

HOW HE CURED HIS SKIN DISEASE

About twenty years ago I began to break out with Eczema on my head, legs and arms, and commenced treatment with the local doctors, but did not get much relief. I continued to treat the disease under the direction of different physicians for two years, and at the end of that time they said the disease was chronic. I then quit them and tried various ointments, salves, lotions, etc., for another two years, but soon I was as bad off as before, so I finally decided to let medicine alone, and for twelve or thirteen years I suffered intensely from the Eczema. During the time I lost about half of my hair. At last I began to S. S. S., doubtful of a cure, because the disease had run on so long, but I soon discovered that your medicine was doing me good, and continued to take it. After taking S. S. S. for while I was completely cured of the Eczema, not having a single spot left on my body, which before was almost completely covered with the eruption. I waited until the spring to see if it would return, but have seen no signs of it, and am satisfied the cure is permanent. It has been several years now and I do not believe I will ever have any return of the trouble.

1017 Hackberry St., Ottumwa, Iowa. P. C. NORFOLK.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the derma or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which this lower section is interspersed, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation always find their way to the surface and cause skin affections.

All skin troubles are due to a humor or acid in the blood. Instead of supplying rich, nutritive properties to the cuticle, the circulation constantly deposits an acid impurity into the sensitive fibres and tissues. This causes inflammation of the underlying layer of the skin which splits or breaks the thin outer tissue and causes an ulceration of the glands, producing a discharge upon the surface in the form of Eczema, Tetter, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood diseases the pores, hair follicles, etc., causing them to swell and protrude to the outer surface. Pimples, rashes, eruptions and like troubles are all due to impure blood, and only a blood purifier can cure them. Salves, washes, lotions, etc., will perhaps afford some temporary relief from the itching, and assist in keeping the skin clean, but such treatment can have no effect on the humors in the blood, and therefore never do any permanent good.

S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin, instead of being irritated and inflamed by fiery humors and acids, is nourished, soothed and softened by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all blood purifiers and therein lies its ability to cure skin diseases. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, rashes and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases free to all who write.

FAMOUS STABLE OF PAUL SORG TO BE SOLD

Show Horses Famous the World Over on Auction Block Tonight

New York, March 21.—Representatives of the royalty and aristocracy of Europe, as well as of American multi-millionaires, will be on hand in goodly numbers at the auction sale of Paul A. Sorg's world-famous stable of show horses this evening. The coronation events scheduled for London next June have created a great demand for fine show animals, as King George has decreed that no automobiles will be permitted in the coronation procession. It is understood that the British monarch, through a representative, will be among the bidders tonight.

The vast majority of those entitled to a place in the line of coronation parade will be mounted on spirited horses, while others will be seated in richly appointed equipages drawn by horses. Of course, no second-rate animals will be permitted in so momentous a procession, and for that reason the American bidders for the Sorg horses will have to reach deep in their purses if they covet the Englishmen. The big international horse show in London will be one of the smartest affairs held during the coronation ceremonies, and this has also led to a demand for show horses. The winner of the coaching Marathon will be the most envied man in England, and the pairs, singles and four-in-hands that make up the Sorg string are all world champions. The man who gets the top-notchers at tonight's sale will doubtless win easily at the shows in London, Paris and New York.

Among the horses offered are the appointment road four, Grey Eagle, Red Eagle, Jim Shelby and Fatty Bates; the champion racing four, the Bird, the Hawk, Tom Mountain and brother Jack; the coach horses, the Volunteer and Queen of the Road, holders of many records; Vanity Fair, hackney mare, winner of forty-five blue ribbons at national and international shows; Royal Victoria, another famous hackney mare; the ladies' pair, Torment and Tease, and many other fine animals. Horsemen say that as high as \$40,000 will be paid for the racing team of trotters.

Mr. Sorg will keep only his coaching fours, and with these and his famous road coach, Old Sport, will leave New York early in April for a transcontinental coaching trip to San Francisco. By driving a four-in-hand across the continent, Mr. Sorg expects to establish a record that will stand for many years.

