"Oregons" Kept from Participating in Inter-Frat Games by Other Frats

new "Oregon club," the association of Eugene students, should not be admitted into the "Doughnut" baseball league, which annually plays a series of games between the various men's clubs and fraternities at the University. The decision has creat-ed much feeling and discussion among th evarious groups of students of the campus.

The attitude of the fraternities toward the Eugene students has not been friendly. Dast year, after the dormitory association was admitted to the fraternity baseball league, the Eugene students applied for memberlate and the schedule was already arranged, and so arranged that it ganization of the Oregon club of over a hundred Eugene students a few weeks ago, application was again made. The fraternities, through their representatives, met yesterday morning and decided that the Oregon club was not desired in the "frat" league. The vote taken and the reason for turning the Eugene students down was voted to be kept secret. and, as one representative stated this morning, "the fraternities as a whole are willing to shoulder the blame.' The vote was divided. The dormitory representative was instructed to stand taken by other clubs is unknown. The following were the fraternities present and their represen-

PAINFUL & DANGEROUS

Rheumatism is due to a diseased condition of the blood cells and corpuscles, brought about by an excess of uric acid in the circulation. It is not only a very painful disease but an extremely dangerous trouble. The briny, acrid state of the blood gradually forms a coating over the muscles, and by depositing a cement-like substance in the joints frequently terminates fatally, or leaves its victim a hopeless cripple. It is natural to doctor the spot that hurts, and it is quite right to use liniments, hot appli-That the new association of Eugene students at the University is but Rheumatism is not a skin disease,
