

PRESIDENT MAY VETO RAILROAD BILL WHEN IT IS FINALLY PASSED

St. Louis, May 4.—The possibility of a veto of the railroad bill as it will come from congress in an emasculated form was suggested to President Taft here today. The president would not discuss the matter in any way, however, saying he was not as familiar with the bill as it stands today as he was when it was first presented to congress. He added that he would go over the bill carefully and his future action would depend entirely upon the shape in which the measure finally passes.

St. Louis, May 4.—Addressing the passing at once the bill which will give to the executive the unquestioned authority to withdraw lands for power sites and other purposes. With this power in his hands as president of the United States, we can sit comfortably by and discuss and devise the best means of disposing of the great public domain to the benefit of the present and future generations.

BOOK-MAKING IN ANY FORM IS PROHIBITED

Albany, N. Y., May 4.—Following conference today with Governor Hughes, Senator Newcombe succeeded in having the senate strike out his amendment, made yesterday, to the New-Perkins anti-oral book-making bill, and the measure was passed in the form which prohibits book-making "with or without writing."

SHOWNERS PREDICTED FOR TOMORROW
Oregon—Showers tonight and Thursday.

F. L. CHAMBERS WILL ERECT NEW BUSINESS BLOCK

The gap between the new Hampton department store building at the corner of Sixth and Willamette streets and F. L. Chambers' building will be closed up this summer by the erection of a two-story business block to be built by Mr. Chambers, who announces that he will begin work on the building in the very near future.

The building will be 45x80 feet in dimensions and two stories high. The lower floor will be occupied by a mercantile store to be opened by a Eugene man, but his name is not given out for publication just at present. The upper floor will be divided into office or lodging rooms, probably the latter, and the lodging house in the building adjoining may be extended.

AGITATION CONTINUES IN CHINESE PROVINCE
Hankow, May 4.—Reports are

MASS MEETING MONDAY NIGHT

There will be a mass meeting at the Commercial Club rooms Monday night to consider the census situation. It is desired that every one interested in the growth of Eugene should be present, and it is hoped that some enthusiasm may be aroused. Reports coming in to The Guard office and the Commercial Club indicate that many people have not yet been enumerated, and unless action is taken the result will be disappointing. Let everybody come out Monday night.

KLAMATH COUNTY VOTERS FAVOR COURT HOUSE MOVE

A "straw vote" was taken Saturday in Klamath county on the question of moving the courthouse to the Hot Spring addition and resulted in a victory for the new site. Eleven hundred and three votes were cast in the county, 598 for moving and 505 for keeping it where it is, giving the winners a majority of 93.

received here of agitation by the natives in the province of Kiangsi. It is stated that 2000 Hunanese have crossed the border from Hunan province and made their way into Hupoh province, reaching Tyah. The situation is declared serious.

IMPORTANT EVIDENCE TO SUSTAIN CHARGES AGAINST SENATOR WILLIAM LORIMER

Chicago, May 4.—States Attorney John Wayman has just returned to Chicago from St. Louis and Southern Illinois, where he has been investigating the charges that United States Senator William Lorimer was elected as the result of alleged bribery and corruption. Wayman says he has discovered important evidence bearing on the case and will produce as witnesses before the grand jury two Democratic legislators, whose names have not been connected with the case, but who will divulge important evidence.

Chicago, May 4.—"I believe fifty per cent of the seats in the United States senate can be sold to have been practically purchased."

LOCAL ALUMNI OF UNIVERSITY BECOMES ACTIVE

Will Work to Make the Coming Commencement Big Event

Last night's meeting of the local alumni of the University was characterized by quite a general and enthusiastic expression of interest on the part of all the members present, in the movement for promoting a closer co-operation of graduates and undergraduates for the coming commencement and all interests of the University, past and present. Representatives of the various classes since 1880 signified a decided personal desire to get all members of the alumni and all persons connected with the University together to revive the history, traditions and events in the development of the institution from its earliest beginning up to the present.

The Wheat Markets.
Chicago, May 4.—May 111 1-8, July 103 3-4, Sept 101 3-4.
Portland, May 4.—Unchanged.
Tacoma, May 4.—Unchanged.

Only a few days ago the doctors informed L. W. Baker that he was seriously ill with acute tuberculosis of the lungs and he left at once for Salt Lake City. He is reported to have fainted twice at Portland while on his way, and was so ill Saturday that his wife and child were telephoned to come at once and they left on the local that evening. Quick or galloping consumption takes its victims quickly. Mr. Baker formerly lived at Cottage Grove, and for a year or more was conductor on the electric cars at Eugene.—Cottage Grove Leader.

MOTHER OF MRS. HYDE TESTIFIES AGAINST DOCTOR

There Was No Sickness in the Home Before Hyde Came There

Kansas City, May 4.—Practically all of the opening session of the Hyde trial today was consumed by the examination of Dr. Victor C. Vaughn by Attorney Frank P. Welsh. The defense relinquished the witness a few minutes before noon.

Mrs. Logan Swope, the last witness for the state, will be called this afternoon.

Vaughn's testimony today was of an expert nature. Mrs. Swope, mother of Mrs. Hyde, took the stand at two o'clock, and the defense made objection to the witness telling about Hyde's courtship of her daughter. Judge Latschaw overruled the objection, but the state did not press the subject.

LANE COUNTY ASSET COMPANY IS VERY ACTIVE

The Lane County Asset Company's surveyors are now across the Long Tom with the final location of the Eugene-Coos Bay railroad, about 13 or 20 miles out of this city. They are making steady progress, and the chief engineer reports that a splendid line is being secured, with few curves and an easy grade. It is quite likely that the survey will be begun at once from the Coos Bay end by another party of engineers, who will be followed closely by the right-of-way agents. Coos Bay people are very enthusiastic over the project and expect to subscribe \$250,000 worth of stock at once, in addition to the \$250,000 taken by Major L. D. Kinney and his Cleveland, Ohio, associates, who are engaged in the construction of the Coos Bay Rapid Transit electric lines, connecting the several towns along the bay.
