THE PUBLIC SCHOOLS.

Washington's Birthday Will Be Observed in an Appropriate Manner.

Tomorrow the teachers and pupils of the public schools of Eugene will observe the anniversary of the birth of the Father of our Country. The exercises will be held in all the rooms of the schools, or perhaps two rooms in the same school will consolidate for holding their exercises. Were there an auditorium in the city large enough for the entire school to hold their exercises together, it is likely this would be done. The program will commence in the various rooms about 9:30 in the morning and will continue until about 11 o'clock. The children will be permitted to take the rest of the day for a vacation. The rooms have all been tastefully decorated with appropriate pictures and drawings and other ornamental handwork of the students. This is the first hop yard of any considerable size in Lane county to adopt this system, although it is in extensive use lower down the valley. A few acres of the Davis hop yard on the McKenzie was wired last season with the best results. The first cost is but little more than by the old method.

\$100 Reward, \$100 The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. States His Position. ED GUARD.—To put an end to so much newspaper notoriety, which is not particularly pleasing to me, I will state that I am not an applicant for secretary of the State Board of Horticulture, but have filed an application for appointment as a member of said board. If successful I will still be permitted to continue at my home and work where it is most pleasing to me—among my fruits and flowers. D. W. COOLIDGE. The district which Mr. Coolidge asks to represent consists of the counties of Lane, Linn, Polk, Benton, Marion and Lincoln. Under the next law there are six members of the State Board of Horticulture. R. D. Allen, of Silverton, the present member, has resigned, leaving a vacancy. The appointment of Mr. Coolidge would be a splendid one. He is an active and practical worker in the field of horticulture, and the enthusiasm which he possesses on all subjects connected with the care and cultivation of fruits and other branches of horticulture would render him a valuable member. The compensation received by the members of the board is nominal, hardly more than necessary to defray traveling and other expenses.

At the Theater. Mahara's mammoth minstrels performed to a fair house last night. The company left north on last night's overland.
