Returned Home.

The Eugene public school football team returned home yesterday morning from Drain in a contented and well satisfied frame of mind, and well they might with the score in their favor at a rate of 18 to 0. The gentlemen who accompained the team stated it was one of the cleanest games it has been their good fortune to witness. The boys are loud in praise of the hospitality of the professors and students of the Drain normal school, and will hold in their memory only pleasant thoughts of the kindness shown them. They were met at the train by a large crowd of students and the college band and were escorted to the dormitory, which was their home while in Drain. An oyster supper was tendered the boys to which they did full justice with an appetite born by hard practice combined with a healthy physique. We don't know as we ought to say so, but the boys all unite in declaring that there are more pretty girls to the square foot in Drain than any town they have ever been in before.

First class acting, beautiful dancing, fine costumes and good singing will be assured by the presence of the Tittell Sisters who are talented actresses and have drawn crowded houses and won unstinted praise in Portland and Seattle. WENT TO PORTLAND.—J. E. Drucks, of Los Angeles, Cal., who has been in Eugene for two or three days looking at the field for a flouring mill, went to Portland Sunday morning to look after his property interests at that place. He has a very favorable opinion of the field here, but has not determined yet whether he will locate here or not. At present he is awaiting an answer from the Messrs. Edris on the question of price of power.

A LIVE TOWN.—Albany Daily Democrat: "The Eugene GUARD is so crowded with home advertising that it is running an extra page. Two men alone are running half page ads. That is Eugene style and it at least does much to make outsiders think the city is a live business center." It is not a make-you-believe proposition. The merchants here actually sells the goods.

LOOKS LIKE BUSINESS.—A large planer arrived here last night direct from the east for the box and basket factory. This looks like business. The croakers will have to take a back seat.
