For Sprains "Gave Me Instant Relief"

"I fell and sprained my arm and was in terrible pain. I could not use my hand or arm without intense suffering until a neighbor told me to use Sloan's Liniment. The first application gave me instant relief and I can now use my arm as well as ever."—Mrs. H. B. SPRINGER, 921 Flora St., Elizabeth, N. J.

SLOAN'S LINIMENT

is an excellent antiseptic and germ killer—heals cuts, burns, wounds, and contusions, and will draw the poison from sting of poisonous insects.

The state postmasters elected officers as follows: B. W. Johnson, president of Corvallis; Ed. Hostetler, vice-president of The Dalles; J. S. Van Winkle, secretary-treasurer of Albany. The selection of the meeting place for next year was left in the hands of the officers, and it is probable that Portland will be chosen again.

PORTLAND SEED CO. PORTLAND, OREGON

DEFEAT ASSEMBLY NOMINEES SAYS SENATOR

Portland, Or., Sept. 30, 1910. To the People of Oregon:—

If you believe that general welfare rather than selfishness should be the motive power of government, then defeat in the general election every assembly nominee. This is not a campaign of individuals, but one of a great principle, namely, whether Oregon shall continue to enjoy the personal liberty and protection to property under popular government, or shall return to the old system of political slavery and perpetual blackmail incident to delegated government as represented by anti-primary efforts of the assembly. Every assembly candidate nominated in the Republican primaries, if elected, would be primarily obligated to the assembly delegates as the originators of his candidacy. He knows the individuals to whom he owes his nomination. His natural desire, if elected, will be to serve them instead of the people. Obligation to a known individual must result in service for a selfish interest rather than for the general welfare. The anti-assembly nominees know not to what individuals they owe their nomination, but do know they owe it to the great party electorate, and if elected must then serve the general welfare of the great general electorate, because of their sole obligation to them, and their ignorance of any obligation to any particular individual for their original selection or election.

Compromise Impossible In a contest involving fundamental principles of popular government. The issue in our primary campaign was whether the direct primary shall be maintained in letter and spirit from an assembly manipulated by political bosses who choose many of the delegates and pledged a large proportion of them before the assembly met.

The assembly was nothing more nor less than a convention, and I am informed it was worse in its methods than conventions held in the old days of machine politics. In 1904 the people of Oregon adopted the direct primary law by popular vote, and thereby declared decisively against conventions, which are always dominated by political bosses who maintain machines with funds contributed by special interests. Revival of the convention strikes at the vitals of the direct primary.

Will You Compromise? Will the people of Oregon compromise with political bosses? Not if I correctly estimate their intelligence, courage and independence. This was not a fight of the people's seeking. It was forced upon them by the battle which has begun and cannot end until the bosses or the people have been defeated.

Let no one be deceived by overnight conversions. Some candidates who have read their doom in the primary returns seek to stay the oncoming tide by promises of changed attitude. They attempted deception not only insults the intelligence of the people, but brands such candidates as trimmers and demagogues.

All admit the courage of the man who goes down to defeat fighting for principles in which he believes, but spurn with contempt the man who changes political creeds for the sake of personal victory.

Not to Be Trusted No man who changes his political beliefs when he reads election returns can be trusted in public office. His promises are as uncertain as his principles. The people of Oregon are opposed to bosses and political machines and they have the intelligence, power and opportunity to make their opposition felt. In an effort to deceive the people and put them to sleep while enemies of popular government secretly as-

sassinate the direct primary, assurance has been given that another assembly will never be held. To make this certain let the people refuse to sleep, but fight until every assembly has been defeated and the votes counted and recorded.

Months ago the challenge was given by the assembly leaders: "This is war to the knife, and the knife to the hilt." The people of Oregon accepted the challenge, and cannot retreat under fire. Men who are loyal to principle will vote for their convictions regardless of individuals or factions or party. Chameleons and trucklers change their colors, but men of convictions fight for their principles to the death.

Oregon Form Best Oregon has evolved, enacted and demonstrated the best form of government known to the world. General welfare is the basic principle; general and individual development throughout the country is a declaration by the great state of Oregon that her progressive laws. They attract brains, muscle and money to come here because they insure equal opportunity and equal protection.

