SHEEP GROWES **OUTPUT URGED**

Samuel Ballantyne, Secretary Complete List Compiled by Twenty-two Indictments Reof National Wool Growers' Association, Speaks

Portland, Jan. 6 .- Samuel Ballantyne, secretary of the Idaho Wool ternoon completed a compilation of posed of the "Times" explosion case Growers' association, speaking be- all the special tax levies for school with the return of 22 indictments refore the National Wool Growers' as-sociation convention today, made a and road districts and cities made for the year 1910. The levies are as fol-day turned to the inquiry of another strong plea for the inauguration in lows: this country of the auction sale system of disposing of the growers' output, which he said would break the wool dealers' combine and give the nanufacturer an independent source tage Grove, 15 mills; Springfield, 9 iff for the arrest of those responsible of purchasing his wool on a compe- mills; Creswell, 15 mills

Mr. Ballantyne denied as utterly unfounded and absurd the charge mills; No. 3, 8 1-10 mills; No. that the national wool warehouse is a gigantic combine. He said in part: 1-10 mill; No. 8, 2 6-10 mills; No. and progression; the time when the 8 mills; No. 13, 5 mills; No. 15, bld methods are giving way to the new. The many shipwrecks that rift ashore tell their own story of a mill; No. 16, 2 mills; No. 17, 1 mill; No. 18, 2-10 mill; No. 19, 6 mills; No. 20, 1 3-10 mills; No. 21 hopeless struggle to cope with the 1-2 mill; No. 22, 6 1-2 mills; No. 23 new conditions, where only the fit- 3-10 mill; No. 24, 5 mills; No. 27, est survive. These rapid changes mills; No. 28, 1 2-10 mills; No. 29, 3 ave brought about the application mills; No. 30, 8-10 mill; No. 31, 1-10

en engaged in the industry.

ouse, which was accomplished. In 10 mill; No. 168, 5 mills; No. 169, hat venture we have met with the 5 mills; No. 170, 7 mills; No. 171, 5 ost strenuous opposition from the mills; No. 172, 5 mills; No. 173, 10 cool commission merchant and their mills; No. 174, 2 mills; No. 175, uyers. Every inch of progress we ave made has been stubbornly consted by them. The growers themelves have made this opposition possible by the made this opposition possible by the made this opposition possible by the made the ma ible by not standing together.

"But coming right to the point, as auction sales, the question arises—

The re we yet ready for it? Gentlemen.

The re we yet ready for it? Gentlemen.

The re we yet ready for it? Gentlemen.

The re we yet ready for it? Gentlemen. am of the opinion that if the grow-mills; No. 33, 5 mills; No. 34, rs themselves are ready for it, the mills; No. 37, 10 mills; No. 39, Ame is ripe in this country for the 1-2 mills; No. 41, 5 mills; No. 49, iled, would seem to argue against mills; No. 84, 10 mills.

There are, however, two very aprent reasons for these failures. TOWNS DESTROYED the sheepmen themselves. econd, the commission merchant. 'he one factor that contributed very argely to these failures was the

uch a system cannot be started in his country. In the first place, the of about 8000. panufacturers can't start it, because he sheep men would like to start it, MYSTERY PLAY ut want a few of their brother sheep hen to start it first. If a majority of he sheep men got back of this wool novement, we would then be started Christmas mystery play. his system the national wool ware- sion in London, will be produced

"The key note of success in this ovement is the amount of wool Then rent your warehouseset each grower pay the actual ex-

er pound on these wools. At this ery low estimate, which I think is onservative, their profits are \$6,-00,000 per year. In addition to this ous or in a state of depression year to secure this amount of wool oft as our sheep are shorn.

TO BUILD

That the Oregon Eelectric . Railway company is getting ready to build to Eugene at once is evidenced by the fact that the officials of the company have written to City Engineer Waggoner of this city. asking that the permanent grade on West Fifth street be established so that construction work may proceed. The city engineer brought the matter up at last night's council meeting and he was directed to establish the grade on that street and send the figures to the railway company.
