

S. S. S. FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of nutriment from food eaten. This nutriment is then supplied through the circulation to every part of the system. Any system which does not receive the proper amount of blood nutriment is not prepared to withstand the countless disorders that assail it. If the blood can not nourish the body, the circulation must be pure, rich and strong. If we would enjoy good health, bad blood manifests itself in various ways. When some it takes the form of skin diseases and eruptions, others become bilious and maudlin, with sallow complexion, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature than bad blood, become more serious and produce Rheumatism, Gout, Sore and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity or poison, strengthens and enriches the blood, and in this way supplies the body with the proper amount of nutriment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation. Book on the blood sent free to all who write.

NEWS OF LOWER SIUSLAW COUNTRY

A crew of men begin cutting brush at the mouth of the river next Monday for the jetty. C. B. Morgan is to be foreman.

Mr. and Mrs. I. A. Smith arrived here Saturday from Portland to spend a few days with Mrs. Smith's parents Mr. and Mrs. Brynd.

Mr. Ebbert arrived here from Eugene a few days ago and has taken a position as stenographer with the Hurd Lumber & Navigation Co.

Mrs. Wm. Kyle had the misfortune to fall down stairs at her home Saturday evening, hurting herself quite severely. No bones were broken, but she received many bruises and will feel the effects for some time yet.

The schooner Oakland left Sunday for Coos Bay after being bound for considerable time. She took out what lumber the Oregon & California Co. had and will finish her cargo at Coos Bay.

The first shipment of butter sent from the creamery here this spring, was carried out on the Wilametta this week. The creamery company is planning to ship out by water this year, and get the benefit of cheaper transportation.

The directors of the McLeod district have engaged Miss Fannie Colvin to teach a three months' term of school in their district, after the school in Florence closes. Miss Colvin is now teaching her second year here and has given good satisfaction.

Logging operations are soon to be commenced across the river from Florence. Quite a large body of timber adjoining the townsite of Glensda on the west side, is to be cut off and sawed into lumber to build houses for the people who are purchasing lots in that rapidly growing town.

The gasoline schooner, Wilhelmina, arrived here Monday afternoon. The vessel left Portland last week with a full load of freight for different places along the coast. We understand it is another load now in Portland ready for her next trip. The prospect now is that the boat will be kept busy on the run.—Florence West.

FIRST STEEL LAID ON THE MAIN LINE

Hundreds of Citizens See Work Begin in Earnest on Oregon Eastern Toward Eugene

Vale, Or., April 17.—Laying steel was begun yesterday on the main line of the Oregon Eastern Railway, the proposed extension of the Oregon Short line and controlling interests through Central Oregon. The track on the Oregon extension of the Malheur Valley railroad, another branch of this system, has been laid for two miles. The contractors are under bond. It is said, to have this finished by June 1.

It is believed that as soon as the suits now pending in court relative to the pricing of certain rights of way are disposed of, work on the Boise-Western Railway will also be commenced, and these lines will be pushed as far as Malheur Canyon, where some interruption is anticipated by both projects, as the landowners have not as yet conceded all the rights of way through the canyon. The respective railroad interests also contemplate some difficulty with each other in running over certain proposed routes where conflicting rights of way may necessitate further litigation. However, representatives of both lines indicate a willingness to make concessions, as it is accepted that both lines will be built. This gives assurance of two trunk lines to the coast through this section.

The work of laying the steel on the main line this morning was witnessed by hundreds of interested citizens. There was no formal ceremony, however.

HALL'S TEXAS WONDER

I have sold Hall's Texas Wonder for kidney, bladder and rheumatic trouble for the last five years, and have guaranteed it in many cases, but have never had a complaint. 60 day's treatment in each bottle.

O. J. HULL.

PIANO TUNERS

T. A. ANDERSON—Piano tuner. Leave orders at the Lawrence & Roach music store, 26 West Sixth street. Phone Black 1027.

CONTRACTORS

CONTRACTOR AND BUILDER—Experienced workman; estimates furnished; inside work a specialty; orders will receive prompt attention. Edgar Martin, 392 Lawrence street, Eugene, Oregon.

MUSIC TEACHERS

WARREN, MR. and MRS.—Teachers Mandolin, Guitar and Banjo. Clubs coached. Gibson mandolins, Martie guitars on sale. 654 Olive street Phone, Red 5611.

COMPLETE CITY'S POWER PLANT IN NINETY DAYS

Frank C. Kelsey, the Portland civil engineer, who has charge of the work of building Eugene's municipal hydroelectric power plant on the McKenzie river above Waltherville, was in the city this forenoon on his way home to Portland, after a trip to the site of the plant, in company with Mayor Matlock and seven of the city councilmen. Mr. Kelsey stated to a reporter this morning that the work on the canal will be resumed at once and that if everything is favorable the entire plant ought to be completed inside of ninety days at the most. Most of the machinery, including the generators and excitors and some of the transformers, have already arrived and the remainder of the transmission and other appliances will arrive before the canal or building is ready for them.