The election of any assembly nominee especially for any of the important offices, will be heralded throughout the country as a declaration by the great state of Oregon that after years of trial the people have ascertained and by successful assembly demonstration confessed themselves incapable of self-government. Every man who honestly believes in the principles of popular government will fight till victory is won and the news proclaimed throughout the United States that no man can assail popular government and secure an endorsement from the people of Oregon.

Vote against every assembly nominee.

JONATHAN BOURNE, JR.

WHY REPUBLICAN PAPER OPPOSES JAY BOWERMAN

(Corvallis Times-Gazette)

The Gazette-Times is opposed to Bowerman for governor and will support Oswald West, the democratic nominee, not for love of the latter but for lack of confidence in the former and the news proclaimed throughout the United States that no man can assail popular government and secure an endorsement from the people of Oregon.

Secondly, it is our confident belief that Mr. Bowerman was boosted into his nomination by men whom Oregon should not tolerate as a potent factor in state affairs. It is our sincere and confident belief that a large number of his henchmen were of the ward boss, hanger-on, liquor and sporting element type, from Multnomah county and other cities of this state. Doubtless good men and clean men voted for him in the assembly and primaries, but it is our belief that his great support was secured by and from the type of men mentioned. It was a topic of common conversation in the lobby of the Imperial hotel that the Bowerman headquarters were being kept sup-

SEVENTY ACRES TO BE PLANTED TO APPLES

C. B. Simmons, president of the Willamette Land Company, which owns a large tract of land a few miles northeast of Eugene, and which has been on the market for the past year or two with good success, was here over Sunday and spent some time on the company's tract hunting China pheasants. While here he announced that the company will at once order apple trees to plant on 70 acres of the tract this winter. The best varieties that flourish in this section of the state will be ordered.

This land is said to be among the best tracts in the whole state for apple raising. The tract already has a few small orchards and better apples were never seen than those raised there. Manager Lyon, of the local office of the company, this afternoon said that an expert fruit and soil man will have charge of the planting of the trees and their care until they begin to bear fruit.

MARRIED

October 12, 1910, Robert D. Crawford and Bessie Lillian Williams, both of Springfield, W. W. Reed, of the U. B. church, officiating.

At the home of Chas. Petteplin, October 15, 1910, John W. Purcell and Miss Ruth Shackelford, C. W. Brown, justice of the peace, officiating.

BORN

At Smithfield Oct. 10, 1910, to J. W. White and wife, a daughter.

In Eugene, October 17, 1910, to W. L. Christensen and wife, a son.

plied with the sort of refreshment such men require. Thirdly, the writer of this was sitting within ten feet of Mr. Bowerman when he was brought from a Hibernian affair to make a speech following his nomination. We watched him closely and are satisfied in our own mind that he was at that time half drunk or even a little more. We think we know the signs. Considering the fact that he made between hiccoughs a speech of which any eighth grader might be ashamed, Mr. Bowerman might well be glad to admit that he had taken one too many.

Fourthly, his friends say that Mr. Bowerman has shown himself a good fellow and has shown very marked legal ability. Some say he is one of the ablest lawyers in the state. Doubtless his enemies would underestimate him and his friends would over-rate him, especially at this time. He looks like a very ordinary man and has the appearance of one who would be too much of a "good fellow." We should take him to be a man without mature judgment and one who would prove the victim of his friends. He looks like he would find it easy to link arms with our old friend, Patrick McArthur (a fair type of the professional politician), saunter off to some secluded plot and there develop plans to further the cause of themselves and their friends rather than thinking only of the state's interests. It is our opinion that Bowerman is not gubernatorial timber, is not the sort of man for governor of this state, not the man to whom the people of Oregon could point with pride, and we firmly believe he is exactly the sort of man, and represents the class of men, that should be turned down. The republican party should purge itself of Mr. Bowerman, who forced himself upon it and upon the state.

CENSUS FRAUDS ARE UNEARTHED

Tacoma Gives Example of Padding and Is Exposed

Washington, Oct. 15.—Staggered by the enormous growth shown by the returns of the new census for a number of Western cities, Director Durand, of the census bureau, ordered an investigation, the result of which appeared in the announcement tonight that gross frauds had been perpetrated. Mr. Durand also gave out a letter from Mr. Taft, directing that persons implicated in the frauds be prosecuted.

