

PRESIDENTIAL SENDS REPORT OF EXPERTS

Washington, Jan. 5.—President Taft submitted to congress today the report of the special board of army engineers appointed by him last June as a result of legislation passed that month, to examine the various reclamation projects upon which work had been started by the government, and to recommend which of them should be given a share in the \$20,000,000 of certificates of indebtedness authorized by the same act, which gave the president power to appoint such a board.

The board has recommended and the president has approved the allotment of the money among the following projects:

Salt River, Ariz., \$495,000; Yuma, Ariz., and California, \$1,200,000; Grand Valley, Colo., \$1,000,000; Uncompahgre, Colo., \$1,500,000; Payette-Jose, Idaho, \$2,000,000; Milk River, Mont., \$7,000,000; North Platte, Wyoming and Nebraska, \$2,000,000; Truckee-Carson, Nevada, \$1,100,000; Rio Grande, New Mexico, Texas and Mexico, \$4,500,000; Umatilla, Oregon, \$225,000; Klamath, Oregon and California, \$600,000; Strawberry Valley, Utah, \$2,272,000; Sunnyside-Yakima, Washington, \$1,250,000; and Tionlan, Washington, \$665,000.

The board also made a tentative allotment among various projects of the general reclamation fund for the years 1911 to 1914 inclusive. This is to supplement the \$20,000,000 loan and to carry on projects which do not participate in the distribution of the loan. The projects to share in this money follow:

Yuma, \$3,840,000; Grand Valley, \$500,000; Uncompahgre, \$2,045,000; Minidoka, \$528,000; Payette-Boise, \$4,548,437; Hantley, \$119,000; Milk River, \$2,340,000; San River, \$5,275,000; Lower Yellowstone, \$578,000; North Platte, \$2,185,000; Rio Grande, \$1,855,000; Truckee-Carson, \$1,594,000; Missouri pumping, \$270,000; Belle Fourche, \$480,000; Okanogan, \$13,000, and Shoshone, \$3,000,000.

Of these the amounts allotted to Grand Valley, Lower Yellowstone and Missouri pumping are conditional.

The total amount of this fund will be \$25,351,897.

No allotments, either from the loan or from the general reclamation service fund were recommended for the following projects, except for necessary maintenance and operation:

Oriand, Cal.; Garden City, Kas.; Kittitas, Kapato and Benton, Yakima project, Washington; Carthage, N. M., and Hondo, N. M.

The president informs congress in his letter transmitting the report that he has approved the report "after careful consideration, believing that it sets forth a plan for the distribution of the loan and of the available reclamation fund that from an engineering and economic standpoint will best serve the completion of these projects which should be given the preference in construction and completion of such projects or parts of projects which are more remote and may properly wait until a later date for construction."

A McCLANAHAN INCUBATOR PRIZE

A Chicken-Raising Contest Is Launched Among Boys of Y. M. C. A.

The chicken-raising contest was launched at the Y. M. C. A. Thursday evening when eight of the twelve contestants met to discuss the plans. Methods of record-keeping and feeding were discussed and the terms of the contest arranged. The boys were very enthusiastic and an outlook would have been surprised at the chicken lore which these young fellows have already accumulated.

The contest was originated for the purpose of developing an interest in the chicken industry in and around Eugene. There is no doubt that there is a great chance in this direction, and it is hoped that the knowledge and experience gained by the boys will some day prove of great benefit to them as individuals, and to the community as well.

The McClanahan incubator which has been donated by the maker to the contest has proven to be a desirable prize, and each lad is determined to win. The chickens are likely to remember January 10th as a red letter day, for surely they will have clean houses and care the rest of their days.

Boys' Secretary Weaver, who is behind the contest, is much to be held in high gratitude by Eugene's champion egg producers.

The inspection of chicken houses, yards and records will be done unannounced, so that each boy will not be "prepared."

Any boys that may desire to get into line may do so until next Tuesday afternoon, when the contest will be closed to all. Each boy must have at least five hens, and they must have at least five reading courses will be provided each boy who enters and the completion of this course will count 10 points in the final count.

Politics and Politicians

Two of the twenty-seven states that begin the new year with new governors or re-elected chief executives are headed by men named Johnson. In California, Hiram W. Johnson, and in Oregon, James C. A. Johnson. Both are Republicans.