The machinery will rest on solid concrete bases and will be covered with a substantial corrugated galvanized iron building. The poles for the transmission are all set, with the insulators in place, and the wires will be strung in the near future.

Engineer Kelsey, the mayor and councilmen who made the trip to the plant yesterday were well pleased with the condition in which the high water of last winter left the intake of the canal, there being no damage whatever.

NORTHWEST EUGENE WANTS STREET CAR LINE

Improvement Club Meets and Discusses Matter—Another Meeting to be held Soon

At a regular meeting of the Northwest Eugene Improvement club last night, matter of securing street car facilities in that portion of town was brought up and it was the sense of the meeting that the members were willing to subscribe a reasonable sum to secure a line for that section. It was voted to call another meeting for next Friday night for the purpose of further discussing the matter and take some action.

The western end of the city is entitled to street car service and the company should build to that section without a bonus, as the business would justify the building of the line.

George Croner, D. M. Purkerson and R. Rae were appointed as a committee to confer with Manager

UP TO EUGENE TO COMPLETE WORK ON BOULEVARD

Some good work is being done on the Springfield-County road and long to secure the fall rains for that section. If the road from the county steel bridge to the city limits of Eugene will be macadamized. The News was the first of the county papers to take up the matter of macadamizing this much used piece of road and was instrumental in getting the council and Commercial club interested in the improvement and it is through the earnest efforts of the Springfield and Eugene Commercial clubs that the county court has been induced to build a permanent road between the two cities. As the Eugene city limits extend nearly one mile east of the pavement the city should take the matter up and complete the improvements from the city limits to the University. As strip of road is the most used of any in the county the macadam would make a fine boulevard.—Springfield News.

NORTHERN LANE WANTS ROCK CRUSHER

A delegation of our citizens went to Eugene Tuesday afternoon to appear before the county court in regard to securing a rock crusher and steam roller for use of this section of the county. The delegation was given a courteous and patient hearing, numerous questions were asked in regard to the proposed plan of working the machinery, the amount of money guaranteed to prosecute the work and the kind of roads to be built. While no definite action was taken by the court, the delegation is of the opinion that we will at least secure a roller. This will really answer the purpose as gravel screened through the proper sized mesh will make a splendid top dressing. We are of the opinion that the court will order a roller for north Lane, as there is no prospect of securing the use of county roller now at work near Eugene—Junction City Times.

DOUGLAS FIGHTS COUNTY DIVISION

Roseburg, Or., April 15.—A committee of 50 representative Douglas county men was appointed last night to solicit funds with which to oppose the division of Douglas county in the creation of Nesmith county. The committee will commence work this week and as soon as the necessary money can be raised a plan of action will be outlined.

The proposition to create Williams county, comprising the northern part of Douglas, is considered a joke by the citizens of Roseburg and southern Douglas county, many believing that it is a scheme to defeat the creation of "Nesmith" county.

We guarantee Sutherland's Eye Salve to cure common sore eyes in 24 to 36 hours. This seems strange, but it is backed by our guarantee. You run no risk and it only costs 25c. Sold by Dillon Drug Co.

J. W. Awhrey is in the city from Pleasant Hill.

DR. BELL'S SKIN DISEASES.

Dr. Bell's Skin Disease Salve is the best—it is a creamy snow-white ointment, pleasant to use and every eye is guaranteed. Price 25c. At all dealers. Sold by Dillon Drug Co.

SNOW FALLS AND COLD WEATHER INJURES FRUIT THROUGHOUT MIDDLE WEST

Denver, April 16.—Reports from the fruit raising sections of Grand Valley, Montrose and Paonia, where the fruit crops are estimated at \$8,000,000,000, are that last night's frost was not serious. Smudge pots were operated by thousands of persons, which raised the temperature ten degrees.

SNOW IN KANSAS

Topeka, April 16.—Snow fell here early today, but the temperature has not reached the freezing point. Fruit had advanced well, and a freeze would result in great damage.

FREEZING IN MISSOURI

St. Joseph, Mo., April 11.—It was freezing cold last night, and there is fear for fruit and early vegetables.

FRUIT WAS INJURED

Sioux City, April 16.—Thousands of fruit buds were blasted by a killing frost last night. The loss cannot be estimated. Snow is falling.

DAMAGE IN GRAND VALLEY

Grand Junction, Colo., April 16.—A complete poll of the Grand Valley shows the damage by last night's cold snap to be only about four per cent of the fruit crop.