The arrangements for the trip have been on a lavish schedule. He will have an equipment of two coaches, seventy-five horses, forty men and two special cars for the conveyance of the paraphernalia. The route of the New York Central will be followed closely to Chicago, and the teams will be shipped ahead each day to await the coming of the coach and the rest in the interval. The stages are to be twelve miles, and at the end of each stage the keepers are to be waiting with a fresh team. The extra coach will be carried on one of the cars, to be used in case of breakdown, and a blacksmith will accompany the party to make needed repairs. William G. Grant, a professional whip who has been in charge of Mr. Sorg's stables, will alternate with Mr. Sorg in driving.

Mr. Sorg is thirty-two years of age and is a son of Paul J. Sorg, the multi-millionaire tobacco manufacturer. He began his horse show career many years ago and has won many notable successes with his strings, defeating Alfred G. Vanderbilt in the ten-mile road race at the last national horse show in Madison Square garden.

CHARLES WHEELER SERIOUSLY INJURED

Dr. B. F. Sealefe was called today to attend Charles Wheeler, a well-known farmer residing between Goshen and Pleasant Hill, who was struck on the back of the head this forenoon by the sweep of a stump-puller and rendered unconscious by the blow.

Mr. Wheeler was at work with a number of other men on his place when the sweep went wrong and released the sweep of the machine which struck him with terrific force. He remained unconscious a greater part of the day. It is hard to determine yet whether or not the injury is fatal.

J. H. TUTTLE SUFFERS BROKEN ARM

J. H. Tuttle, who resides on the river road three miles below Eugene, was kicked on the shoulder by a colt Sunday and the large bone of the arm was broken. He was exercising the colt, holding it with a long rope. The animal was running around in a circle and Mr. Tuttle attempted to get it to reverse and go the other way, but the colt refused and suddenly kicked out with both feet striking its owner with such force as to break the bone.

ANOTHER STORE TO BE ESTABLISHED HERE

Eugene is soon to have another large store. The Carlton syndicate, which has stores in all large cities of the coast, has decided to open a similar house in Eugene this spring, and it is said that the goods have already been ordered, but the exact location is not learned. It is said that they have a good down-town building with plenty of room. The stores conducted by this syndicate are five, ten and fifteen-cent stores and are always heavy advertisers. They do a big business wherever located.

NEGRO LEADER IS NOT SURE OF HIS CASE

Washington Modifies Statements Made to the Interviewers

New York, March 21.—Before leaving the Hotel Manhattan to go to the police court, Dr. Booker T. Washington denied the reported interviews with him, in which he was quoted as having said a letter or telegram had caused his presence in West 63rd street Sunday night when he was severely beaten. There were rumors at the hotel that Washington might decide at the last moment not to prosecute Albert Ulrich, the carpenter, who is charged with the assault.

As a matter of fact, Dr. Washington said later, amplifying his earlier statement, that he had received such a letter, but it did not figure in his search. Unfortunately he had torn up the letter. As nearly as he could recall, his secretary wired him that Daniel Smith, auditor of Tuskegee college, would be found with a family named McCrary, and he thought so last Sunday night he went to the house and looked over the names on the letter boxes.

Washington did not take the stand. Instead, Ulrich waived examination

on advice of his counsel and will wait for trial at the court of special sessions at a date not yet made. Washington came into court with his head heavily bandaged and accompanied by an elderly white man who said he was former Governor Pinchback, of Louisiana. As Ulrich walked out of the court room after furnishing bail he said: "I guess nothing will ever come of this."

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR COUNTY OF LANE.

In the matter of the application of Clara Reta Brackett to register the title to the following described premises:

Lots numbered 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 in block numbered 1, of replat of lots H and I in Sunset row, in Lane county, Oregon.

Also lots numbered 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, of block numbered 2, of replat of lots H and I, in Sunset row, in Lane county, Oregon.

Also lots numbered 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, of block numbered 3, of replat of lots H and I, in Sunset row, in Lane county, Oregon.

Also lots numbered 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, of block numbered 4, of replat of lots H and I, in Sunset row in Lane county, Oregon.

All as described more definitely in said replat as recorded on page 58 of plat book number 4, of Lane county records.

Henry Schober, defendant, all to whom it may concern take notice.