The following are the men who take over the control of the other twenty-five states in which gubernatorial elections were held last fall: Alabama, Emmett O'Neal, Democrat; Colorado, John F. Shafroth, re-elected; Democrat; Connecticut, Simeon E. Baldwin, Democrat; Idaho, James H. Brady, Republican, re-elected; Michigan, Chase S. Osburn, Republican, re-elected; Massachusetts, Eugene N. Foss, Democrat; Michigan, Chas. S. Osburn, Republican; Minnesota, Adolph O. Eberhardt, Republican, re-elected; Nebraska, Jas. C. Dahman, Democrat; Nevada, Tasker L. Oddie, Republican; New Hampshire, Robert P. Bass, Republican; New Jersey, Woodrow Wilson, Democrat; New York, John A. Dix, Democrat; Ohio, Judson Harmon, Democrat, re-elected; Oklahoma, Lee Cruce, Democrat; Oregon, Oswald West, Democrat; Pennsylvania, John K. Tenor, Republican; Rhode Island, Aram J. Pothier, Republican, re-elected; South Carolina, C. L. Blease, Democrat; South Dakota, Robert S. Vessey, Republican; Tennessee, Ben W. Hooper, Republican and Independent; Texas, O. B. Colquitt, Democrat; Wisconsin, F. E. McGovern, Republican; Wyoming, W. E. Mullen, Republican.

Those who think that the only Washington lobbyist is the man who would safeguard the interests of capital, and whose check book is as conveniently placed as his handkerchief are sadly mistaken. Organizations closely allied with churches have their lobbyists in the corridors, and while it may be hard to believe, the moral lobby is more powerful than the one which would make for immorality.

The two senators who will be the first to leave Washington when the session of the upper house closed for the holidays will be among the last to return. They are Senators Cummins and Young of Iowa. Senator Young has seen only three weeks of actual service, but he likes it so well that he wants to return for a full term, while Senator Cummins is working for the election of a more progressive Republican to fill the seat made vacant by the death of Senator J. P. Dolliver.

It is the general rule for men elected to high state and federal offices to sever all connection with the corporate and personal business immediately after their election is a certainty. Governor Foss of Massachusetts, is an exception to the rule and he has not resigned either from the business concerns nor the corporations with which he is identified, and says he does not intend to do so.

The present house of representatives consists of 391 members. With the increased population recorded in the last census the next house would have a membership of 430, an increase of 39. In this estimated total are included members from the new states of Arizona and New Mexico. Political mathematicians figure that in a hundred years, should the recent rate of increase continue, the house would consist of a thousand members.

Governor Woodrow Wilson's fight in behalf of James F. Martine to succeed United States Senator Keen of New Jersey has brought out some interesting facts in the political career of Mr. Martine. He was once elected to the common council and twice defeated for congress, three times for state senator, and four times for the assembly, twice before conventions for the nomination for governor, once for sheriff and once for mayor of Plainfield. Three years ago he was the minority's choice for United States senator. He has always been a strong William J. Bryan man.

The International Reform Bureau which counts as among its most important duties to see that congressmen work and not give poor excuses to stay away from the executive sessions of the lower house, will have no fault to find with Representative Nicholas Longworth, son-in-law of ex-President Roosevelt. Mr. Longworth spent the most of his time during the holidays drafting a tariff commission bill representing as nearly as possible the views of the ways and means committee. He will have it committed to present to congress at the first opportunity after the opening of the holiday session.

EUGENE'S POPULATION FIGURED ACCORDING TO SCHOOL CENSUS

When Seattle completed her school census she discovered that she had 5.6 times as many population as school children. Tacoma had 4.17 times as many, and Portland 5.35 times as many.

Eugene has 2,779 school children, which if multiplied by the Seattle per centage, (5.6), gives Eugene a population of 15,562; by the Tacoma percentage, (4.17), 11,558, and by the Portland percentage, (5.35), gives the city 14,867.

The directors of the Lane County Asset company met this afternoon to further consider the contract with the Eastern capitalists in regard to financing the proposed coast electric railway. Definite announcement in regard to the beginning of construction work will be made in a few days.

DIED

A notice has been received by mail from Silver Lake, Or., of the death of William Holder on December 21. He was born on August 11, 1854. Interment took place in the Paisley cemetery.

CITY NEWS

The remains of James Patton, of this county, who died at the state tuberculosis sanitarium at Salem on Wednesday night, were brought to Eugene last night and were buried in the Pleasant Hill cemetery this afternoon.

The Eugene Fruit Growers' association is preparing to manufacture spray for its members, as this is the time of year that fruit trees should be sprayed. The association is about through shipping potatoes, expecting to send out only about four or five more carloads.

The annual meeting of the Eugene Fruit Growers' association will be held in the circuit court room of one court house on Saturday, January 14, beginning at 10 a. m. The annual election of officers will take place and much business will be transacted, besides hearing the reports of officers.

Mrs. Henry Nurte has received a letter from her husband stating that he is feeling much better and will remain in the East for a time before coming home. Then they will move to some point in the East, but have not decided just where. Mr. Nurte says the weather has been fine at Rochester, Minn., where he has been staying.

