## A FAILURE.

Salem Journal, Rep: The failure of this legislature has been due to its monumental record for delay. It had important tasks before it, chief of which were the abolition of abuses in the form of commissions, boards, game wardens, fish inspectors, etc., etc. These were the plain demands of the state platforms of all parties. This was the serious duty of the legislature and this duty it has disgracefully failed to perform.  
The senate began the blockade tactics under the leadership of Multnomah senators, who gave notice that they would pocket and hang up all measures of the house to force members to support their charter and salary bills and senatorial schemes. This policy of the senate has been maintained to this day and only two house bills of general character had passed there up to this date, the last day when either house can send bills to the other—Moore's horticultural bill and Daly's school land bill. The record of the senate is a shameful one.  
The house is nearly as bad. Three senate bills have passed to create new judicial districts and new offices for lawyers, and the eastern Oregon asylum bill. Each house has passed a few charter bills. Not a bill but to increase appropriations, to create new burdens and more sinecures has been seriously considered by either house. Not a reform bill has passed both houses up to this, the last day for originating legislation in either house. The legislature has been an indolent and disgraceful failure. The senatorial contest has been in part to blame.

**A LIVE TOWN.**—According to the Review Prineville has been very lively: "With us, the days and evenings of this week have been one continuous round of instruction and pleasure, beginning with the baptismal services in the icy waters of the Ochoco last Sunday, and winding up with the mask ball at Glaze's hall Thursday night." The former must have been in the lead, for elsewhere the Review says: "Elder Bailey baptised 21 into the church the past two Sundays in Prineville, and several more have expressed their willingness to conform to the rite as soon as the weather moderates," while the ball gets the following hit: "The mask ball was not a brilliant success."

**TEMPERANCE.**—Mrs. Ada Unruh's two lectures in this city yesterday were well attended. The afternoon lecture to the ladies at Mount's hall was one of especial interest to woman's work in this cause. In the evening she lectured again at the C. P. church. All people of the city who had the pleasure of hearing the lady express themselves as well pleased with her lectures and her earnest and convincing way of carrying her argument impresses her hearers deeply.

**BOYS WANTED.**—The three boys who passed Monday night in the city jail and left for the south Tuesday morning, were from Oregon City. Chas. Burns, chief of police, telegraphed Marshal Eastland this afternoon to hold them, but he was too late as the birds had flown.

**A PLEASANT PARTY.**—Mrs. Ray DeLano entertained a number of her friends last evening at her residence on Eleventh street. What was the principal feature of the evening, and a delicious lunch was also served. It was reported to be a thoroughly enjoyable affair.

**POSTOFFICE HOURS TOMORROW.**—Tomorrow being a holiday, the post-office will not observe the regular office hours, but the delivery window will be open from 9 a. m. to 6 p. m. The money order department will, however, remain closed all day.

## REGENTS APPOINTED.

The Nominations Satisfactory—One Each from Marion, Lane and Umatilla Counties.  
SPECIAL TO DAILY GUARD.  
SALEM, Feb. 21.—Governor Lord today appointed regents of the University of Oregon as follows: S. H. Friendly of Lane county, A. Bush of Marion and Samuel P. Sturgis of Umatilla.

These appointments were made to fill vacancies occurring since the meeting of the last legislature, the terms of Hons. R. S. Bean, A. Bush and Judge Deady having expired. Governor Penoyer appointed Hons. R. S. Bean, J. J. Walton and S. H. Friendly to the positions but before the senate of the present legislature acted on the names submitted they were withdrawn by Governor Lord not through criticism of the gentlemen named, all of whom are firm friends of the university, but from the belief that five of the nine members should not belong to Lane county.

Hon. A. Bush served in the same position before and was a valuable and working member of the board. He would probably have been reappointed by Governor Penoyer had it not been for a personal difference.  
Samuel P. Sturgis is a banker of Pendleton and this is his first public connection with the university. He has business relations with Senator Raley of Umatilla county, who has in every case stood true to measures proposed for strengthening the leading educational institution of the state.

