FIRE AT FALL CREEK.—Yesterday the house of H. T. Hunnicutt, only a few yards distant from the Big Fall Creek bridge, with all its contents, was entirely destroyed by fire. Squire Hunnicutt and John Benner, two old bachelors, lived in the house but were both absent at the time of the fire. It is supposed the blaze started from a lighted pipe which Benner had placed in his vest pocket and left in the house before going to work. The loss is estimated at about \$400. There was no insurance upon the building or contents. Mr. Hunnicutt is a feeble old man who is just recovering from a long and severe illness, and being thus left without a home will work a great hardship upon him.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a humming sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mass Meeting.

A mass meeting will be held at the court house July 17, at 8 o'clock p. m. The object of said meeting is to present plans for the establishment of a Divinity school and to see what encouragement the citizens will give to have this school located at Eugene.

The prime mover in this enterprise is Rev. E. C. Sanderson, of Portland. He has had experience in nearly every line of educational and church work and is a graduate of two of the leading universities of the east.

While this school is to be under the control of the Christian church it will be broader than denominational lines and will adopt the latest text books in every department.

As citizens of Eugene we desire to make our town the leading educational center of the Pacific coast. Let us then make this meeting a grand success and secure the location of another institution learning for our city. Good music will be furnished and several representative men will be present and give short addresses.

MANY CITIZENS. Eugene, Or., July 13, 1895.

The Old Curiosity Shop.

Can You locate it? You ought to be able to because you live in it. This would be the biggest curiosity shop that we have known anything about up to date. Jupiter or Saturn may be able to discount it. Perhaps, and perhaps not. It is pretty full of people who are continually tinkering with themselves—patching themselves up—so to speak, in a medicinal way. If they are constipated, bilious or dyspeptic they rush to the nearest drug store for a violent purgative. If they are nervous they try for relief to that ancient but ineffectual reliance—the sulphate of quinine. This is what they shouldn't do. What they should do is to begin and pursue a course of Hostetter's Stomach Bitters, the primeval of alternatives and anti-malarial specific, particularly valuable also for rheumatism, neuralgia, nervousness and debility, and a promotor of sleep and appetite beneficial to all chronic invalids.

Bank Closing.

Notice is hereby given that from and after July 15th, 1895, the banks of Eugene will open at 9 a. m. and close at 3 p. m.

CALIFORNIA THIEVERY.—Salem Post: Manager Wallace, of the Salem cannery, has received an order from a California fruit packing house for 500 cases of Royal Ann cherries to be shipped without labels. It is easy to understand why the goods are ordered thus. Californians have shipped Oregon fruits to the eastern markets for these many years, and claimed and received credit for them for California. It is the intention of this California firm to take these Oregon cherries, label them in California and ship them east as California fruit, thus robbing our state of the credit justly due her. Mr. Wallace says he will not fill the order under these conditions.

AN ACCIDENT.—Cottage Grove Leader: J T Cardwell met with a serious accident Thursday afternoon. While in the hay loft of his barn in this city, he slipped and fell ten feet. Having a pitchfork in one hand, and as he was falling, catching the fingers of one hand in a crack, made things a little mixed in the line of misfortune. He landed on the floor and dislocated his right shoulder and came near pulling the other out of place. Dr Snapp was called and the case successfully treated. Mr Cardwell is able to be on deck but feels very much like an invalid.

Junction City Items.

Times, July 13.

Jas Crawford, Al Parker and Harpole have returned from an expedition in Southern Oregon. It is more money in digging than gold.

Archbishop Gross, of Portland, delivered an able sermon in Eugene Monday evening. He also explained good many points pertaining to the Catholic church. He is a first-class orator and was listened to with much interest.

Under date of June 28th, T. H. Baker writes from Kansas: "I guess you might send us that shovel of gold and if you prefer, we will send a box of hot wind in return. Last day was a 'scorch' with a hot sun from the south, 108 degrees in the shade. If the hot winds had continued for two days longer the corn would have been ruined. Farmers are threshing and the wheat is taken out from two to twelve bushels per acre. But just wait, if we have a rain and not too much hot wind and the chinch bugs don't eat up the corn, we will have a fine crop."