It is reported by many of the farmers living near the city that many of the small school boys are in the habit of shooting song birds and other feathered inhabitants of the farm, other than game birds, with small rifles. The shooting of song birds is against the law and probably some youngster will be caught up to stop the practice.

The Eugene and Great Western Land company, recently organized here, has let the contract for the erection of a \$2000 residence on the company's tract of land recently purchased two and a half miles west of Creswell. The work of clearing and grubbing the land is progressing rapidly and 7000 pear, apple and walnut trees, which will plant about 125 acres, have been ordered. They will be set out this winter.

A number of taxpayers of Cottage Grove want a new road district created out of territory surrounding that city exclusive of other road districts in that vicinity. The matter will come up for hearing in the county court on Tuesday, January 10, at 2 p. m.

School Superintendent W. B. Dillard is receiving papers for the mid-year eighth grade examination to be held in the various schools on January 19 and 20. Under the present system all of the public schools are compelled to use the same questions and a uniform standard of efficiency is required before the eighth grade pupils are permitted to enter High school.

A number of residents of road district No. 41, lying a few miles north-west of Junction City, were before the county court today asking that a portion of road district No. 83 be annexed to 41. Those who spoke before the court in favor of the matter were J. H. Ferguson, J. J. Winn, J. D. Cox, W. H. Maloy and J. H. Moffett. Those who opposed the measure and spoke against it were J. R. Turnbow, E. J. Norton and Frank Williams. No decision was given today, but the matter was taken under consideration.

John Kestly returned today from an extended trip through California. He was much pleased with his trip, but he says Eugene and Springfield suit him best. He and his wife traveled as far south as Fresno, visiting San Jose, Santa Cruz and other southern California points as well as the larger cities. He tells about the same story that Mr. Peery, of Springfield, brings back, that California is good enough in the winter time if you have lots of money and wish to do nothing, but for a business man, Oregon is a far better state.

The county clerk issued 53 hunters' and 15 combination hunters' and anglers' licenses since the first of the year. All the duck hunters took out licenses for the new year.

DEATH BELL BOY ROB AND MURDER THEN ESCAPE

First Shoot Clerk and Rob Till of McKay Hotel, After Gagging the Guests

KILL POLICEMAN AFTER HE ARRESTS THEM

Hold Up Passengers on Street Car and Make Good Their Escape

Duluth, Minn., Jan. 6.—William Muzzary, aged 20, and Algot Johnson, bell boys at the Hotel McKay, early today held up, robbed and shot at the night clerk and bound and gagged two other men in the hotel basement, securing \$50 belonging to the hotel. They were apprehended after a chase and brought into the city on a street car. Suddenly one of the youthful bandits pulled a revolver and shot and killed Policeman Harry Chessmore. The robbers then held up the passengers and crew on the car and escaped. Poses are searching for them.

PEARY PROVES ABILITY IN WALKING

Discoverer of North Pole Allays Skepticism by Walking 55 Miles in 15 Hours

Washington, Jan. 6.—Captain Peary's recent walking test on December 18, 19 and 20, in which he walked 55 miles in 15 hours and 39 minutes, is regarded by his friends as a refutation of the arguments advanced by critics who have questioned the time made by Peary over the ice on his return from the north pole. Returning from the north pole Peary covered 150 miles in three days. In the journey northward from Bartlett, it required five days, an average of 30 miles a day. The friends of Peary say his naval tests prove conclusively that 50 miles a day over the ice on the memorable return from the north pole is not an unreasonable distance for him to have covered.

Peary will appear before the house committee on naval affairs tomorrow to answer a running fire of questions concerning his polar achievements.

COOPER SECURES VIEWS OF LANE WALNUT TREES

Colonel J. C. Cooper, the Esperanto enthusiast and pioneer English walnut culturist of the Willamette valley, whose home is at McMinnville, was in Eugene today going on to Cottage Grove on the afternoon train to lecture there tonight. He wanted to deliver a lecture to Eugene people, but no satisfactory arrangements could be made.

Mr. Cooper is accompanied on this trip by A. Jensen, a photographer of McMinnville, who is taking pictures of all the walnut groves of the valley from which cuts will be made for Mr. Cooper's new book on walnut culture in the Willamette valley. Eugene will be well represented in the publication with views of several of the leading walnut groves in this vicinity.

Mr. Cooper has recently returned from a trip to Washington, D. C., where he learned a great deal about the ignorance of government officials in the department of agriculture in regard to the true condition of walnut culture in the Willamette valley. He also obtained considerable information in the department of the government in scientific investigation of the growing of English walnuts, and while there he aroused great interest among the people of that section of the country in their culture in the Willamette valley. The government has recently sent to this valley two investigators, who have gotten a lot of information in regard to the industry here.