The appointment of Mayor Friendly will be especially gratifying to the people of Eugene. On every question of public importance affecting the welfare of the city he takes especial interest, and is always ready and willing to devote his time and means towards the upbuilding of the town. He will prove a good working member.  
Mr. Friendly today received a number of congratulatory telegrams from different portions of the state.  
It is but just to state that Hons. R. S. Bean and J. J. Walton were particularly active and energetic regents, the former having acted as regent for twelve years and the latter having been closely connected with the university in some form or other since its inception in 1872.

**LATER.**  
SALEM, Feb. 21.—[2:30 P. M.]—The senate has confirmed the appointees of Governor Lord for regents of the State University.

**Nearing Completion.**  
The Dalles T. M.: From persons who visited the locks yesterday we learn that the work of putting the gates in position is progressing very satisfactorily, and no doubt is entertained that the work will be finished during the year. So far as the people of The Dalles and vicinity are concerned the dream of an open river is nearly realized, and in a few months river crafts will leave our wharves and land freight at seaboard points without breaking cargo. The contractors, Day Bros., are pushing the work forward very rapidly, and have accomplished more since they have had the contract than was ever done before. Considerable damage was done to the canal by the flood last June, and the necessity was made apparent of increasing the height of the walls; but this will not delay the completion of the canal but a little while.

**INDICTED.**—Portland Telegram: The grand jury also reported true bills in other cases, the most important being an indictment against ex-Rev. J. C. Read, Baptist preacher and bank-robbor. An interesting fact made known for the first time is the amount of money which Read had attempted to slip from the money vaults into his bag when interference put a stop to further proceedings. The indictment says that it was "twenty \$20 gold coins," or, \$400, thus falling far short of the first estimate of the amount he would have secured if he had escaped. The charge against Read is assault and robbery, being armed with a dangerous weapon.

**WARRANTS WANTED.**—I will pay 1 per cent premium on all Lane county warrants. City warrants at par.

## A PREDICTION MADE.

It Is Thought An Anti-Dolph Man Will be Elected Tomorrow.

Legislature to Adjourn Saturday. Special to the GUARD.

SALEM, Feb. 21.—Salem is now all excitement over the senatorial situation. Speaker Moores and Senator Hobson, both of Marion deserted Dolph today.

The prospects are that there will be a heavy bolt tomorrow from King Caucus, and that an anti-Dolph man will be elected U. S. senator.

This afternoon the senate concurred with the house in the matter of final adjournment, which will take place at 12 o'clock Saturday night.

Smith's postage railway bill at The Dalles, passed the senate this morning. In the house this morning the taking up of the Portland charter bill was postponed until tomorrow.

The legislature will hold a session on Washington's birthday, and it will be legal, so the lawyers hold.

The vote today resulted as follows:  
FIRST BALLOT.

I. N. Delph.....	39
Geo. H. Williams.....	29
Jas. H. Raley.....	7
W. D. Hare.....	10
J. H. Smith.....	1
John B. Waldo.....	2
Absent.....	2
Total.....	90

**SECOND BALLOT.**  
A second ballot resulted the same as the first, after which the joint convention adjourned until tomorrow at noon.

As will be seen Dolph lost two votes. They were Speaker C. B. Moores, of Marion, and Senator W. H. Hobson, of Marion.

**Large Loss of Stock.**  
MILES CITY, Mont., Feb. 20.—Reports from the northern and eastern part of the state indicate that the loss of livestock from the excessively cold weather has been large. The number of sheep that have died will reach 50,000. A warm wave has struck the state, and it is believed no more cold weather will be experienced this winter. Reports from the ranges near Livingston are that stock have survived the cold spell and are in good condition. The snow is disappearing rapidly from the feeding grounds.

**From Shame and Remorse.**  
NORWICH, Conn., Feb. 20.—Gustava Geduldig, a prominent florist of this city, suicided by poison this morning, the result of shame and remorse because a woman of ill-fame had died in a room which they jointly occupied on Monday night. The woman's death was due to alcoholism. He was a man of family and heretofore bore an unblemished reputation.

**Largest Ever Known.**  
PHILADELPHIA, Feb. 20.—In a total vote of 214,747, Charles E. Warwick, republican candidate for Mayor, had a plurality of 60,989 over ex-Governor Robert E. Pattison, democrat. This is the greatest plurality ever given a candidate in a municipal contest. The republicans carried almost all the city and borough elections in the state.
