In Our Drapery Department

We have the best line of Drapery Goods in Eugene, and would call your attention to the line. We have the genuine Whitcomb Sunfast Colors, the best goods in the market. The only line of Drapery goods that will hold their color.

Special Offer During Sale

We will make and drape free of charge, by our expert drapery man, any pair of Lace Curtains selling for \$4.00, or any of the Sunfast Whitcomb goods. Do not forget we are the only firm in Eugene employing expert drapers and upholsterers. We also make and remake all grades of carpets or rugs to fit rooms desired.

Snaps On Heating Stoves

CLOSE OUTS

We have 50 varieties of heating stoves and are offering every one at reduced prices. On the close-outs we are giving wholesale prices, such prices that you should buy your stoves now.

RANGES and COOK STOVES

We have a large line of cook stoves and ranges. We can save you money on anything you want in a stove or range. See our prices and we will save you money.

We Save You Money--Largest Stock

When you want Furniture, Carpets, Rugs, or anything for the furnishing of a home or office, it will pay you to see us before placing your orders with any other dealer. Remember we don't misrepresent in our advertising. No fake closing-out sales. We do not advertise 9x12 Wilton Velvet Rugs for \$15 or \$16. There is a reason---a good 9x12 Wilton Velvet Rug costs at the mills not less than \$30. Houses offering for less use mail order deceptive tactics. When you want a bill of furniture or a single piece of goods, see us and we will give you a better selection of goods to choose from and save you money. We are back of our goods and will protect you.