SENATE COMMITTEE FAVORS LARGE APPROPRIATION FOR WORK ON SIUSLAW HARBOR

Washington, April 9.—The report of the senate committee on commerce, giving increases in the rivers and harbors bill over the amounts carried in the bill as it passed the house, was completed today, and will be presented to the senate Monday.

The net increase in cash appropriations amounts to \$6,380,567, and contract authorization \$3,627,675. Some of the principal items of the cash increases are: Oregon—Coquille river, \$28,160; Siuslaw river, \$50,000; Willamette Falls canal, purchase, \$300,000.

Washington—Grays Harbor jetties, \$75,000; Columbia river, Bridgeport to Kettle Falls, \$50,000. Alaska—St. Michael canal, \$43,000.

Increase in contract authorization includes: Oregon—Siuslaw river, \$381,000.

BEAN AND SISTER WEZLER ADMITS SELL INTEREST IN HARDWARE STORE HIS IDENTITY AFTER ARREST

F. C. Bean and Miss Stella Bean have sold their interest in the Berger-Bean hardware store in the White Temple at East Ninth and Oak streets to F. A. Anderson, L. J. Kolker and A. E. Japp, all of whom have been employed in the store for the past several years.

Mr. Bean makes this sale for the reason that he desires to take a long rest, having worked steadily in the store for a number of years. His sister, Miss Stella, while she disposes of her entire interest in the store, will be retained as bookkeeper. The name of the firm will be the same as before, the Berger-Bean Hardware Co.

Mr. Bean has bought W. H. Kay's interest in the Eugene Gun Company's store, and will be associated with his brother, E. A. Bean, in that business, but he does not expect to be in the store, intending to take a good vacation and rest up.

WORSE THAN BULLETS

Bullets have often caused less suffering to soldiers than the eczema. L. W. Harriman, Burlington, Me., got in the army, and suffered with, forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Bolls, Burns, Cuts, Wounds, Bruises and Piles. 25c at W. A. Kuykendall.

SON BORN TO SIAMESE TWIN

New York, April 19.—A dispatch from Prague says the twin sisters Blackek, who are known as the successors of the famous Siamese twins, and recently entered a hospital there, where Wosa, one of the sisters, yesterday became the mother of a fine boy.

EVERY BOTTLE IS GUARANTEED. Every bottle of Dr. Bell's Pine-Tar-Honey is guaranteed to give satisfaction in all throat and bronchial troubles.

For sores, ringworm, eczema, running tetter, and all skin diseases Dr. Bell's Antiseptic Salve is guaranteed to give satisfaction or you get your money back. 25c everywhere. Sold by Dillon Drug Co.

PIERCE TESTIFIES IN BALLINGER-PINCHOT INQUIRY

Washington, April 15.—Frank Pierce, assistant secretary of the interior who began service under Secretary Garfield and was continued in office by Secretary Ballinger, was witness before the Ballinger-Pinchot investigating committee when its sessions were resumed today.

Before Mr. Pierce resumed the stand Attorney Brandeis made a lengthy statement, charging that the interior department had failed to furnish certain correspondence called for by him in a letter to the committee dated January 27. Brandeis stated the correspondence related to the statement of Attorney General Wickersham that Glavis was guilty of "habitual procrastination" in failing to institute suits against the claimants for Alaskan lands. He said he expected to show by this correspondence that Glavis had not been negligent in this matter.

Chairman Nelson told Mr. Brandeis to write a letter enumerating the papers needed and he would see they were forthcoming.

Attorney Vertrees resented vigorously the imputation that papers were being withheld by the department, and the committee adopted a motion that the department be asked to produce the correspondence demanded by Brandeis.

Pierce testified that during the winter of 1907, the Cunningham claimants retained a strong lobby at Washington and exerted powerful influence on Secretary Garfield and congress to secure patents. He said he stipulated with John P. Gray, one of the counsel for the Cunningham claimants, that the cases should not be heard before the Juneau register and receiver, who ordinarily would have had jurisdiction, because the receiver's son was one of the claimants, and because he realized the same influence would be exerted with the secretary as was apparent in Washington. He thought these influences might warp their judgment.

The committee questioned Pierce regarding the Cunningham claims in regard to whether he would be in effect the court of last resort in deciding whether the claimants were entitled to their patents. The witness replied that neither the claimants nor the government would have an appeal from his decision.

"How do you reconcile your judicial function with that of the prosecutor?" inquired Senator Root.

"That is a question which has bothered me a great deal," replied Pierce.

He expressed the opinion that the prosecution of the land cases should rest with the department of justice.

Representatives Graham and James sought to obtain the admission from the witnesses that his decision in any case would be subject to review by the secretary, and Pierce said he supposed the secretary would have a legal right to do so, but he could not recall any case where the secretary had reversed or revised a decision of one of his assistants.

