spacious windows, will splendidly light every floor of the big store.

First Big Store. Eugene has long needed a big store. Already there are a number of stores that have been a credit to the city in the past, but Eugene has outgrown them and strangers have remarked often that Eugene is behind even some of the smaller cities of the state in this regard. Mr. Hampton is the pioneer in the movement for a better class of dry goods stores, and he will doubtless be followed by other merchants in this respect in the not distant future.

When the plans for the building are completed a further description of the splendid structure will be given.

RAILROAD TROUBLES TO BE SETTLED BY ARBITRATION

Chicago, March 15.—Mediation under the Erdman act was formally accepted today by the committee and officials of the Brotherhood of Locomotive Firemen and Engineers. In taking this action, which came after the receipt of a telegram from Chairman Knapp, of the interstate commerce commission, the committee stipulated that mediation must be speedy or it would not be accepted by the men employed on the 47 roads involved.

"THERE WILL BE NO STRIKE"

Chicago, March 15.—President W. S. Carter, of the railroad engineers' union, announced late today that in all probability the firemen would accept mediation under the Erdman act.

"There will be no strike," said Carter, "but mediation must be speedy or the men will not submit to it."

Washington, March 15.—Mediation under the Erdman act will be requested by the railroads affected by the strike order of the union firemen, and the request will be granted. The request for mediation was upon the difficulty that had arisen as the subjects of "wages, hours of labor, and conditions of employment" between the 47 roads involved, and the Brotherhood of Locomotive Firemen and Engineers. It was requested in the application that the mediators, Chairman Knapp and Commissioners Tabor and Neill, enter into communication with W. S. Carter, president of the Brotherhood, with a view to an amiable adjustment of the trouble.

JACK JOHNSON'S AUTO UPSETS

Chicago, March 14.—Jack Johnson, colored heavyweight champion, will start training for his fight with Jeffries about April 1, according to an announcement yesterday. Johnson intends to spend at least two months here in preliminary training, which will consist of road and gymnasium work. His plans for training quarters on the Pacific coast have not been completed. Johnson's automobile was overturned near Racine, Wis., yesterday while the champion was driving toward Chicago. The champion was bruised, but not severely hurt.

TEN-ROUND FIGHT IS TAME AFFAIR

Kansas City, March 14.—"Fighting Dick" Hylard, of San Francisco, and Matty Baldwin, the "Bunker Hill Bearcat" of Boston, fought ten rounds to a draw at the Hippodrome tonight.

The fight was a tame and uninteresting affair, neither fighter having been in danger at any time. It was the old story of a slugger-Hylard—matched against a snifty boxer, Baldwin. Hylard came out of the battle without a mark. Baldwin has a bad cut over his left eye.

The best round was the fourth, when Hylard opened the wound over Baldwin's eye. The San Francisco boy had Baldwin tired at the close.

ALBANY GIRLS WIN FROM JUNCTION CITY

Albany, March 14.—On Saturday evening at the Alco Club gym, the Albany girls' basketball team defeated the girls' team from Junction City by a score of 15 to 4. At the end of the first half the score stood 4 to 0 in favor of Junction City, but in the second half the Albany girls scored 15 points.

Gives Prompt Relief William H. Douglas, Jr., of Washington, D. C., says: "I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gives me almost instant relief. Sold by Dillon Drug Co."

EUGENE WILL HAVE FLOAT AT ROSE FESTIVAL

That Eugene will have one or more floats in the parade at the Portland rose festival next June is a foregone conclusion. Officials of the festival association will be here on Friday of this week to attend Eugene's rose-planting exercises and incidentally will confer with the local boosters as to the nature of the floats to be sent to the festival from this city.

The Portland rose festival this year will be conducted on a much greater scale than ever before and it promises to attract a large number of tourists to the Pacific Northwest. The vacation rates from the East, to be given by the several transcontinental railroads on this account, will be decidedly effective in bringing great numbers of visitors. Inasmuch as a float from Eugene would attract the attention of these thousands of Eastern visitors, it appears that the scheme to be represented at the festival is a good one.

SPRINGFIELD

FIRST BIG REAL ESTATE DEAL OF SEASON

The first big real estate deal of the year in Springfield and the opening of the season, which promises to be the biggest in the city's history, was the sale yesterday of 150 acres of land east of the city by L. E. Hiatt to George W. Neff of Eugene for \$6,000. The land was bought only a short time ago by Mr. Hiatt for scarcely more than half that amount. The price, however, is regarded as exceedingly low and the buyer eagerly seized at the opportunity. There are not many of these large tracts left near the city, for the rise in prices cuts them up.

This warm weather means business in the property line, for the dealers are able to show the land to advantage. The prices of city property is still where it was last fall and the dealers do not expect much of an advance for perhaps a month.

NEW ADDITION NAMED SUNNYSIDE

"Sunnyside" is the name of the latest addition to the suburban districts of this city and it consists of 140 city lots that have been laid out by the Springfield Realty Company just north of Emerald Heights and south of Mill street. There are ten blocks that have been platted with streets and alleys. The plat shows the proposed route of the Lane county Asset Company's electric line running through the tract. It is the Springfield Realty Company is the same that has Willamette Heights on the market.

FIFTEEN THOUSAND DOLLAR BRICK BLOCK

Local contractors are of the opinion that this year will be a record breaking season in the building line, for besides a very large number of new residences there are no less than four business blocks that are nearly certain to be built. Work on two of these will begin within a month. The biggest and finest block that the city will have will be the proposed building of Peery and Winzenreid, estimates and plans for which are now being submitted. The building will cost in the neighborhood of \$15,000 and will be modern throughout. It will be located on the corner of Fourth and Main streets across from the lively stable and will have a frontage of 66 feet and a depth of 100.

The ground floor is to be divided into three stores, one of which probably the corner, will be the Peery drug store; the newspaper will possibly occupy another, while the third has not been spoken for. The second floor, which will have over 25 rooms will be divided into office and living suits. The building will be moderately equipped throughout, being wired and piped for electricity and gas, and will be steam heated. If the cost is not too great, the front will be pressed brick.

The other building that will be built at once is a 30x120 concrete structure that will occupy the middle of the block beyond the Peery-Winzenreid structure. The plans of this are now being drawn.

There are 70 feet owned by P. D. Newell of Eugene and J. Newton Rhodes, just west of the Odd Fellows' building, on which they intend

McCREDIE'S BUNCH TRIMMED BY THE WHITE SOX TEAM

Santa Maria, Cal., March 14.—McCredie's 1910 Portlanders went up against the southpaw pitcher, "young Cy" Young, and Schmirers, of the Chicago White Sox, here this afternoon and lost, being practically helpless at the bat. For Casey's two hits, one of which was a homer, were all that saved the Beavers from the disgrace of a shutout. The score was 5 to 1.

Chicago managed to collect five runs because of the erratic work of Kratzberg and the batting of "Demmon" Barrows.

Despite the defeat, the Portland players are not the least bit disheartened over the result, and say they will be after the big leaguers harder than ever tomorrow, when both teams play at San Luis Obispo. Portland put up a splendid fighting game and easily outshone the Sox in this department, though only one error is charged against each club.

FARMERS' TELEPHONE MEETING MARCH 26

A meeting of the Lane County Farmers' Telephone Association will be held at the courthouse in Eugene on Saturday, March 26, at 10 a. m., for the purpose of inviting an independent company to enter this field. Representatives of different companies have promised to be present. All farmers' lines in the county should be represented at this meeting. E. W. ZUMWALT, President.
