Prineville Review: Water for irrigating purposes will undoubtedly be very short this season, as there is less snow on the mountains than for years. Already bare patches of ground are to be seen well up on to the summit of McKay and Lookout ranges. But summer rains are what our crops, both of grass and grain depend upon.

A Boston church has caused a sensation all over the United States by building a parsonage which is a wonderful innovation on church parsonages. It has a bowling alley, a well-equipped gymnasium and billiard and pool room. The auditorium has a platform and footlights, as near in approach to a stage as could well be built in connection with a church.

Ashland Tidings: The many friends of Hon. H. B. Miller of Grants Pass note with pleasure that he has consented to deliver a lecture before the annual meeting of the Chautauqua Association at Ashland. His subject will be "The Relation of Women to Social Progress." Mr. Miller is a fine writer and will present this most comprehensive subject in a masterly manner, and it is safe to assume that there will be no more able or interesting speaker named in the program.

Another Anonymous Letter.

As nearly always happens one sensation brings on another of similar import. Hardly had the recent Eugene anonymous letter writing been disposed of, for the present, before another case comes to light and is now in the hands of the postal and U. S. authorities, who were, and remain so mystified about the McKenney-Berger letters.

This time it is a respectable young lady of Eugene who has been the recipient of the offensive and abusive missives. They bear the postmark of Isabel, a small country postoffice in the Mohawk valley sixteen miles northeasterly from Eugene, but from all appearances do not seem to have any connection with the former letter writing episode.

As there are probably less than one hundred persons, who receive mail at Isabel, it is likely the offender will be promptly caught.

A NEW COMPANY.—The city council has authorized Councilman Fletcher Linn to manage the organization of a new fire company in the southeastern portion of this city. When this company is organized and properly equipped the city will be in good shape to combat a fire in any portion of the city. Then when a fire alarm system is ordered Eugene will lead all cities in Oregon for a well organized department.

TO THE PEN.—Ed Russell, the tramp, who broke into a residence near Irving, and was sentenced to one year's imprisonment in the penitentiary by Judge Fullerton, was taken to Salem on this morning's local train by Sheriff Johnson and Virgil Rowland, guard. He seemed to be glad to exchange jail life for the pen.

RELEASED.—Young Edy and Hyde, the two boys who have been confined in the county jail for the past 12 days for stealing eggs, were today at noon released, having served out the full amount of their fines, \$25 each. They naturally feel elated over their release. Their experience has probably taught them a lesson.

THE WOMAN VOTE.—A count of the poll books shows that 150 women voted at the school election Monday. As 592 votes were cast, the women cast over one-fourth of the total vote. One who gave the subject some attention says the women were more earnest than the men for the person of their choice.

The Nihilists.

Theodore Kremer's popular company will present "The Nihilists" Thursday evening at Parker's opera house. This interesting comedy drama presents every phase of Nihilistic and Russian life in a novel and realistic way. Theo. Kremer, who is the author of the play and takes the part of Count Alexis, has until recently been leading man in Col. Boucicault's Company in Australia. Friday evening From Home to Home will be given. Prices 65 to 50 cents for reserved seats; general admission 25 cents.

DIVORCE GRANTED.—A decree of divorce was rendered in favor of the plaintiff in the case of Hattie B. Alexander vs. W. H. Alexander, for divorce, in the circuit court, last evening. The amended complaint alleged cruel and inhuman treatment. We are informed that the plaintiff received \$100 in money, the bicycle, the sewing machine, and the small articles taken from the house by her soon after the separation. The defendant retains all the other property. Thus a case that was expected to be bitterly contested has been settled.

NOTHING IN IT.—The report that Mr. Bonner, of Bonner & Hammond, had sold his interest in the Goble road and the Oregon Pacific, is entirely without foundation. The editor of the Albany Democrat saw Mr. Stone, their representative, at the depot in that city Tuesday and he reported that there was nothing in it at all. Both gentlemen will continue to work together in these important projects.

RAFFLES.—Chas. Croner won the suit of clothes, and Jerry Horn the pantaloons, raffled off at the Monogram last night. The raffle at Deacon's for a suit of clothes resulted in a tie between R. R. Hayes, H. H. Stone and Ed Davis.

DIVORCE EVENING.—Last evening Judge Fullerton granted five divorces in a couple of hours, and now ten more people are added to the great unmarried world. One of the couples had only been hitched up four or five months.

Died.

Near Cottage Grove, March 8th, 1895, Edward W., only son of Mr. and Mrs. George Redford, of inflammation of the bowels, aged 13 months and 17 days.

He was good as he was fair; None—none on earth above him! As pure in thought as angels are, To know him was to love him. And when I think of one Who in his youthful beauty died, The fair meek blossom that grew up And faded by my side.

In the cold moist earth we laid him When the forest cast the leaf, And we weep that one so lovely Should have a life so brief.

Yet not unmeet it was that one Like that young friend of ours So gentle and so beautiful Should perish with the flowers.