"I want to say right here," exclaimed Pierce, "that no decision is to be announced in these Cunningham claims until every one of the 25 lawyers in my department has made an exhaustive examination of the record. When this is done, I will send the record to the department of agriculture and ask for a similar careful examination at the hands of the large force of lawyers there."

"Is this extraordinary care which you propose to give these cases due to the magnitude of the claims, or the publicity which they have attracted?" asked James.

"Both," replied the witness.

IRVING ITEMS.

Special Correspondence.

Irving, April 18.—Miss Garrett of Eugene was the guest of Miss Livia Bond over Sunday, returning home Sunday evening.

D. J. Copenhaver of Goshen was in Irving Sunday. He went from here to Junction City, hoping he might find some clue of his brother, who so recently disappeared from Springfield.

Miss Miller of Albany returned to her home Saturday after a week's visit with her friend, Miss Eunice Lemon.

Mrs. Raymond Wood went to Salem Saturday for a visit with relatives.

Claire Lee of Junction City, one of the enumerators of census, has been at work for a couple of days in this vicinity. He went home Saturday evening to spend Sunday.

Mr. Carse and daughter of Keokuk, Iowa, visited their niece and cousin, Mrs. Richard Cook recently. They made a hurried trip through the Willamette Valley and could not have formed a correct opinion of our country on that account.

Miss Hillbrand Inman of Eugene is the guest of B. F. Bond for a few days.

1-4 OF POUND A WEEK

At least, is what a young baby ought to gain in weight. Does yours? If not, there's something wrong with digestion. Give it McGee's Baby Elixir and it will begin gaining at once. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price, 25c and 50c. Sold by Dillon Drug Co.

THE CALL OF THE BLOOD

For purification, finds full voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clean skin, rosy cheeks, fine complexion, health. Try them. 25c at W. A. Kuykendall's.

AFTER SUFFERING FOR YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

"I was sick for years while passing through the Change of Life and was unable to do my own work and a few bottles of Lydia E. Pinkham's Vegetable Compound I gained 20 pounds, am now able to do my own work and feel well."—Mrs. Ed. LA DOT, Park Rapids, Minn.

Brookville, Ohio.—"I was irregular and extremely nervous. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me and I have become regular and my nerves are much better."—Mrs. R. KINNIKON, Brookville, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it is free and always helpful.

ACME BRIDGE WILL NOT BE BUILT

Florence Paper Gives Reasons Why People Want New Counties

It has been generally expected that the county court would have the bridge built on the road through Acme this summer, but a letter received by the Siuslaw Lumber Co., from Commissioner Price a few days ago, states that the court has decided not to build the bridge, but to spend the money on the road between Eugene and Mapleton. During the past three years the people of this road have raised nearly \$3,000 in special tax, to open the road from Mapleton to Florence and now the court refuses to build the bridges. Is such a course just to the people of this community? It is this thing of collecting taxes from all over the county and spending them to benefit Eugene, that has aroused dissatisfaction and led to these movements for county division.—Florence West.

OPEN RIVER MOVE WILL BE PERMANENT

Albany, Or., April 15.—Complete organization of the new Open River Association of the Willamette Valley will be perfected in the ensuing two weeks. A constitution and by-laws will be worked out by the committee on permanent organization and will be presented for adoption at the meeting at Oregon City Wednesday, April 27.

President Hewitt appointed Judge T. F. Ryan of Oregon City, and M. J. Lee of Canby, as a special committee to compile a constitution and by-laws of the new organization and present them at the Oregon City meeting.

The appointment of this committee on permanent organization was authorized late by a resolution and the committee was made up from the delegations then present as follows: Salem—Max O. Baten and Henry Theisen; Eugene, Victor Holt and F. A. Rankin; Oregon City, T. F. Ryan and W. A. Shewman, Jr.; Cottage Grove, C. C. Hazelton and A. L. Briggs; Albany, L. E. Hamilton and H. H. Hewitt; Brownsville, H. E. Tillery and H. Wayne Stanard; Sheridan, A. M. Sanning and C. H. Lehman; Portland, E. C. Gilmer; McMinnville, A. B. Fletcher; Canby, M. J. Lee; Scio, T. L. Dugger.

Judge H. H. Hewitt, president of the new open river organization, is an Albany attorney, who has been prominently identified with movements for upbuilding Albany and the Willamette Valley. For the past two years he has been a director of the Albany Commercial club and he is now president of the Alco club and the Albany Public Library Association. W. A. Shewman, Jr., secretary of the organization, is a prominent valley newspaperman. He is proprietor of the Oregon City Courier and the Albany Daily Herald.