Portland is on List Cities specifically mentioned as being affected by the frauds are Tacoma, Seattle and Aberdeen, Wash.; Portland, Or.; Minneapolis, Minn.; Boise, Idaho, and Fort Smith, Ark. It is said that there are many other cities involved.

Corrected returns and report on alleged padding in Portland have not yet been received, and Director Durand is not fully informed as to the nature of the padding done there, but will make full announcement at the time corrected population is made public. Recount and readjustment has been completed at Seattle and Boise, and announcement of these two cities will be made soon with a full statement of the fraud.

Tacoma's Padding Big

The result of a second enumeration of Tacoma, Wash., was made today. The city shows a population of 32,972, an increase of 45,258, or 120 per cent over the population of 1900. The first figures turned in for Tacoma were 116,248.

In other words, the actual population was padded to the extent of 33,296, which would have meant a further addition of 4 per cent.

These additions were made in 34 out of the 73 enumeration districts in Tacoma. In some of these districts the number reported proved to be several times larger than the actual population.

EXCITING CHASE AFTER HOBO WHO STOLE SUIT CASE AT THE DEPOT

After a chase of a mile or more after a thief who had stolen his suitcase from the S. P. depot, B. F. Green overtook him in front of the Kompp lively stable early this afternoon and knocked him down with a well-directed blow in the face. The police officers were then sent for and the man, who gave his name as J. E. Connor, was placed under arrest and later he was taken before Judge Bryson, of the justice court, who sentenced him to serve thirty days in the county jail after he had entered a plea of guilty.

Green, in company with L. M. Cameron and two other men, all of whom are laborers, had come over from Springfield this morning and put their suit cases in the men's smoking room of the depot while then went down town. When they returned Green's was gone and upon inquiry they ascertained that a fellow looking like a hobo was seen to walk away with one of the suit cases in the room. He was followed to the "jungles" on the river bank where a part of the contents of the suitcase were found. Some boys told the searchers that their man had just left and pointed in the direction he took. They soon got sight of him and chased him down town, capturing him near the lively stable.

NEWS OF JUNCTION CITY AND VICINITY

Mr. and Mrs. D. F. Mason have returned home after spending several weeks at the springs for the benefit of Mr. Mason's health. He received some relief but will probably go back unless he improves right along. We are all glad to have him back.

Riley Goodman has sold his farm nine miles west of here to Matt. Wilhelm; consideration, \$5,000. The farm consisted of 160 acres. Mr. Goodman will locate near Brownsville. He will have a public sale of farm implements, stock, grain, etc., Wednesday, October 19th.

During the coming winter the people of Junction City and vicinity will have no need to worry about amusements. The Junction City Dramatic Club has been organized with the following officers: Manager, G. H. Blackmun. Stage Manager, Bert Jackson. Stage Director, Miss Minnie Sibbert. Secretary and Treasurer, L. J. Jackson.

The Women's Improvement club held a very enjoyable as well as profitable meeting Tuesday evening. After disposing of accumulated business and encouraging reports of committees, the annual election of officers took place and elected as follows: President, Mrs. S. L. Moorehead; first vice-president, Mrs. G. M. Jackson; second vice-president, Mrs. G. L. Swartz; third vice-president, Mrs. H. A. Rust; secretary, Mrs. A. S. Cheshire; treasurer, Mrs. M. T. Cook.

Two hogs were killed for Oscar Golden in his pasture last week, and during the closed season at that. Hogs are hogs these days and this is quite a loss. J. D. Depperman ran two hunters off his place last Friday and followed them almost to town. Had he overtaken them, there would have been something doing in the justice court immediately thereafter. Farmers have stood for this indiscriminate shooting all they are going to and an example will be made of the first trespasser to be caught.

