## WILL BE VOTED ON.

The following senate joint resolutions were adopted at the 1893 session of the legislature and have again been adopted by the present assembly and will go before the electors of the state probably at a special election:

"That section 10 of article XI of the constitution of the state of Oregon, be and the same is hereby abrogated, and in lieu thereof section 10 of article XI shall be as follows:

"Article XI, section 10. No country, city, town, school district or municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including present existing indebtedness, in the aggregate exceeding five per centum on the value of the taxable property therein to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness."

"That the following amendment to the constitution of the state of Oregon, in lieu of section 10, article VII, be and the same is hereby proposed, to wit: Section 10. The legislative assembly may provide for the election of supreme and circuit judges in distinct classes, one of which classes shall consist of five justices of the supreme court, who shall not perform circuit duty; and the other class shall consist of as many circuit judges as may be deemed necessary, who shall hold full terms without allotment and who shall take the same oath as the supreme judges. The legislative assembly may create as many circuits as may be deemed necessary."

Affairs in Hawaii have taken a turn that has caused the interference of the United States government again, as is made evident by two telegrams sent to congress by the president. "The dispatches stated that certain Americans in Hawaii are under sentence of death, and Secretary Gresham wired as follows to Minister Willis: "If American citizens were condemned to death by a military tribunal, not for actual participation in the reported revolution but for complicity only, or if condemned to death by such tribunal for actual participation, but not after an open, fair trial with an opportunity for defense, demand a delay of execution, and in either case report to your government the evidence relied upon to support the death sentence."

A prominent member of the legislature writing to the Jacksonville Times on Feb. 8th, gives this view of the situation: "The deadlock still continues and probably will to the end of the session, as Senator Dolph's friends decided last night to stay with him until the end. What the last hours of the joint convention may bring forth is hard to tell. There is however a determination to elect a senator before adjournment. The fight is engendering bitterness and places numerous obstacles in the way of legislation. This is the natural result of people endorsing a candidate in caucus and then kicking their faith to the winds and going as they please."

The Oregonian yells "Dolph or no one."

The only financial scheme upon which congressmen are agreed is that whereby they draw \$5000 a year salary and mileage.

This legislature promises to go down in history as the most incompetent body of men that ever assembled in a legislative capacity in Salem.

Jacksonville Times: If Oregon can get along with but one senator all this winter, perhaps it would not suffer much if it had but one for two years to come.

Salem Journal: Representative Gates of the railroad committee, stated last night, that this was the fifth week of the legislature and that important committee had never met. All railroad bills are laid to rest. And yet this legislature promised to abolish that perpetual junket known as the railroad commission.

## The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaver-ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Henderson & Linn's drug store. Regular size 50c. and \$1.00.

## You Don't Have to Swear Off

says the St. Louis Journal of Agriculture in an editorial about No-To-Bac the famous tobacco habit cure. "We know of many cases cured by No-To-Bac, one prominent St. Louis architect, smoked and chewed for twenty years; two boxes cured him so that even the smell of tobacco makes him sick." No-To-Bac sold and guaranteed by OSBURN & DELANO. No cure no pay. Book free. Sterling Remedy Co., New York or Chicago.

## A HARD-WORKING WOMAN

—sooner or later suffers from backache, nervous, worn-out feelings, or a sense of weight in the abdomen, dragging down sensations and dizziness. It will all come to an end with Dr. Pierce's Favorite Prescription for it's woman's special tonic and nerve. It restores her strength, regulates and promotes the natural functions and makes a new woman of her. Uterine debility, irregularity and inflammation are most often the cause of the extreme nervousness and irritability of some women—the medicine to cure it is the "Prescription" of Dr. Pierce. All the aches, pains and weaknesses of womanhood vanish where it is faithfully employed. Dr. Pierce's Favorite Prescription is therefore just the medicine for young girls just entering womanhood and for women at the critical "change of life."

## DR. PIERCE'S FAVORITE PRESCRIPTION

CURES THE WORST CASES.

MR. HOMER CLARK, of No. 227 West 1st Street, Sioux City, Ia., writes: "My wife was troubled with female weakness, and sickness of the uterus. She had been doctoring with every doctor of any good reputation, and had spent lots of money in hospitals, but to no purpose. She continued to get worse. She was greatly prejudiced against patent medicines, but as a last resort we tried a bottle of Dr. Pierce's Favorite Prescription. We had seen some of your advertisements, and Mr. Cummings, a west-side druggist, advised us to try a bottle. We tried it with the following results: The first bottle did her so much good that we bought another, and have continued until she has been cured."

## Junction City Items.

Times, Jan. 8.  
Floyd Howard visited Roseburg this week in the interest of his packing house.

John Williams, an old Junction City boy, returned from Granite Canyon, Wyoming, Saturday. He has many friends here who welcome his arrival.

Lewis Hurlburt, who resides between here and Monroe, died Wednesday evening. He has been down with consumption for some time and his death was not unexpected.

Died, at Monroe, Oregon, Saturday, February 2, 1895, Miss Ida Bacon. She died on her 21st birthday. Quite a number from this place attended the funeral services which were conducted by Rev. Arnold.

Mrs. Henry Moore, who resides south of town and is quite well known in this section, was stricken with paralysis last Tuesday evening. She is very old and the chances for recovery are doubtful.

The question of clerk hire came up in the house this afternoon on the report of the special committee appointed to look into the matter. More than the usual feeling is manifested this session over distribution of this class of spoils, an extraordinarily large number of members desiring to pose as reformers. Members from every county in the state seem sincere and earnest in their desire to cut down clerkships at the disposal of every committee except their own.