That on the 10th day of March A. D. 1911, an application was filed by said Clara Reta Brackett in the circuit court of Lane county, for initial registration of the title of the land above described.

Now, unless you appear on or before the fifteenth day of April A. D. 1911, and show cause why such application shall not be granted, the same will be taken as confessed, and a decree will be entered according to the prayer of the application, and you will be forever barred from disputing the same.

BOOKER WASHINGTON MIXED UP IN AN UGLY SCRAPE AND GETS SEVERELY BEATEN

New York, March 20.—Albert Ulrich, a white carpenter arrested last night for a felonious assault upon Booker T. Washington, the negro educator, was brought into court today and held in \$1500 bail. Washington was unable to appear. He is in a hospital suffering from numerous injuries alleged to have been received at the hands of Ulrich. One of the wounds in his scalp required sixteen stitches.

Ulrich attacked Washington following the charges of Mrs. Ulrich that a negro had addressed her in the hall of their residence. Washington claims he is the innocent victim of an atrocious assault. His statement is as follows:

"I received a letter from my secretary saying that D. C. Smith, auditor of Tuskegee College, was in New York city and desired to see me. This letter said Mr. Smith was stopping with his cousin, giving the name and address. On Sunday I attended church services twice, and after speaking at one church in the evening, I recalled the letter concerning Smith and decided to look him up, but I discovered I had left the letter at the hotel. I thought I could recall the name as something like Moore, and the address being on West 63rd street, I went there and commenced to look at the name plates on the letter boxes and in the halls of different houses, seeking the name of Mr. Smith's cousin. It was while thus engaged I was attacked."

Ulrich, in an interview with his lawyers and others in the court today, said:

"About nine o'clock last night my wife went for a walk. We live on the lower floor of a house at No. 111-2 West 63rd street. When she returned she said that she had seen a negro in the hall and that he had spoken to her.

Mr. and Mrs. Revette and Knowles, friends of ours, were in the house at the time. I went out and saw a man in the hall of the vestibule, a door ahead of me."

Ulrich said he saw the negro re-enter the hallway later and saw him bending down and peering into a key hole. Ulrich further said the negro swung a blow at his jaw when he asked what he wanted, and that when he went after the negro the latter fell twice in his effort to escape.

RUSSIAN CABINET IN QUARREL AND QUILTS

Premier Stolypin and Associates Hand in Their Resignations

St. Petersburg, March 20.—The cabinet of Premier Stolypin resigned today.

Dissension arose over a measure adopted which compelled them to adhere more strictly to the treaty of 1881, particularly as it affected Russian trade in Mongolia, has been reported recently. It has been stated that the Chinese government was dealt with more vigorously than was justified in the opinion of the master of finance, who was not enthusiastic over the heavy expenses necessitated by the military demonstration against China. At the same time the cabinet as a whole has been severely criticized in the duma for failing to maintain Russian prestige abroad.

The Stolypin ministry was formed July 22, 1906.

The emperor has accepted the resignation of the premier and it is reported has signed the appointment of Minister of Finance Kokovsov to be the new minister.

It was said later that Premier Stolypin presented his resignation during an audience with the emperor yesterday, as an outcome of the action of the council of ministers in rejecting a clause referring to the Polish electoral college, which was an integral part of a bill introduced by Zeemstuo for self-government in the Northwestern province.

Eugene Merchants Do Not Favor Plan of Farmers' Line Phone Users

The Merchants' Protective association at its meeting last night, voted that it be the sense of the meeting that the association does not favor the proposed plan of the farmer telephone users to establish an independent central station in Eugene to be used exclusively by the farmers. However, a committee of three members was appointed to meet with the farmers at a meeting to be held on April 1 to discuss the matter. It is learned that the farmers have been corresponding with the Home Telephone company in regard to putting in the independent station here, but it is not known with what success.

A committee was named to take steps toward securing two additional mail carriers in the city. The matter of keeping the postoffice closed on Sundays was brought up but inasmuch as it was decided that the matter was outside the jurisdiction of the association no action was taken.

A third committee was named to confer with the Oregon Power company in regard to employing Anderson exclusively in its construction work. Other minor matters were taken up and six new members were voted in.