The rain of the past week has greatly interfered with the building of cement walks. However, quite a number have been put down since our last issue. The following citizens have new cement walks: Ed. Meats, J. S. Flint, J. M. Howard, Sam Nielsen, C. W. Washburne, M. P. Corbin, Herschal Johnson, Mrs. Flora Mays, C. E. Sanders on both sides of the street, Floyd Howard on east and north sides, John Lawrence, Will Milliron, A. K. Mickey, George Fish, J. E. Murphy, F. A. Saylor, Masonic lot, the J. J. Butler corner and the Christian church. The cement contractors have engaged all the teams procurable to haul in gravel to continue the work during the winter. As soon as the river rises no more gravel can be had until the water rises in the spring and it may be even July before it can be had.—Times.

STANLEY KETCHEL DIES FROM WOUND

Springfield, Mo., Oct. 15.—Stanley Ketchel, champion middleweight pugilist of the world, died at 7:05 o'clock tonight in the Springfield hospital as the result of a wound by a bullet fired from a rifle in the hands of Walter A. Hurtz, late of the navy and a laborer on the ranch of R. P. Dickerson, millionaire ranch man and sportsman, near Conway, Mo., this morning.

A posse of 20 men are searching in the woods in the river bottoms for the murderer, and a woman giving the name of Fannie Hurtz and claiming to be the wife of Ketchel's assailant, is being held at Conway for complicity in the case. Conscious until near the end, Ketchel refused to make any statement in regard to the shooting. Although his condition regarded as dangerous it was not believed that death would result so early. Shortly after 8:30 o'clock he had an internal hemorrhage and sank into unconsciousness. It then became apparent that the champion was dying.

MILITIA MAY GET REGULAR PAY HEREAFTER

Portland, Or., Oct. 18.—Triumph in his battle for the betterment of the Oregon National Guard, Adjutant-General Finzer returned yesterday from the meeting of the National Guard association of the United States at Washington, D. C. Elected a vice-president of the organization, General Finzer is also a member of the committee which will present a bill for congressional action at the next session, and which is designed to pay a portion of the expenses of the members of the Guard who, through patriotism, are made financial losers in the discharge of their duties.

The bill which the National Guard association approved provides that officers and men shall attend at least 20 drills of their companies in each year before they shall be placed on the pay roll. Officers and privates who attend 24 drills will be given official rating.

Enlisted men will receive 25 per cent of the annual pay awarded for regulars, or \$4.25 a month. General Finzer made a requisition while in Washington, for a complete equipment of the new paraphernalia prescribed by the Secretary of War. Instead of carrying their blankets and overcoats in a roll around the neck, the new fashion will be to place them in a neat pack on the shoulders. In that position they may be used as supports while resting, and do not interfere with the men when firing.

"GENERAL" COXEY TALKS ON POLITICS

New York, Oct. 16.—"General" Jacob S. Coxe, who led the famous tramp army on to Washington in 1894, and who is now worth \$3,000,000, which he made in Ohio rock quarries, arrived in New York today, and had a few things to say about current topics and "big" men. "A change is coming in America," said General Coxe. "It is a case of evolution or revolution. I am afraid the last will be first. Roosevelt and Bryan are four-flushers, Bryan killed Populism, pretending to preach its principles. Now another party is awakening and Roosevelt is doing the same thing.

"The only issue that counts is money. Hollering about the tariff is like digging a woodchuck out of its hole when one is hunting coons. My ideas have not changed a bit since 1894. Then I had no money, and the people all laughed. Now I have my millions and my ideas are accepted in higher places.

"There's no use talking about conservation. There is nothing left to conserve. They've stolen it all. There will be a political change in November, but it will do no good. When the Republican grafters go out the Democratic grafters will come in. Neither party is on the level."

Coxey said he intended to spend his entire fortune in educating the people so the masses will be prepared for the revolutionary change he says will take place in the United States.

PROFESSOR HORNER DECLINES TO RUN FOR STATE OFFICE

The decision of John B. Horner, professor of English literature at Oregon Agricultural college, to withdraw his acceptance of the nomination of Superintendent of Public Instruction on the democratic ticket, leaves Professor L. R. Alderman, of the state University, the sole nominee in the field. Professor Horner, who has on other occasions, declined political nominations, seems determined not to be swayed by a political torrent at this time. He is now for the 20th year professor in Oregon Agricultural college.