Mr. Cooper has been pleased to learn that another edition of his book on walnuts has been issued. It is illustrated with views from every part of the valley where walnuts are grown, and is an interesting publication.

One purpose of taking numerous views of walnut groves in the valley is to make new slides for Mr. Cooper's lecture, which is better than ever before. He will lecture at Cottage Grove tonight, at Medford Saturday night and at Ashland one night next week. He will then go East and will address the national farmers' congress in Texas some time this month.

NEW SCHOOL BUILDING AT SPRINGFIELD READY

Springfield, Jan. 7.—The new Springfield school building is practically ready for occupancy, and will be occupied by the school children next Monday, when classes will be resumed after a two weeks' vacation. Only the eight grades will occupy this building, and the High school will have for itself the old building on Mill street. It will have ample quarters for there are 10 rooms for some 55 pupils. There are eight rooms in the new building, and it will easily accommodate the school population of Springfield proper.

The High school physics department this week received a small quantity of additional apparatus, which will be added to the laboratory, which is now very complete. The school already owns over \$250 worth of modern scientific apparatus for this department and during the year it is possible to perform some 45 different experiments.

GIRL ARRESTED FOR SHOPLIFTING

Sarah Shaffer, Aged 17 Years, Accused of Stealing at Cottage Grove

Cottage Grove, Jan. 7.—Miss Sarah Shaffer, aged 17 years, who resides with her mother on the east side of the railroad tracks, was arrested yesterday by Marshal Suddgrass, on complaint of Bartel Sisters, charged with shoplifting. Upon the prisoner being arraigned before Justice Counter the case was transferred to the juvenile court at Eugene, this court having no jurisdiction on account of the girl being a minor. Deputy Sheriff Pitecher took the prisoner to the county seat yesterday afternoon.

The Bartel Sisters missed several articles of wearing apparel, including a waist, from their store on January 3, and on Wednesday discovered the waist on the person of Miss Shaffer. A search warrant was issued out of Justice Counter's court, and the marshal went to the Shaffer home for the purpose of making an investigation. He accused the girl of having the waist in her possession, whereupon she acknowledged the theft, and not only produced the waists, but two expensive scarfs. The Shaffer family came here from Corvallis a few months ago.

MARRIED

At the parsonage of the M. E. church south at Junction City, January 4, 1910, Geo. W. Fawver and Miss Lena Kaping, Rev. G. W. Householder, officiating.

BORN

In Eugene, Jan. 7, 1911, to Geo. W. Harris and wife, a son.

Hackenschmidt for \$20,000, part of which was posted tonight.

The announcement was made, as Hackenschmidt and Westergard were preparing to wrestle, by "Farmer" Burns, who stated that \$1,000 had already been deposited by himself on behalf of Gotch, and that the remainder would be posted at any time the challenge was accepted.

GOTCH SAYS HE QUILTS THE GAME

Omaha, Neb., Jan. 7.—Frank Gotch, champion wrestler of the world, has turned that honor over to Yusuff Mahmoud and announced that he would back Mahmoud against Burns.

NO DOUBT ABOUT "BARRIER" COMING TO EUGENE THIS TIME

For the second time in the last two seasons, contracts have been received by Manager Geo. H. Smith for the coming of Klaw and Erlanger's New York success, "The Barrier" to the Eugene Theatre on January 14.

If the war between the leading theatrical magnates, which influenced hundreds of thousands of dollars worth of plays, had not reached a crisis, "The Barrier" would have visited us long before this, as it was one of the original bookings, scheduled for the high spots on the Pacific coast.

There is an armistice declared at the present time, and in between the clashing of factions, "The Barrier" has been permitted to pass, carrying a flag of truce, and the demand for it has caused the men big in theatrical affairs to have some consideration for the long suffering public.

LANE COUNTY'S STATE TAX IS \$56,677.99

Salem, Or., Jan. 4.—Final apportionment of the state taxes for various counties of the state was completed today. A levy of 1.6 mills is made to cover taxes for general state purposes, as against a levy of 2.2 mills for last year.

Considering differences in valuation this is a decrease of 0.6 mills. State taxes for every county in the state show a decrease from last year, though there is an extra 1.25 mill to be levied for the Monmouth Normal School.

The total state tax to be raised, including the normal school tax, is \$1,385,615.84, against \$1,528,490.79 raised last year. The Monmouth Normal School tax will amount to \$23,795.50 and for general state purposes will be \$1,351,620.34.

Final Figures by Counties.
